OUR EARTH

When it comes to zipping around this great big world, we have our little wants and needs along the way. Whether it's another more convenient cupholder or a more expansive truck bed, we at Ford are forever conscious of what people desire. But, of course, what we all want most is a cleaner, safer world. So that's one of the first things we think about with every decision we make - from the sites where we build to the type of paint we use. It's that "hey, we live here, too" thinking that points to a better future for all of us.

We're a pretty big company with a whole lot of amazing people. But we realize this isn't "Ford World." Or the "United States of Ford." We're just a part of a much larger community. But we want to make a difference. That's why we support a vast array of worthy causes. And we encourage our employees to be active in their own neighborhoods, as well. At the end of every day it's not about cars and trucks...it's about people.

It's only natural. We all like to feel safe. We base a lot of life's decisions on the safest places to live and work... and drive. And when we're responsible for someone else, safety is top of mind. That's true of everyone who works at Ford. After all, we drive too. Our families drive. And never, never do we forget the millions of Ford customers who put their trust in us. It's a commitment you can sense when you sit behind the wheel. And it's a commitment that is officially recognized, too, with some of our vehicles earning the U.S. Government's Five-Star Crash Test Rating.

Personal Safety System

Six Technologies Designed For Your Comprehensive Protection

Everywhere you look – and even where you can't – you'll find truly life-saving features on our vehicles. In a front crash, for instance, dual stage airbags **1** are properly deployed with the help of crash severity sensors **2**, which determine how much energy is needed to deploy the airbags, depending on the severity of the impact. Safety belt pretensioners **3** act quickly to remove slack in the belts to ensure the occupant is held securely in their seated position. The driver's seat position sensor **4** relays data to the airbag's computer on how far away the driver is seated from the steering wheel. The safety belt usage sensors **5** determine if the driver and outboard front passenger are belted. This information helps select the inflation rate and timing of the airbags. If a severe accident occurs, safety belt energy management retractors **6** limit the belt forces to a predetermined maximum and then "hand-off" to the deploying airbag. In an accident, this electronic coordination is carried out in a split second. Actually quicker. All-in-all, the Personal Safety System is one of the most sophisticated vehicle safety systems available today.

REMEMBER WHEN
THE CROSSING
GUARD USED TO
PUT OUT HIS ARM
TO PROTECT YOU?

Performing well in any situation is the hallmark of every new Taurus. At its highly protectionist core is the respected Personal Safety System. However, on its fun-to-drive sport sedan side is an array of sophisticated engineering technologies that combine to make Taurus an exhilarating driver's car. All of this, while delivering on its promise of fun and enjoyment. That is today's Taurus.

WELL...
HE'S STILL THERE.

HE JUST HAPPENS
TO NOW HAVE FOUR
DOORS AND DISC
BRAKES.

A COUPLE
MILLION QUALITY
RELATIONSHIPS
HAVE BEGUN
RIGHT HERE.

It's no secret why so many people develop such an immediate connection with Taurus. Even for those who've just met, there's a feeling of trust that comes from its quick response and its generous 200 horsepower engine (optional). You just know it's going to be there for you when life throws you a hair-pin curve.

TAURUS WAGON.
IT'S WHAT HAPPENED
WHEN WE CROSSED
AN AGILE SEDAN
WITH A WAREHOUSE.

Packing it in doesn't mean you have to, well, pack-it-in. Taurus wagon can carry 8 passengers or a trunkload of fun. It can even handle the ugly stuff Mother Nature hands out. Its 4-wheel disc brakes and optional all-speed traction control will put you back in control before you even start to think about it.

With remote keyless entry, standard on SE, SES and SEL models, you get into Taurus lickity-split. Now, if only the rest of the family would get out of snail-mode. Every Taurus also features Securilock™ — a coded key that acts as a passive anti-theft system.

A handy trunk release makes Taurus easy to unload.

Taurus SES and SEL models offer an optional auto-dimming mirror with compass, keeping night glare to a minimum.

PERFORMANCE FEATURES

Taurus carries itself (and whatever you put in it) quite gracefully, thank you. There's power to spare with its improved standard 3.0L V6 Vulcan automatic. While the 3.0L 24-valve 200-horsepower Duratec V6 automatic will redefine "family car" to those in the lanes behind you.

