

*The* NEW HOLDEN

# COMMODORE

# HOLDEN COMMODORE. THE NEW POWER IN FAMILY CARS.

So environmentally friendly it already meets tough national emission standards 2 years before they apply.

So safe, it is the first Australian car to offer the choice of a driver and passenger airbag.

Other refinements include a progressive throttle control and improvements to brake modulation, brake pedal travel and an improved six speaker sound system. And the new slimline Power Key adds a new dimension of security with a function which allows you to open just

the driver's door. In fact the front passenger door no longer

The new Holden Commodore is the safest, quietest, most technologically advanced Commodore ever.

So sophisticated with its new ECOTEC V6 engine, it delivers more power than ever before.

So economical, its efficiency rivals many big four cylinder cars according to the Australian Standard test.

has a keyhole, to further deter thieves.

## THE SAFEST AUSTRALIAN FAMILY CAR EVER.

Once again the new Acclaim sets even higher standards in safety for Australian family cars with airbags

EXECUTIVE SEDAN AND WAGON

ACCLAIM WAGON AND SEDAN

BERLINA SEDAN AND WAGON

standard for both driver and front passenger, the latest Bosch 5.0 Anti-lock Braking System and Independent Rear Suspension, plus

electronic 4-speed automatic transmission and cruise control.

Acclaim's supremacy is assured by its Total Safety Systems (TSS), comprising over 60 safety and security features. All for a price that

COMMODORE 'S'

COMMODORE 'SS'

won't cost you the earth.
