## SAFETY FOR THE WHOLE FAMILY

Advanced technology and intelligent design engineering keep Toyota at the forefront in passenger car safety. A result of Toyota's own Global Outstanding Assessment (GOA) programme, which sets out to ensure that world-wide safety standards are not only met but exceeded, the Avensis is equipped with a list of impressive active and passive safety features to help protect all seven occupants.

Key to overall safety is the impact-absorbing body structure with a new high integrity cabin. The body is engineered to help absorb and disperse collision energy while minimising deformation of the passenger cabin.

Dual front SRS airbags are standard and use a sensor system for safe deployment. The Ultima grade offers side SRS airbags for front seat passengers, plus curtain shield airbags for increased protection.

The front seating positions also feature seatbelts with pre-tensioners and force-limiters, whilst the second row outboard seats are fitted with three-point Emergency Locking Retractor (ELR) seatbelts with Automatic Locking Retractors (ALR) for child seat/capsule retention. There are three child restraint anchorage points on the back of the second row seats. The third row seats are fitted with three-point ELR seatbelts.

Front seats incorporate a passive Whiplash Injury Lessening (WIL) system to help reduce the chance of neck injury during a rear end collision.

Toyota's Active Braking with intelligence (AB-i) comes standard across the Avensis range. AB-i includes Anti-skid Braking System (ABS) with Brake Assist (BA) and Electronic Brake-force Distribution (EBD).

ABS allows the driver to continue to steer around an obstacle under heavy braking, preventing the wheels from completely locking up by rapidly pulsing each brake calliper independently, preventing the vehicle from going into a skid and helping the driver retain control of steering. Additionally, the anti-skid function helps you avoid collision with unexpected obstacles by allowing you to stop in the shortest distance possible whilst still maintaining control.

BA is designed to assist the driver in emergency braking situations where the driver may not apply sufficient force to maximise braking, BA interprets a quick hard push of the brake pedal as a potentially dangerous situation and then supplements the braking power so that the car slows rapidly.

Lastly, EBD is designed to reduce stopping distances by maximising braking power to the wheels with the most grip. This is particularly effective when the vehicle's stability is unsettled due to a sudden swerve during a braking manoeuvre, when you're braking with a load in the boot or with passengers in the rear. It recognises this and adjusts the brake force, wheel by wheel, as required to ensure maximum braking ability is delivered at all times. This helps you minimise stopping distances and maintain control in emergency conditions.

## ALL ROUND PERFORMANCE

Like any Toyota sports car, Avensis utilises the advanced technology to deliver a powerful performance. On top of that, it delivers excellent fuel economy, handling that's finely tuned for easy manoeuvrability, and a smooth quiet ride in all seven seats.

The sophisticated 2.4 litre Variable Valve Timing with Intelligence (VVT-i) petrol engine generates maximum power of 118kW at 5,700rpm and maximum torque of 221Nm at 4,000rpm. Economical fuel consumption is linked to low emission levels, so Avensis is kinder to the environment too. Fuel economy is 9.2 litres/100 kms.\*

The new generation 4-Speed automatic represents an advancement in transmission technology featuring Super Electronically Controlled Transmission (ECT). This achieves fast response times, smooth gearshifts and improved fuel economy.

The sleek, aerodynamic styling combined with a long wheelbase, low height and a wide body ensures excellent handling and stability. MacPherson strut front suspension system and a trailing torsion beam semi-independent rear suspension gives great stability on the move, with superior ride comfort and low road noise.

\*As per ADR 81/01 specifications.

Clever ideas for a better tomorrow.  
When will we ever be satisfied?

When will we ever be satisfied? The truth is, our designers and engineers never will. As soon as they've come up with one great idea, they're busy creating an even better one. The Japanese call this 'kaizen' ('continuous improvement' to you and me). A constant flow of great ideas is the result.

There are already Toyota models that talk to you, guiding you home by voice using advanced DVD based satellite-linked technologies. We have the Hybrid Synergy Drive System (HSD) in the Prius. It combines petrol and electric power to halve green house gas emissions whilst doubling fuel economy.\* Just wait, we plan to roll out HSD across a range of Toyota models in the near future. Even today, advanced engine technologies like VVT-i (Variable Valve Timing with intelligence) petrol engines in most Toyotas are giving immediate benefits in performance, economy and emissions.

Right now, we can also help make you feel like an expert driver off road in a 4WD vehicle equipped with 'Driver Assist Technology'. We can keep you connected with friends via our Bluetooth™ hands-free mobile communications technology. You can also get immediate help using the Toyota Link communication system on selected Toyota models.

We'll even help you feel more positive about our planet's future. Our environmental program known as the 'Toyota Earth Charter' has lots of great ideas. It outlines visionary environmental objectives to guide Toyota worldwide. As a result, every new Toyota undergoes an assessment aimed at minimising its environmental impact for life.