The kids won't even expect extra allowance when they shine up these great-looking wheels. 16" steel wheels with wheel covers are standard on Taurus LX.

16" painted aluminum wheels are standard on Taurus SE and SES.

16" machined aluminum wheels are standard on Taurus SEL.

Taurus owes its quick response in part to the independent MacPherson front suspension with nitrogen gas-pressurized struts, front stabilizer bar, and independent rear Quadralink suspension with nitrogen gas-pressurized struts. But all you really have to know is that you'll feel the good stuff, and you won't feel the bad stuff.

SAFETY FEATURES

The Taurus 4-wheel Anti-Lock Braking System (ABS), standard on Wagons and SES/SEL Sedan models, gives you an extra degree of confidence when the unknown pops up. ABS gives you stopping power while not allowing the wheels to "lock-up." You remain in control as you steer to avoid a potential accident.

Standard on Taurus is our Personal Safety System. This system, along with pre-designated crush zones and one-piece body construction, has helped Taurus earn the government's coveted Best-in-Class ☆ ☆ ☆ ☆ ☆ frontal crash test rating.

Also standard is an anchoring system for child safety seats that lets you easily and confidently buckle-in the kids.

The optional driver and passenger integrated front seat side air bags may be hidden from view...but will always be much appreciated in hindsight. Remember, always wear your safety belt and secure children in the rear seat.

Optional heated side mirrors keep the world outside in focus...so you'll have that comfortable feeling inside.

INTERIOR FEATURES

EVERYTHING IS
RIGHT WITH THE
WORLD WHEN YOU
SURROUND YOURSELF
WITH SMART THINGS
THAT LOOK GOOD.
FEEL GOOD. AND SOUND
EXTRAORDINARY.

Chrome door handles enhance every Taurus interior (a). Electronic automatic temperature controls (b) on SEL mean no fumbling for the "just-right" setting. Optional power adjustable pedals (c) assure a comfortable driving position. A single-disc CD (d) is available. Another smart touch — automatic headlamps (e) on SEL models. Say goodbye to remembering to turn on... or off your lights.

When you have a large trunk, you can put a lots of different things in it. Here's how to sort it out. The convenient Trunk Organizer with adjustable compartments.*

You can always do something practical by equipping your Taurus with a Safety Kit. Yet another way Taurus prepares you for the unexpected.*

You'll never have to wait for your Taurus to warm up or cool down with Remote Start. A push of the button turns over the ignition as you're downing your last cup of joe.*

The Load Warrior by Yakima accommodates all kinds of gear. Your Ford dealer also offers other specialized carriers that carry bigger stuff like bikes. It's almost like having a second car.*

MODEL SELECTION

Fast or faster? Big or bigger? Nimble or nimbler? Oh, you get the idea. With Taurus, the choices are many. This handy chart will help you quickly decide which Taurus model is just right for you and your family.

Taurus Standard Features Include:

MECHANICAL

- Electronic 4-Speed Automatic Transmission
- Front Wheel Drive
- Power Brakes and Variable-Assist Power Steering
- Suspension: Front—Independent MacPherson with Nitrogen Gas Pressurized Struts and Front Stabilizer Bar
Rear—Quadralink Rear with Nitrogen Gas Pressurized Struts

EXTERIOR

- Variable Intermittent Windshield Wipers
- Solar Tint Glass
- Rear Window Defroster/Defogger
- Fuel Tank — 18 Gallons

SAFETY/SECURITY

- Personal Safety System
- Lower Anchors and Top Tether Clips for Child Safety Seats - Rear Outboard
- Child Safety Locks on Rear Doors
- Securilock™ Passive Anti-Theft System

INTERIOR

- Integrated Control Panel
- Air Conditioning
- AM/FM Stereo

Options:

- Anti-Lock Braking System
- AM/FM Stereo Cassette

SE

Taurus SE has all the standard features of the LX plus:

- 16" Painted Aluminum Wheels with P215/60R16 All-Season Tires
- Remote Keyless Entry
- Security Approach Lamps
- AM/FM Stereo Cassette
- Speed Control
- Cargo Net

Options:

- Anti-Lock Braking System
- Power Adjustable Pedals
- 60/40 Split-Fold Rear Seat
- Safety Package (side impact air bags and all-speed traction control; requires ABS)
- SE Value Package (AM/FM stereo with in-dash CD and power driver's seat with lumbar support)

