## Genuine Mercedes-Benz accessories for your E-Class

The E-Class is pure Mercedes-Benz. Cool composure, dynamic performance and exclusive comfort are natural attributes of a vehicle concept which has, for many years, defined new standards above and beyond its class.

We want you to be absolutely satisfied with your car.

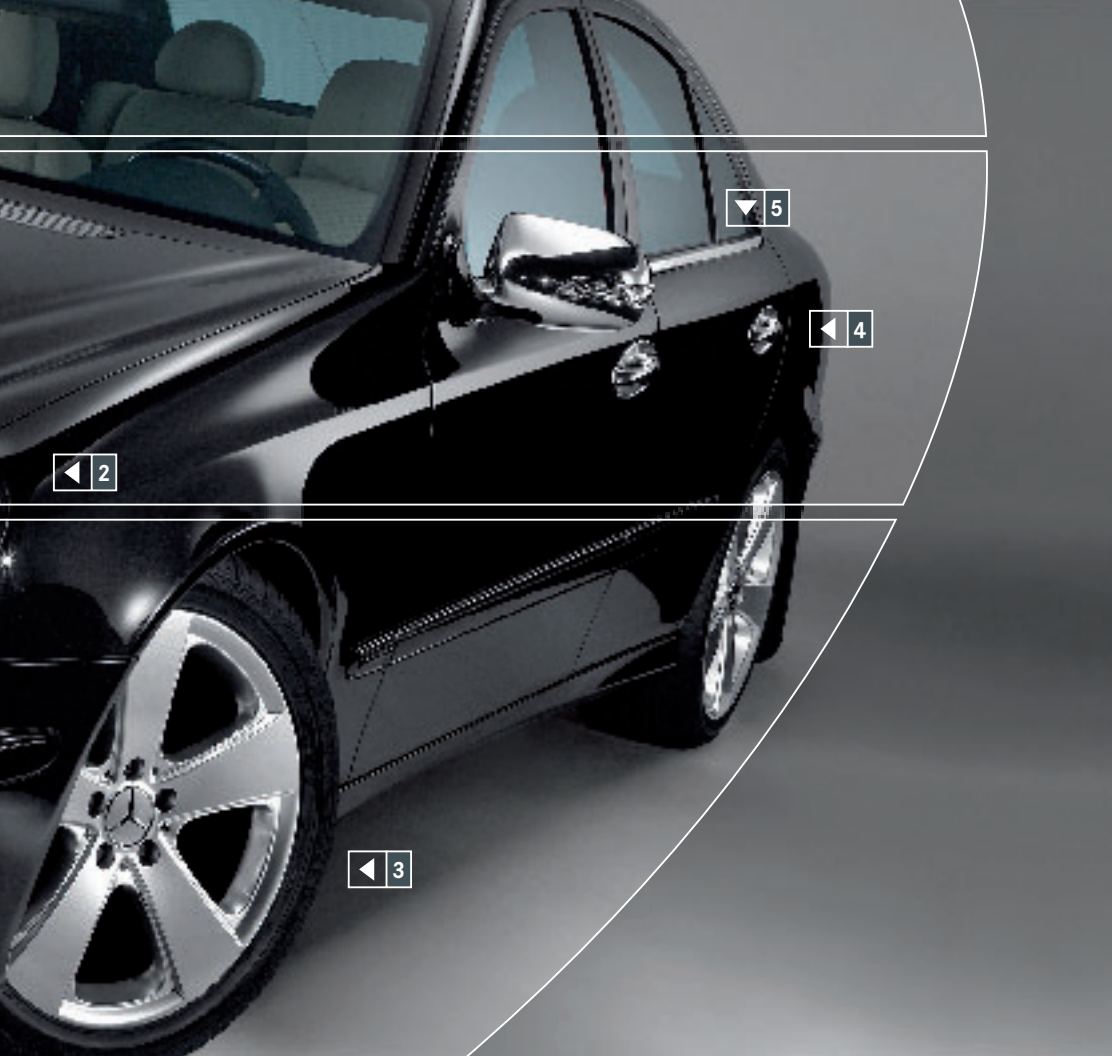

That's the golden rule when it comes to developing genuine Mercedes-Benz accessories. Our diverse range of products is designed to help you adapt your E-Class to your own personal needs and your own individual style.

