/// SCAT PACK 392 WIDEBODY SHOWN IN OCTANE RED

/// SRT HELLCAT® WIDEBODY SHOWN IN TORRED

/// 2023 DODGE CHALLENGER

Retro design, bold muscle, modern technology and a ferocious attitude underpin this legend's reputation. Choose between the efficient savviness of a Challenger SXT, the drag race prowess of an SRT® Super Stock or something in between. With plenty of models to choose from, there's a Challenger model waiting for you.

SCAT PACK

1320

/// HERE'S TO THE GRASSROOT RACERS

It's named for the quarter-mile distance (1,320 feet), but if you're eyeing this trim level, you already knew that. While you can certainly drive this beast to work, what you're most excited to do is take it to the drag strip. Challenger Scat Pack 1320 is the drag-oriented, street-legal muscle car for the grassroots drag racer. It's outfitted with everything needed to floor it on the last yellow: TransBrake, drag suspension, Adaptive Damping Suspension, 275/40R20 102Y Drag Radial tires and 20 by 9.5-inch Low-Gloss Black aluminum wheels with knurled bead seats.

The unique fender badge lets everyone know you aren't messing around; the badge on the instrument panel reminds you that you're well-equipped for the run. Settle in, select Drag Mode to adjust the traction and stability control settings, grip the Alcantara® wrapped performance steering wheel, wait for double yellow lights, then engage the TransBrake, release when the Christmas tree goes green and move down the quarter-mile with the full force of the 6.4L HEMI® V8 engine and its 485 horses and 475 lb-ft of torque.

IF YOU KNOW, YOU KNOW

/// SRT HELLCAT WIDEBODY SHOWN IN FROSTBITE

SRT HELLCAT®

717
HP

/// **THRILL RIDE**

Engineered with passion, precision and intense performance, Challenger SRT Hellcat is powered by a 6.2L Supercharged HEMI® SRT® V8 engine that unleashes 717 horsepower and 656 lb-ft of torque. Two fully functional, air-sucking snorkels on the hood and the driver-side illuminated Air-Catcher® headlamp feed cold air to the engine to keep it cool and running efficiently. This model clocks the quarter-mile at 204 km/h (127 mph).

/// **CHALLENGER SRT LINEUP**

All SRT trim levels feature Drive Modes specific to the vehicle and can be accessed via the Uconnect® touchscreen. The available SRT tuned Bilstein® Three-Mode Adaptive Damping Suspension System provides driver-selectable settings, including Street (Auto) Mode = sporty but compliant ride; Sport Mode = firm, maximum handling; and Track Mode = firm, maximum handling plus performance shifting and a gear-holding feature to suit any driver's needs. A custom setting lets drivers tailor their experience by individually adjusting horsepower, transmission shift speeds, steering effort, paddle shifters, traction and suspension preferences.

MAKE YOUR HEART RACE

SRT HELLCAT[®] REDEYE

UP TO

807

HP

/// LOOKS THAT THRILL

With a high-output version of the 6.2L Supercharged HEMI[®] SRT[®] V8 engine at its core, Challenger SRT Hellcat Redeye is the stuff of legends. With 25 major component upgrades, the engine unleashes up to 807 horsepower and 707 lb-ft of torque and helps deliver a top track speed of 326 km/h (203 mph). Race-ready features include a dual-snorkel hood, Torque Reserve, SRT Power Chiller[®] and After-Run Chiller. Offered drive ratios include a standard 2.62:1 or available 3.09:1 for increased launch capability.

/// SIZEABLE PERFORMANCE

Challenger Widebody configurations bring a different dynamic of performance, boldness and power through a more aggressive stance. Available on SRT Hellcat Redeye, Scat Pack 392 and SRT Hellcat and standard on SRT Super Stock models, fender flares are wider and add 8.89 cm (3.5 inches) to overall vehicle width.

ONCE FORBIDDEN, NOW PERMITTED

SRT HELLCAT® JAILBREAK SHOWN IN PITCH BLACK WITH SATIN BLACK HOOD AND ROOF

BREAK FREE FROM CONVENTION

Exclusive to the SRT Hellcat and SRT Hellcat Redeye, the available Jailbreak Package unlocks 10 additional horsepower on Redeye models and creates a Challenger that's uniquely yours. Jailbreak unleashes more colour availability, otherwise restricted colour combinations and a choice of badge colours. Buyers can also choose their wheels, stripes, interior seating and exterior colour preferences.