SES

STANDARD

Taurus SES Standard has the features of the SE plus:

- Anti-Lock Braking System
- Power Driver's Seat with Lumbar Support
- 60/40 Split-Fold Rear Seat
- AM/FM Stereo with In-Dash CD
- Dual Illuminated Visors with Secondary Visors

Options:

- Power Moonroof
- Power Adjustable Pedals
- Leather-Trimmed Seats
- Safety Package (side impact air bags and all-speed traction control)
- Audio Group (AM/FM stereo cassette with 6-disc CD changer, 160-watt peak power MACH amplifier and 6 speakers)
- Luxury & Convenience Package (auto-dimming mirror with compass and heated outside mirrors)

DELUXE

Taurus SES Deluxe has the features of the SES Standard plus:

- 3.0L 24-Valve Duratec Engine
- Rear Spoiler
- 5-Passenger Seating with Center Console and Floor Shifter
- Leather-Wrapped Steering Wheel

Options:

- Power Moonroof
- Power Adjustable Pedals
- Leather-Trimmed Seats
- Safety Package (side impact air bags and all-speed traction control)
- Audio Group (AM/FM stereo cassette with 6-disc CD changer, 160-watt peak power MACH amplifier and 6 speakers)
- Luxury & Convenience Package (auto-dimming mirror with compass and heated outside mirrors)

SEL

DELUXE

Taurus SEL Deluxe has the features of the SES Deluxe plus:

- 16" Machined Aluminum Wheels with P215/60R16 All-Season Tires
- Power Adjustable Pedals
- Perimeter Anti-Theft System
- AM/FM Stereo Cassette with 6-Disc CD Changer
- Automatic Headlamps
- Electronic Temperature Control
- Driver's Door Lock Keypad

Options:

- Rear Spoiler
- Power Moonroof
- 6-Passenger Seating
- Leather-Trimmed Seats
- MACH Audio System
- Safety Package (side impact air bags and all-speed traction control)
- Luxury & Convenience Package (auto-dimming mirror with compass and heated outside mirrors)

PREMIUM

Taurus SEL Premium has the standard features of the SEL Deluxe plus:

- Safety Package (side impact air bags and all-speed traction control)

Options:

- Rear Spoiler
- Power Moonroof
- Leather-Trimmed Seats
- Power Passenger Seat
- MACH Audio System

CROWN VICTORIA.
IT'S NOT A SYMBOL.
NOR, IS IT SOME KIND
OF "STATEMENT."

So very often, people will gravitate toward the "latest" cars that possess a lot of one thing (speed, for instance) at the expense of another (an honest back seat, for instance). Crown Victoria manages to be a truly fulfilling balanced mix of everything a thoroughly modern automobile should be. Underway, it is remarkably smooth. Conversations often revolve around how quiet it is. Crown Victoria is more than generous to its passengers, to be sure. But, in particular, the driver is treated to the kind of handling and response normally reserved for the far more expensive of its class.

IT'S JOY.
PURE. HONEST. JOY.

CROWN VICTORIA
DRAMATICALLY BLURS
THE DEFINITION OF
"NEED" VS. "LUXURY."

Set the position of the power adjustable pedals to your driving preference (a). Grasp the new "controls inclusive" steering wheel (b). These features are standard luxuries on both LX models. Now press the accelerator and feel what confident power can do for your well being. Some will call it luxury. We simply believe it's the way it should be.

CROWN VICTORIA

Crown Victoria LX shown in Deep Wedgewood Blue.

INTERIOR FEATURES

CROWN VICTORIA

WELCOME TO A
PLACE WHERE GLITZ
IS AN UNKNOWN
COMMODITY. WHILE
SPACE FOR FIVE OR
SIX IS IN LUXURIOUS
ABUNDANCE.

Crown Victoria is spacious. Controls are conveniently positioned. To your left is the expansive 6-passenger interior. And to your right is something quite new. Introducing the LX Sport with 5-passenger seating. Sporty? Yes. Luxurious? Yes. And above is the fold-down rear armrest with built-in beverage holders. Thoughtful? Naturally.

Discover the 5-passenger LX Sport.
The Crown Victoria with a new attitude.

