

IMPORTANT!

This brochure has been compiled by Daimler AG of Germany or one of its Group Companies to provide a general indication only of the range of vehicles, optional extras (for example satellite navigation systems, interface and telecommunication kits), accessories, merchandise and/or products (together, the range is known as the “Products”) available in various countries. Some of the Products shown may not be available in Australia, or may only be available in a different specification. Additionally, some Products may only be available in combination with others. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. Products available while stocks last. Changes may have been made to the Products since this brochure was printed. The information in this brochure is therefore indicative, illustrative and provided only for guidance and should not be relied upon. For current information on the availability, design, features and prices of Products available in Australia you should contact your local authorised Mercedes-Benz Dealer.

EXTERIOR

Emotional

Mastering the world's roads in a Mercedes-Benz Coupé has always been a deeply moving experience. The new E-Class Coupé carries on the tradition in thrilling style, combining exceptional elegance with breathtaking dynamism.

The **incenio** designer wheels shown here allow you to accentuate either of these facets. Nothing has a more lasting effect on your car's looks than the design of the wheels. And nothing could be easier to change – you're just 20 wheel bolts away from individual style.

All you have to do first is browse through the options.

incenio designer wheels

Khotrima | 5-twin-spoke wheel

incenio designer wheel

Finish: titanium silver, high-sheen

Wheel: 7.5 J x 17 ET 45

Tyre: 235/45 R17

A207 401 0902

Option for rear axle:

Wheel: 8.5 J x 17 ET 49

Tyre: 255/40 R17

A207 401 1002; not compatible with snow chains

Shikrio | 5-twin-spoke wheel

incenio designer wheel

Finish: titanium silver, high-sheen

Wheel: 8 J x 18 ET 45 | Tyre: 235/40 R18

A207 401 1102

Option for rear axle:

Wheel: 8.5 J x 18 ET 49 | Tyre: 255/35 R18

A207 401 1202; not compatible with snow chains

On all light-alloy wheels, use wheel bolt B6 647 0159 and the corresponding rim lock B6 647 0155.

Light-alloy wheels are supplied without tyres, wheel bolts or hub caps

EXTERIOR

Chrome-look indicator bulbs

Mirrored indicator bulbs round off the chrome finish of your E-Class Coupé to perfection

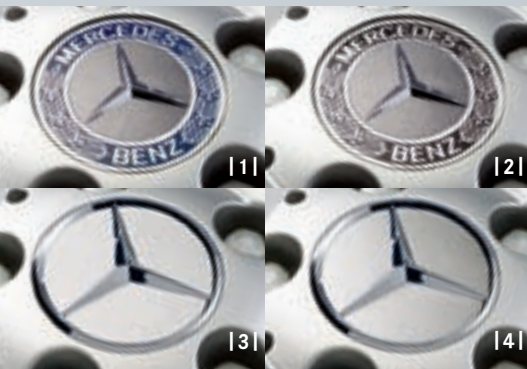

| standard equipment pictured right |

Hub caps

Protect the hub from dirt.

Available in the following versions:

- 1 | Classic Roadster design in blue
- 2 | Classic Roadster design in black
- 3 | Sterling silver with chrome star
- 4 | Titanium silver with chrome star

Because of the variety of different vehicle configurations and country-specific statutory regulations, not all of the wheel/tyre combinations shown in this brochure will be approved for your vehicle. If you are planning on purchasing new wheels, please contact your Mercedes-Benz partner, who will have access to all of the relevant data

Lugo | 10-spoke wheel

incenio designer wheel

Finish: sterling silver

Wheel: 7.5 J x 16 ET 45 | Tyre: 215/55 R16

A207 401 0802

On all light-alloy wheels, use wheel bolt B6 647 0159 and the corresponding rim lock B6 647 0155.

