

Volkswagen Golf GT

The new Golf GT. Now you can have the best of both worlds.

The Golf has always been a pioneer in its class, setting new standards in power, performance and sheer driving enjoyment. Now comes another spine-tingling innovation, designed to get your pulse racing like never before, as TSI technology makes its debut in the new Golf GT. Representing a world first, this ground-breaking technology utilises FSI direct petrol injection and twincharging by both a supercharger and turbocharger. The result is phenomenal – an engine that combines all the benefits of diesel with those of petrol, delivering outstanding responsiveness, economy and low emissions. Never before have enjoyment and economy been so close.

TSI engine. Maximum power with minimum consumption.

The new GT comes equipped with the ground-breaking TSI engine which produces phenomenal torque and power while maintaining impressive fuel economy and low CO₂ emissions. With the 1.4 litre TSI 125kW engine, Volkswagen has pushed technology to new limits, developing the world's first ever twin-charged direct injection petrol engine. Achieving 100km/h in just 7.9 seconds, with high torque delivering maximum power at both low revs and high speeds.

What's more, you can continue driving all day because if there's one thing the TSI engine hates, it's petrol stations. With a fuel consumption figure of just 7.7 liters per 100km* in the combined cycle, it's an economical powerhouse. This innovative TSI technology was recognised by motoring experts when it was named 'Best New Engine 2006' at the International Engine of the Year awards.

* This is combined city/highway driving as per Australian Standard ADR 81/01.

01 The twin-charged engine – comprising a mechanically-driven supercharger and exhaust-driven turbocharger – which work in tandem to eliminate turbo lag enabling the TSI engine to achieve maximum torque at both low revs and high speed.

Best New Engine 2006 Volkswagen 1.4-litre TSI Twincharger

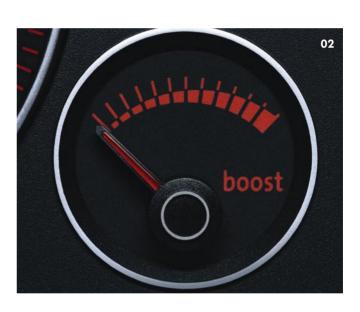

- **01** The Winter Driving Program adapts driving optimally to weather and road conditions. When the switch is activated, torque is reduced when driving off to prevent wheel spin.
- **02** The boost pressure gauge within the instrument panel informs you how much power the TSI engine is generating.
- **03** The three-spoke multi-function leather steering wheel is ergonomically designed for comfort and is aesthetically pleasing with its unique GT logo.
- **04** The badge on the front grille places the GT in distinguished company and indentifies the new Golf GT as true sports performer.

A sensory experience.

As you'd expect from a true sports performer, the GT's exterior hints at the promise of what is to come. Inside the aesthetics exude comfort and control. The front sports seats with lumbar and height adjustment in unique anthracite red upholstery give you comfortable support when taking tight corners, while the 'Black Onyx' decorative inserts enhance the sports appeal. The three-spoke leather trimmed steering wheel with GT logo leaves you in no doubt as to what you're driving, and the multifunction dashboard display provides you with essential information at a glance. This is a car that not only performs – it looks good too.

Owning a Volkswagen

Volkswagen New Vehicle Warranty

Every new Volkswagen passenger vehicle is covered by a 3-year/100,000km (whichever occurs first) manufacturer's warranty, which includes Volkswagen Assist (24hr roadside assistance). Every new Volkswagen passenger vehicle is also covered by a 3-year paintwork and 12 year anti-corrosion perforation warranty.

Volkswagen Assist – Premium

As a customer you can be assured that wherever you travel in Australia you will have access to roadside assistance 24 hours a day, 365 days a year. You will receive help in the event of a breakdown or accident and if required, your vehicle will be mobilised or transported to a Volkswagen authorised workshop. As a Volkswagen owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours when you are travelling away from home. Furthermore, you can enjoy the benefits of Volkswagen Assist's concierge service for Australiawide travel booking.

