LIANA

LOTS TO LOVE

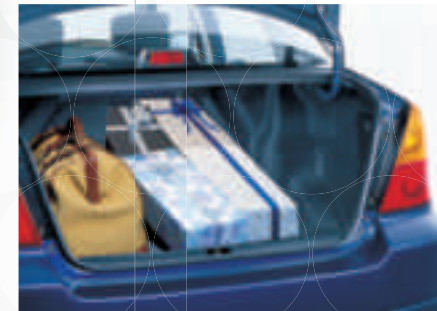

GETTING THERE IS HEAPS OF FUN

Get behind the wheel of the Liana and there's no holding you back! The zippy **1.8 litre VVT** engine has plenty of punch. So it's fun to drive *and* practical to get around in. Both the funky Hatch and stylish Sedan come with eye-catching features like front fog lamps, alloy wheels and a sporty rear spoiler. And the Liana is built in Japan, so you're assured of quality. As you will see, there's a lot to love about the Suzuki Liana.

STACKS OF FEATURES

Step inside the Liana and you'll appreciate the interior design - stylish, functional, packed with features. The brushed aluminium look centre console features a 7-speaker CD audio system with an in-dash six-disc stacker, sub woofer and FM/AM radio. Additional audio switches are located on the steering wheel. Then there's air conditioning, power windows and mirrors, power steering, multiple cup holders, remote keyless entry, central door locking and outside temperature display. And the newly designed instrumentation panel adds a contemporary feel to the interior. We've even provided a 12-volt accessory socket on the centre console to power all your favourite appliances. When it comes to features, the Liana is packed to the brim.

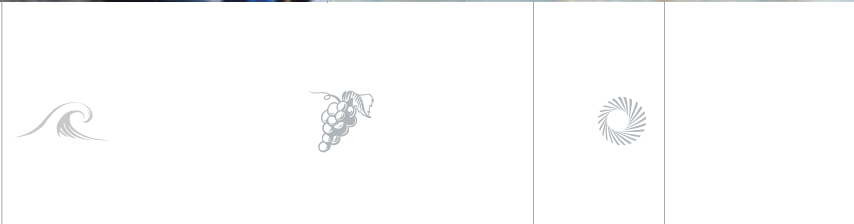

LIANA

LIFE, WITH STYLE

STRETCH OUT, THERE'S LOADS OF SPACE

Settle yourself into the sporty front bucket seats and stretch out. There's plenty of space in the Liana. All the headroom, leg-room and shoulder-room you'll ever need, with more than enough room for your friends. And while we're talking space, check out the huge cargo area. Perfect for your gym gear, shopping, luggage - even your dogs. Going surfing or snowboarding? No problems. Both models also feature split-folding rear seats.

LIANA

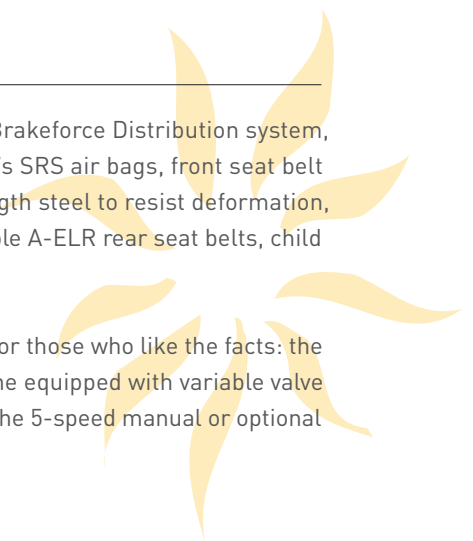

WHEREVER YOU WANT TO GO

BIG ON SAFETY. PLENTY OF ZIP

Liana combines plenty of zip with the latest safety technology. There's ABS, with an Electronic Brakeforce Distribution system, to help keep you out of trouble. Protecting you are new-generation driver's and front passenger's SRS air bags, front seat belt pre-tensioners and force-limiters, a passenger compartment reinforced with high-tensile-strength steel to resist deformation, and front and rear crumple zones designed to absorb the force of impact. For kids, there's lockable A-ELR rear seat belts, child seat tether anchorages, and child-proof rear door locks.

With a zippy 1.8 litre VVT engine, the Liana's good looks are complemented by its performance. For those who like the facts: the power comes from an aluminium alloy, double overhead cam, 16 valve, in-line four cylinder engine equipped with variable valve timing. It produces 92kW of power and 170Nm of torque. The engine is perfectly matched to both the 5-speed manual or optional 4-speed automatic transmission.