- ▶ There are dazzling items to be found even in the "BASE" section: chromed highlights such as the **exterior mirror housings** or **door handle recesses**, together with our **incenio designer wheels**, ensure a sparkling entrance.
- ▶ The inner qualities can be discovered in the "INSIDE" section.
- ▶ While the "TOP" section features a range of muscular products for your various transport needs.

INSIDE

#### **“BABY-SAFE plus” child seat**

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of small children up to around 15 months (13 kg). Removable, washable “DaimlerSquare” cover

*Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.*

*For further information on the Mercedes-Benz child safety range, ask your Mercedes-Benz dealer for a copy of our separate brochure*

#### **The integral child seat**

*As shown in the picture on the right [A], the rear seats of all Mercedes-Benz Saloons and Estates can be factory-fitted with ► integral child seats as an optional extra*

*These are permanently installed in the vehicle. When folded out, they provide a safe and practical seat for children weighing between 12.5 and 36 kg (approx. 2 to 12 years)*

**Vario bag**

Plenty of extra stowage space for the really important things in life.

Available in three designs:

- [1] "DaimlerSquare" fabric (see above)
- [2] "Angel & Driver" fabric (not pictured)
- [3] Alcantara, java (not pictured)

**"DUO plus" child seat**

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With automatic child seat recognition and ISOFIX attachment points. Removable, washable "DaimlerSquare" cover

**"KID" child seat**

Booster seat with height-adjustable backrest. The belt guides at the sides prevent the lap belt from sliding over the child's abdomen. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (approx. 15 to 36 kg). Removable, washable "DaimlerSquare" cover

**Cover for integral child seat [B]**

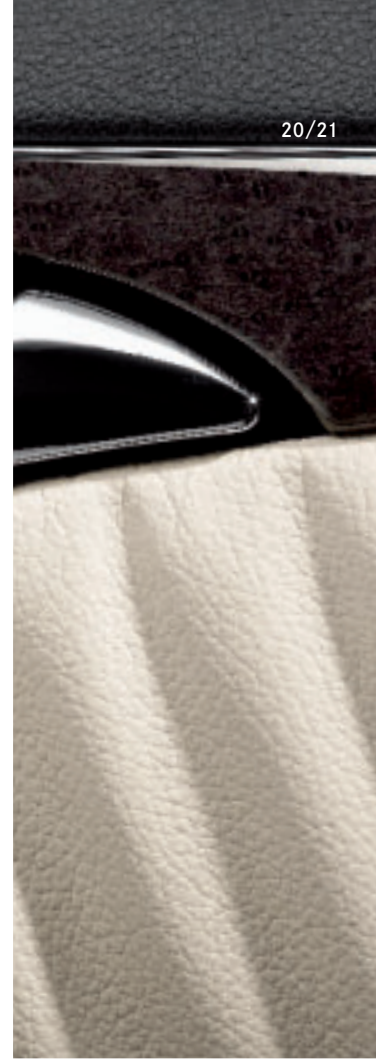

Hardwearing, easy-care material. The side bolsters offer additional support and turn the integral child seat [A] into a fully-fledged child seat for children up to the age of around 12 (up to 36 kg)

**Padded play table for integral child seat**

Protects the child's abdomen when using the integral child seat. For children between the ages of around 2 and 4 (12.5 to 18 kg)

**Additional interior mirror**

Designed to help you keep an eye on what's going on in the rear of the car. This practical product, made from shatterproof safety glass, is simple to snap into place

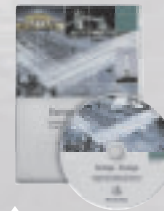

*The data for the Mercedes-Benz navigation systems is regularly updated. Please ask your Mercedes-Benz dealer for the latest updates*

### Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's intelligent mobile-phone holder. It takes a matter of seconds and is as straightforward a process as inserting the mobile into the holder itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing technology either: the telephone can be operated via the multifunction steering wheel, and the telephone status and call information are displayed in the central multifunction display - as you would expect.