ADDITIONAL INTERIOR OPTIONS:

- 2 Driver air bag^{1*} badges: Red/Lit, White/Lit
- 5 Appliqué finishes: Dub Plate, Hectic Mesh, Dark Engine Turn, Carbon Fibre, Copper Weave
- 1 Instrument-Panel (IP) badge: Jailbreak IP badge
- 2 Steering wheel wrap options: leather, Alcantara®
- 2 Headliner/A-pillar options: twill, Alcantara
- 4 Floor mat colours: Black, Sepia, Demonic Red, Hammerhead Grey
- 4 Seat belt colours: Black, Sepia, Demonic Red, Hammerhead Grey

ADDITIONAL EXTERIOR OPTIONS:

- 6 Brake caliper colour options: Red, Orange, Black, Gunmetal, Yellow, Blue

/// SRT SUPER STOCK SHOWN IN TRIPLE NICKEL

SRT[®] SUPER STOCK

807 HP

/// CATCH 'EM OFF GUARD

Challenger SRT Super Stock gets its name from the “Super Stock” class of vehicle in drag racing. The class is defined by vehicles purposely built to look like ordinary passenger vehicles but are really highly modified race cars. What this powerhouse lacks in badging, it more than compensates for with the beast under the hood. The only tells are 18 by 11-inch aluminum wheels with a Low-Gloss Granite finish and Nitto[®] Drag Radials.

/// FEEDING THE BEAST

This trim uses the same 6.2L Supercharged HEMI[®] high-output V8 engine that powers SRT Hellcat[®] Redeye but adds a revised powertrain calibration. The result is 807 horsepower (on pump gas), 3.25-second 0-60-mph acceleration, elapsed quarter-mile time of 10.5 seconds at 210 km/h (131 mph) and a 270-km/h (168-mph) top track speed.² SRT Super Stock is built on a standard Widebody and features a competition suspension, standard lightweight aluminum four-piston Brembo[®] brakes, and a wheel and Drag Radial combination designed to give better grip off the line.

LINEUP OF LEGENDS

SRT HELLCAT® JAILBREAK SHOWN IN F8 GREEN

3.6L PENTASTAR™
VARIABLE VALVE TIMING (VVT) V6

303 // **268**
HORSEPOWER LB-FT TORQUE

/// This is a brilliant blend of power and efficiency. For starters, it has a fuel efficiency rating of 7.8 L/100 km (36 mpg) highway¹⁰ on Rear-Wheel-Drive (RWD) models. Paired with a standard TorqueFlite® 8-speed automatic transmission, it's also a powerhouse that delivers an impressive 303 horsepower and 268 lb-ft of torque. Standard on SXT and GT RWD and All-Wheel-Drive (AWD) models.

5.7L HEMI® VVT V8 WITH MDS

UP TO **375** // **410**
HORSEPOWER LB-FT TORQUE

/// Standard on R/T models, this powerplant generates up to 375 horsepower and 410 lb-ft of torque, moving you from 0-60 mph in the 5-second range. When equipped with the standard TorqueFlite 8-speed automatic transmission, the FuelSaver Multi-Displacement System (MDS) technology allows the vehicle to transition from eight cylinders to four to optimize fuel efficiency when full power is not required. A TREMEC® 6-speed manual transmission is available.

6.4L SRT® HEMI VVT V8 WITH MDS

485 // **475**
HORSEPOWER LB-FT TORQUE

/// Get ready for the authority that comes from 485 horsepower, 475 lb-ft of torque, an impressively flat torque curve and a 0-60-mph time in the 4-second range. With the standard TorqueFlite 8-speed automatic transmission, the FuelSaver MDS technology deactivates four cylinders when eight are not needed, creating a double threat of power and efficiency. Standard on Scat Pack 392. A TREMEC 6-speed manual transmission is available.

6.2L SUPERCHARGED HEMI SRT HELLCAT V8

717 // **656**
HORSEPOWER LB-FT TORQUE

/// The standard SRT Hellcat engine feeds your appetite for performance with a hefty 717 horsepower, 656 lb-ft of torque and a fierce 0-60-mph time in the low-3-second range. Models equipped with this engine have a special hood design that helps create these intense numbers. The high-performance TREMEC 6-speed manual transmission boasts an internal cooling pump and external vehicle-mounted oil cooler and is available on Challenger SRT Hellcat models.

6.2L SUPERCHARGED HIGH-OUTPUT HEMI
SRT HELLCAT V8

UP TO **807** // **707**
HORSEPOWER LB-FT TORQUE

/// On Challenger SRT Hellcat Redeye, this track-inspired engine unleashes a fury of intense power and performance. The engine can output 797 horsepower, 707 lb-ft of torque and a top track speed of 326 km/h (203 mph). These numbers take Challenger SRT Hellcat Redeye from 0-60 mph in 3.4 seconds and a quarter-mile in 10.8 seconds. To reach 807 horsepower, the Challenger SRT Super Stock and SRT Hellcat Redeye Jailbreak feature a revised powertrain calibration that boosts rated power output by increasing the shift point from 6,300 rpm to 6,400 rpm.

