

05 monte carlo

REFINED. SOPHISTICATED. AND WELL-MANNERED ... EXCEPT ON RACE DAY.

Chevy™ Monte Carlo® is synonymous with the tradition of NASCAR®. Fact is, the 2005 model is built with the same winning passion as Monte Carlo race cars — like a body design that incorporates smart airflow management. Monte Carlo also offers powerful V6 engines, including a standard 3400 in LS models that has unsurpassed V6 highway fuel economy* and the acclaimed 3800 in LT models. And, of course, a supercharged 3800 in SS models. Shown below: Monte Carlo Supercharged SS in Laser Blue Metallic with Silverstone Metallic lower accent color. *Based on 2004 EPA Midsize Cars segment. Monte Carlo LS with the 3400 V6 engine has estimated MPG 32 hwy. Fuel economy estimates based on GM testing. Official EPA estimates not yet available.
