

# Volkswagen Jetta

Overseas specification vehicles are shown in this brochure. Some features and options may not be available in Australia.

## The Jetta – defining values.

The Volkswagen Jetta combines elegant design with remarkable performance and the most advanced German engineering. The spacious interior and impressive attention to detail define the distinctive European cabin. Beneath its sleek surface, the Jetta range delivers high performance with superior fuel economy thanks to

Volkswagen's cutting edge TSI Petrol and turbo diesel (TDI) engine technology. Inside and out the Jetta is a brilliant example of form that meets function to provide an exhilarating driving experience.

## Attention to detail.

The Jetta is constructed with **precision laser welding** techniques – increasing body rigidity for more precise handling, tight panel gaps and a quiet interior.

It is backed by a 12-year anti-corrosion perforation warranty. The solid 'thunk' of the door closing reassures you of the build quality and Volkswagen's commitment to safety.

The 'coming home' function illuminates the area around the car at night, when activated. The central locking is programmable for added convenience – allowing automatic locking when the car starts moving and one-touch unlocking for the driver's door.

## The Jetta range.

Each model combines comprehensive safety features, and class-leading petrol or turbo diesel engines.

The sophisticated independent rear suspension offers greater agility and a comfortable ride. The **Jetta 118TSI** is a demonstration of technological innovation with it's

impressive twin-charged **TSI** engine and the option of a new 7 speed Direct Shift Gearbox (DSG). The **103TDI** offers incredible fuel efficiency, responsiveness, quietness and environmental friendliness. At the top of the range, the outstanding **Jetta 147TSI** delivers brilliant dynamics

with increased performance. When leaving your Jetta, the coming home function allows you to choose to activate the coming home function manually by adjusting the position of the indicator stalk. The duration of illumination can be preset via the large format Multi-function Display Plus.

#### Interior.

The Jetta interior represents the very best in **ergonomic design** utilising the **highest quality materials** and finishes. The interior cabin space is outstanding with plenty of legroom and headroom. There are also cup holders for front and rear passengers and **dual zone climate control** with air quality sensor and innovative vents in the rear of the cabin for the added comfort of rear seat passengers. Front height adjustable seats offer variable lumbar support to provide a more comfortable seating position. Driving comfort is enhanced by superb cabin insulation. Another nice touch is the leather-covered **multi-function steering wheel** that lets the driver adjust the audio volume or scroll through the trip computer display – while keeping both hands on the wheel. On top of ample interior space the Jetta features a **cavernous boot volume** of 527 litres that offers the flexibility of a 60/40 split-fold rear seat and load-through feature.

#### RCD310 Entertainment System.

The new RCD310 in-car entertainment system features a large display, a single disc CD player with mp3/wma compatibility, as well as an AUX-IN interface for connecting a mobile audio player. This is standard for 118TSI and 103TDI.

- **01** The Jetta 118TSI and 103TDI are equipped with comfortable anthracite velour seats.
- **02** The Jetta features a three-spoke leather rimmed steering wheel and multi-function trip computer.
- **03** The RCD310 CD sound system is mp3/wma compatible.
- 04 A rear centre armrest with load-through provision is standard on the Jetta range. Leather upholstery is an optional extra.
- **05** The Jetta impresses with generous boot dimensions and a massive volume of 527 litres.

## Safety.

Jetta's front and rear crumple zones absorb an impact and divert resulting forces around the passenger safety cell. Driver and passenger front and side airbags and full length curtain air bags help protect all occupants in a side impact. There are three rear head restraints, safety optimised head restraints for front seats, and 3-point seat belts for all occupants. Thoughtful safety features include door mirrors with integrated indicators and low tyre pressure monitoring. Jetta's 'active' safety features include Electronic Stabilisation Program (ESP),

which brakes individual wheels and reduces engine power, helping to keep the vehicle under control. ESP is supported by an Anti-Lock Braking System (ABS) and Brake Assist which recognises an emergency braking situation and increases the braking effort automatically. Electronic Brake-pressure Distribution (EBD) regulates the ratio of front/rear brake pressure to ensure each wheel is braked optimally. When combined, these active safety features enable the driver to maintain steering control and/or maximise braking efficiency in an emergency situation.

