

## Volkswagen Jetta

Overseas specification vehicles are shown in this brochure.  
Some features and options may not be available.

## **The Jetta – defining values.**

The Volkswagen Jetta combines elegant design with remarkable performance and the most advanced German engineering. The spacious interior and impressive attention to detail define the distinctive European cabin. Beneath its sleek surface, the Jetta range delivers high

performance with superior fuel economy thanks to Volkswagen's cutting edge direct petrol injection (FSI) and turbo diesel (TDI) engine technology. Inside and out the Jetta is a brilliant example of form that meets function to provide an exhilarating driving experience.

## Attention to detail.

It's often the little things that make the biggest impact. And with the Volkswagen Jetta, it's a fact. The Jetta is constructed with **precision laser welding** techniques – increasing body rigidity for more precise handling dynamics, ensuring tight panel gaps and a quiet interior.

It is also backed by a class leading **12-year anti-corrosion perforation warranty**. The distinctive, solid 'thunk' of the door closing reassures you of the build quality and Volkswagen's commitment to safety.

The headlights automatically turn on in low light and the intelligent **'coming home'** function illuminates the area around the car at night, when locking or unlocking. The **central locking is programmable** for added

convenience – allowing settings such as automatic locking as soon as the car starts moving and one-touch unlocking for the driver's door only and two-touch for all doors.

## The Jetta range.

Each model is made to exacting standards with comprehensive safety features, a 6-speed transmission and one of Volkswagen's class-leading petrol or turbo diesel engines. The sophisticated independent rear suspension has been designed to offer greater agility whilst providing a supple and comfortable ride. The **Jetta 2.0 FSI** is an

exciting demonstration of sports-inspired performance with refined and responsive handling. The **2.0 TDI** offers incredible fuel efficiency and responsiveness to make driving even more pleasurable. While at the top of the range, the outstanding **Jetta 2.0 Turbo FSI** delivers brilliant dynamics with an even higher level of performance.

## Interior.

The Jetta interior represents the very best in **ergonomic design** utilising the **highest quality materials** and finishes. The interior cabin space is outstanding with plenty of legroom and headroom. There are also cup holders for front and rear passengers and **dual zone climate control** with innovative vents in the rear of the cabin for the added comfort of rear seat passengers. Front height adjustable seats offer variable lumbar support to provide a more comfortable seating position. Driving comfort is enhanced by superb cabin insulation, which allows you to enjoy the brilliant 8-speaker MP3 compatible CD sound system without interruption from the outside world. Another nice touch is the leather-covered **multi-function steering wheel** that lets the driver adjust the audio volume or scroll through the trip computer display – while keeping both hands on the wheel. On top of ample interior space the Jetta features a **cavernous boot volume** of 527 litres that offers the flexibility of a 60/40 split-fold rear seat and load-through feature.

- 01** The Jetta 2.0 FSI and 2.0 TDI are equipped with comfortable anthracite velour seats.
- 02** The Jetta features a three-spoke leather rimmed steering wheel and multi-function trip computer.
- 03** The Jetta impresses with generous boot dimensions and a massive volume of 527 litres.
- 04** A rear centre armrest with load-through provision is standard on the Jetta range.

## Safety.

Volkswagen has a reputation and a passion for building safe vehicles and the Jetta is no exception. Front and rear crumple zones absorb the energy of an impact and divert the resulting forces around the **passenger safety cell**. Inside, there are driver and passenger **front and side airbags** and **full length curtain air bags** to help protect both front and rear occupants in a side impact. There are three rear head restraints, and **3-point seat belts** for all occupants.

Thoughtful safety features include door mirrors with integrated indicators for increased visibility and low tyre pressure monitoring. Every Jetta comes complete with 'active' safety features such as **Electronic Stabilisation Program (ESP)** that detects critical situations. The ESP takes action by braking individual wheels and reducing the engine's power output, helping to keep the vehicle under control. ESP is supported by an **Anti-Lock Braking System (ABS)** and **Brake Assist** which recognises an emergency

- 01** The standard safety equipment offers driver and front passenger airbags, front side airbags for driver and passenger and curtain airbags, front and rear.
- 02** The front seat belts are height adjustable with pre-tensioners and belt force limiters.
- 03** The Jetta is equipped with a class-leading safety package including ABS, ESP and a total of six airbags.

braking situation and increases the braking effort automatically. **Electronic Brake-pressure Distribution (EBD)** regulates the ratio of front/rear brake pressure to ensure each wheel is braked optimally. When combined, these active safety features enable the driver to maintain steering control and/or maximise braking efficiency in an emergency situation.

## 2.0 FSI.

The powerful 2.0 FSI delivers an exceptional drive with 110kW of power and 200Nm of torque driving through a 6-speed manual or an optional 6-speed Tiptronic transmission. Enjoy the convenience of rain sensing wipers, an automatically dimming rear view mirror, dual zone air-conditioning and height adjustable front seats. The Jetta 2.0 FSI includes as standard, 16" Atlanta alloy wheels and rear parking sensors. It also boasts advanced front and rear suspension for greater agility, tighter manoeuvring and less body roll during cornering.