Light-alloy wheels are supplied without tyres, wheel bolts or hub caps

7-spoke wheel

Finish: sterling silver

Wheel: 7 J x 16 ET 38 | Tyre: 205/55 R16

A212 401 1702

Mud flaps

Protect the underbody and the sides of the car from loose chippings and dirt. For front and rear axles. Can be painted in body colour by dealer

Snow chain systems

The RUD-matic Disc snow chain has a user-friendly design and can be fitted and removed quickly. With extra-reinforced chain links for the toughest conditions and excellent traction on snow and ice, it is a reliable companion in wintry road conditions. Your Mercedes-Benz partner will be happy to advise you on this and other snow chain systems

Rim locks

Set consisting of coded key and one lock per wheel

TELEMATICS

Media Interface consumer cables

For models with optional extra "Media Interface" (Code 518)

Set of 3 cables, designed to connect various players (one at a time) to the pre-installed Media Interface in the glove compartment. Allows you to select tracks and adjust the playback via your car's audio system. The current status of your player also appears in the central driver's display, helping you to keep your attention focused on the traffic.

Designed to connect iPods² [2] and devices with USB³ [1] or AUX [3]

Expressive

It's impossible not to be moved by the expressive design of the E-Class Coupé. But it also offers a wide variety of ways to lend expression to your own personal tastes.

For example your taste in music: enjoy music from the radio or CD. Listen to MP3 files via the practical PCMCIA adapter slot in your COMAND system or via your iPod. Studying these pages is expressly recommended.

PCMCIA multi-card reader

Listen to your music in comfort while you're out and about using your COMAND system's PCMCIA adapter slot. The plug & play system means your memory card* is instantly recognised. MP3, WMA and AAC files are supported. A separate memory card is required for the PCMCIA multi-card reader

**The following memory cards are supported: SD, MMC, HS-MMC, DV-RS-MMC, MS, MS-Pro, HS-MS-MG-Pro, HS-MS-Pro, MS-Select, MS-Duo, Ms-Pro Duo, X-card, C-Flash*, T-Flash*, Mini-SD*, RS-MMC*, MS-MG*, MS-MP Pro*, MS-Duo-MG*, MS-ROM*. *Additional adapter required (not included)*

¹ *The Mercedes-Benz Interface Kit allows you to listen to the music on your iPhone. It does not support the phone function*
The iPod® Interface Kit is compatible with the following models: iPod from 4th generation | iPod video | iPod photo | iPod U2 | iPod mini | iPod nano 1st, 2nd, 3rd and 4th generations | iPod classic | iPod touch 1st and 2nd generations | iPhone 1st generation and 3G

Mercedes-Benz iPod® Interface Kit¹

It's easy to control your iPod via the multifunction steering wheel: scroll through the menus [A], adjust the playback and volume [B] and display the artist/title of your choice in the instrument cluster [C].

As with the Mercedes-Benz Media Interface, the connection for your iPod is in the glove compartment. Your iPod's battery is charged while it is connected. No factory-retrofitted optional extra required

Mercedes-Benz iPod® Interface Kit, Video

Full functionality as for iPod Interface Kit, with the additional option of watching videos on your COMAND system's display (when vehicle is stationary only). Only in conjunction with COMAND (Code 527 or Code 512) | available from 3rd quarter of 2009 |

² *For details and a list of the supported players, please contact any Mercedes-Benz service outlet or visit the "Accessories" section of our website: www.mercedes-benz-mobile.com*

³ *Supports MP3, WMA and AAC. For further details, contact your Mercedes-Benz partner*

iPod Interface Kit

*Media Interface
consumer cables*

Multi-card reader

TELEMATICS

Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's "intelligent" mobile-phone holder. It takes a matter of seconds and is as straightforward a process as inserting the mobile into the holder itself.

Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing telephone technology either: the phone can be operated via the multifunction steering wheel, you can access the phone's internal memory, and the phone status and call information are displayed in the central multifunction display – as you would expect. Your phone's battery is also charged and connection to the car's external aerial makes for improved reception.

