

NEW HOLDEN JACKAROO AND MONTEREY RANGE.

HOLDEN
DRIVE ON

holden.com.au

NO-ONE HANDLES THE BUSH BETTER THAN JACKAROO.

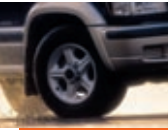

THE SPIRIT OF THE HOLDEN JACKAROO IS THE SPIRIT OF THE OUTBACK. IT'S BUILT TO GET YOU OUT AND GET YOU BACK. HOLDEN HAS BEEN TESTING IN THE OUTBACK FOR MORE THAN 50 YEARS. THIS UNRIVALLED EXPERIENCE, WHEN RELATED TO JACKAROO, PROVIDES A CAR IDEALLY SUITED TO HANDLE THE EXTREME CLIMATIC AND DRIVING CONDITIONS. INDEED, JACKAROOS ARE SO SUITED TO THE AUSTRALIAN OUTBACK, THEY'VE WON THE AUSTRALIAN SAFARI RALLY THE LAST THREE YEARS IN A ROW.

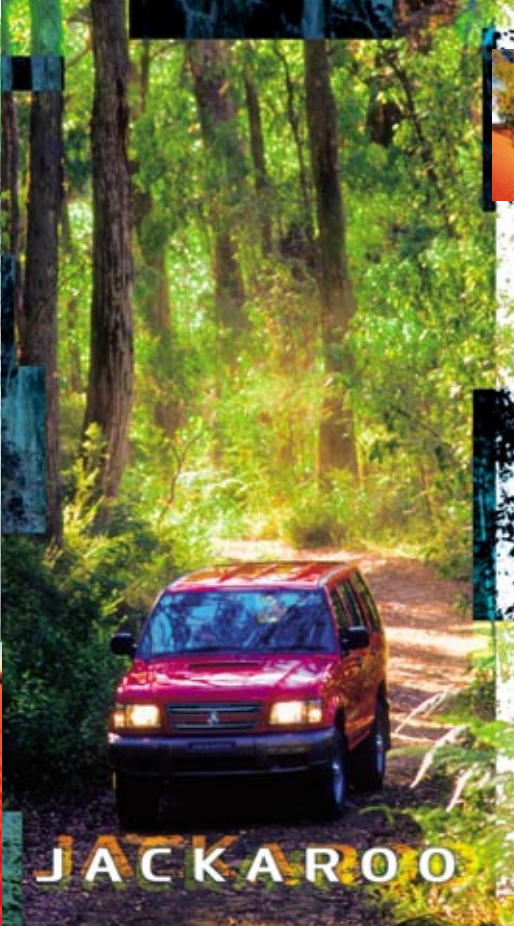

The Jackaroo, the Jackaroo SE and the Monterey will willingly handle anything from the shimmering desert highways to the endless punishment of bush tracks. They're available in petrol and diesel, manual or automatic. New Jackaroo SE and Monterey offer Wide Track, which provides superb on-road stability and tracking. And improved ride from the strong but supple coil springs, which now have longer travel at the rear. Whichever model you're considering, consider this. They're everything Jackaroos are supposed to be; tough, rugged, dependable.

EXTREME RELIABILITY.

**BORN
FROM A SPIRIT
OF ADVENTURE.**

JACKAROO

**THE JACKAROO HAS
A SPIRIT FORGED FROM
YEARS IN THE HARSH
AUSTRALIAN BUSH.**

A spirit born of confidence. The confidence you experience from the High Command driving position. The confidence you feel from advanced safety features, including steel side door intrusion beams and dual airbags. The confidence you get from an unrivalled dealer network. The confidence inspired by common sense engineering, like a Shift-On-The-Fly feature to switch from 2WD to 4WD. The confidence that can take you to the ends of the earth. And back.

FEATURES:

Choice of 3.5 litre V6 petrol or 3.0 litre turbo diesel.

Dual airbags standard.

158kW of DOHC V6 power and 310Nm torque.

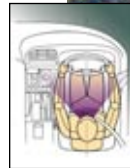

5-speed manual transmission. Optional auto.

60/40 split folding second row seats with adjustable back rests.

3rd row seats, for seating up to seven people.

Optional air conditioning.

High Command Vision. The commanding view of the road ahead immediately gives you a sense of confidence and control.

FROM THE BACK BLOCKS TO THE CONCRETE CANYONS.

THE JACKAROO SE CAN TAKE THE ROUGH WITH THE SMOOTH.

Years in the bush have meant learning a few survival tricks. Like power mirrors that fold in for narrow tracks. Years in town have given it a more polished side. From obvious things like the new exterior styling, to smaller acknowledgments of civilization, like remote central locking, a compact disc player, and optional air conditioning.