Having plenty of room in the back is always a plus, except when the cantaloupe gets loose and rolls all over the place. The Cargo Organizer lets you maximize the room you have, while keeping all your stuff in place and easy to find.*

*Crown Victoria can make you more comfortable from 20 feet away, with the Underbody Security Lighting System.**

In a time of need, this Safety Kit will be everything you might need. Emergency reflector. Fire extinguisher. Jumper cables. Flashlight. Plus tools. All included and packaged in a durable satchel.*

Keep it clean with Molded Splash Guards, which help keep your side panels free of mud and water.*

PERFORMANCE FEATURES

*16" cross-spoke locking wheel covers
standard on Crown Victoria.*

*16" 12-spoke aluminum wheels
standard on LX.*

*16" lacy-spoke aluminum wheels
optional on LX.*

*17" 5-spoke aluminum wheels
standard on LX Sport.*

Under the hood lies a 4.6L OHC SEFI V8 engine providing 220 horsepower and the oomph you'll need to navigate confidently around that semi you have been following forever.

Inclement weather or tricky road conditions needn't dampen your enthusiasm for driving. Optional all-speed traction control detects wheel slippage, corrects it, and sends you merrily on your way without ever telling you about it.

SAFETY/SECURITY FEATURES

CROWN VICTORIA

Comfort is knowing that when you need to, you can get into Crown Victoria quickly with its remote keyless entry. Standard on both LX models.

It's also comforting to know that if an accident should occur, front-seat safety belt pretensioners are there to keep you firmly in place.

Snow or ice needn't obscure your view. Wait a few seconds and the heated mirror will melt either away.

Standard on Crown Victoria is our Personal Safety System. This system, along with pre-designated crush zones and one piece body construction has helped Crown Victoria earn the government's coveted Best-In-Class ☆ ☆ ☆ ☆ ☆ frontal crash test rating.

Crown Victoria LX and LX Sport have a standard Anti-Lock Braking System (ABS) that allows you to aggressively apply the brakes in order to avoid an accident while still retaining steering control.

MODEL SELECTION

The right fit is important to feeling comfortable. Select the Crown Victoria that is tailored to your particular tastes.

Crown Victoria standard features include:

MECHANICAL

- 4.6L Overhead Cam SEFI V8 Engine - 220 hp
- Electronic Automatic Transmission
- Fail-Safe Engine Cooling System
- Rear Wheel Drive
- Suspension
 - Front Short/Long Arm
 - Rear Watt's Linkage
- Power 4-Wheel Disc Brakes
- Variable-Assist Power Steering
- Stainless Steel Exhaust
- Compact Spare Wheel/Tire

EXTERIOR

- Interval Windshield Wipers
- Fold-Away Outside Mirrors
- Solar Tinted Glass
- Deep Well Trunk
- Rear Window Defroster
- Fuel Tank - 19 Gallons

SAFETY/SECURITY

- Personal Safety System
- Child Safety Locks - Rear Doors
- Securilock™ Passive Anti-Theft System

INTERIOR

- 6-Passenger Seating
- Split-Bench Front Seat with Center Fold-Down Armrests
- 6-Way Power Driver's Seat with 10" Seat Track Travel
- Air Conditioning
- AM/FM Stereo with Cassette and Clock

WE TAKE OUR FAMILY
RESPONSIBILITIES
WAY BEYOND YOUR
DRIVEWAY.

It's all the little things, really, that create such a strong bond among family members. It's no different with Windstar. It is designed to meet your needs. It's accommodating. It's responsive. It will spoil you with its amenities. And it strives to provide a safe environment. Others notice too. Windstar is the only vehicle to receive the prestigious Quadruple 5-Star Government Crash Test rating three years in a row. We know how much your family means to you.

WITH THE AVAILABILITY
OF ADVANCE TRAC,
WINDSTAR EASES
THE UNCERTAINTY OF
DRIVING THROUGH ONE
OF MOTHER NATURE'S
TEMPER TANTRUMS.

In the past, hitting a patch of ice or wet pavement could send you in directions you never intended to go. Enter Windstar's new optional Advance Trac stability control system.* Its sensors detect directional change caused by wheel slippage and instantly help you regain control by adjusting the brakes and engine speed.

INTERIOR FEATURES

INSIDE EVERY
WINDSTAR YOU'LL
HEAR THINGS
LIKE, "HEY...HOW'D
THEY THINK OF
THAT?" AND "THAT'S
REALLY COOL!"