To use a mobile phone holder, your car must be factory-fitted with one of the two following optional extras:

- ▶ *Code 386: Pre-installation for mobile phone with universal interface (MTUS)*
- ▶ *Code 388: Mobile phone with universal interface (MTUS)*

Holders are available for many popular Nokia, Sony Ericsson and Siemens mobile phones (see list below). The range of mobile-phone holders is constantly being extended. Please contact your Mercedes-Benz dealer for details

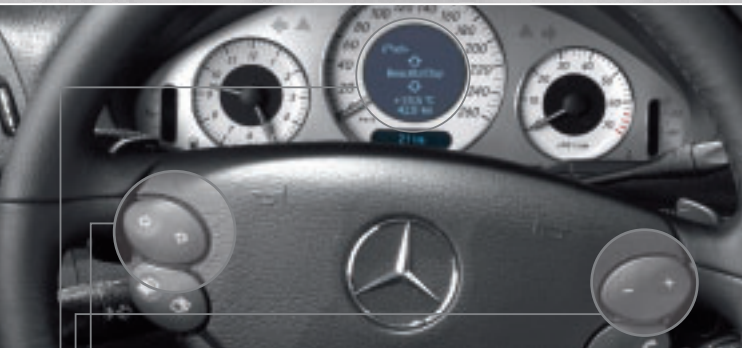

### Mercedes-Benz Bluetooth® telephone module (SAP<sup>1</sup>)

Provides a wireless connection between your mobile phone and your Mercedes-Benz hands-free system. It couldn't be more convenient - simply leave your mobile in your jacket pocket. Two versions of the module are available: a handset version [A] which offers Privacy mode, bypassing the on-board loudspeakers, or a closed box version [B] | compatible with Bluetooth mobile phones |

<b>Siemens</b>	<i>S65, SP65, SK65, CX65, CXT65, CX65V, CX70, CXT170, CX70V, CX75, M75</i>

<b>Sony Ericsson</b>	<i>T610, T630, K700i, W800</i>

<sup>1</sup> SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

It's easy to control your iPod via the multifunction steering wheel:

- Select the iPod menu and scroll through the options
- Adjust the volume, playback
- Display current artist/title

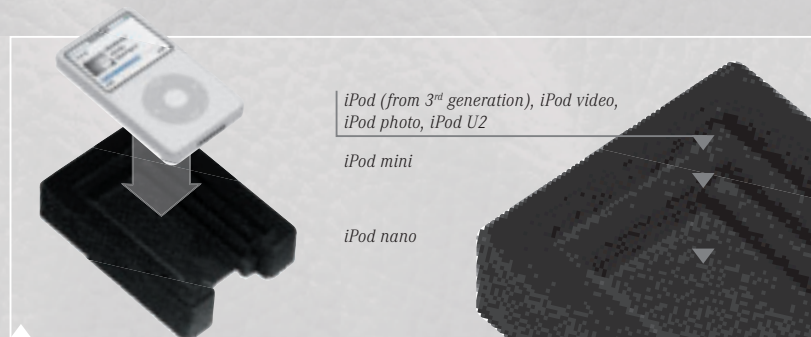

#### **Mercedes-Benz iPod® Interface Kit\***

It's never been easier to take your favourite music with you when you're on the move. The Mercedes-Benz Interface Kit provides an elegant and functional way to integrate your iPod into your E-Class's audio system. The iPod is connected to the system inside the glove compartment, where it is hidden from prying eyes. While you're on the move, you can scroll through the playlists, select songs and adjust the playback volume using the buttons on the multifunction steering wheel. Your iPod's battery is also recharged. The current status of your iPod appears in the central driver's display, helping you to keep your attention focused on the traffic.

*\* The iPod Interface Kit and the iPod holder are compatible with the following models:*

- iPod (from 3<sup>rd</sup> generation)*
- iPod video*
- iPod photo*
- iPod U2*
- iPod mini*

#### **Alustyle basic carrier bars**

| for Saloon |

The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers. The basic carrier bars are precisely tailored to the body of your E-Class, ensuring the highest degree of safety and optimum aerodynamics

Travelling in an E-Class is such an enjoyable experience that it's easy to forget that this is a vehicle that can really take the strain. We have put together a whole series of genuine accessories, designed to play a variety of dependable supporting roles when it comes to transportation.

But that's not all. Our roof-mounted carrier system, for example, is not just the end result of extensive tests in our safety laboratory. It is also a highly aerodynamic development, precision-tailored to the contours of the E-Class.

Mercedes is, after all, Mercedes.