PERFORMANCE IS A YEAR-ROUND COMMITMENT

/// GT AWD SHOWN IN PITCH BLACK WITH BLACKTOP PACKAGE

/// CONQUER THE CONDITIONS

There's no need to garage your Challenger at the first sight of snowflakes or when the weather report calls for rain. Challenger All-Wheel-Drive (AWD) models deliver reassuring control exactly when you need it. The advanced automatic front-axle disconnect intuitively and seamlessly transitions between Rear-Wheel Drive (RWD) and AWD without driver intervention. Under normal driving conditions, the front axle is disengaged and 100 percent of the engine's torque is directed to the rear wheels. When sensors indicate more traction is needed, the system automatically engages the front axle and instantly transitions to AWD Mode. These systems work with the vehicle's Electronic Stability Control (ESC)³ System to deliver precise front-to-rear torque control while preserving unrelenting drive.

CRAFTED FOR COMFORT

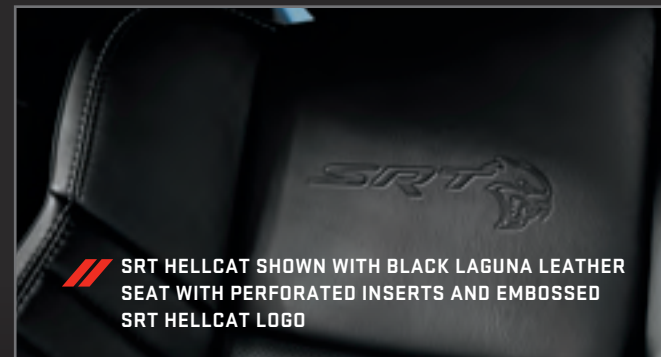

/// SRT HELLCAT® SHOWN WITH BLACK NAPPA LEATHER-FACED SEATS WITH PERFORATED ALCANTARA® INSERTS AND SRT® LOGO

/// BEST OF BOTH ERAS

The atmosphere is a throwback but the technology is purely forward thinking. Tic-Toc-Tach gauges are heritage influenced, while the Uconnect® touchscreen radio and Drive Modes are driven by technology. Every Challenger model features a 7-inch, full-colour, customizable, in-cluster display centre. From here, you get real-time information and vehicle status updates in full colour, as well as available turn-by-turn navigation⁴ information and visual safety system notifications.

Spacious five-passenger seating ranges from premium cloth to Nappa leather-faced with Alcantara suede inserts to premium Laguna full leather. Everyone is kept comfortable with standard soft-touch details and Dual-Zone Automatic Temperature Control (ATC). Available amenities include heated/ventilated front seats and a full-circumference heated steering wheel for year-round comfort.

/// SRT HELLCAT SHOWN WITH BLACK LAGUNA LEATHER SEAT WITH PERFORATED INSERTS AND EMBOSSED SRT HELLCAT LOGO

/// SRT HELLCAT SHOWN WITH DEMONIC RED LAGUNA LEATHER SEATS WITH PERFORATED INSERTS

GO BIG ON THE GO

/// IN TOUCH WHEREVER YOU GO

Uconnect® brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience. Trips are enhanced with informative and entertaining apps. Access them on your Uconnect touchscreen as well as your smartphone.

Listen to your favourite channel on your connected device, then flip to SiriusXM®⁵ in your car and enjoy the best ad-free music, plus every major sport and the biggest names in entertainment, news and comedy. You'll get over 150 channels, all at the press of a button. With the SiriusXM Platinum Trial,⁵ you get every channel available in your car and on your portable devices with the SiriusXM App,⁵ which is included with your trial.

Drive worry-free with available SiriusXM Guardian™⁶—a premium suite of safety and convenience services that can be accessed in-vehicle or through the Uconnect App.⁶ With greater remote access and control, help on your drive is there when you need it most. Press the in-vehicle SOS button and the system will help connect you to a local emergency service provider. An automatic SOS+ (ASOS+) call¹¹ will be sent if the vehicle's air bags¹ deploy. ASOS+ can direct emergency services to your location via GPS. The Roadside Assistance Call¹² feature can even help with minor inconveniences, such as running out of gas or a flat tire. When notified, an operator can dispatch roadside services to your location. Includes a one-year trial.

DRIVEUCONNECT.CA

/// APPLE CARPLAY⁷

Display your favourite iPhone apps right on your Uconnect touchscreen. Access your iTunes library, call anyone in your contacts list or just ask Siri[®] to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. Standard.