Toyota manufacturing is getting cleaner as well. Our Melbourne plant uses great ideas like waterborne paint, reducing solvent emissions. We also had the idea to develop recyclable plastics like Toyota Super Olefin Polymer and Toyota Eco-Plastic which overcome traditional recycling difficulties. Best of all, the vehicle you're looking at right now is filled with ideas like these – ideas that not only make motoring easier, they'll make your life a whole lot more fun and exciting as well.

In fact, it's little wonder at Toyota we're incredibly optimistic about the future. The essential Toyota values of roominess, style and environmentally advanced performance come together in a dynamic new way in the F3R, one of the latest concept vehicles from Toyota. It is a creative, sporty vehicle that defies an easy label. With a dramatic, iconic shape and an interior that is more adaptable and more family friendly than anything previously seen, the result is a stylish performance vehicle with inherent people-mover DNA. It's reasonable to expect that the automotive world could soon be seeing styling elements from the F3R on future Toyota production vehicles

You'll also feel safer in the future as we pursue our dream of a zero accident motoring environment. Innovations like radar cruise control will keep your car travelling a safe distance from the one ahead, even in stop-start traffic. At night, infra-red technology will help you see obstacles on the road ahead, way beyond the range of your eyesight. We're even building cars that sense impending collisions and prepare themselves to maximise occupant protection.

We have so many great ideas for you just around the corner that you'll feel that you  
"Can't Wait for Tomorrow."

CAN'T WAIT FOR TOMORROW

## AMAZING VERSATILITY

Whatever your family is in to, the Toyota Avensis has the versatility to handle it. Dynamic European styling conceals a spacious interior and seven seats that can be configured numerous ways. Avensis can carry everything from seven adults, to just you and a friend plus a couple of mountain bikes, a cricket kit and golf clubs. It's the ultimate family sports car. Throw in the powerful 2.4 litre Variable Valve Timing with intelligence (VVT-i) engine, advanced safety features, excellent handling abilities and a smooth, quiet ride and you have the perfect family car.

Available in two grades (GLX and Ultima), there's sure to be an Avensis to suit you and your family. The GLX comes standard with Anti-skid Braking System (ABS), driver and front passenger SRS Airbags, keyless entry and air conditioning, whilst the luxurious Ultima adds driver and front passenger side and curtain shield airbags, woodgrain accents, leather steering wheel, 16" Alloy Wheels (4)\*, front fog lights, rear spoiler, rear privacy glass and roof rails.

Take a look at the seating arrangements, how you arrange the three rows of seats depends on how many passengers or how much cargo you have to carry.

The second row seats split 60:40 and can be folded forward, together or separately. The third row seats are split 50:50 and can be folded flat for additional cargo space. A unique underfloor compartment behind the third row seats is large enough to hold a set of golf clubs and provides substantial storage space, even with all three rows of seats in place. A rear cargo cover conceals items placed behind the third row seat.

Fold down the second and third row seats and cargo space expands substantially. More than enough for any active family. Integrated load tie down hooks in the second and third rows secure cargo when you're on the move and there are six standard cup holders and four 1.25 litre bottle holders to ensure your team will never get thirsty.

\*Spare Space Saver Wheel

Ultima model shown

## COMFORT

Wherever you sit, you will be more than comfortable. The premium quality of the interior is apparent in the attention to detail, fit and refinement of all components.

Boasting sports style front seats, the driver's seat is height adjustable and both front seats have adjustable inboard armrests.

Standard features include automatic climate control air conditioning, with overhead directional vents in the second and third row seating area to circulate air throughout the interior of the car. Tilt adjustable power steering accommodates all types of drivers and multi-reflector headlights ensure clear vision during night driving. Whilst cruise control makes those long trips a breeze.

A single disc CD player with MP3 compatibility, AM/FM tuner and Audio Input compatible with iPod® or other portable MP3 players is standard on GLX models, while hands-free mobile phone use is made possible in the Avensis Ultima through Bluetooth™† technology in the audio system\*. Ultima models also feature a 6-disc CD changer.

Avensis also features power steering, mirrors and one-touch auto up and down power windows.

An anti-jam function will also stop and retract any window, should something get trapped between the closing window and the door frame – very helpful with children in the car. Tinted privacy glass is used in the rear and back windows of Ultima models.

Further security is provided by remote door locking with integrated engine immobiliser, making access easy and helping to protect what is sure to become one of your most valuable possessions.

\*Bluetooth™ will only operate with telephones enabled with compatible Bluetooth™ wireless technology (HFP [Hands Free Profile] version 1.0 and OPP [Object Push Profile] version 1.1 international standards).

