# OPTRA 5

Now here's a car you and your buds can feel comfortable in. Like your favourite pair of jeans. In fact the new Optra 5 even comes in Denim Blue. Its style is very much its own – think of it as dress casual – smart and confident. And with Optra 5, comfort has many meanings: it's more than how well the seats fit you; it's how well the car fits your agenda. The same way the cargo area easily fits your gear, thanks to the convenient rear liftgate. Once everyone and everything is secured inside, you can name your destination – spurred on by the 119 horsepower engine. And since Optra 5 is a Chevrolet, you can count on years of worry-free driving, thanks in part to a 5-year/100,000 km powertrain warranty.\* So get on board with a new highly accessible form-fitting approach to driving – in the shape of the new Chevrolet Optra 5.

\*Whichever comes first. See dealer for conditions and details.

a) You can describe Optra 5's design as seamless. All elements fuse together. You can see it in the way the fog lights integrate into the front end.

b) Don't limit yourself – either in where you choose to go or what you bring with you. Optra 5's combination of a rear liftgate and a 60/40 split-folding rear seatback contribute to the impressive utility.

c) A sunroof is only one part of the available Appearance Package. It also includes 15-in. aluminum wheels, a rear spoiler, a leather-wrapped steering wheel and shift knob, and steering wheel sound system controls.

d) The 2.0L dual overhead cam engine is not only responsive, it's also extremely fuel efficient. A standard 5-speed manual transmission adds to the sporty feel.
