

The Multivan 6.1

The icon, updated.

The Multivan

6.1

Kombi van - the original.

The Multivan 6.1 continues the strength of its predecessors and sets new standards in its class. State-of-the-art technologies and uncompromising multifunctionality make the Multivan 6.1 a versatile vehicle for those whose lives are always on the move.

Refined design.

Completely renewed front, modified colour range as well as LED headlights¹ and LED tail lights¹ with a striking signature.

Proven quality.

Highly stable vehicle body, durable materials and high-quality workmanship.

Impressive range of variants.

Three equipment lines, several engine/gearbox combinations and a wide selection of optional equipment.

Optimum off-road capability.

The most Off-Road vehicle in its class with optional 4MOTION all-wheel drive, Hill Descent Assist and mechanical differential lock.

State-of-the-art driver assistance systems*.

Front Assist with City Emergency Braking and Adaptive Cruise Control, Driver Alert, Blind spot Monitoring (Side Assist) with Rear Traffic Alert and Crosswind Assist fitted as standard.

¹ Optional equipment for Comfortline Premium models.

* Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Multivan 6.1,
endless fun.

More flexible. More variable. More carefully considered. The Multivan 6.1 can do almost anything.

Slide. Fold. Turn. There are a great deal of good ideas in the Multivan 6.1.

A photograph of a car's interior, focusing on the front seats. The seats are upholstered in dark leather with visible stitching. The dashboard and center console are also visible, featuring a modern design with a digital display. The lighting is soft, highlighting the texture of the leather and the sleek lines of the interior components.

High driving Comfort.

Ergonomic seats with dimensionally stable premium padding, excellent noise insulation, superb all-round visibility and a pleasant feeling of space.

Best integration.

High-resolution colour Digital Cockpit¹, new radio and navigation systems with either 8" or 9.2" touchscreen, and wireless App-Connect² will keep you constantly connected.

Vehicle interior with maximum variability.

Swivel seats and 3-seater bench seat in the passenger compartment can be easily folded, effortlessly rolled and securely fixed at any point of the rail system. Easy handling during seat removal and installation.

Upgrade of standard equipment.

Leather-covered multifunction steering wheel, a redesigned dash panel, electric child safety lock and LED interior lighting now all fitted as standard.

Image shows Nappa Leather interior trim. Optional on Comfortline Premium and Comfortline Exec models.

1. Optional for Comfortline Premium models, standard for Comfortline Exec and Highline models.

2. App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, optional connection cable (sold separately).

Standard equipment Comfortline Premium.

Design

17-inch 'Devonport' alloy wheels
 H7 halogen headlights
 Radiator grille with two chrome trim strips
 Body colour bumpers, exterior mirror housing and door handles
 Heated electric folding exterior mirrors
 Chrome-coloured "Multivan" badge next to the side turn signals

Variant

Short wheelbase / Long wheelbase
 2.0L TDI340 110kW engine
 7-speed DSG transmission
 Front-wheel drive / 4MOTION all-wheel drive

Cockpit

Dash panel with black painted trim, chrome applications, stowage compartments and lockable glove box
 Leather-covered multifunction steering wheel, height and longitudinal adjustment
 "Plus" multifunction display
 Additional 12 V socket on the dash panel
 Height-adjustable comfort seats with manually adjustable lumbar supports and armrests
 LED interior lighting with two reading lights in the roof console
 "Circuit" cloth seat upholstery in Titanium Black
 Carpeted floor
 Grab handles for driver and front passenger
 Sun visors with vanity mirrors

Infotainment and connectivity

Discovery Media 8" navigation system with colour touch display USB/AUX/SD input, Bluetooth and six loudspeakers
 2 USB-C ports, wireless App-Connect-

Passenger compartment

Seven (7) seater
 Electric power sliding doors, left and right with sliding windows
 2 swivel seats with armrests, sliding, removable, in 2nd row
 3-seater bench with seat, reclining, sliding, removable, in 3rd row
 ISOFIX and top tether child seat mounting points for seats in 2nd and 3rd row
 Rear seat rail system, allowing longitudinal adjustment
 Carpeted floor
 Steps with illuminated "COMFORTLINE" lettering
 LED interior lighting

Luggage compartment

Lifting tailgate with rear heated window and wiper
 Power latching tailgate
 Luggage compartment cover
 Six fastening rings for luggage securing
 Two LED luggage compartment lights

Air conditioning and sun protection

"Climatronic" 3-zone air conditioning system
 Sun blinds in passenger compartment
 Heat-insulating windows

Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.