## TOYOTA GENUINE ACCESSORIES

Avensis versatility extends to the extras. Choose from a stylish range of Toyota Genuine Accessories to add your own personal touch.

**SANDOWN ALLOY WHEELS (A)** The Sandown 15" x 6.5" Alloy Wheel is suitable for Avensis' original tyres and has 6 dual spokes for a distinctive, race-bred look. It also features a stylish painted silver finish. And of course, it has been tested to pass Toyota's durability standards. (Applicable for GLX only)

Note: Accessory Alloy Wheel can not fit in Avensis tyre holder. Sandown Alloy Wheels should be purchased in a set of 4.

**ROOF RACKS (B)** Toyota Genuine Roof Racks are designed and tested by Toyota for maximum performance and practicality. Featuring two distinctive styles – rail mounts for the Avensis Ultima, and roof clamps for the GXL, they are easy to fit and remove as required. (Applicable for GLX & Ultima only)

**BONNET PROTECTOR (C)** A Toyota Genuine Bonnet Protector guards against stone chips, scratches and conforms to the Avensis bonnet shape. Can be removed for cleaning and is made from long lasting, UV-resistant acrylic. (Applicable to all models)

**HEADLAMP COVERS (D)** Toyota Genuine Headlamp Covers provide extra protection against stone chips and scratches and are designed for a snug fit. They are easily removed for cleaning and are made from heavy duty, UV-resistant acrylic. (Applicable to all models)

**CARPET FLOOR MATS (E)** Protect the floor of your car with a front and second row of Toyota Genuine Carpet Floor Mats. Featuring high quality plush carpet and a safety retainer system on the driver's mat, these mats combine luxury and practicality. (Applicable to all models)

**MUD FLAPS (F)** Protect the paintwork of your Avensis from mud, grime and stone chips with a set of Toyota Genuine Mud Flaps. They're easy to install, and because they are designed specifically for Avensis, they fit securely, and flatter the lines of the vehicle. Choose front or rear, or both! (Applicable to all models)

**TOWBAR WITH REAR STEP PROTECTOR, TOWBALL AND TRAILER WIRING HARNESS\* (G)** Toyota Genuine Towbars are the only bars developed, tested and approved by Toyota engineers to stringent Toyota safety standards. This bar is practical, attractive and tough, with a 1000kg (braked) capacity

and a Rear Step Protector to help prevent damage to your rear bumper. Toyota also offers a 7 pin flat Trailer Wiring Harness to suit most towing applications. Towball sold separately. (Not compatible with Park Assist) (Applicable to all models)

**PARKASSIST – REVERSE PARKING SENSOR (H)** Wherever you are, Toyota Genuine ParkAssist makes short work of any parking situation. With four colour-keyed sensors mounted in the rear bumper of the vehicle, it beeps from within the cabin with increasing frequency as the vehicle reverses closer to objects behind. (Not compatible with Towbar) (Applicable to all models)

**FRONT WEATHERSHIELD (I)** A simple accessory that adds driver comfort, the Toyota Genuine Weathershield allows you to enjoy fresh air with reduced effect from the Elements. It is also UV-resistant with a slight tint to reduce glare. Installation is simple with no drilling required. (Applicable to all models)

**6-IN-DASH MP3 COMPATIBLE CD CHANGER AND RADIO WITH BLUETOOTH™† COMMUNICATIONS AND AUDIO INPUT (J)** (Applicable for GLX only)

**SATELLITE NAVIGATION^ AUDIO SYSTEM INCLUDING 4-IN-DASH MP3 COMPATIBLE CD CHANGER WITH BLUETOOTH™† & COMMUNICATIONS (K)** (Applicable to all models)

**AUDIO CABLE AND CAR CHARGER FOR IPOD® (L)** Suits all dockable iPods® (Applicable to all models)

Some Toyota Genuine Accessories are not applicable to all models. See your Dealer for advice regarding Toyota Genuine Accessories. Pictured Accessories are all sold separately. For a comprehensive guide on the entire range of Toyota Genuine Accessories, visit our website at [accessories.toyota.com.au](http://accessories.toyota.com.au).

Toyota Genuine Accessories come with our Toyota Warranty\*

\*All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty of 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year (unlimited kilometres). Conditions apply. All warranties are additional to the implied warranties under the Trade Practices Act 1974.

†Towbar capacity is subject to regulatory requirements, Towbar design, vehicle design and Towing equipment limitations.

†Bluetooth™ will only operate with telephones enabled with compatible Bluetooth™ wireless technology (HFP [Hands Free Profile] version 1.0 and OPP [Object Push Profile] version 1.1 international standards).

^Current Satellite Navigation Audio Systems cover major capital and primary national road networks, as well as offering some coverage of regional areas.

