

Flexible layout

From bundles of joy to beloved grandparents, the Honda Odyssey ensures enjoyment for all. Because the family that rides together, makes memories together.

The Odyssey not only has the space for growing families, but the features to keep everyone happy while you roll down the road. One touch power sliding doors make entering and exiting effortless. Inside, there's a flexible seating layout that's easily adaptable to any size family. And for those looking for an extra bit of luxury, the VTi-L model is equipped with two roomy captain's chairs* in the second row.

As you're riding along you'll find that conversations really flow — thanks to a cleverly placed conversation mirror. You'll also find there's little fuss over the interior temperature with a tri-zone climate control system.* Because everyone knows it's a whole lot easier to enjoy your time together when everyone feels completely comfortable and right at home.

A JOY TO DRIVE.

The joy of moving you moves us. Which is why we designed the Honda Odyssey to bring as much joy to the driver as it does the passenger.

From its car-like handling, to the many ways it keeps you connected to the outside world, the Odyssey is far more than a people mover. An integrated sat-nav system* makes sure you and your family are always pointed in the right direction, while an infotainment system keeps everyone aboard happy no matter how long the drive.

From the driver's point of view, an easy-to-read digital driving display keeps you informed and up-to-date at all times. While a multi-angle reversing camera helps ensure everything is clear before you take off. So whether you're running errands or road-tripping with the family, you're sure to find the Honda Odyssey a pure joy to drive.

SENSING

Honda Sensing[^] can support and enhance your driving senses to help keep you safer on the road.

These intelligent technologies may improve your situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity.

FORWARD COLLISION WARNING

Alerts you when it detects the possibility of your vehicle colliding with the vehicle in front of yours.

COLLISION MITIGATION BRAKING SYSTEM (CMBS)

Can assist you when there is a possibility of your vehicle colliding with a vehicle or a pedestrian detected in front of yours. The CMBS is designed to alert you when a potential collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

LANE DEPARTURE WARNING FUNCTION

When the vehicle enters the warning area, the LKAS alerts you with slight steering wheel vibration as well as a warning display.

ROAD DEPARTURE MITIGATION SYSTEM

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings.

SAFETY FOR YOUR PEOPLE.

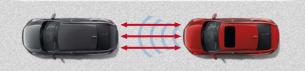

Nothing is more important than your family's safety. That's why the Honda Odyssey is packed full of clever and cutting edge safety technology to protect you and your precious cargo.

First, there's Honda Sensing* — an intelligent suite of driver assist technologies designed to get you where you're going safely! Then there's the rear cross traffic alert, blind spot alert* and a 360-degree multiview camera* for all around safety. You'll also find 6-airbags as

well as ISOFIX child safety seat attachments.*
And to top it all off, there's even smart parking assist* that automatically guides the Odyssey into any standard parking space with ease.

This all adds up to a 5-star ANCAP safety rating – the highest possible assessment a car can receive. So you can rest easy and focus on your family and the road ahead.

LANE KEEPING ASSIST SYSTEM (LKAS)

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

ADAPTIVE CRUISE CONTROL (ACC)

Helps maintain a constant vehicle speed and a set following-interval behind a vehicle detected ahead of yours, without you having to keep your foot on the brake or the accelerator. When ACC slows your vehicle by applying the brakes, your vehicle's brake lights will illuminate.

^Honda Sensing technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors. Civic Sedan shown for illustrative purposes. Honda Sensing is available on VTi-L.

POWER FOR YOUR PEOPLE.

With the performance and efficiency you would expect of a much smaller car, the Honda Odyssey engine is designed to deliver pure joy for you and

The Odyssey boasts the latest Honda Earth Dreams Technology — an engine that provides the perfect balance of power and efficiency. Add a Continuously Variable Transmission (CVT) to the mix and it's no wonder the Odyssey delivers both better fuel economy and a smoother ride for you and your family.