Equipment Features.

01

02

03

04

06

01 Electric sliding doors. Both sliding doors can be opened and closed electronically, either using the switch in the centre console or using the remote control key. | CP | CE | H |

02 LED head lights. Gives the vehicle an attractive signature with a large headlight and high light volume at the same time. | CP | CE | H |

03 Swivelling seats with integrated child booster seats. The individual seat with armrests can be changed quickly and easily from a full adult seat with a three-point safety belt into a robust child booster seat, and can be swivelled as required, all without you breaking a sweat. | CP | CE | H |

04 Sliding windows. New handles make it even easier to open and close the side windows. | CP | CE | H |

06 "Multivan" badge
The signet in chrome finish sits next to the turn signal repeater. | CP | CE | H |

05

05 Electrically adjustable, heated, folding door mirrors. Automatically folded to the vehicle when the vehicle is locked by means of remote control. | CP | CE | H |

Equipment Features.

01 Multi-function table with stowage areas.

The multi-function table can be used for business papers, notes and laptops, then swivelled and folded away when not in use. | CP | CE | H |

02 Stowage areas under the individual seat.

Hidden away under the two swivel seats are two storage draws. | CP | CE | H |

03 Discover Media satellite navigation system.

Discover Media satellite navigation system features an 8 inch colour touch-screen with proximity sensor. The system also includes a 32GB media storage, natural voice control, wireless App-Connect.~ | CP |

04 "Discover Pro" navigation system.

In addition to the functions of the "Discover Media" navigation system, the system offers a 23.4 cm (9.2 inch) colour touch display including proximity sensors, simultaneous display of the navigation map on the Digital Cockpit and on the navigation system screen. | CP | CE | H |

05 "Climatronic" 3-zone air conditioning system.

The fully automatic air conditioning system with allergen filter has various sensors and keeps the set temperature constant for the driver, front passenger and other passengers. In the passenger compartment, a second heater, an additional evaporator and several vents in the recirculating air canopy ensure a pleasant climate. | CP | CE | H |

06 Programmable Auxiliary heater.

Working independently of the vehicles heating and ventilation system the Auxiliary heater can be programmed via the central control unit and keeps the interior pleasantly warm. | CP | CE | H |

Equipment Features.

01 Good Night Package. Stay overnight in the Multivan with the Good Night Package. The package is made up of a multiflex board extension for the luggage compartment, fabric blinds for the windows, a mini reading lamp, a washable bed cover, and three drawers underneath the 3-seater bench seat. Short wheelbase models only. Multiflex board replaces retractable luggage compartment cover. | CP | H |

02 Loading sill protection. Protects the painted rear bumper from scratches when loading and unloading the luggage compartment. The plastic trim is available in Silver or Black. | CP | CE | H |

03 Insulating box. It is electrically operated, and can be used to cool and warm the contents. The 32L insulating box can hold 1.5L bottles lying down, and 1.0L bottles standing up. | CP | CE | H |

04 Rail system. The unique rail system allows the 3-seater bench seat and the individual seats to be moved easily over the entire length of the passenger compartment. The reason for this is the intelligent mechanism that allows the seats to slide along on hard rubber rollers and snap securely upwards at any point. In order to remove or install the seats, the aluminium covers can be removed in a few simple steps. | CP | CE | H |

05 Multiflex board. This stable board with padding divides the luggage compartment, creates an additional shelf and enlarges the lying surface. Multiflex board replaces retractable luggage compartment cover and is optionally available with Good night package only. | CP | H |

Electric tailgate. It can be opened either via the remote control, the button in the driver door or the tailgate handle and closed by pressing the button in the tailgate trim or by briefly pulling down the tailgate. | CP | CE | H |

A close-up, low-angle shot of a person's hands on a Volkswagen steering wheel. The steering wheel is black with a silver VW logo in the center and the word "AIRBAG" embossed below it. The driver's hand is on the left side, and the passenger's hand is on the right. The background shows a digital instrument cluster with a speedometer and a navigation map. The overall lighting is dim, with a blue tint, suggesting a modern, high-tech interior.

Closely integrated for the future.

Cars are getting smarter. The Multivan is already equipped with many digital technologies that make driving more comfortable. For example, the high-resolution Digital Cockpit¹ with navigation map. And this is just the beginning.