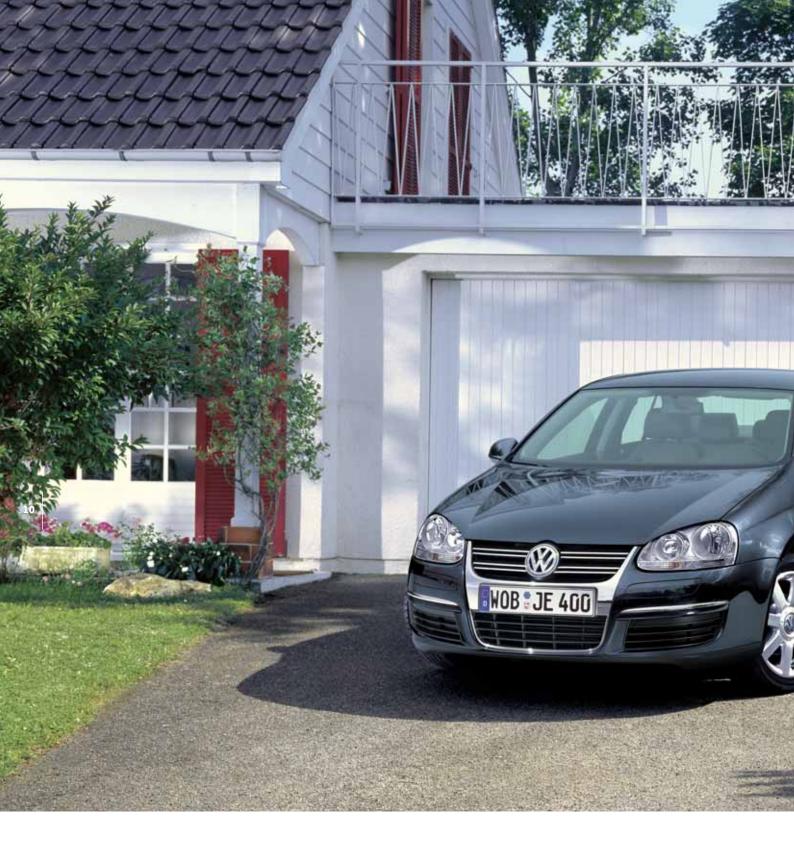

- **01** The standard safety equipment offers driver and front passenger airbags, front side airbags for driver and passenger and curtain airbags, front and rear. Leather upholstery is an optional extra.
- **02** The Jetta is equipped with a class-leading safety package including ABS, ESP and a total of six airbags.

#### Hill-Start Assist – Available with a Direct Shift Gearbox (DSG)

Hill-start assist holds the vehicle stationary for 1.5 seconds on hills with an incline greater than 5 degrees, when the foot brake is released, by temporarily locking the brake pressure. This intelligent feature provides a comfortable hill start, which importantly avoids any rolling back.

#### 118TSI.

The powerful 118TSI delivers an exceptional drive with 118kW of power and 240Nm of torque driving through a 6-speed manual or an optional 7-speed DSG transmission. Enjoy the convenience of rain sensing wipers, an automatically dimming rear view mirror, dual zone airconditioning and height adjustable front seats. The Jetta 118TSI includes as standard, 16" Atlanta alloy wheels and rear parking sensors. It also boasts advanced front and rear suspension for greater agility, tighter manoeuvring and less body roll during cornering.

