Comfortline model shown with optional Sport package.

Exterior

The Polo's progressive lines reflect clear, elegant and sophisticated design. They have been refined and tweaked yet the basic architecture remains unmistakable. It all adds up to a familiar confidence with a fresh edge that emphasises an even more dynamic character.

The Polo leads from the front with its confident frontal design. It features dynamic bumper and headlight designs, an expressive radiator grille with chrome strip and a distinctive lower air intake flanked by daytime driving lights. Body-colour exterior mirrors and door handles complete a polished overall look.

Attractive tail lights are an eye-catching highlight at the rear, with each unit combining tail, brake, reversing light and turn indicators. BlueMotion Technology badging adorns the tailgate and a colour-keyed rear bumper design accentuates an exposed exhaust. And the integrated roof spoiler, side skirts and streamlined side mirrors complete the stylish, aerodynamic bodywork.

A range of individually designed wheels rounds out the Polo's sporty appearance. Standard 15-inch steel wheels feature robust, full wheel covers and 185/60 R15 tyres. For the 81TSI Comfortline Estrada 15-inch alloy wheels add a high-quality finish, while optional in the Sport Package are striking 17-inch Mirabeau alloy wheels with 215/40 R17 tyres.

But looks aren't everything, of course, which is why the Polo's eye-catching design is backed up by first-class workmanship and top-quality materials.

Interior

You're going to spend a lot of time inside your car, so it's important that its interior is pleasing to the eye, comforting to the body and soothing to the nerves. It also needs to present all your car's controls in a logical, easy-to-understand and easy-to-operate fashion. Welcome to the Polo's functional, driver-oriented layout with quick access to every major control.

From the supportive seats to the smallest details of trim and finish, everything is there for one reason and one reason only: your comfort and convenience. Polo's infotainment offering, features the Composition Media audio system as standard, with 6.5" touch screen display, Bluetooth connectivity and Volkswagen's newest innovation; App-Connect. App-Connect uses Apple CarPlay®, Android Auto™ and MirrorLink® software to seamlessly integrate your smartphone with the Polo and enabling access to a select range of smartphone applications. Available as part of the optional Driver Comfort Package on the 81TSI Comfortline, the Discover Media Satellite Navigation System, brings all the features of Composition Media plus satellite navigation, with 2D and 3D (bird's eyes) map views.

Elsewhere in the cabin, clever design and functionality go hand in hand. The rear seat has an asymmetrical 40/60 split and both sides can be folded down, making the virtually level load space fully configurable to your requirements.

Highlights

Volkswagen's far-sighted technology solutions ensure your Polo is comfortable, fun to drive and light on the hip pocket when it comes time to fill up.

The Polo and Polo GTI's sprightly TSI petrol engines feature turbocharging for effortless performance and come with BlueMotion technology, such as the automatic Start/Stop system and brake energy recuperation, as standard.

The TSI engines are paired with impressive manual or Direct Shift Gearbox (DSG) enhanced by an electro-mechanical steering system that offers greater ease of control. The Polo has been safety in from the outset.

The Polo features an array of safety features that include, Multi-collision brake technology, Anti-lock Braking System (ABS), Electronic Stabilisation Program (ESP), 6 airbags and safety optimised front head restraints. Thus, it should come as no surprise that the Polo has been awarded a maximum 5-star ANCAP safety rating.

Other features, such as Rear View Camera (RVC)[^], standard across all Polo models, have been designed to make driving not only safer but also easier. With the optional packages available across the Comfortline and Polo GTI, featuring functional and aesthetic extras, personalise your Polo to reflect your lifestyle and personality.

01 Active safety systems (EDL, ASR, and ESP)

02 7-speed Direct Shift Gearbox (DSG) (optional)

03 BlueMotion Technology

Polo GTI model shown with optional Driver Assistance Package and optional Luxury Package.

01

Polo GTI

The Polo GTI balances striking design with instant recognition. Every element of the GTI – from its signature GTI honeycomb air intakes and red brake calipers, to its classic tartan seats – has been designed to impress. Distinctive Parabolica 17" alloy wheels and a red-stitched leather steering wheel are additional Polo GTI hallmarks, while red headlight accents create a fresh sporty profile.

The Polo GTI's exhilarating 1.8-litre TSI turbocharged engine delivers 141kW of power, pushing it from 0–100km/h in a mere 6.7 seconds. The Polo GTI's manual transmission offers the purist driver greater feel and control for the car, whilst the optional 7 speed Direct Shift Gearbox (DSG) entices with lightning-fast gear changes.

Several features work together to make the Polo even more exciting to drive. Extended Electronic Differential Lock (XDL) allows you to take corners with confidence, while the addition of Sport Select suspension as standard helps stiffens the vehicle's suspension (via electronically adjustable dampers) and alters the steering weight, accelerator response and sound actuator to produce a driving experience nothing short of enthralling.

Multi-collision brake is another valuable inclusion. It ensures controlled braking of the vehicle after a collision in order to reduce the risk of possible follow-on accidents.

Rear View Camera (RVC)[^] makes parking the Polo GTI in tight spaces a breeze. The Polo GTI also features Volkswagen's new App-Connect USB interface that seamlessly integrates a select range of smartphone applications with the car using Apple CarPlay[®], Android Auto[™] or MirrorLink[®] technology.

Bring your personality to the fore and make your Polo GTI uniquely yours with the optional Driver Assistance package and Luxury package.

