140TDI Highline model shown with optional Luxury package.

The Passat.

The thinking car.

Exterior

The Volkswagen Passat sets new benchmarks for design in both sedan and wagon variants. A longer wheelbase and shorter front and rear overhangs contribute to a more raked silhouette, creating a road presence that is at once lithe and dynamic.

Trapezoidal headlights and tail lights connect via a bold shoulder line that sweeps across the wheel arches, incorporating the door handles and adding elegance to the Passat's stance. While the roofline falls gracefully towards the rear in both models, that shoulder edge holds firm, visually stretching the car to generate an impression of speed and athleticism. From the front, that unmistakably Volkswagen face takes a convincing evolutionary step, with angular front fog lights fitting harmoniously into the Comfortline and Highline's progressive design ethic.

Available with the optional Luxury package, LED headlights not only look impressive, but feature sophisticated technology, with separate daytime running lights bolstered by static cornering lights on Comfortline and Highline models. The Passat's distinctive tail light signature—composed of a waveguide contour augmented by two horizontal lines of LED light modules—defines functionality at its most stunning.

Passat styling reaches its pinnacle with the optional R-Line Package, with R-Line styled front bumper and grille, side sills and rear bumper as well as lowered (by 15mm) Sports suspension, eye-catching 19" Verona alloy wheels, dark tinted rear side and rear window glass and a distinctive R-Line radiator grille and R-Line logo.

Engineering and design merge seamlessly in the Volkswagen Passat. This is functionality at its most stunning: sleek, stylish and dynamic.

Interior

The Passat's extensively redesigned interior features a host of equipment and premium details to present new levels of comfort, convenience and functionality.

A new multi-function steering wheel provides intuitive control of both drive settings and multimedia interface, while an ergonomically focused driving position puts all controls at your fingertips at any time.

With a central analogue clock, a dash panel that slopes sharply downwards, and touches of chrome and leather, the Passat brings a premium style that was once the preserve of luxury saloons. With surprising space and functionality in the back—whether in sedan or wagon—the Passat's superior comfort levels keep pace with its expanded luggage capacity.

Three-zone automatic climate control with wide air-band nozzles allows the driver, front passenger and rear passengers to set their own preferred temperature independently. At the same time, an enhanced air filtration system improves cabin air quality, reducing dust and pollen.

02 Luscious Nappa leather appointed* seat and panoramic sunroof shown on 140TDI Highline with optional Luxury package.

*Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.

Discover Pro satellite navigation system shown with App-Connect featuring Apple Carplay® on 140TDI Highline with optional Luxury package.

Highlights

The state-of-the-art 6.5" Discover Media navigation system comes standard in the 132TSI Passat. In the Comfortline and Highline models the Passat receives the impressive 8" Discover Pro navigation system.

No matter which navigation system is fitted, all Passat models now feature innovative App-Connect technology for added integration of car and phone. App-Connect works by allowing selected smartphone apps to be easily displayed and operated via the Passat's infotainment touchscreen. Your phone connects via your genuine charging cable which plugs into the to the car's USB port enabling a range of apps on your Apple® and Android™ smartphone device immediately at your fingertips.

It's instinctively clever, too. When you reach towards the screen, a proximity sensor recognises in advance your intention to provide input and automatically magnifies the display. Enhancing the system's intuitive interface further is the optional 'rubber band function', available on Discover Pro, which allows you to scroll ahead along your planned route, varying your path by touching a point on the screen with your finger. If you'd rather not use the touchscreen, voice activation is available on Comfortline & Highline models and allows you to control everything by spoken command, whether phone, infotainment or sat nav.

And no longer must you adapt your driving style to your car – instead, Driving Profile Selection[^] in selected models or as part of an options package allows you to modify throttle response to deliver the driving experience you desire.

02 Discover Pro 8" screen with Rear View Camera (RVC Plus*)

*Safety technologies are not a substitute for the driver's responsibility of the vehicle.

[^]Driving Profile Selection is available as a part of optional Driver Assistance Package for 132TSI, as a part of the optional Luxury package for 132TSI Comfortline and is standard on 140TDI Highline.

Technology and Safety

Smart, intelligent and capable, the Passat is a car made for sophisticated drivers who delight in innovative technology.

It begins with the drivetrain. Every trip in your Passat, whether short or long, is a pleasure courtesy of the powerful and refined range of turbocharged TSI & TDI engines, that work perfectly in tandem with the Passat's responsive Direct Shift Gearbox (DSG) to ensure smooth delivery of power to the road surface.

BlueMotion Technologies in every Passat, such as Brake Energy Recuperation and engine Stop/Start system help you travel further on one tank of fuel. Among the other safety and driver assistance systems that come as standard are Driver Fatigue Detection*, Multi-Collision Brake, Rear View Camera (RVC Plus*) and front & rear parking distance sensors.

Both Comfortline & Highline models have additional safety equipment as standard that include Front Assist with City Emergency Brake* (City EB), Side Assist*, Lane Assist* and Rear Traffic Alert*. Front Assist with City Emergency Brake (City EB) uses a radar sensor integrated into the front of the vehicle to monitor traffic ahead. When a critical situation arises, the driver receives a visual and audible warning, and brakes are automatically applied if no action is taken. Side Assist detects vehicles that may be hidden in blind spots when changing lanes, and Lane Assist monitors the path ahead, recognising road markings and reacting should the Passat wander from its lane at over 65km/h. If you're reversing from a parking space into traffic, Rear Traffic Alert will sound an alarm if an unseen vehicle approaches from the side. These features are also available on the 132TSI as part of the optional Driver Assistance package.