More comfort, **more** connectivity

You can now experience digital progress up close in the Multivan. State-of-the-art infotainment systems with large storage capacity and the Digital Cockpit¹ offer many new functions. The latter immediately impresses with its 26 cm (10.25 inch) display, its intense colours as well as its bright and extremely high-contrast image. The Digital Cockpit¹ is operated via the touch display of the infotainment system and via the leather-covered multifunction steering wheel. Use the buttons to conveniently scroll through the playlist in your smartphone media library, select the next call via contact portraits or set your safe distance with Adaptive Cruise Control (ACC)*.

Even more possibilities arise when the Digital Cockpit¹ is combined with the 23.4 cm (9.2 inch) "Discover Pro" navigation system¹. A large second navigation map can then be positioned on the Digital Cockpit¹. An additional benefit: both maps can be zoomed in at different distances. In that case, the Digital Cockpit¹ for instance only shows the immediate environment, while you have a large overview on the navigation system.

01 Second navigation map in 3D design.

02 Overview of the driving data.

03 Smartphone playlist.

* Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.
1. Optional on Comfortline Premium models.

A question of drive.

Everyone has their own driving style – and there is a right drive for everyone. Whether sporty, comfortable or efficient: the Multivan's engine/gearbox combinations and running gear adjustments hardly set any limits to your desire for freedom.

2.0L TDI340 (110kW, 340Nm)

Front wheel-drive - Average fuel consumption from 6.6L/100km**

4MOTION all-wheel drive - Average fuel consumption from 7.6L/100km**

2.0L TDI450 (146kW, 450Nm)

Front wheel-drive - Average fuel consumption from 7.1L/100km**

4MOTION all-wheel drive - Average fuel consumption from 7.9L/100km**

Dual clutch gearbox DSG.

The standard, adaptive 7-speed dual clutch gearbox, enables a fully automatic, smooth gear changes without interruption of tractive power and adapts to the driver's driving style.

Adaptive chassis control with Driver profile selection.¹

The optional Adaptive chassis control offers multiple driver profiles, including "normal", "comfortable", "eco" and "sporty". The selection is made via a button and can also be made while the vehicle is in motion. In addition, you can also create your own driving profile.

Mechanical differential lock.

As additional support to the 4MOTION all-wheel drive, a mechanical differential lock is optionally available for the rear axle. This makes it easier to start off in difficult off-road conditions and makes the Multivan one of the most all-terrain vehicles in its class.

4MOTION all-wheel drive.

Via an electronically controlled multiplate clutch on the rear axle, the all-wheel drive automatically adapts the power transmission to the respective driving situation. The system's low weight is the basis for optimum driving behaviour and high driving dynamics.

Hill Descent Assist.

Optioned with Mechanical differential lock, Hill Descent Assist governs the engine speed and performs braking interventions when necessary so that you can drive down slopes in a controlled and convenient way. Optionally available.

Suspension upgrades.

Rough road and heavy duty suspension packages are optionally available for front-wheel drive and 4MOTION all-wheel drive Multivan models.

1. Optional for Highline models only. Not available for Comfortline Premium or Comfortline Exec models.

Arrive Safely.

Advanced technology on the road.

Innovative driver assistance and safety systems help you to avoid danger in critical situations, and the new electromechanical steering as standard allows the introduction of additional driver assistance features.

Driver Fatigue Detection*. Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates fatigue. | CP | CE | H |

Seatbelt warning. Visual warning when the engine is started and an audible warning is emitted, if the driver's seatbelt is not fastened. | CP | CE | H |

Airbags. Front, side and curtain airbags provide the best possible protection in the event of head-on or side impacts. | CP | CE | H |

Cruise Control with speed limiter. At 30km/h and above, the system maintains the set speed throughout uphill and downhill inclines when activated. | CP | CE | H |

Anti-lock Braking System (ABS). Prevents the wheels from locking and thereby maintains manoeuvrability. | CP | CE | H |

Electronic Stabilisation Program (ESP). Standard feature that prevents under- and over-steering through targeted braking of the individual wheels. | CP | CE | H |

Traction Control Systems (TCS). Prevents wheels from spinning excessively. | CP | CE | H |

Electronic Differential Lock (EDL). Distributes the engine torque to the tyres without slippage. | CP | CE | H |

Crosswind Assist*.

The system is a sub-function of the Electronic Stabilisation Program (ESP) that helps dealing with high crosswinds by automatically activating the brakes if needed. | CP | CE | H |

Mechanical Differential Lock.