To use a mobile-phone holder your car must be factory-fitted with optional extra "**Code 386 convenience telephony**". Holders are available for various current models of mobile phone. For further information about using the phone in your car, go to www.mercedes-benz.com/connect or see our Mercedes-Benz Telematics brochures. Ask your Mercedes-Benz partner for a copy

Holders are available for:

- 1 | **Nokia** (3109, 3110, 6230, 6230i, 6300)
- 2 | **Sony Ericsson** (K800i, K810i, W880i)
- 3 | **Apple** (iPhone 1st generation, 3G)
- 4 | **BlackBerry** (8300, 8310, 8320)

Mercedes-Benz Bluetooth® telephone module

The Mercedes-Benz telephone module allows you to use your phone via your car's hands-free system without physically connecting the phone to the vehicle. You no longer need to move your phone between the phone holder and your jacket pocket, so there is less risk of leaving it behind in the car. Making phone calls, looking for a number, checking call lists, reading text messages, accessing contact data stored on a SIM card – all are conveniently carried out via the multifunction steering wheel, the audio system and the central instrument cluster display. Two versions of the Mercedes-Benz Bluetooth SAP¹ telephone module are available: one in the form of a closed box [pictured] and the other with corded handset [not pictured]. With the SAP box version an integral USB connector allows you to charge your mobile. Both versions feature a SIM card reader.

¹ SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

Audio 50 APS with 6-DVD changer

Navigation system and car hi-fi combined in one unit which can be operated via the multifunction steering wheel. Dynamic route guidance via RDS/TMC. Navigation arrows shown on 5" colour display. Bluetooth connectivity with hands-free function as standard. Double-tuner radio with 4-channel amplifier for outstanding sound. DVD changer controls. Also available without DVD changer as an option

Audio 20 CD with CD changer

Double-tuner radio with 5" colour display. Bluetooth interface with hands-free function. CD changer is MP3-compatible | not pictured |

Europe navigation DVD
for COMAND APS

Europe navigation DVDs
for Audio 50 APS

The data for the Mercedes-Benz navigation systems is regularly updated. Please ask your Mercedes-Benz partner for the latest version

Rediscover navigation

In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature

Audio 50 APS
Bluetooth® telephone module
COMAND APS
Europe navigation DVDs
Mobile-phone holders

COMAND APS with 6-DVD changer

The new COMAND APS now offers even more convenience and freedom when you're on the move: your route is navigated with impressive speed, thanks to the integral hard drive. Up to 4 GB of memory offers virtually unlimited space for your favourite music. COMAND APS also plays back music from DVDs and CDs, and from SD memory cards. And the optional Media Interface also allows you to connect your portable music player. For convenience and enhanced safety, all of these functions can be controlled via your COMAND system.

Other features: Bluetooth® connectivity, 6.5" colour display, dynamic route guidance (RDS/TMC), double-tuner radio with 4-channel amplifier for outstanding sound, DVD changer controls. Also available without DVD changer as an option

TELEMATICS

Child safety
Interior appointments

INTERIOR

CLASSIC velour mats, CLASSIC rep mats, CLASSIC all-season mats*

Durable, hardwearing materials. Available in various colours to match the interior. Can be clip-fastened to the floor of the vehicle to prevent slipping

*Not for right-hand-drive models

Back cushion

Ergonomic, individually adjustable cushion, designed to support the back on long journeys. Available in anthracite

Cleanbag

The ideal way to keep the interior clean when you're on the move: the small "Cleanbag" is simply attached to the net in the front passenger footwell

Exceptional

If you trust your emotions, you'll feel at home in a Coupé right from the start. A wood/leather steering wheel can subtly yet significantly intensify the feeling. Each is a unique item – the result of exceptional precision craftsmanship.

In this section you will also find products which appeal equally persuasively to your rational side.