## 7 Speed Direct Shift Gearbox (DSG).

7 speed DSG is a completely new and advanced 7-speed gearbox in which the clutch and gearshift are controlled electronically. What makes DSG unique is that the next gear is already pre-selected and awaiting power to be transferred, resulting in a gear change that takes only 3–4 hundredths of a second. The benefits are virtually no interruption to power, traction or acceleration, and additional flexibility. Furthermore, because it ensures optimum transmission of the engine power, DSG provides excellent fuel consumption and driving satisfaction.

- **01** Standard rear parking distance sensors reduce the audio volume to ensure clearly audible warnings.
- **02** The stylish 16" Atlanta alloy wheels are standard on the 118TSI and 103TDI.

## TSI Technology. A miracle of performance.

TSI technology is Volkswagen's twin or single-charged petrol engines with forced induction and direct injection. This technology results in engines boasting excellent torque and power output at low revolutions, combined with lower fuel consumption and emissions.

The Jetta 118TSI engine is an innovative twin-charged 1.4 litre unit that saves petrol while delivering impressive power and performance. From the driver's seat, all you feel

is one continuous, exhilarating surge as it produces high torque at low revs and an abundance of power.

You can continue driving all day because, if there's one thing the TSI engine hates, it's petrol stations. It's as economical as many engines with half as much power.

#### 103TDI.

The Jetta 103TDI features an advanced turbo diesel (TDI) engine with common rail technology and a Diesel Particulate Filter. The result is a powerful, efficient and clean burning engine that produces 103kW of power and 320Nm of torque from only 1,750rpm creating incredible flexibility, with fuel consumption of only 5.8L/100kms\* (combined cycle 103TDI manual). It features a 6-speed manual transmission as standard or the option of a 6-speed Direct Shift Gearbox (DSG).

Dual zone air-conditioning is provided for individual driver and passenger comfort, as is electronic power steering and a height and reach adjustable steering column. For your safety, the central locking is programmable and the key allows remote opening of the boot.

\*Combined city/highway driving as per Australian standard ADR81/01.

- **01** Turn indicators are integrated into the door mirrors as an added safety feature. The side mirrors are electrically heated and adjustable.
- **02** The Jetta range offers dual zone climate control with a dust and pollen filter for maximum comfort.
- **03** Front seat drawers provide a handy storage solution. Leather upholstery is an optional extra.

#### 147TSI.

Sporty and elegant, the Jetta 147TSI is equipped with the 6-speed Direct Shift Gearbox (DSG) as standard, accelerating from 0 to 100 km/h in just 7.2 seconds. The advanced TSI petrol engine produces 147kW of power at 5,100–6,000rpm and 280Nm of torque for greater flexibility. 17" Classixs alloy wheels and 15mm lowered sports suspension, front fog lights and dual chrome exhausts complete the performance package. The spacious interior boasts quality appointments that include front sports seats and brushed aluminium highlights.

#### **RCD510 Entertainment System**

The new RCD510 in-car entertainment system features a high resolution large colour TFT display with touch screen operation, a six disc CD changer with mp3/wma functions, AUX-IN interface for connecting a mobile audio player, as well as SD/MMC memory card slots.

- **01** The latest technology in-car entertainment is available with the new RCD510 system, featuring a high resolution large colour TFT display with touch screen operation and a six disc CD changer with mp3/wma functions.
- **02** The Jetta 147TSI offers front fog lights, mounted in the lower bumper, adding a sporty element and an additional safety feature to the Jetta.
- 03 The stylish 17" Classixs alloy wheels are standard on the 147TSI. Main picture shows the optional 18" Charleston alloy wheels.

## Optional equipment.

Life is all about choices and creating your own individual style. The Jetta offers you several ways to add a personal touch to your new car. Choose from an optional leather upholstery package with individually heated front sports seats or electric glass sunroof that has slide and tilt opening plus a retractable sunblind.

Volkswagen Individual offers you attractively styled 18" Charleston alloy wheels with a 15mm lowered sports suspension package and anti-theft wheel bolts. Turn night into day with bi-xenon headlights incorporating automatic self levelling and a headlight cleaning system. For added security, an anti-theft alarm system with interior monitoring and tilt sensor is available.