There's also an Eco mode that adjusts engine behaviour, transmission and air conditioning with the push of a button. With reduced fuel consumption and emissions, know that you're leaving a better planet for your children.

SELECT YOUR MODEL

VTi

- 2.4 litre DOHC i-VTEC 4 cylinder engine with auto idle stop
- Automatic Continuously Variable Transmission
- Aero kit with chrome trim
- Steering wheel mounted paddle shifters
- Leather-wrapped steering wheel
- 17-inch alloy wheels
- Electrically retractable and heated door mirrors
- Front fog lights
- Cloth seat trim
- Dual zone climate control
- LED Daytime Running Lamps
- Dusk-sensing projector-beam halogen headlights
- Display Audio including:
- 7-inch full colour touchscreen
- AM/FM radio and CD player
- Bluetooth $^{\circledR}$ phone and audio connectivity $^{\circ}$
- USB connectivity
- Speed-sensitive volume compensation
- Vehicle information
- Eight seats (2nd row with 3 seater bench)
- Multi-angle reversing camera
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Emergency Stop Signal (ESS)
- Hill Start Assist (HSA)
- Vehicle Stability Assist (VSA)
- SRS airbags: dual front, side and full length curtain
- Tyre deflation warning system
- 3rd row 40/20/40 split fold seats
- One-touch power sliding rear door (passenger side)

VTi-L

Additional features over the VTi

- 17-inch two-tone alloy wheels
- 7 seats with second row captain's chairs
- Black leather-appointed^ seat trim
- Heated front seats
- Built-in SUNA™ satellite navigation[†]
- Smart Keyless entry and push button start
- LED strip-style fog lights
- Dusk sensing LED projector beam headlights
- LED active cornering lights
- Premium aero kit with chrome trim
- Electric sunroof
- Rear privacy glass
- Tri-zone climate control with independent rear control
- Honda Sensing including:
- Forward Collision Warning (FCW)
- Lane Departure Warning (LDW)
- Lane Keep Assist System(LKAS) - Road Departure Mitigation (RDM)
- Adaptive Cruise Control (ACC)
- Collision Mitigating Braking System (CMBS) - ISOFIX child restraint anchorages (2nd row)
- Smart parking assist (SPA)
- Rear cross traffic alert
- 360 degree camera
- Blind-spot information system
- Auto-dimming rear view mirror
- 8-way power adjustable driver seat

- One-touch power sliding door (both sides)

•Standard feature. —Not available. *The figures quoted are based on ADR81/02 test results. *Leather-appointed seat trim means some parts of the seats may contain non-leather material. *Requires compatible device. The Bluetooth word mark is owned by Bluetooth SIG, Inc. and use of such mark by Honda is under licence. *SUNA is a registered trademark of Intelematics Pty. Ltd. Coverage includes Melbourne, Sydney, Brisbane, Gold Coast, Adelaide, Perth and Canberra metropolitan areas. Refer to sunatraffic.com.au for full details. *Requires compatible iOS7 device (iPhone® 4S or newer). Apple, iPhone and Siri are trademarks of Apple Inc., registered in the U.S and other countries. *Operates only while the vehicle is stationary. Requires HDMI cable and Digital AV adapter (these items may be purchased separately from your Honda Dealer). HDMI is a registered trademark of HDMI Licensing LLC in the United States and other countries. *5-year unlimited kilometre warranty available on all vehicles except those used for a Commercial Purpose, where a 5-year/140,000 kilometre (whichever occurs first) warranty is applicable.

HONDA

Honda Australia Pty. Ltd. | ACN 004 759 611 | ABN 66 004 759 611 | 95 Sharps Road, Tullamarine, Victoria, 3043 | 1800 804 954 honda.com.au/cars

Every Honda vehicle purchased helps raise money for The Honda Foundation, that's contributed over \$11 million back into the Australian community to date. Visit thehondafoundation.com.au