#### TOYOTA ON THE WORLD WIDE WEB

For a comprehensive guide to the entire range of Toyota vehicles, accessories, merchandise and a whole lot more, visit our Internet site at: [toyota.com.au](http://toyota.com.au)

#### AT TOYOTA, WE'RE HERE FOR THE LONG RUN

The Toyota Long Run Warranty – every new Toyota is proudly backed by a 3 year/100,000km warranty which provides you with peace of mind and care free motoring (conditions apply).#

#### TOYOTA GENUINE SERVICE

The advanced engineering and technology of every new Toyota is best maintained by the specialist skills only a Toyota Service Centre can provide. Toyota trained technicians have intuitive knowledge and use state-of-the-art diagnostic equipment to ensure your Toyota is serviced for optimal performance, efficiency and longevity. The use of Toyota Genuine Parts with a 12 month, unlimited kilometre warranty# gives you further security and peace of mind – all of which adds up to a genuinely better service.

#### TOYOTA GENUINE ACCESSORIES

When you choose Toyota Genuine Accessories you're adding even more personality, protection and practicality to your Toyota – tailoring it to your individual lifestyle needs. Toyota Genuine Accessories are designed, tested and manufactured to strict Toyota Standards. This quality and reliability is supported with our Toyota Warranty\*. For customised fit, and real peace of mind, keep the feeling 100% Genuine, keep your Toyota all Toyota.

#### TOYOTA INSURANCE\*\*

Toyota Insurance provides reliable and cost effective protection for the things that are important to your life such as your Toyota vehicle.

#### MOTOR VEHICLE INSURANCE\*\*

Toyota Insurance's Comprehensive Motor Vehicle Policy is tailored specifically for Toyota customers. Key benefits include:

- Replacement of your new Toyota if it is a total loss so long as it is less than 3 years old and has travelled less than 100,000kms
- Toyota Genuine parts promise.^
- Quality repair guarantee for the duration of your vehicle ownership (when repaired at a Toyota Insurance Approved Repairer).
- Continuity of your current rating and No Claim Bonus entitlement when you switch to Toyota Insurance.
- 24 hours, 7 days a week claims service and "at scene" driver accident assistance.

In addition, if your Toyota vehicle is equipped with Toyota Link and is stolen, the standard policy excess will be waived (subject to the terms & conditions of the Toyota Insurance Motor Vehicle policy).

For more information on Toyota Insurance\*\* products, including Finance Gap Insurance and Payment Protection Insurance, please contact your participating Toyota Dealer, call us on 137 200, 8.30am to 6.00pm (EST) Monday to Friday or visit [www.toyotainsurance.com.au](http://www.toyotainsurance.com.au)

#### TOYOTA EXTRA CARE

Toyota Extra Care offers a wide range of Warranty and Roadside Assist solutions to provide you with protection for your Toyota so you can enjoy worry free motoring.

#### EXTENDED WARRANTY

Whether your Toyota is new or used, a Toyota Extra Care Extended Factory Warranty can help protect you from expensive repair bills and the rising costs of parts and labour for years to come.

- Offers new Toyota vehicle owners the opportunity to extend the Toyota new vehicle warranty
- Includes additional items such as towing, car hire and accommodation
- Choice of 1, 2 & 3 year extended warranty plans available
- No excess to pay

If you have not purchased a Toyota Extra Care Extended Factory Warranty at the time of vehicle purchase, we can offer you a Toyota Insurance Factory Approved Extended Warranty\*\* which offers the same type of protection. A Toyota Insurance Factory Approved Extended Warranty must be purchased prior to the expiry of your new vehicle warranty.^

#### ROADSIDE ASSIST

Toyota Extra Care Roadside Assist provides you and your family with access to emergency roadside assistance 24 hours a day, 7 days a week, 365 days a year, giving you total peace of mind. You can choose between the Standard plan or the Plus plan for additional benefits.

For more information on Roadside Assist or any of the Toyota Extra Care range of products, please contact your participating Toyota Dealer or call us on 137 200, 8.30am to 6.00pm (EST) Monday to Friday or visit [www.toyotaextracare.com.au](http://www.toyotaextracare.com.au).

#### TOYOTA FINANCIAL SERVICES:

Toyota Financial Services is here to help you with a range of easy vehicle finance options that can help you get in the driving seat faster. Whether it's a new or used vehicle, or a range of vehicles, we can tailor a personal or business finance solution to suit you. We have numerous financing options to suit your particular income, taxation and structural requirements. Whether you require a simple consumer loan, a novated lease for you or your employees, or serviced leasing on your small-business tool of trade vehicles.

For further information on our range of finance options or to discuss the best option for you, please contact your participating Toyota Dealer or call us on 137 200, 8.30am to 6.00pm (EST) Monday to Friday, or visit [www.toyotafinance.com.au](http://www.toyotafinance.com.au)