Volkswagen Extended Warranty

Why not continue the confidence of a Volkswagen Warranty by purchasing Volkswagen Confidence Plus – an Insurance Policy designed to provide cover for the repair or replacement of a failed mechanical or electrical part, after the expiration of the Volkswagen standard new vehicle warranty. Volkswagen Confidence Plus is available for an additional period of 12 or 24 months unlimited kms. In addition, Volkswagen Confidence Plus includes the continuation of your Volkswagen Assist, our 24-hour roadside assistance program. You can purchase Volkswagen Confidence Plus at any time within your Volkswagen standard new vehicle warranty (3-year/100,000km). For more information contact your participating local dealer or visit volkswagen.com.au

Volkswagen Service

Your Authorised Volkswagen Service Centre is part of Volkswagen's global Quality Management System, ensuring all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised Volkswagen Service Centres have factory trained Technicians equipped with the very latest diagnostic equipment, specialist tooling and Volkswagen Genuine Parts. An Authorised Volkswagen Service Centre undertakes work in accordance to factory specified guidelines and maintenance schedules

Volkswagen Genuine Parts®

Volkswagen Genuine Parts[®] are designed for your vehicle and approved by Volkswagen, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, Volkswagen recommends the use of Volkswagen Genuine Parts[®]. Volkswagen Authorised Dealers offer a 2-year warranty on Genuine Parts from the date of purchase.

Volkswagen Finance

Buying, Borrowing or Leasing, Volkswagen Finance will certainly make you think differently about financing and insuring your new Volkswagen. Committed to meeting the needs of Volkswagen drivers, across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and can rest assured that there will be no surprises along the way. Speak to your local participating Volkswagen Dealer today to put together a financial solution that best suits your lifestyle.

Glossary

Anti-lock Braking System (ABS)

When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the ABS system reduces brake pressure to that wheel. This prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable.

Anti-Slip Regulation (ASR)

ASR improves driving and steering characteristics by preventing the front wheels from spinning under acceleration. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system automatically reduces engine torque. ASR is a switchable traction control system.

Brake Assist

During emergency braking, Brake Assist aids the driver by increasing the brake pressure automatically to a level exceeding the locking limit. The ABS is thus quickly brought into the operating range, which enables maximum vehicle deceleration to be achieved.

Direct Shift Gearbox (DSG)

DSG is a manual gearbox in which the gearshifts are controlled electronically. What makes the DSG unique is that it has 2 separate gear sets operated by 2 wet multi-plate clutches. The benefit of 2 gear sets and 2 multi-plate wet clutches is that one gear set and clutch is engaged driving the vehicle with the second clutch having already pre-selected the next gear awaiting for power to be transferred. As the next gear has already been preselected prior to power being applied, the gear change only takes 3-4 100ths of a second. There is virtually no interruption to power, traction or acceleration. The DSG also offers Tiptronic gear selection and sports mode.

Electronic Brake-pressure Distribution (EBD)

Electronic, more sophisticated means of regulating the ratio of front/rear brake pressure. Settings are varied according to driving and load conditions to ensure each wheel is braked to the optimum extent.

Electronic Stabilisation Program (ESP)

ABS and ASR traction control systems are integrated into the Electronic Stabilisation Program (ESP). In short, ESP helps ensure that the vehicle goes where you steer it even in extreme driving conditions. The ESP system constantly compares the actual movement of the vehicle with pre-determined values and should a situation arise where the vehicle starts to skid, ESP will apply the brakes to individual wheels and automatically adjust the engine's power output to correct the problem. ESP prevents the vehicle from losing control when trying to avoid an accident, for example. It also prevents spinning off on a curve due to either understeer or oversteer.

Winter Driving Program

The Winter Driving Program adapts driving optimally to weather and road conditions. When the switch is activated, torque is reduced when driving off to prevent wheel spin.

Volkswagen is distributed by Volkswagen Group Australia Pty Ltd, The Lakes Business Park, 6 Lord Street, Botany, NSW 2019. ABN 14 093 117 876. Specifications are as planned at May 2007, for Model Year 2007 and are subject to change without notice or obligation. All information is this specification sheet is correct at the time of publication, however variations may occur from time to time and Volkswagen, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Volkswagen dealers will provide up-to-date information on model application, design feature, prices and availability on request.

Volkswagen Insurance & Volkswagen Extended Warranty are provided by Allianz Australia Insurance Limited (Allianz), AFS Licence No. 234708, ABN 15 000 122 850. In arranging this insurance Volkswagen Financial Services Australia Limited, ABN 20 097 071 460 & Volkswagen Group Australia Pty Ltd, ABN 14 093 117 876 and the authorised dealers act as agents of Allianz and not as your agent. Volkswagen Finance is a trading name of Volkswagen Financial Services Australia Limited. Locked Bag 5009, Alexandria NSW 2015. Tel: 02 9695 6311.