Available for the rear axle together with the 4MOTION all-wheel drive. This makes starting up in adverse, off-road conditions much easier. | CP | H |

Sensor-Based Side Protection*.

As part of Park Assist, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians. | CP | CE | H |

Lane Keep Assist*.

Countersteers if a lane is left unintentionally while alerting the driver at the same time by using a warning tone and information in the multifunction display. | CP | CE | H |

Front Assist with City Emergency Braking*.

Uses a radar system to detect situations where the distance to the vehicle in front is critical and reduces the vehicle's stopping distance. In dangerous situations, the system alerts the driver using visual and acoustic signals, and with a warning jolt of the brakes. | CP | CE | H |

Adaptive Cruise Control (ACC)*.

Automatically adapts the vehicle's speed to that of the vehicle driving in front and maintains the distance set by the driver. | CP | CE | H |

Multi-Collision Braking.

Triggers braking after a collision, with the aim of preventing secondary crashes, activated when two independent sensors detect an accident. After a short delay, the vehicle begins a phased braking action down to 10 km/h, during which the driver can take over at any time. | CP | CE | H |

Electromechanical power steering.

The speed-dependent steering with active reset improves your driving feeling and safety and achieves steering precision. | CP | CE | H |

Hill Hold Assist.

This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. | CP | CE | H |

Rear View Camera (RVC)*.

Simplifies parking by showing a limited view of the area behind the vehicle on the display of the audio system. Additional guidelines help the driver manoeuvre into the space. | CP | CE | H |

Front and Rear Park Distance Control (PDC)*.

Emits audible warnings when obstacles are detected in front of or behind the vehicle when parking, and also provides a visual display of the vehicle's distance from these obstacles. | CP | CE | H |

Hill Descent Assist.

Available with optional 4MOTION, it allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary. | CP | H |

Blind Spot Monitoring with Rear Traffic Alert*.

The Blind Spot Monitor with Rear Traffic Alert system supports the driver in assessing and avoiding dangerous situations, especially in critical situations, e.g. city and heavy traffic. The Blind Spot Monitor detects cars and motorcycles in the driver's blind spot and highlights these vehicles via a LED indicator in the door mirror. Rear Traffic Alert warns the driver of approaching traffic at the rear of the car when reversing via an audible warning followed by a visual message in the Optical Parking System (OPS). | CP | CE | H |

Park Assist*.

Park Assist aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the pedals, whilst keeping a good lookout. | CP | CE | H |

Volkswagen Accessories

Volkswagen Genuine Accessories ensures your Volkswagen remains 100% Volkswagen. The extensive range of Multivan Accessories provides you with the opportunity to adapt your vehicle even more precisely to your individual needs. From transport, exterior and interior solutions to alloy wheels that perfectly complement your Volkswagen.

01 Travel & Comfort system - Tablet holder. The Volkswagen innovative Travel & Comfort system has a basic module that is simply fixed between the front seat headrest mountings and can be used with various attachments which brings comfort and convenience to any journey.

Please contact your local Volkswagen Dealer for compatible tablet devices.

Overseas model shown

02 Bicycle tailgate carrier. With the ability to carry up to four adult sized bikes (max payload of 60kg), this genuine bicycle carrier is the perfect accessory for when travelling with friends or family. Designed to work around you, the carrier does not prohibit the opening of the tailgate, and allows the vehicle to be used as normal when the bikes are removed from the rack.

03 Tow bar kit. The Volkswagen Multivan towbar is designed for perfect integration with your vehicle chassis and tested to meet the stringent Australian and Volkswagen engineering standards. The genuine electrical installation kit provides the electrical supply, and ensures that the trailer can be operated safely. Full integration into the vehicle's CAN-bus network is provided for all components, including support for the vehicle-trailer stabilisation system.

Overseas model shown

04 Luggage compartment tray range. Keep the load compartment clean and protect it from scratches and dirt with the Multivan luggage compartment tray range.

05 Roof bars with roof box. The genuine roof bars provide the base for all roof attachments with an aerodynamic design to suit the Multivan. For that sneaky weekend away or weekend helping a mate move, Volkswagen genuine roof bars and box will help carry the load. Roof bar load capacity: 94kg (set of two).

06 Rubber floor mat set. The Volkswagen rubber mats protect your vehicle interior from dirt and moisture. They are designed to fit perfectly, are easy to clean and have a non-slip underside. For the front only.