Volkswagen Choice: Protecting your investment

Enjoy a flexible finance solution that provides you with the assurance of knowing exactly what the minimum value[#] of your vehicle will be at the end of your term.

- ✓ Personally tailored solutions, based on your term and kilometre usage
- ✓ Opportunity to upgrade your Volkswagen to the latest model more often, enjoying the best innovations and new technologies
- ✓ Peace of mind knowing the minimum future value of your Volkswagen right from the start, so you know it will retain its value over time[^]

At the end of your term, you can simply choose to:

TRADE-IN

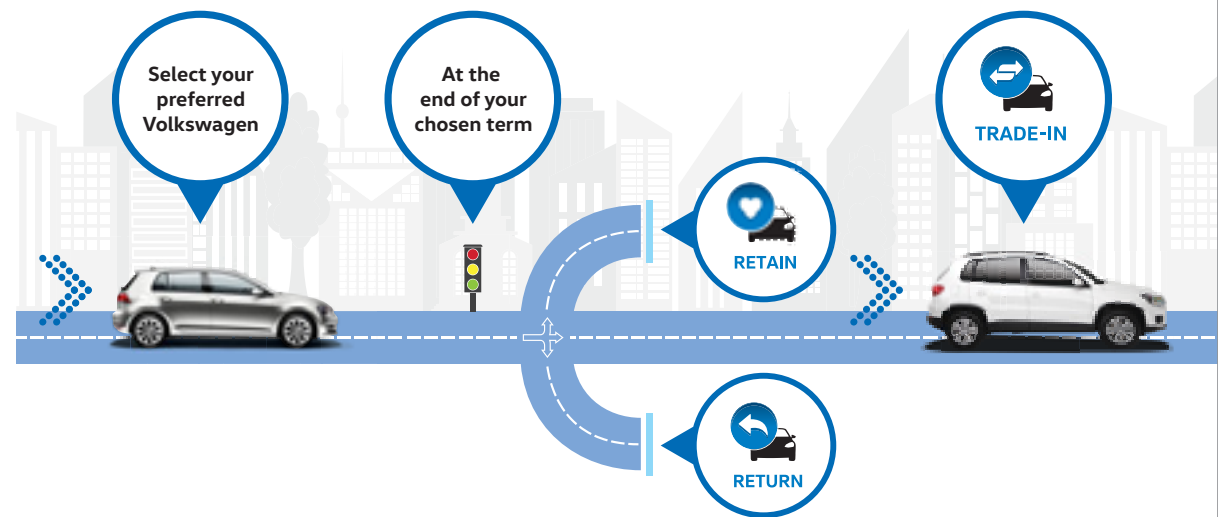

If you wish to trade-in your Volkswagen for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value, you can use this equity towards your new vehicle.

RETAIN

If you prefer to retain your Volkswagen, simply let us know. Provided that you also meet the relevant payment obligations under your contract, if we agree, you can purchase your vehicle outright for the Guaranteed Future Value price locked in at the start of the contract.[#] Then your Volkswagen is yours to keep. Or you can choose to refinance your residual at the end of the term.

RETURN

Simply return your vehicle to your Volkswagen dealership at the end of the term. If the vehicle meets the agreed requirements,[#] we will give you the benefit of the full Guaranteed Future Value amount.

To find out more, go to www.volkswagenaustralia.com.au/volkswagenchoice

To learn more about further finance and insurance options, go to www.vwfinancialservices.com.au

[#]The Volkswagen Choice Program consists of an option to require Volkswagen Financial Services to purchase your vehicle at the end of your Volkswagen Financial Services Chattel Mortgage, Consumer Loan or Hire Purchase for a value (known as the Guaranteed Future Value) determined by Volkswagen Financial Services and set out in your contract. The Guaranteed Future Value is not a representation by Volkswagen Financial Services as to the likely market value of your vehicle as at the end of your contract. The option is available on new and demonstrator Volkswagen vehicles for selected models only. Please verify with your dealership vehicles that are eligible for the program. [#]If vehicles are not returned in an acceptable condition, as defined in the terms and conditions or exceed kilometre restrictions the Guaranteed Future Value will be reduced. See the Volkswagen Choice Fair Wear and Tear Guide for more information on the required conditions and circumstances. The cost of the Volkswagen Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of Volkswagen Financial Services. Subject to credit assessment. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Volkswagen dealers. Volkswagen Financial Services is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.

<ul style="list-style-type: none"> Adaptive Cruise Control (ACC) · Automatic climate control air conditioning · Automatically dimming interior rear-view mirror Coming/leaving home function · Driver Fatigue Detection system Front Assist with City Emergency Brake (City EB) function · Low light sensor with automatic headlight function Low tyre pressure indicator · Rain sensing windscreen wipers · Discover Media audio and satellite navigation system (The card holder in dashboard is removed in combination with this option)	<ul style="list-style-type: none"> Alloy Wheels (Mirabeau) 17x7" with 215/40 R17 tyres (4) Dark tinted rear side window and rear window glass, 65% light absorbing Front fog lights with static cornering function, mounted in lower bumper Low tyre pressure indicator · Lowered sports suspension (The spare wheel/tyre is speed restricted in combination with the Sport package)

* The Start/Stop system is designed to reduce fuel consumption and CO₂ emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information. # Please note figures are sourced from overseas data where equipment levels by model variant may vary. ** Fuel consumption figures according to Australian Design Rule (ADR) 81/02. The driving style, road and traffic conditions, environmental influences, fitment of accessories and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.