- 01** The Jetta range offers standard rear parking distance sensors.
- 02** The Jetta 2.0 FSI and 2.0 TDI feature a premium MP3 compatible CD sound system with 8 speakers.
- 03** The stylish 16" Atlanta alloy wheels are standard on the 2.0 FSI and 2.0 TDI.

## 2.0 TDI.

The Jetta 2.0 TDI features an advanced Turbo Diesel Injection (TDI) engine with Volkswagen's unique Pumpe-Düse technology that ensures fuel is injected in precise quantities and at incredibly high pressure. The result is a more powerful, efficient and clean burning engine that produces 103kW of power and 320Nm of torque from only 1,750rpm creating incredible flexibility, with fuel consumption of only 5.8L/100kms (combined cycle 2.0 TDI manual).

It features a 6-speed manual transmission as standard or the option of a 6-speed Direct Shift Gearbox (DSG). Dual zone air-conditioning is provided for individual driver and passenger comfort, as is electronic power steering and a height and reach adjustable steering column. For your safety, the central locking is programmable and the key allows remote opening of the boot.

## Direct Shift Gearbox (DSG).

DSG is an advanced 6-speed gearbox in which the clutch and gearshift is controlled electronically. What makes DSG unique is that the next gear is already pre-selected and awaiting for power to be transferred, resulting in a gear change that takes only 3–4 hundredths of a second. The benefit is that there is virtually no interruption to power, traction or acceleration. Furthermore, because it ensures optimum transmission of the engine power, DSG provides excellent fuel consumption and driving satisfaction.

- 01** Turn indicators are integrated into the door mirrors as an added safety feature. The side mirrors are electrically heated and adjustable.
- 02** The Jetta range offers dual zone climate control with a dust and pollen filter for maximum comfort.
- 03** Front seat drawers provide a handy storage solution.

## 2.0 Turbo FSI.

Sporty, elegant and impressive, the Jetta 2.0 Turbo FSI is equipped with the 6-speed Direct Shift Gearbox (DSG) as standard, accelerating from 0 to 100 km/h in just 7.2 seconds. The technologically advanced 2.0 Turbo FSI petrol engine produces 147kW of power at 5,100–6,000rpm and 280Nm of torque available between 1,800–5,000rpm for greater flexibility and driving enjoyment. 17" Classix alloy wheels and 15mm lowered sports suspension, front fog lights and dual chrome exhausts complete the performance package.

The spacious interior boasts style and quality appointments that include front sports seats and brushed aluminium inserts on the dashboard and doors. The Jetta 2.0 Turbo FSI is also equipped with a premium 10-speaker sound system and 6-disc in-dash MP3 compatible CD changer.

- 01** Aluminium inserts in the dashboard and doors are an interior highlight of the 2.0 Turbo FSI.
- 02** The Jetta 2.0 Turbo FSI offers front fog lights, mounted in the lower bumper, adding a sporty element and an additional safety feature to the Jetta.
- 03** The stylish 17" Classix alloy wheels are standard on the 2.0 Turbo FSI. Main picture shows the optional 18" Charleston alloy wheels.

## Optional equipment.

Life is all about choices and creating your own individual style. The Jetta offers you several ways to add a personal touch to your new car. Choose from an optional leather upholstery package with individually heated front sports seats or electric glass sunroof that has slide and tilt opening plus a retractable sunblind.

Volkswagen Individual offers you attractively styled 18" Charleston alloy wheels with a 15mm lowered sports suspension package and anti-theft wheel bolts. Turn night into day with bi-xenon headlights incorporating automatic self levelling and a headlight cleaning system. For added security, an anti-theft alarm system with interior monitoring and tilt sensor is available.

- 01 The Jetta range offers an optional leather upholstery package with individually heated front sport seats.
- 02 Bi-xenon headlights with a cleaning system are optional on the Jetta range.
- 03 The optional sunroof with sunblind offers both slide and tilt opening functions.
- 04 Volkswagen Individual offers attractively styled 18" Charleston alloy wheels to add a more powerful stance to your Jetta.
- 05 Optional satellite navigation.

# Specifications

	2.0 FSI	2.0 TDI	2.0 TURBO FSI
<b>Safety and Security</b>			
<b>Airbags</b>			
Driver and front passenger airbags	S	S	S
Driver and front passenger side airbags	S	S	S
Curtain airbags, front and rear	S	S	S
<b>Anti-theft</b>

## Owning a Volkswagen

### Volkswagen New Vehicle Warranty

Every new Volkswagen passenger vehicle is covered by a 3-year/100,000km (whichever occurs first) manufacturer's warranty, which includes Volkswagen Assist (24hr roadside assistance). Every new Volkswagen passenger vehicle is also covered by a 3-year paintwork and 12 year anti-corrosion perforation warranty.

