

 **TOYOTA COROLLA**
oh what a *feeling!*

Hottest Corolla Hatch Ever

THE HOTTEST COROLLA HATCH EVER

A revolutionary interior, contemporary European design and advanced engineering are all hallmarks of the stylish Corolla Hatch. And with its revolutionary 100kW Dual VVT-i engine paired with a choice of six-speed manual or four-speed automatic with a sporty gated shift, Corolla has the performance, fuel efficiency and environmental credentials to match its outstanding aesthetics.

Available in four models – from the well-appointed entry level Ascent up through the generously specified Conquest, the sporty Levin SX and the top grade luxury sports Levin ZR – there's a Corolla Hatch to suit every driver's taste.

Levin ZR with 60:40 rear split

COMFORT, CONVENIENCE AND LUXURY

Developed on the French Riviera at Toyota's European Design Centre (ED²), the Corolla Hatch boasts a host of revolutionary features.

Hands-free mobile phone use is made possible in the Corolla Hatch (excluding Ascent) through Bluetooth™ technology in the audio system which can also store your six most frequently dialled numbers for speed dialling. An external Audio Input allows you to listen to your iPod® or other portable MP3 player's music library through Corolla's sound system.

Smart Entry and Smart Start technology in the Levin ZR allows you to enter, start and lock the vehicle without having to remove the key from your pocket.

A state-of-the-art "flying buttress" centre console, slim seats and a space-efficient instrument panel profile, the interior of the Corolla Hatch breaks away from traditional car design.

Tilt and telescopic steering improves driver comfort and enhances driving posture, resulting in reduced driver fatigue. Cruise control is also available on all grades as either an optional extra or as standard.

A leather-bound steering wheel with audio controls and a leather sports gearshift is also available on all models (optional on Ascent).

Inside the cabin, the Corolla Hatch has been designed for maximum space. With an impressive 26 storage recesses and a 283 litre capacity, luggage space is generous. 60:40 split fold seats allow you to carry long objects while still carrying two passengers in the rear of the car.

HOT PERFORMANCE

Toyota has developed a 100kW 1.8 litre engine featuring advanced Dual VVT-i (Variable Valve Timing with intelligence) technology delivering excellent acceleration, high fuel efficiency and outstanding environmental performance.

1.8 litre Dual VVT-i engine

STYLE WITH SAFETY

With up to seven SRS airbags available on all models (an option on Ascent and Levin SX models which come standard with dual front SRS airbags), Corolla has an impressive array of airbags. It is also the first car in its class to offer a driver's knee airbag.

Dual front and driver's knee SRS airbags

Toyota's MICS (Minimal Intrusion Cabin System), Whiplash Injury Lessening (WIL) front seats as well as Toyota's Safe-T-Cell give Corolla more advanced cabin safety than ever before.

Standard equipment includes four-wheel disc brakes and a world class brake package known as Active Braking with intelligence (AB-i). AB-i consists of Anti-Skid Brakes (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA).

Corolla was designed to exceed the world's toughest crash safety standard as part of Toyota's GOA (Global Outstanding Assessment) program which delivers an advanced collision-safety body structure.
