

Cadillac XLR's bold exterior hints at the power and innovation that lies beneath. With its advanced 4.6L Northstar® V8 VVT (Variable Valve Timing) engine, XLR™ is a refined powerhouse. Driver Shift Control transforms the XLR five-speed automatic transmission into a clutchless manual, allowing manual shifts with little more than a tap. Magnetic Ride Control™ delivers a smooth, comfortable and confident ride while StabiliTrak® provides control and confidence on almost any road or in almost any weather condition. Within XLR, contemporary eucalyptus wood accents, Bvlgari-designed gauges and striking aluminum accents combine to provide a luxurious and inviting environment. At the touch of a button, the hardtop retracts, letting you experience the pure exhilaration of open-air motoring.
