

CORVETTE

A REVOLUTION IN SPORTS CAR TECHNOLOGY. Now playing on a road near you. The 2006 Corvettes.

- Advance the sports car driving experience — in every dimension.
- Three body styles — coupe, convertible, and the all-new Z06.
- Coupe and convertible offer a new, available Six-Speed Paddle Shift with Automatic Modes, which allows quick, clutchless up- or downshifts without ever taking your hands off the wheel.
- The new Z06 was codeveloped with the C6.R racer that beat Ferrari and Aston Martin at Le Mans.
- It contains a litany of exotic race technology, from its 7.0 Liter (427 cubic inches) LS7 aluminum-block V8 engine with dry-sump oil distribution, to its carbon-fiber front fenders and aluminum frame.

Shown below: Corvette Z06 in Velocity Yellow — an extra-cost color — with available features.

¹ Cargo and load capacity limited by weight and distribution.

² Extra-cost color.

³ Not available on Z06 models.

⁴ Not available with Z51 Performance Handling Package.

⁵ Not available with Magnetic Selective Ride Control.

⁶ Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and child safety seat instructions for more safety information.

⁷ Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details.

⁸ RDS functions only where stations broadcast RDS information.

⁹ XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for more details.