But then truly exceptional design has always involved a combination of rational and emotional appeal.

Spectacles box

Universal – adjusts to different sizes of spectacles/sunglasses

Illuminated door sill panels

The white illuminated Mercedes-Benz lettering is activated every time you open the door to get in or out. These illuminated door sill panels, in ground stainless steel, are a further "highlight" of the E-Class Coupé | pictured on page 18/19 |

Wood/leather steering wheel

burr walnut, black | The wood/leather steering wheels are also available in other colours to match the interior | not pictured |

*All-season floor mats

Cup holder insert for centre console

black, grained | Moveable arms secure up to two drinks containers of different sizes*, holding them within easy reach. The insert is simple to fit to the standard stowage compartment in the centre console

*Front/rear compartment: max. diameter 82/74 mm

INTERIOR

“KidFix” child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KidFix” seat can be attached using the 3-point seat belt and ISOFIX attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg). Removable, washable “DaimlerSquare” cover

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.

For further information on the Mercedes-Benz child safety range, ask your Mercedes-Benz partner for a copy of our separate brochure

“BABY-SAFE plus” child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg). Removable, washable “DaimlerSquare” cover

“DUO plus” child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With automatic child seat recognition and ISOFIX attachment points. Adjustable tilt. Removable, washable “DaimlerSquare” cover

Additional interior mirror

Designed to help you keep an eye on what’s going on in the rear of the car. This practical product, made from shatterproof safety glass, is simple to snap into place

*Additional interior mirror

Carrier systems*

CARGO & CARE

Effective

Coupés are attractive but impractical. Wrong! Mercedes-Benz Coupés are stunningly attractive yet ideal for everyday use.

Correct! Not least thanks to the genuine accessories shown in this section.

Mercedes-Benz carrier systems, for example, are aerodynamically optimised and precision-tailored to the bodywork of your car.

Because attractive and practical Coupés deserve attractive and practical accessories.

Transport and stowage bag

Robust bag, made from a high-quality nylon fabric. Protects the basic carrier bars and makes it easier to transport them

Alustyle basic carrier bars

The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers which you can see here and on the following pages. The basic carrier bars are precisely tailored to the body of your E-Class Coupé, ensuring the highest degree of safety and optimum aerodynamics

Mercedes-Benz roof boxes

Elegant, aerodynamic design, made for your Mercedes-Benz. High-quality, extremely durable material. Available in titanium metallic **B** and matt silver **C**. Roof box XL also available in calcite white **A** | pictured on p 24/25 |

1 | Mercedes-Benz roof box XL

family box | Capacity: approx. 450 litres. Available with opening on right or left. Optional accessories: luggage set and ski rack insert

2 | Mercedes-Benz roof box L

sports box | Capacity: approx. 330 litres. Available with opening on right or left. Optional accessories: luggage set and ski rack insert

3 | Mercedes-Benz roof box M

weekend box | Capacity: approx. 400 litres. Available with opening on right or left

Luggage set | for Mercedes-Benz roof box XL |

Four bags, designed to make perfect use of the space available in the roof box XL. Made from hardwearing, water-repellent polyester. Plus two matching ski bags, each designed to hold max. two pairs of skis. Ski bag also available separately | pictured above left |

Luggage set | for Mercedes-Benz roof box L |

Four bags made from hardwearing, water-repellent polyester. Tailored to the dimensions of the roof box L | pictured above centre |

Ski rack insert | for Mercedes-Benz roof box XL |

A secure hold for up to five pairs of skis, subject to ski geometry. For Mercedes-Benz roof box XL | pictured above |

Ski rack insert | for Mercedes-Benz roof box L |

A secure hold for up to three pairs of skis, subject to ski geometry. For Mercedes-Benz roof box L | not pictured |

Basic carrier bars
Luggage set
Roof boxes

CARGO & CARE

**New Alustyle ski and snowboard rack
"Comfort"**

For up to 6 pairs of skis or 4 snowboards.
Lockable. Practical pull-out function (see below left)
makes loading and unloading easier