#### RNS510 Satellite Navigation System.

The RNS510 Satellite Navigation System operates via a user-friendly touch sensitive screen with a high resolution widescreen display that shows 3D maps, pictures and video in brilliant clarity. With a generous 30GB hard drive and built-in DVD drive, your music library and navigation data is always at your fingertips. For advanced flexibility, your favourite music can also be accessed via an Auxiliary input audio socket for MP3 players or SD memory card slot.

- **01** The Jetta range offers an optional leather upholstery package with individually heated front sport seats.
- **02** Bi-xenon headlights with a cleaning system are optional on the Jetta range.
- **03** The optional sunroof with sunblind offers both slide and tilt opening functions.
- 04 Volkswagen Individual offers attractively styled 18" Charleston alloy wheels to add a more powerful stance to your Jetta.
- 05 The RNS510 Satellite Navigation System features a high resolution touch screen display capable of 3D map views, with a 30GB hard drive and DVD drive for audio and video playback.

## Volkswagen Genuine Accessories.

Movement fascinates. In fact, there are few subjects that excite people more, that's because movement is synonymous with freedom. Our comprehensive range of genuine accessories give you the freedom to customise the look and feel of your vehicle to reflect your own personality and individual sense of style.

The product philosophy is simple – to deliver innovative technologies and premium design – right down to the finest detail. Each and every genuine accessory has been designed specifically with the Jetta in mind and has been engineered and rigorously tested to ensure that it meets the same high standards of quality as the vehicle itself.

No matter what you choose you can have peace of mind knowing that any genuine accessory fitted by your local Volkswagen Dealer, at the time of your vehicle purchase will be covered by the same warranty as the vehicle itself.

For more information or to experience the full range of genuine accessories designed to suit the Jetta, visit your local Volkswagen Dealer.

## Colours and Upholstery

#### Colours

Blue Graphite Pearl Effect

# Please contact your Volkswagen Dealer for further information on colours and upholstery combinations.

#### **Upholstery**

#### Standard Cloths

Anthracite Velour Available on 118TSI and 103TDI

Anthracite Cloth

Available only on 147TSI

#### **Optional Leathers**

Pure Beige Leather #

Anthracite Leather

# Optional Pure Beige Leather is not available in combination with Silver Leaf Metallic.

#### Owning a Volkswagen

#### Volkswagen New Vehicle Warranty

Every new Volkswagen passenger vehicle is covered by a 3-year/100,000km (whichever occurs first) manufacturer's warranty, which includes Volkswagen Assist (24hr roadside assistance). Every new Volkswagen passenger vehicle is also covered by a 3-year paintwork and 12-year anti-corrosion perforation warranty.

#### Volkswagen Assist – 24 Hour Roadside Assistance

As a valued customer, you can be assured that wherever you travel within Australia, you will have access to roadside assistance, 24 hours a day, 365 days a year. This is complimentary for the duration of the vehicle's original Volkswagen warranty period. You will receive help in the event of a breakdown or accident and if required, your vehicle will be mobilised or transported to an Authorised Volkswagen Repair Centre.

As a Volkswagen owner you will also have access to the additional benefits of accommodation and car rental if your vehicle cannot be mobilised within 24 hours, when you are over 100kms away from home. Volkswagen Roadside Assist can also be renewed at the expiry of the original warranty, ensuring ongoing coverage for your vehicle.

#### Volkswagen Extended Warranty

To give you added peace of mind and the assurance of added security, you have the option to extend the factory warranty to suit your ownership cycle. If your Volkswagen was purchased new by you, we can offer you a 36 month/60,000km extension on your already existing Volkswagen manufacturers Warranty. Alternatively if your vehicle is already outside the Volkswagen manufacturers warranty period we can also offer you an extension of your factory warranty. Have the assurance that your Volkswagen remains a Volkswagen. For further information regarding warranty and extending your vehicles factory warranty, please consult your local Volkswagen dealer, refer to your owner's handbook or visit www.volkswagen.com.au.