Wide Track.

Jackaroo SE and Monterey models now come with a wider wheel track and re-tuned suspension. The benefits are superior straight line stability, tracking and enhanced overall ride quality. This improved ride quality results from increased rear suspension travel, and is particularly noticeable when the wagon is laden or travelling in rough road conditions.

FEATURES:

Pushbutton control for Shift-On-The-Fly.

Leather-wrap steering wheel.

Map reading spotlamps.

Power windows and central locking with keyless entry. Alarm system.

Anti-lock Braking System optional on SE automatic.

Airbags.

Standard on every Jackaroo and Monterey are driver and front passenger airbags.

Power, heated exterior mirrors. Fold in at the touch of a button.

JACKAROO SE

PETROL ROL

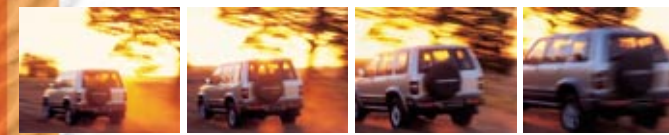

ANYWHERE. ANY TIME. ANY REASON.

WHEREVER YOU WANT,
WHENEVER YOU FEEL LIKE
GOING, THE JACKAROO
DIESEL IS READY AND
RARING TO GO.

One of the most refined engines around, the durable 3 litre turbo diesel with intercooler is a superbly efficient powerhouse. The most powerful diesel in its class, it performs like petrol but it's economical like a diesel. And it gives the steadying power of low-end torque off-road. And an optional snorkel, better than a bandana for extremely dusty conditions.

JACKAROO DIESEL

FEATURES:

- 118kW of power at 3900rpm, 333Nm of torque at 2000rpm.
- Turbocharger for responsive highway and towing performance.
- Limited slip differential.
- Electronic engine immobiliser.
- Tachometer.

All Jackaroo diesel models offer the choice of four speed automatic transmission. It's standard on Monterey.

MONTEREY OFFERS A CHOICE OF TURBO DIESEL OR V6 PETROL ENGINES WITH AUTOMATIC TRANSMISSION.

FEATURES:

Torque On Demand™, to adjust torque split between front and rear wheels for better traction.

Anti-lock Braking System.

Headlamp washer/wipers. Fog lamps integrated in bumper.

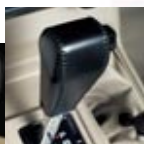

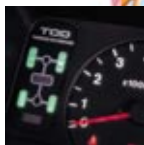

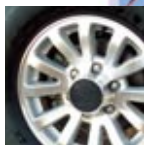

Automatic climate control air conditioning for total passenger comfort.

6 disc CD changer, with 6 speaker sound system.

Monterey is a supremely comfortable way to tow a horse float, boat, off-road camper trailer or round-Australia caravan.

Sports-style alloy wheels further complement Monterey's presence on the road.

Wide track and wheel arch flares bring a bold new look.

This is the top of the range. And the view from the top is something to behold. The Monterey is loaded with luxurious appointments like electrically adjustable driver and passenger seats, leather upholstery, chrome mirrors, leather wrap gear shift and hand brake, a light touch of wood grain trim, and an environment meter complete with compass, altimeter, external thermometer and barometer.

**ROUGHING IT
IN COMFORT.**

MONTEREY

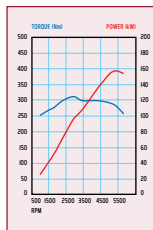

A HEART AS BIG
AS THE WIDE
BROWN LAND.

3.5 V6 DOHC 158KW PETROL ENGINE.

The 3.5 litre DOHC 24 valve V6 petrol engine features a variable induction system.

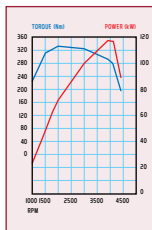

- 158kW of power at 5400rpm. 310Nm of torque at 3000rpm.
- Variable induction system, with variable length intake runners for improved low-end torque.
- The variable intake manifold changes the length of the induction tract by opening and closing valves in the induction system.
- The valve is closed at low to medium engine speeds, thus providing a long tract length and high low-end torque.
- At high engine speeds the valve is opened, improving peak performance.
- Fuel aimed at the inlet valve utilises valve heat for thorough vaporization. This promotes better combustion, stable idle and reduced exhaust emissions.
- Scissor-gear driven camshafts eliminate free play for quieter operation.
- Deep-skirt block design, and four vertical and two horizontal main bearing cap bolts, combine to maximise block stiffness and bearing durability, and minimise noise.

3.0 DOHC 16 VALVE 4 CYLINDER DIRECT INJECTION TURBO DIESEL WITH INTERCOOLER.

With the acclaimed diesel available on all models, the freedom of the open road has never been easier to access. And it is the most powerful diesel in its class.