### Volkswagen Assist – Premium

As a customer you can be assured that wherever you travel in Australia you will have access to roadside assistance 24 hours a day, 365 days a year. You will receive help in the event of a breakdown or accident and if required, your vehicle will be mobilised or transported to a Volkswagen authorised workshop. As a Volkswagen owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours when you are travelling away from home. Furthermore, you can enjoy the benefits of Volkswagen Assist's concierge service for Australia-wide travel booking.

### Volkswagen Extended Warranty

Why not continue the confidence of a Volkswagen Warranty by purchasing Volkswagen Confidence Plus – an Insurance Policy designed to provide cover for the repair or replacement of a failed mechanical or electrical part, after the expiration of the Volkswagen standard new vehicle warranty. Volkswagen Confidence Plus is available for an additional period of 12 or 24 months unlimited kms. In addition, Volkswagen Confidence Plus includes the continuation of your Volkswagen Assist, our 24-hour roadside assistance program. You can purchase Volkswagen Confidence Plus at any time within your Volkswagen standard new vehicle warranty (3-year/100,000km). For more information contact your participating local dealer or visit [volkswagen.com.au](http://volkswagen.com.au)

### Volkswagen Service

Your Authorised Volkswagen Service Centre is part of Volkswagen's global Quality Management System, ensuring all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised Volkswagen Service Centres have factory trained Technicians equipped with the very latest diagnostic equipment, specialist tooling and Volkswagen Genuine Parts. An Authorised Volkswagen Service Centre undertakes work in accordance to factory specified guidelines and maintenance schedules.

### Volkswagen Genuine Parts®

Volkswagen Genuine Parts® are designed for your vehicle and approved by Volkswagen, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, Volkswagen recommends the use of Volkswagen Genuine Parts®. Volkswagen Authorised Dealers offer a 2-year warranty on Genuine Parts from the date of purchase.

### Volkswagen Finance

Buying, Borrowing or Leasing, Volkswagen Finance will certainly make you think differently about financing and insuring your new Volkswagen. Committed to meeting the needs of Volkswagen drivers, across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and can rest assured that there will be no surprises along the way. Speak to your local participating Volkswagen Dealer today to put together a financial solution that best suits your lifestyle.

## Glossary

### Anti-lock Braking System (ABS)

When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the ABS system reduces brake pressure to that wheel. This prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable.

### Anti-Slip Regulation (ASR)

ASR improves driving and steering characteristics by preventing the front wheels from spinning under acceleration. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system automatically reduces engine torque. ASR is a switchable traction control system.

### Brake Assist

During emergency braking, Brake Assist aids the driver by increasing the brake pressure automatically to a level exceeding the locking limit. The ABS is thus quickly brought into the operating range, which enables maximum vehicle deceleration to be achieved.

### Direct Shift Gearbox (DSG)

DSG is a manual gearbox in which the gearshifts are controlled electronically. What makes the DSG unique is that it has 2 separate gear sets operated by 2 wet multi-plate clutches. The benefit of 2 gear sets and 2 multi-plate wet clutches is that one gear set and clutch is engaged driving the vehicle with the second clutch having already pre-selected the next gear awaiting for power to be transferred. As the next gear has already been pre-selected prior to power being applied, the gear change only takes 3–4 100ths of a second. There is virtually no interruption to power, traction or acceleration. The DSG also offers Tiptronic gear selection and sports mode.

### Electronic Brake-pressure Distribution (EBD)

Electronic, more sophisticated means of regulating the ratio of front/rear brake pressure. Settings are varied according to driving and load conditions to ensure each wheel is braked to the optimum extent.

### Electronic Stabilisation Program (ESP)

ABS and ASR traction control systems are integrated into the Electronic Stabilisation Program (ESP). In short, ESP helps ensure that the vehicle goes where you steer it even in extreme driving conditions. The ESP system constantly compares the actual movement of the vehicle with pre-determined values and should a situation arise where the vehicle starts to skid, ESP will apply the brakes to individual wheels and automatically adjust the engine's power output to correct the problem. ESP prevents the vehicle from losing control when trying to avoid an accident, for example. It also prevents spinning off on a curve due to either understeer or oversteer.

Volkswagen is distributed by Volkswagen Group Australia Pty Ltd, The Lakes Business Park, 6 Lord St, Botany, NSW 2019. ABN 14 093 117 876. Specifications are as planned at August 2007, for model year 2008 and are subject to change without notice or obligation. Cars and accessories are shown for illustrative purposes only and may not depict Australian specifications. All Volkswagen approved parts and accessories are warranted for 2 years/unlimited kilometres. All warranties implied by legislation or otherwise, are excluded to the maximum extent permitted by law. The liability of Volkswagen shall, subject to the law, be limited at Volkswagen's discretion: 1. In the case of the goods, the repair or the cost of repair, or the replacement or the cost of replacement; and 2. In the case of services, the re-supply of the services or the cost of re-supply of the services.