#### Volkswagen Service

Your Authorised Volkswagen Service Centre is part of Volkswagen's global Quality Management System, ensuring all dealers are certified to ISO 9001:2000 – an internationally recognised Quality Standard. Authorised Volkswagen Service Centres have factory trained Technicians equipped with the very latest diagnostic equipment, specialist tooling and Volkswagen Genuine Parts. An Authorised Volkswagen Service Centre undertakes work in accordance to factory specified guidelines and maintenance schedules.

#### Volkswagen Genuine Parts®

Volkswagen Genuine Parts® are designed for your vehicle and approved by Volkswagen, with particular regard to safety. The workmanship, dimensional accuracy and materials used in these parts comply with factory specifications. To ensure safety and reliability, Volkswagen recommends the use of Volkswagen Genuine Parts®. Volkswagen Authorised Dealers offer a 2-year warranty on Genuine Parts from the date of purchase.

#### Volkswagen Finance

Buying, Borrowing or Leasing, Volkswagen Finance will certainly make you think differently about financing and insuring your new Volkswagen. Committed to meeting the needs of Volkswagen drivers, across Australia, we offer a range of leasing, financing and insurance products, each with distinct advantages depending on your specific circumstances. Our packages are personalised to suit your individual requirements. You design your plan so that it meets your budgeting needs and can rest assured that there will be no surprises along the way. Speak to your local participating Volkswagen Dealer today to put together a financial solution that best suits your lifestyle.

### Glossary

#### Anti-lock Braking System (ABS)

When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the ABS system reduces brake pressure to that wheel. This prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable.

#### Anti-Slip Regulation (ASR)

ASR improves driving and steering characteristics by preventing the front wheels from spinning under acceleration. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system automatically reduces engine torque. ASR is a switchable traction control system.

#### **Brake Assist**

During emergency braking, Brake Assist aids the driver by increasing the brake pressure automatically to a level exceeding the locking limit. The ABS is thus quickly brought into the operating range, which enables maximum vehicle deceleration to be achieved.

#### Direct Shift Gearbox (DSG)

DSG is a manual gearbox in which the gearshifts are controlled electronically. What makes the DSG unique is that it has 2 separate gear sets operated by 2 wet multi-plate clutches. The benefit of 2 gear sets and 2 multi-plate wet clutches is that one gear set and clutch is engaged driving the vehicle with the second clutch having already pre-selected the next gear awaiting for power to be transferred. As the next gear has already been pre-selected prior to power being applied, the gear change only takes 3-4 100ths of a second. There is virtually no interruption to power, traction or acceleration. The DSG also offers Tiptronic gear selection and sports mode.

#### **Electronic Brake-pressure Distribution (EBD)**

Electronic, more sophisticated means of regulating the ratio of front/rear brake pressure. Settings are varied according to driving and load conditions to ensure each wheel is braked to the optimum extent.

#### **Electronic Stabilisation Program (ESP)**

ABS and ASR traction control systems are integrated into the Electronic Stabilisation Program (ESP). In short, ESP helps ensure that the vehicle goes where you steer it even in extreme driving conditions. The ESP system constantly compares the actual movement of the vehicle with pre-determined values and should a situation arise where the vehicle starts to skid, ESP will apply the brakes to individual wheels and automatically adjust the engine's power output to correct the problem. ESP prevents the vehicle from losing control when trying to avoid an accident, for example. It also prevents spinning off on a curve due to either understeer or oversteer.

#### Hill Start Assist (HSA)

Hill Start Assist (HSA) holds the vehicle when the foot brake is released by temporarily locking the brake pressure (for a maximum of 1.5 seconds) to provide comfortable starting-off without rolling back. Hill Start Assist (HSA) operates on inclines greater than 5% and is fitted in combination with the Direct Shift Gearbox (DSG).