- 118kW power at 3900rpm. 333Nm of torque at 2000rpm.
- Four cylinder, intercooled turbo design.
- Intercooler keeps intake air at optimum temperature for maximum combustibility.
- Alloy cylinder head for light weight and efficient engine cooling.
- High pressure fuel injection for improved vaporization, combustion, enhanced fuel efficiency, lower emissions.
- Engine oil cooler.
- Aluminium crankcase for reduced noise and better cooling.
- Twin balance shafts and high rigidity cylinder block contribute to low noise, and vibration reduction.
- "Drive-by-wire" throttle for precise pedal feel.
- Self-tensioning timing belt for quietness, reliability and serviceability.
- Designed to meet strict Euro 2 emissions standards.

THERE ARE SOME THINGS NO JACKAROO WOULD GO WITHOUT.

It's a question of survival. Over the years, over the suspension shattering roads of the Flinders, the Kimberleys and the Pilbara, over unmarked mountain tracks, over places that have never felt the tread of a solid 4x4, we've learnt what it takes to survive.

Every Jackaroo comes with independent front and four link rear-coil suspension. Our SE and Monterey models have Wide Track. And the V6 models, with their focus on performance, offer dynamic handling and pin-sharp steering. There's absolutely no doubt, they've got what it takes.

Logical Window Switches.
The electric window controls, on SE & Monterey, are conveniently positioned on the door armrests, and angled towards the occupants to make them easier to operate.

High Visibility.
5 rear brake lights and 4 indicators for improved visibility and safety.

Centre Console.
A centre console with both driver and passenger access, houses the controls to heat, adjust, and fold in the exterior mirrors on the SE and Monterey.

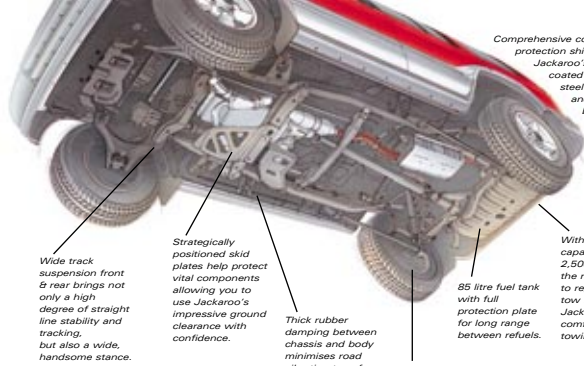

Secure Storage.
A compartment concealed under the rear seats has space to store larger valuables. The lockable glove box is the choice for smaller items.

Air Conditioning.
Optional on Jackaroo and SE is a state of the art, environmentally friendly, air conditioning system.

Side Impact beams.
Sturdy beams in the side doors help reduce the chance of injury in the event of an accident.

Wide track suspension front & rear brings not only a high degree of straight line stability and tracking, but also a wide, handsome stance.

Strategically positioned skid plates help protect vital components allowing you to use Jackaroo's impressive ground clearance with confidence.

Thick rubber damping between chassis and body minimises road vibration transfer to increase passenger comfort.

With a towing capacity of 2,500kg, on or off the road (subject to regulations and tow bar design), Jackaroo is a comfortable towing vehicle.

Comprehensive corrosion protection shields Jackaroo's double coated galvanised steel body panels and high quality base coat/clear coat paint.

Ventilated disc brakes on all four wheels stay cooler and resist fading even under repeated heavy braking.

Excellent Manoeuvrability.
Practical design combines a long wheelbase with relatively short overall length to give amazing manoeuvrability. The turning circle is a practical 11.6 metres. The approach and departure angles are an impressive 40 degrees and 31 degrees respectively, so you can get out of tight spots in the bush yet still move around with ease in the city.

Strong Chassis.
The strength and construction techniques of the box chassis reflect Jackaroo's reputation in the 4WD world as a robust, reliable workhorse.

Limited slip differential.
A limited slip rear differential is standard on every model. This automatically transfers power to the rear wheel with the best grip, helping to improve traction and handling.

Electric Seats.
Off-road driving demands a commanding seating position. Monterey makes it easier to achieve, with electric driver's seat adjustment for legroom and height. The front passenger seat also slides electrically, to optimise legroom for a comfortable journey.

Alloy Wheels.
16" wheels come in alloy on the SE (shown above) & Monterey models. Tyres have been upgraded with reinforced construction for better puncture resistance on all models.

Integrated Control Stalks.
Stalk mounted controls are easily reached. The wiper/cruise control, standard on SE and Monterey petrol models, incorporates a mist function for misty days.

Auto Transmission.
4 Speed electronic automatic transmission is optional on all Jackaroo petrol and diesel models with winter, power and economy modes to increase control in all conditions.