What's cool? How about the AutoVision® Video Entertainment System (a) option? It'll work magic to keep the longest trips complaint-free. Or opt for the available 6-disc in-dash CD Player (b). And since it'll now be abnormally quiet back there, you'll want the optional conversation mirror (c). It's handy when keeping tabs on the crew is a must. Now, that's cool.

(a)

(b)

(c)

Every Windstar comes with built-in "LATCH" child safety seat tether anchors to better secure your precious cargo.

And here's something especially convenient: Two drivers share the same Windstar? No problem. At the push of a button, Windstar Limited remembers the placement for the power seat, pedals and mirror settings for each of the drivers and resets them accordingly.

The optional remote keyless entry is as handy as it gets. Hands full? Push the button and the Power Sliding Doors will automatically open or close.

COMFORT & CONVENIENCE

WE HAVE KIDS. YOU HAVE KIDS. THAT'S WHY WINDSTAR'S INTERIOR IS KID FRIENDLY WITH HIGH ENTERTAINMENT VALUE. DEFINITELY "G" RATED.

(a)

Windstar's available Dual Power Sliding Doors give families a couple convenient ways to get in and out of any situation (a). Available power mirrors with integrated safety signals alert traffic behind when sliding doors are open. So, even when your kids aren't watching out, Windstar is (b). Also available, a soft light that emanates from the floor...not into a sleeping baby's face (c).

(b)

(c)

They used to be called "spoilers." We call this a good looking choice that is anything but a spoiler...it's a Rear Air Deflector. Spoiler, never.*

Our Seatback Organizer has special places for tissues, cups, maps, comic books, bubble gum, rocks... oh, you get the idea.*

Push the Remote Start button and start your Windstar, even from inside your home. It's a perfect way to warm it up or cool it down.*

To help keep things organized even more so on the inside of your Windstar, the available Center Console includes two cupholders and space for much more.*

The Child Step Running Board gives those headed for their booster seat easy access to Windstar. Constructed of durable TPO plastic (that's the real tough stuff) with a steel substructure.*

PERFORMANCE FEATURES

15" Steel Wheel with cover standard on LX Base and LX Standard

16" 5-Spoke Machined Aluminum Wheel standard on LX Deluxe

16" Painted Aluminum Wheel standard on SE and SEL

16" 10-Spoke Brushed Aluminum Wheel standard on Limited

Flexible interior space has long been the hallmark of Windstar's success. Sometimes you need all the room for just people. A few minutes later, you need all the room for cargo. Knowing this, Windstar offers seats that flip and fold or come out as easily as they go in. It's not magic. It's just smart.

Above is the sequential port injected 3.8L V6 with 200 hp and 240 ft-lbs of torque (a). It is designed to take your family five times around the earth before its first scheduled tune-up.* Quickly we might add. The Low Tire Warning System (b) is an ingenious feature that alerts the driver to tire pressure loss.

SAFETY/SECURITY FEATURES

WINDSTAR

(b)

Standard on Windstar is our Personal Safety System. This system, along with pre-designated crush zones and one piece body construction, has helped Windstar earn the U.S. Government's coveted Best-in-Class ☆ ☆ ☆ ☆ ☆ crash test rating. For more details on the Personal Safety System, please refer to page 3.

The security and convenience of the optional Reverse Sensing System alerts you to certain objects near the rear of the vehicle with a series of beeps and helps you gauge your distance.

Optional heated mirrors keep ice and snow from obscuring your view. They also have a built-in turn signal to help tell the world where you are headed.

The optional Keyless Entry Keypad comes in mighty handy when you've locked your keys inside with Rover (who just never seems to be much help in this kind of situation). Enter your code...and you're in.

MODEL SELECTION

Knowing all the unique differences between the Windstar models and levels of trim content will help you select just the right vehicle for you and your family.

E-SERIES

SO...YOU WANT TO
BRING ALONG
SOME FRIENDS?
AND THEY WANT TO
BRING ALONG EVEN
MORE FRIENDS?
AND THE PROBLEM
WOULD BE?

Nothing wrong with being voted the "most popular on the block." When you have the E-Series wagon, nobody gets left out of all the fun. Imagine space for up to 15. Towing capabilities up to 10,000 lbs. The question is... "how in the world did you ever get along without it?"