Full vehicle specifications are available at www.volkswagen.com.au

[^]The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

^{**}Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

1. The Unladen Mass (UM) includes 10L of fuel, vehicle fluids and no occupants. Figures quoted are for base model vehicles only.

2. Payload figures determined by subtracting 'Unladen Weight' from total 'Gross Vehicle Mass' (GVM). A vehicle's final payload, given the different configurations, can only be determined by weighing the individual vehicle and comparing to the known GVM. Figures quoted are for base model vehicles only.

[≠]When fitted with Volkswagen Genuine Tow Bar. Towing capacities are applicable to Volkswagen Genuine Accessory Tow Bar. Towing capacity figures are maximum figures and actual towing capacity depends on factors including the laden mass of the vehicle, driving conditions and fitment of any accessories. Volkswagen Group Australia does not endorse or will not be held liable for any claim, loss or damage arising from the use or fitment of electronic trailer brakes.

Peace of Mind

5 years Unlimited Kilometre Warranty

At Volkswagen, we pride ourselves on the highest quality standards that come with German engineering.

We back this commitment with a 5 year unlimited kilometre warranty on all new Volkswagen vehicles*.

1 year Roadside Assist

Every new Volkswagen comes with a 1 year Roadside Assist membership^.

That's 24 hour roadside assistance, emergency accommodation, car rental and towing as well as property and other assistance, all included for added peace of mind.

Volkswagen Care Plans

Volkswagen Care Plans† have you covered for your first 3 or 5 scheduled services, providing you savings off the total Assured Service Pricing RRP. It's convenient, hassle-free scheduled servicing easily available for purchase at your local Volkswagen Dealer.

Assured Service Pricing

Assured Service Pricing# gives you the transparency of knowing how much your service will cost up front.

Our Volkswagen Dealers have access to the latest diagnostic equipment and tools. Plus, they use Volkswagen Genuine Parts® to ensure your Volkswagen stays a Volkswagen.

You're in safe hands at your Volkswagen Dealer when it comes to servicing.

*Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/warranty.html>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

^Volkswagen Roadside Assist is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see <https://www.volkswagen.com.au/en/owners-service/roadside-assist.html>.

†Volkswagen Care Plans are available at participating Volkswagen Dealers for all models and covers standard items as contained in each scheduled service interval only. These Care Plans can only be purchased prior to the first scheduled service and up to 22,500 km/15 months (whichever occurs first) for all models except Volkswagen Crafter models, which is 30,000 km/15 months (whichever occurs first). The time frame takes effect from when the vehicle is first reported in our system as 'sold'. Discount structure varies by model. For details of what is not included in a scheduled service, see <https://www.volkswagen.com.au/en/owners-service/care-plans.html>.

#Assured Service Pricing applies to the first 5 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first) or for Volkswagen Crafter models only, 20,000 km/12 month interval (whichever occurs first). On or before 31 December each year, Volkswagen will publish the maximum price for a specified Scheduled Service that will be applicable from, and remain fixed for, the following calendar year only. For details on the Eligible Model List, pricing, items not included and for full terms and conditions, please see <https://www.volkswagen.com.au/app/locals/service-pricing-guide>.

Volkswagen Choice

Naturally we understand that your Volkswagen represents a valuable investment, so we understand that you want to maintain it in premium condition. Volkswagen Choice[^] is a finance program tailored to the requirements of Volkswagen owners by providing assurance around your Volkswagen's future value[^], whilst offering simple monthly instalment financing options.

Whether you are selecting your new Volkswagen for business or personal use, you can choose the contract term that best suits your requirements. Enjoy the confidence that comes from having locked in a minimum value up front to be attributed to your vehicle at the end of your contract[^]. There are also no account keeping fees with a fixed interest rate.

*GFV terms offered subject to change.

[^]Volkswagen Guaranteed Future Value consists of an option to return your vehicle to Volkswagen Financial Services (VFS) ABN 20 097 071 460, Australian Credit Licence 389344, at the end of the term and requires VFS to purchase the vehicle at an agreed price determined by VFS, known as the Guaranteed Future Value (GFV). At the end of the term, you can elect to: (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV, which is a lump sum owed to VFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new and demonstrator Volkswagen vehicles for selected models. Contact your Official Volkswagen Dealer to verify eligible vehicles for this program. Fleet, government, rental buyers, hire car and chauffeur companies excluded.