Jackaroo's seating flexibility can create a cavernous cargo area, seating for seven people, or an amazing number of combinations in-between.

PEACE
OF MIND

THE SMARTEST WAY TO OWN A NEW HOLDEN.

Smart choices.

A smart way to get into a new Holden is by talking to Holden Financial Services. A wide range of options is on offer and you can select the terms, conditions and pricing structure to best suit your lifestyle. The SmartChoices range offers affordable, flexible, low monthly repayments¹ and the security of a guaranteed minimum buyback price.² For more information contact your Holden Dealer or call Holden Customer Assistance on 1800 033 349.

Smartcare.

Holden offers a range of competitively priced insurance products that provide tailor-made protection. The SmartCare comprehensive policy offers new car replacement, agreed value and a genuine Holden Approved parts guarantee plus a range of additional premium benefits.³ For more information see your local Holden Dealer or call the Holden SmartCare Hotline on 1800 060 094.

The Holden MasterCard.

With the Holden MasterCard, 5% of every dollar you spend on credit purchases goes toward your rebate on a new Holden.⁴ You can redeem a maximum core rebate of \$3000 on any new Holden.⁴ Use your Holden MasterCard at exclusive Holden MasterCard Bonus Partners and you'll receive an extra 1% bonus rebate that you can earn. You'll also pay no annual card fee in the first year, get up to 45 days interest free on credit card purchases, and a competitive rate of interest.⁵ To apply, visit any Westpac/Challenge Bank/Bank of Melbourne branch, your local Holden Dealer or call the Holden MasterCard 24-hour customer line on 1300 650 696.

The package wouldn't be complete without extra peace of mind.

We're with you all the way.

Holden drivers are backed by the most comprehensive customer care package on the road. With over 300 dealers and 900 Roadside Assistance centres nationwide, few other cars in Australia are supported with the level of customer care offered to Holden owners.

3 year or 100,000km New Vehicle Warranty.

Your peace of mind, guaranteed. Every Holden comes with a 3 year or 100,000km New Vehicle Warranty,⁶ whichever comes first. This factory backed bumper to bumper warranty covers everything including the engine, transmission, clutch, interior and exterior components.

An extended New Vehicle Warranty is able to be purchased. For more details, contact Holden Customer Assistance on 1800 033 349 or your Holden Dealer.

3 year/24 hour Roadside Assistance.

Go anywhere, anytime, with complete confidence. Holden Roadside Assistance, one of Australia's most comprehensive assistance packages, is complimentary for 3 years or 100,000km, whichever comes first.⁷

In the event of the unexpected happening, from your keys being locked in the car to mechanical and accident advice, you can get in touch with our 24 hour hotline, 365 days of the year, by calling the toll-free number 1800 817 100.

This service is delivered by Assist Australia and the combined resources of the Australian motoring organisations.

A decidedly different level of service.

Dealer support when you need it, where you need it.

With dealers strategically located nationwide, the Holden Service Network is the largest in the country. Our service centres are staffed by a team of trained technicians who have access to regular factory training, bringing them up to speed on the latest technology.

If you want to know more about the extensive benefits of Holden ownership, contact Holden Customer Assistance on 1800 033 349, Monday - Friday, 8am - 6pm. EST.

¹ Fees and charges apply. For the annual percentage rate applicable to you contact your local Holden Dealer. ² Conditions apply. A disposal fee of \$380 (incl GST) applies plus charges for excess wear and tear or excess kilometres may also apply. ³ Refer to the policy wording for specific terms, conditions and exclusions. ⁴ Earning and redemption of rebate is subject to the Holden MasterCard Rebate Program Rules. A maximum of \$3000 (in the form of Holden MasterCard 'core' rebate) (plus any additional 'bonus' rebate accumulated via the partner program) accrued over a maximum of 5 years may be applied per eligible vehicle purchased. Vehicle sales for which a fleet allowance is paid are not eligible for Holden MasterCard rebate. ⁵ The interest-free period applies where the card account is fully paid by the due date each month. ⁶ Refer to your owner's handbook or see your Holden Dealer for full terms and conditions. ⁷ Roadside Assistance may not be available in some rural areas. Refer to your Holden Roadside Assistance booklet or see your Holden Dealer for terms and conditions.

This colour chart illustrates the available exterior colours for the Holden Jackaroo. As these are printed colours and not actual samples, variations between those illustrated and actual paint colours may occur. As such, we recommend that these illustrated colours be accepted as indicative only. Certain colours may not be available from time to time, or on certain models. Two-colour combinations are also available on some models. It is important that your Holden Sales Consultant confirms with you such variations by reference to the latest Holden Ordering Procedure.