XL Wagon features dual front bucket seats, 8-passenger seating, driver and front passenger air bags, electronic AM/FM stereo/clock, tilt steering, front air conditioning, deluxe engine cover console, powerpoint, interval wipers, front dome light, Class I trailer towing package.*

XLT Wagon includes the XL features plus dual front cloth captain's chairs, high-capacity front/rear air conditioning, color-keyed cloth rear bench seats, electronic AM/FM stereo/ cassette/clock, power door locks/ windows, color-keyed full length carpeting, speed control.

XLT with Chateau Appearance Package option adds the following to XLT Wagon: leather-wrapped steering wheel, lower accent two-tone paint, 7-passenger cloth seating (includes quad Captain's Chairs), privacy glass, AM/FM Stereo cassette with CD, overhead console.

XLT with Traveler Package option features 4.6L Triton™ V8, unique two-tone paint, color-keyed wheels, running boards, high capacity air conditioning, Class II/III/IV trailer tow package, leather-trimmed 7-passenger seating, leather-wrapped steering wheel, AutoVision™ with dual LCD monitors, cargo organizer, overhead console, AM/FM stereo/cassette/single CD player.

INTERIOR/SECURITY FEATURES

Here's an entertaining thought: Get the AutoVision® Family Entertainment System. It includes two fold-down 6.4" color monitors (a) removable VHS player (b), remote control, two powerpoints, two headphones with 8' cords, plus side pocket tape storage. Exclusively offered with the optional Traveler Package.

(a)

From the moment you enter E-Series, you'll feel above it all (c). And you practically are. Coupled with its height and its amazing panoramic view, you'll see things you've never seen. Feel secure in knowing what is up ahead. Or get the camera out for yet another photo op. Whatever view you take, there's nothing like E-Series.

(b)

(c)

The optional Premium Plus audio system offers 6 speakers and a 6-disc in-dash CD Changer, giving you enough options to suit a whole wagon-full of musical tastes.

Exclusive to Traveler, the handy Cargo Organizer keeps things all in order. Except the kids.

Not only can E-Series handle all the stuff you're carrying in your arms, it'll help you with the door, too. The optional Remote Keyless Entry/Panic Alarm unlocks doors and stands ready to help discourage those whose intentions are a little less civil.

Accommodating wheelchair lifts is another example of the versatility E-Series provides in helping to deliver driving freedom to everyone. To learn more about how Ford is assisting people with physical challenges contact 1-800-952-2248 or visit www.ford.com/mobilitymotoring.

CONVERSION VAN

YOU LOVE YOUR
FAMILY ROOM AT
HOME BECAUSE IT
IS VERY, VERY
COMFY. RIGHT?
WELL...WHY NOT
HAVE THOSE VERY
SAME COMFORTS
A THOUSAND
MILES FROM
YOUR KITCHEN?

Supple leather. Plush carpeting under your feet. TV with surround sound. Stereo. Additional insulation in the floor and walls. Wood trim. And loads of leg room. A truly inviting place that makes jaws drop when friends see it...all in your driveway.

Your Ford dealer and Ford-authorized van converters can build a custom van just for you, featuring all of the luxury you want in your E-Series. Just bring a picture of your family room and say "try to match this."

NEED MORE INFORMATION?

Ford Credit's Red Carpet Lease.

Many lease managers have completed many hours of training in a Red Carpet Lease program designed to make us the best in the business. We think you'll find a Red Carpet Lease is the best way to lease.

Under the New Vehicle Limited Warranty, you'll receive bumper-to-bumper no-deductible coverage on your new Ford vehicle for 3-years/36,000-miles.

You'll also receive unlimited-mileage, no-deductible corrosion perforation coverage for five years. Ask your Ford Dealer for a copy of this warranty. During its 3-year/36,000-mile limited warranty period, every new Ford vehicle includes the assurance and support of a 24-hour emergency Roadside Assistance program. Roadside Assistance includes such services as fuel delivery, tire changes, jump starts, and help when you are locked out of your vehicle.

Ask your Ford Dealer for complete details about this program.

Complete information on our vehicle lineup is available on our web site. To get more information before you visit your Ford Dealer, please visit us at www.fordvehicles.com. Likewise, to get details on various financing options available on your new Ford vehicle, please visit our web site at www.fordcredit.com. Doing so can give you a head start before talking to your Ford Dealer about financing your new Ford vehicle.
