Optional Panoramic electric glass sunroof shown on Scirocco R.

INTRODUCTION

A blue Volkswagen Scirocco R is shown from a low-angle, rear-quarter perspective, driving through a tunnel. The tunnel's interior is illuminated by a series of bright, circular lights along the ceiling, creating a sense of motion and depth. The car's sleek design and vibrant blue color are highlighted by the lighting. The background shows the tunnel's concrete walls and a graffiti-covered wall, adding to the urban, high-performance atmosphere.

START EVERY DAY IN POLE POSITION.

Volkswagen's legendary Scirocco R is pure exhilaration. Its style is unmistakable, its power undeniable, its appeal unshakeable. The Scirocco R has been created specifically for those who value performance, individuality and precision engineering. It's not your average car but then again, it's not for your average driver.

Optional Panoramic electric glass sunroof shown on Scirocco R.

EXTERIOR

LOOKS TO MATCH ITS PERFORMANCE.

Dynamic and sporty. Just one look at the Scirocco R urges you to think fast. This is a car whose streamlined bodywork, pronounced hip-line and low profile has been purposefully designed to enhance its performance and to send a message to onlookers – beware!

No matter which way you look at it, the Scirocco R is pure Volkswagen – with a twist. It's the perfect body to contain the high-performance beast that lurks within.

Optional Panoramic electric glass sunroof shown on Scirocco R.

The Scirocco R's grille features our 'R' badge and a unique gloss black finish, and also directs a steady flow of air to the radiator. The 19-inch Cadiz alloy wheels are wrapped in low profile 235/35 R19 tyres. Like everything else on this car, their looks are every bit as good as their performance. Bi-Xenon headlights offer superior clarity and provide the illumination you need, right where you need it. The LED tail lights and registration plate light catch the eye while dual chrome exhausts enhance the sporty appearance.

The stylish Scirocco R features a large rear spoiler with integrated third brake light for a sporty style. It's a car that abounds with carefully thought-out details and refinements, matte chrome door mirrors, front and rear parking sensors and ease of tailgate access with its nifty swiveling Volkswagen badge. The standard Rear View Camera (RVC*) adds an extra layer of convenience and alleviates the stress of parking.

*Safety technologies are not a substitute for the driver's responsibility for the vehicle.

INTERIOR

STEP INSIDE, STEP UP.

Everything about the Scirocco R's cabin has been designed to aid driver comfort and enjoyment. That includes the Scirocco R's sports seats, which combine adjustability and excellent ergonomic design. Stylish and durable 'Race' black fabric/grey microfibre upholstery with R logo comes as standard while luxurious black Vienna leather appointed upholstery* is optional.

Other stylish interior features include dual-zone air conditioning with allergen filter and Volkswagen's exciting new-generation Discover Media infotainment system, which comprises of a 6.5" high-resolution touch screen display and offers multiple-device Bluetooth® connectivity.

App-Connect technology uses Apple CarPlay®, Android Auto™ or MirrorLink® software to seamlessly integrate your smartphone with the Discover Media Satellite Navigation System.

The leather-bound steering wheel looks a treat and is functional, too, with gearshift paddles in the DSG model. The instrument cluster features signature blue needles for easy visual recognition in all conditions. Unique to the Scirocco R is its interior styling, with triangular door handles, a gloss black finish on the door handles and centre console, and aluminium front door sill inlays complete with 'R' logo.

HIGHLIGHTS

ACCELERATING ADMIRATION.

The Scirocco R is the ultimate combination of style and speed. From the engine package to the transmission and suspension, you'll find the Scirocco R's technologies make day-to-day driving safer, easier and overall much more pleasant. It's every inch the driver's car, but it's also civilized enough to allow drivers of all dispositions to enjoy their motoring.

With Adaptive chassis control, the lowered sports suspension assumes a specially tuned characteristic for each of the driving modes. Drivers can select from Normal, Comfort and Sport modes to suit the conditions ahead and how they wish for the car to behave. With the touch of a button the driver can change the basic character of the car towards sporty or more comfort-oriented driving to experience an optimum level of driving comfort and enjoyment.

The Scirocco R's traction control systems help you to maintain control of your vehicle even in difficult driving situations. Built around three distinctive functions – Electronic Differential Lock (EDL), Anti-Slip Regulation (ASR) and Electronic Stabilisation Program (ESP). XDL is an extension of the Electronic Differential Lock (EDL) function that improves traction and reduces the tendency to understeer. As a direct result of the one-sided and precise braking pressure, cornering is sportier and more accurate.

Powerful, dynamic and advanced, the extraordinary Scirocco R unlocks outstanding performance potential with an impressive 188kW of power and 330Nm of torque from its 2.0-litre turbocharged TSI engine. Standard on all models, sports instrument dials on the dashboard pay tribute to the original 1974 Scirocco, enabling you to keep an eye on the oil temperature and turbo boost pressure, and use the multifunction stopwatch to measure stationary and driving times.

UPHOLSTERY

Black Vienna leather appointed upholstery*
(optional)
