

GRANGE

H3SV

An HSV Grange is the ultimate way to your next milestone. The Grange combines breathtaking V8 power with the brilliance of HSV's 'Boulevard Ride'. This fully integrated handling and ride package with electric seats and higher profile tyres, takes grand touring comfort to another level. The advanced driving pleasure of the Grange is obvious. From the stylish analogue clock to the electronic climate control, the interior layout offers cabin ambience most drivers wait a lifetime for. This polished engineering performance is topped off by immaculate, 17 inch sports alloy wheels that typify the quality of this grand tourer. The HSV Grange is an investment in style. So it's appropriate that each HSV Grange comes with a bottle of Limited Edition 1984 Grange Hermitage - to help celebrate your new car in style.
