

PERSONALISING YOUR MERCEDES

Mercedes-Benz

The thrill of the exceptional

## Freedom to be who you are

Rules, constraints, restrictions – when it comes to individual freedom, it doesn't usually take long before you discover where the boundaries lie. But not with designo. Here your options are virtually unlimited, allowing you to create a Mercedes which precisely matches your ideal and helping you to add your own distinctive character to your car.

Feel.

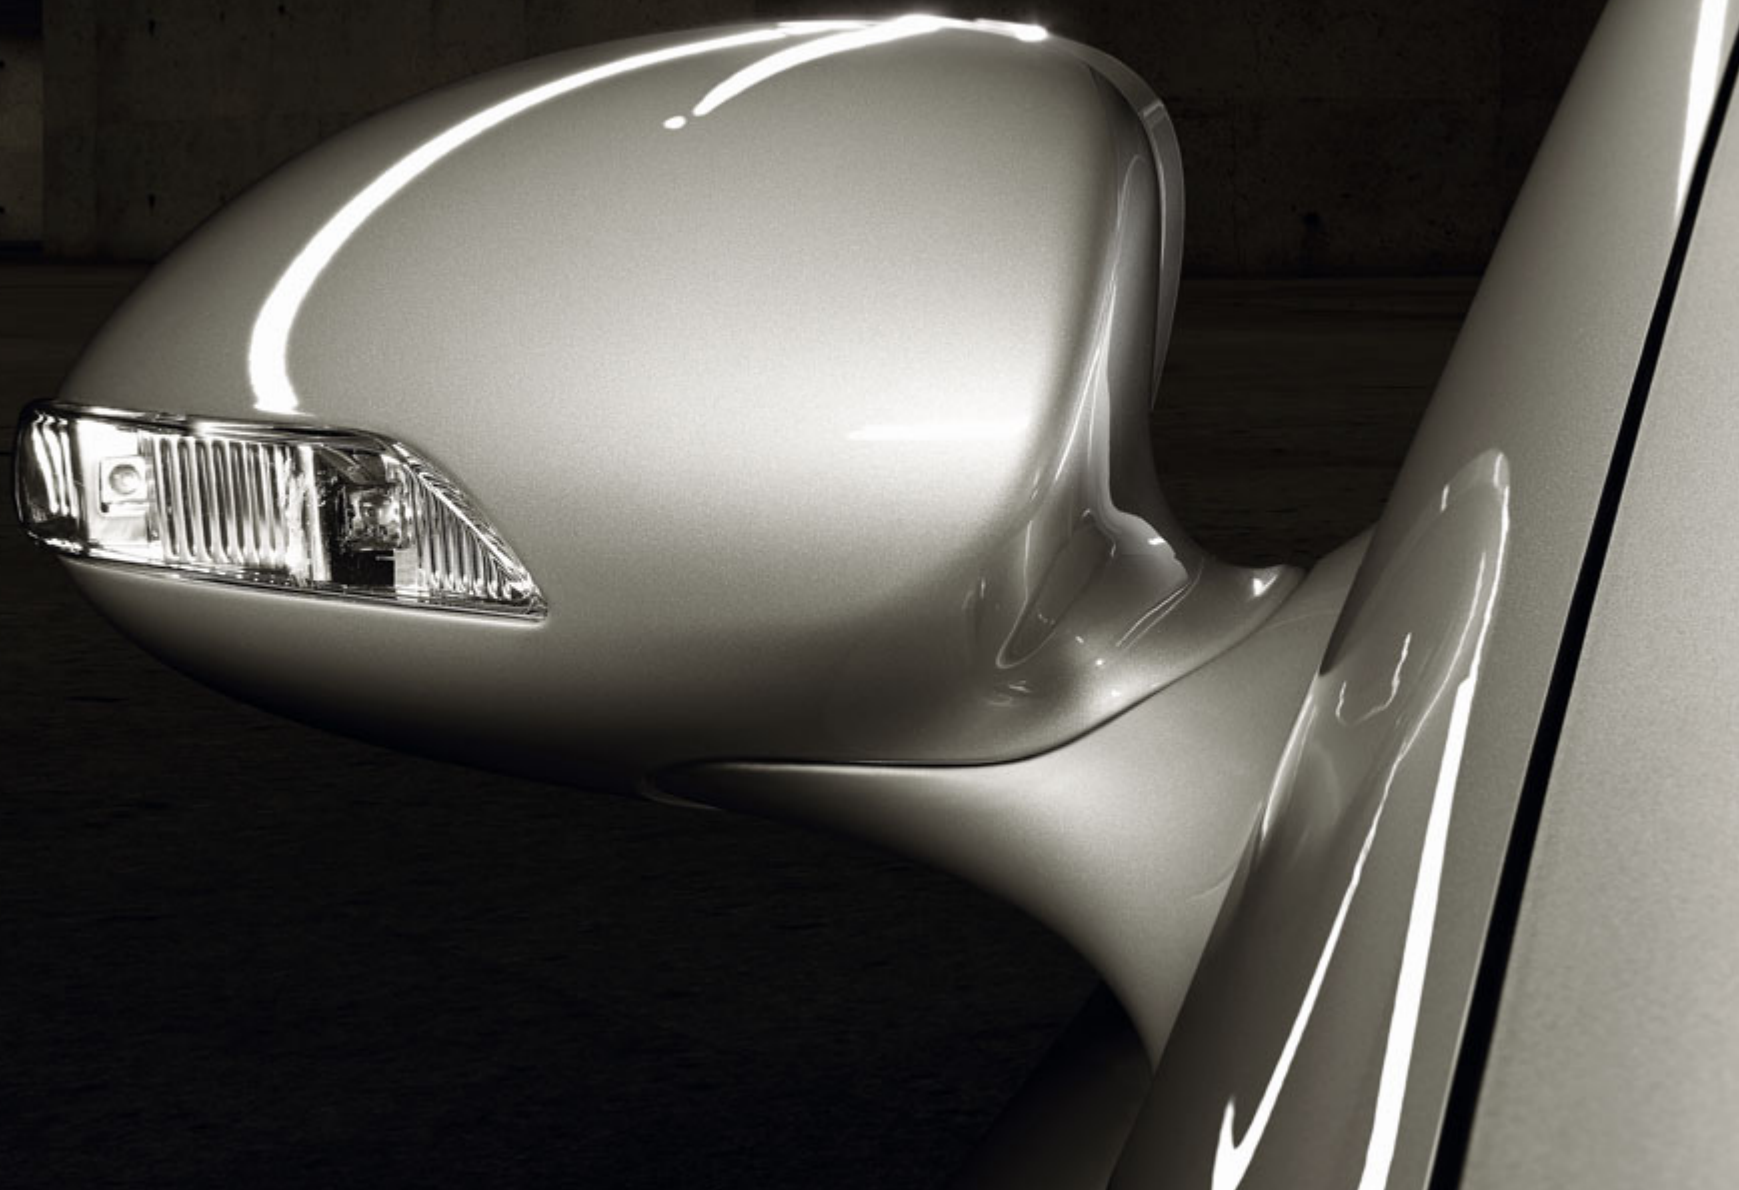

See

A close-up photograph of light-colored, textured leather. A prominent diagonal seam runs from the top-left towards the bottom-right, featuring two parallel lines of stitching. The leather has a fine, pebbled grain. The lighting is soft, creating subtle shadows and highlights across the surface.

