TRUCK

CABALLERO

Available high-back bucket seats with velour cloth upholstery. Shown with available center console.

Caballero is a unique blend of sophisticated mid-size luxury passenger car and brawny hardworking pickup truck...and exclusive Sedan Pickup from GM.

There are three distinct versions: standard Caballero, whose features are described on the back cover; Amarillo, with bright moldings and a distinctive two-tone paint treatment; and the sporty Diablo. All have standard double-wall construction, coil-spring suspension, air-adjustable rear shock absorbers, power steering, power brakes, and automatic transmission.

The livin' is easy any season of the year in Caballero's plush color-coordinated interior. Ultra comfortable seating includes: the standard 3-passenger notchback bench seat with fold-down center armrest; available 55/45-split bench seats in regular or CL (custom level) pillow-back styles; or individual high-back bucket seats with adjustable backs and headrests.

The available CL 55/45-split bench seat features new styling and Custom Cloth upholstery for 1987.

Performance is Caballero's forte. In 1987 the standard 4.3 Liter Vortec V6 gasoline engine retains the computer-controlled fuel injection system that precisely meters fuel for peak performance and reliability. New roller hydraulic valve lifters reduce friction and increase efficiency. The available 5.0 Liter V8 continues with the 4-barrel carburetor.

Ask your GMC Dealer to tell you more about Caballero's new and traditional quality features. Better yet, arrange for a test drive and experience Caballero for yourself.

COMMITMENT PLUS QUALITY GMC TRUCKS

Commitment Plus is one of the most complete joint sales and service customer satisfaction programs available for light-duty trucks today. It offers

the following benefits:

- a thorough new-vehicle inspection
- one full tank of fuel
- complimentary 3000-mile maintenance service including oil change and oil filter at no extra charge.

GMC Truck and GMC Dealerships are truly committed to making GMC Light Duty Trucks easy to live with. Our customers' total satisfaction is indeed our goal!

Applies to retail sales only.

New GM-CAMS Maintenance System: GM's total computerized diagnostic and repair resources are ready to help with your individual truck gasoline engine problems, should they occur. Ask your participating GMC Dealer for details.

GM Protection Plan: An option that offers service protection beyond that provided by GM's New Truck and Chassis Limited Warranty. Available only in the USA and Canada during the 1987 model year. See your dealer for details.

Delco radios/tape decks

Aerodynamically styled sport mirror with LH remote control

Rally wheels. Tires are supplied by various manufacturers.

Impressive amount of cargo is easily loaded into the 79.5"-long, 35.5-cu-ft box.

A WORD ABOUT ENGINES

GMC Trucks are equipped with engines produced at facilities operated by GM car and truck groups, subsidiaries, or affiliated companies worldwide.

EXTERIOR COLORS

NOTE: For accurate colors, ask your GMC Dealer to show you actual paint color chips. (M) = Metallic.

IMPORTANT! A WORD ABOUT THIS CATALOG: We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you'll find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available as factory-installed options, as dealer accessories, and as specialized equipment from various independent suppliers at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, and models. Check with your GMC Dealer for complete information.

A WORD ABOUT ASSEMBLY, COMPONENTS, AND OPTIONAL EQUIPMENT IN THESE GMC PRODUCTS:

The GMC Trucks described in this catalog are assembled at facilities operated by General Motors. These vehicles incorporate thousands of different components produced by car and truck groups and various component divisions of GM and by various suppliers worldwide to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety, and fuel economy requirements, or for other reasons, to

produce GMC products with different components or differently sourced components than initially scheduled. All such components have been approved for use in GMC products and will provide the quality performance associated with the GMC name.

With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your truck is built. Your dealer receives advice regarding the current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your truck includes the optional equipment you ordered, or if there are changes, that they are acceptable to you.

These vehicles also are available under the Chevrolet El Camino nameplate.

A WORD ABOUT UPDATED SERVICE INFORMATION:

GMC Truck & Coach Operation regularly sends its dealers useful service bulletins about GMC Truck products. GMC Truck & Coach Operation monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.