/// ANDROID AUTO™⁷

Connect your Android™ phone to bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto⁷ and send messages, get directions, control media and more with your voice so you can keep your focus on driving. Just say, "Hey Google" or long-press the voice-control button on your steering wheel. Standard.

SAFETY & SECURITY

/// PARK-SENSE® REAR PARK ASSIST⁹

When your vehicle is in Reverse and moving at a low speed, the system can detect objects in your vehicle's path. When sensors detect objects in the back-up pathway, the system provides an audible and visual warning. Standard.

/// BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION⁹

Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons in the sideview mirrors and by an audible chime. The system includes Rear Cross-Path Detection⁹, which monitors for vehicles and objects in perpendicular relationships to the vehicle while backing out of parking spots or driveways. Available.

/// ADAPTIVE CRUISE CONTROL (ACC)⁹

Automatically adjusts vehicle speed to maintain desired distance from the vehicle ahead and can bring the vehicle to a full stop without driver intervention. Available.

/// FULL-SPEED FORWARD COLLISION WARNING WITH ACTIVE BRAKING⁹

Radar and camera technology combine to alert you when the system senses potential frontal impact. If you're not able to respond quickly enough, the system will automatically engage the brakes with the ability to bring the vehicle to a complete stop. Available.

/// LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST⁹

This system measures your position within lane boundaries. If it detects an unintentional lane drift, it will alert you and can correct the vehicle back into the lane. Available.

/// ELECTRONIC STABILITY CONTROL (ESC)⁹

This system is designed to assist the driver in maintaining control of the vehicle when a loss of traction is detected. ESC⁹ senses when a vehicle loses steering control and attempts to correct the vehicle's course by automatically applying the brakes at individual wheels. Standard.

/// RAIN-SENSING WINDSHIELD WIPERS

System sensors automatically detect moisture on the windshield and activate the wipers. Standard.

/// READY ALERT BRAKING

The system anticipates situations when you might initiate an emergency brake stop and uses the ESC⁹ pump to pre-charge the brake system in order to decrease the time required for full brake application. Standard.

/// RAIN BRAKE SUPPORT

When your car's windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard.

/// DODGE AIR FILTRATION SYSTEM

The enhanced air filtration system provides even cleaner air for you and your family. The new Air Filtration System filters 95 percent of air particulates, reducing many types of solid and liquid airborne matter, such as dust, smoke, droplets and aerosols, making it the cleanest cabin air ever in a Dodge vehicle. Standard.

WARRANTIES: 2023 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-Year or 100,000-Kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. SRT vehicles are backed by a 3-Year or 60,000-Kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 Years or 60,000 Kilometres. Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 Years or 160,000 Kilometres. The EcoDiesel engine is backed by a 5-Year or 100,000-Kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.

*Whichever comes first. Some conditions may apply. †The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road—for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call 800-465-2001.

DISCLAIMERS: 1) The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a front-passenger air bag. All occupants should always wear their lap and shoulder belts properly. 2) Based on FCA US LLC muscle car segment and quarter-mile time. Competitor information based upon latest available manufacturer specifications. Excludes other FCA US LLC vehicles. 3) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 4) Never program while driving. GPS mapping and 3D navigation may not be detailed or available in all areas or reflect current road regulations. 5) If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services. Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at www.siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at www.siriusxm.ca/privacy. 6) All SiriusXM Guardian equipped vehicles come with a one-year complimentary trial effective on the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States, Puerto Rico and Canada. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. 7) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. To use Android Auto on your car's display, you'll need an Android phone running Android 8 or higher, an active data plan and the Android Auto App. 8) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 9) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 10) Based on EnerGuide fuel consumption ratings and fuel tank options. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for the EnerGuide information or visit the Government of Canada Web site: www.vehicles.nrcan.gc.ca. 7.8 L / 100 km (36 mpg) highway and 12.4 L / 100 km (23 mpg) city on Dodge Challenger models equipped with the 3.6L engine and 8-speed transmission. Miles per gallon [mpg] ratings based on imperial gallon. 11) Automatic SOS+ is powered by ACN+. Your driver information is shared from your SiriusXM Guardian account, including the location of the incident. Critical health and medical information is shared when your mobile phone number is matched with an existing medical information service provider. Uconnect and SiriusXM Guardian do not collect, process or store any of the medical information you have provided to a medical information alerting service provider. 12) Roadside Assistance Call connects you with an agent who will provide roadside assistance service. Vehicle must be within the United States, Puerto Rico or Canada and have network coverage. Additional roadside assistance charges may apply. Check warranty for details.