Thus, with nine airbags and a five-star Euro NCAP rating, the Passat provides maximum safety assurance.

03 Adaptive cruise control*

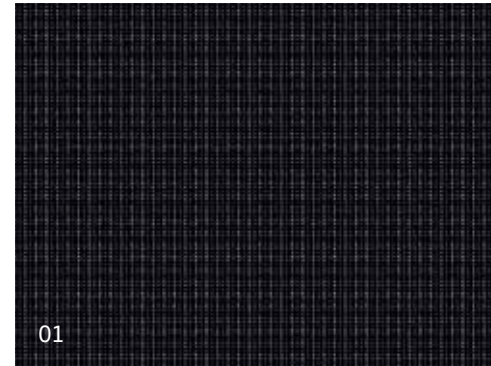

Colours & Upholstery

It's easy to configure an appealing paint and upholstery combination for your Passat. One of seven exterior paint options can be selected, including five metallic ranging from Pure White to Deep Black Pearl Effect.

A quality Black Cloth upholstery is standard for the Passat 132TSI, while the 132TSI Comfortline model receives Black Vienna leather appointed upholstery* and the 140TDI Highline model offers a choice of St Tropez Nappa leather appointed upholstery* or Black Nappa leather appointed upholstery*.

The optional R-Line package receives cossetting Black Nappa leather appointed upholstery* complete with carbon-style side bolsters.

- 01 Black Cloth[^]
- 02 Black Vienna^Δ leather appointed upholstery*
- 03 Black Nappa[†] leather appointed upholstery*
- 04 Carbon Nappa[#] leather appointed upholstery*

Please note that Metallic and Pearl Effect paint are optional at extra cost. The print process does not allow for exact reproduction of the exterior or the upholstery colours. Please contact your Volkswagen Dealer for further information on colours and upholstery combinations.

Items such as sports equipment are for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its dealers. For a full range of genuine accessories please refer to the model specific accessories tab at www.volkswagen.com.au Overseas models are shown for illustrative purposes only.

Volkswagen Choice: Protecting your investment

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value[#] of your vehicle will be at the end of your term.

- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your Volkswagen to the latest model more often, enjoying the best innovations and new technologies
- ✓ Peace of mind knowing the minimum future value of your Volkswagen right from the start, so you know it will retain its value over time[^]

At the end of your term, you can simply choose to:

TRADE-IN

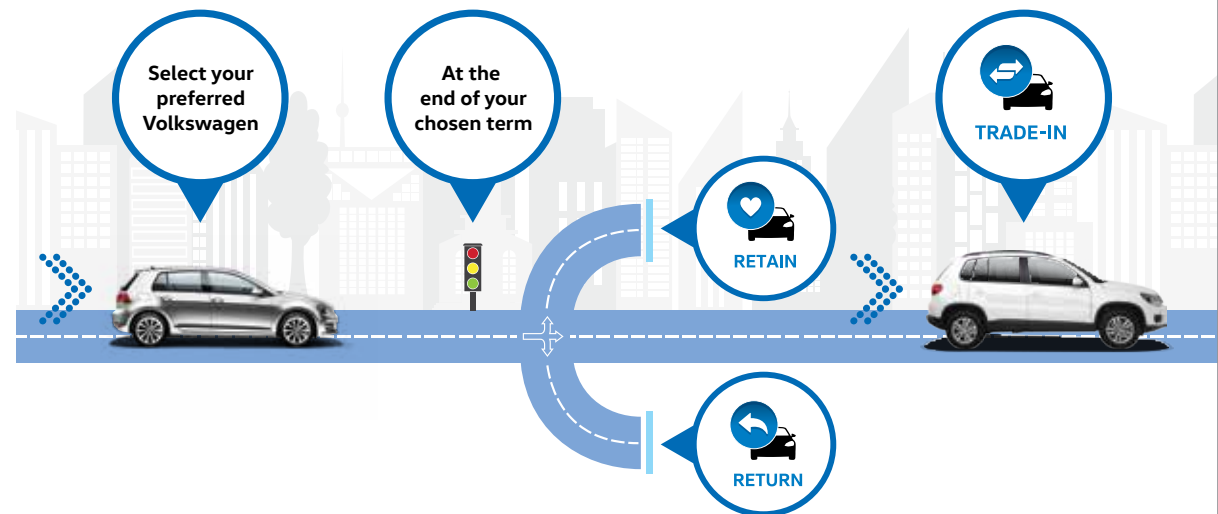

If you wish to trade-in your Volkswagen for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

RETAIN

If you prefer to retain your Volkswagen, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract.[#] Then your Volkswagen is yours to keep. Or you can choose to refinance your residual at the end of the term.

RETURN

Simply return your vehicle to your Volkswagen dealership at the end of the term. If the vehicle meets the agreed requirements,[#] we will give you the benefit of the full Guaranteed Future Value amount.

To find out more, go to www.volkswagenaustralia.com.au/volkswagenchoice

To learn more about further finance and insurance options, go to www.vwfinancialservices.com.au

[#]The Volkswagen Choice Program consists of an option to require Volkswagen Financial Services to purchase your vehicle at the end of your Volkswagen Financial Services Chattel Mortgage, Consumer Loan or Hire Purchase for a value (known as the Guaranteed Future Value) determined by Volkswagen Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by Volkswagen Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator Volkswagen vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. [#]If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the Volkswagen Choice Fair Wear and Tear Guide for more information on the required conditions and circumstances. The cost of the Volkswagen Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of Volkswagen Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Volkswagen dealers. Volkswagen Financial Services is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.