Experience

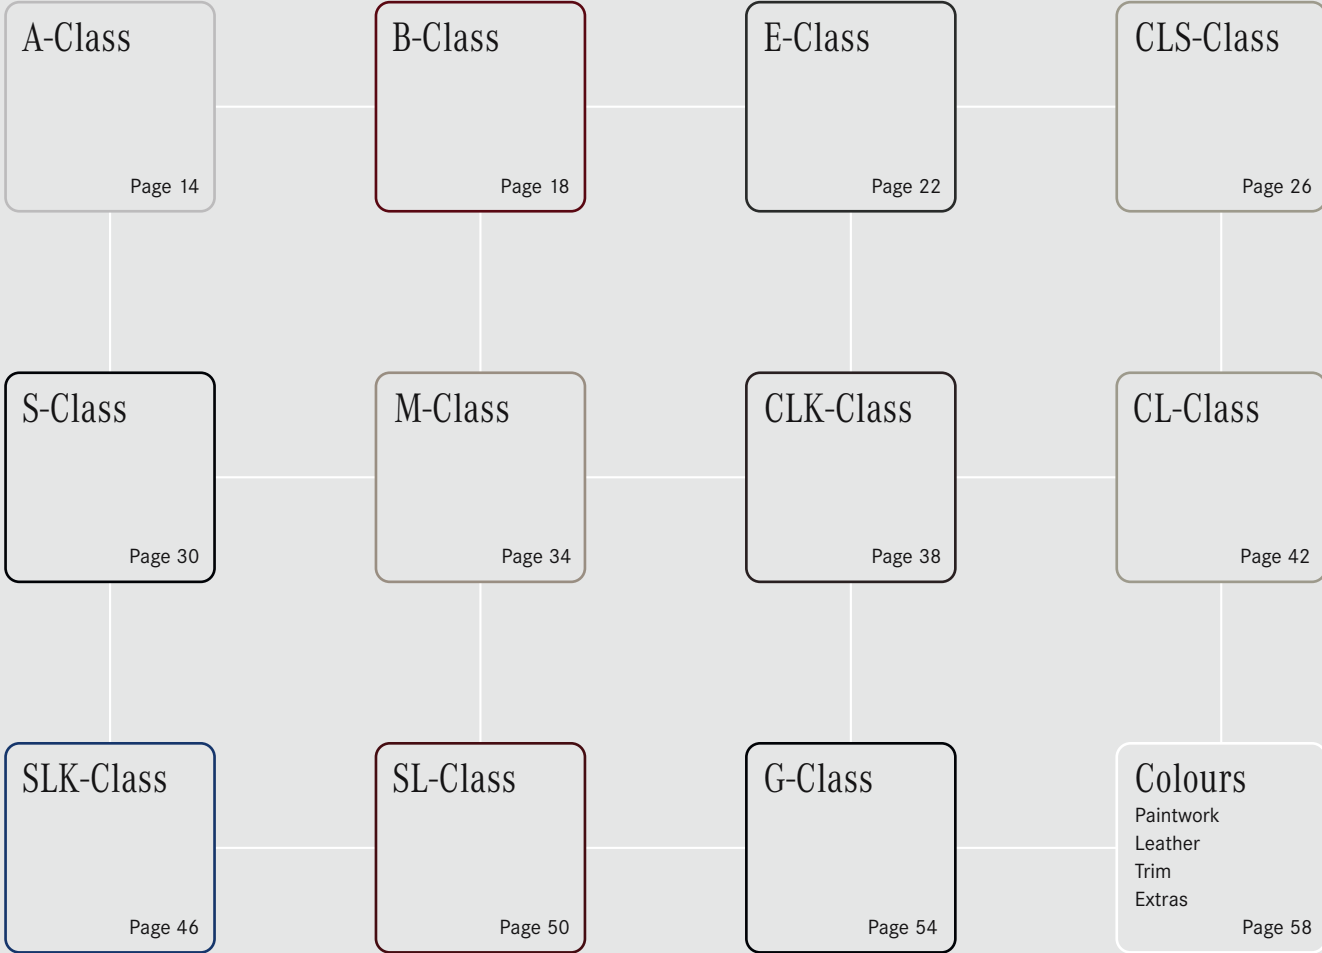

## As individual as you are

With design, select materials and skilled craftsmanship make for a sensuous experience of a very special kind. Exclusive paint finishes, hand-stitched leather appointments and trim elements in fine wood, glossy, deep black piano lacquer and shimmering natural stone add an individual touch to every Mercedes.

## My personal Mercedes

Whichever Mercedes you opt for, with designo you can be sure that it's an exceptional car. Discover the harmony of interior and exterior, admire the skilful fusion of form and function and marvel at the colours, the fine materials and the exquisite details. We hope you enjoy what you see.