New Alustyle ski and snowboard rack "Standard"

For up to 4 pairs of skis or 2 snowboards.
Lockable

Mercedes-Benz Bikes

These sporty and elegant bikes, with their exclusive Mercedes-Benz design, are suitable for everyday all-round use and for touring. For more detailed information, please see our "Mercedes-Benz Bikes" brochure

Bicycle rack
Coil lock
Mercedes-Benz Bikes
Ski/snowboard rack

New Alustyle bicycle rack

Depending on the permissible roof load, up to three bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without cycles. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted

Coil lock

Designed to help prevent theft.
Available as an option for the bicycle rack

CARGO & CARE

Coolbox

| black/grey | Hard case with fabric cover featuring pockets for extra items. Cold/hot switch. Capacity: 24 litres. 12V connection. Adjustable carrying strap

Coolbag

| black | Fabric outside, plastic liner inside. Outside pockets offer plenty of room for extra items. Capacity: 12 litres. 12V connection. Adjustable carrying strap

Rectifier

Allows the coolbox and the coolbag to be connected to a 230V socket at home

Ski bag for interior

For up to four pairs of skis. With carrying strap and straps for attaching to load-securing rings in boot

The laden bicycle rack can be pivoted downwards, allowing the boot to be opened

When the rear-mounted bicycle rack is unladen, simply fold down the vertical retaining bar to access the boot. This function also allows space-saving stowage of the rack when removed

Extension kit for rear-mounted bicycle rack

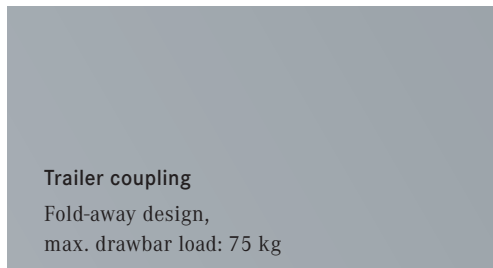

Allows you to add a third cycle

Rear-mounted bicycle rack for trailer coupling

The rear-mounted bicycle rack is easy to attach to the trailer coupling. A simple fold-down mechanism (see above left) means that the boot can still be opened. Basic version for two cycles. Lockable. Available as an option: extension kit for a third cycle (pictured above right)

Adapter
For trailer with 7-pin plug

Trailer coupling

Fold-away design, max. drawbar load: 75 kg

Safety tow rod

2-piece steel rod with patented connector and cotter pin. For trailer couplings and towing eyes. Approved for vehicles with a gross vehicle weight of up to 3.2 t

Box of replacement bulbs
The box of replacement bulbs ensures that you always have the right bulbs at hand for your E-Class Coupé. So if one of the bulbs fails or you're driving in one of the many countries where daytime driving lights are compulsory, you're well prepared

- Adapter*
- Box of replacement bulbs*
- Coolbag*
- Coolbox*
- Extension kit for rear-mounted bicycle rack*

- Ski bag*
- Tow rod*
- Trailer coupling*

CARGO & CARE

Tie-down strap

Even heavy objects can be secured in place easily using this strap

Fluorescent jacket

Already compulsory in many countries, the bright orange and yellow fluorescent jackets with reflective stripes are conspicuous even in the dark. Pack of two

Non-slip mat

black | Non-slip mat made from oil and acid-resistant polyester. Designed to fit the contours of the boot

Luggage nets

Available for the floor of the boot (pictured below) and the load sill (not pictured). Prevent lightweight objects from sliding around during your journey. The net for the load sill is in pocket format

Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life. Available in a 3.6 amp version (below) and a 25 amp version (not pictured)

Luggage-securing feature

Ingenious solution to the problem of luggage sliding around in the boot. Attaches securely around the object in question thanks to Velcro fastening

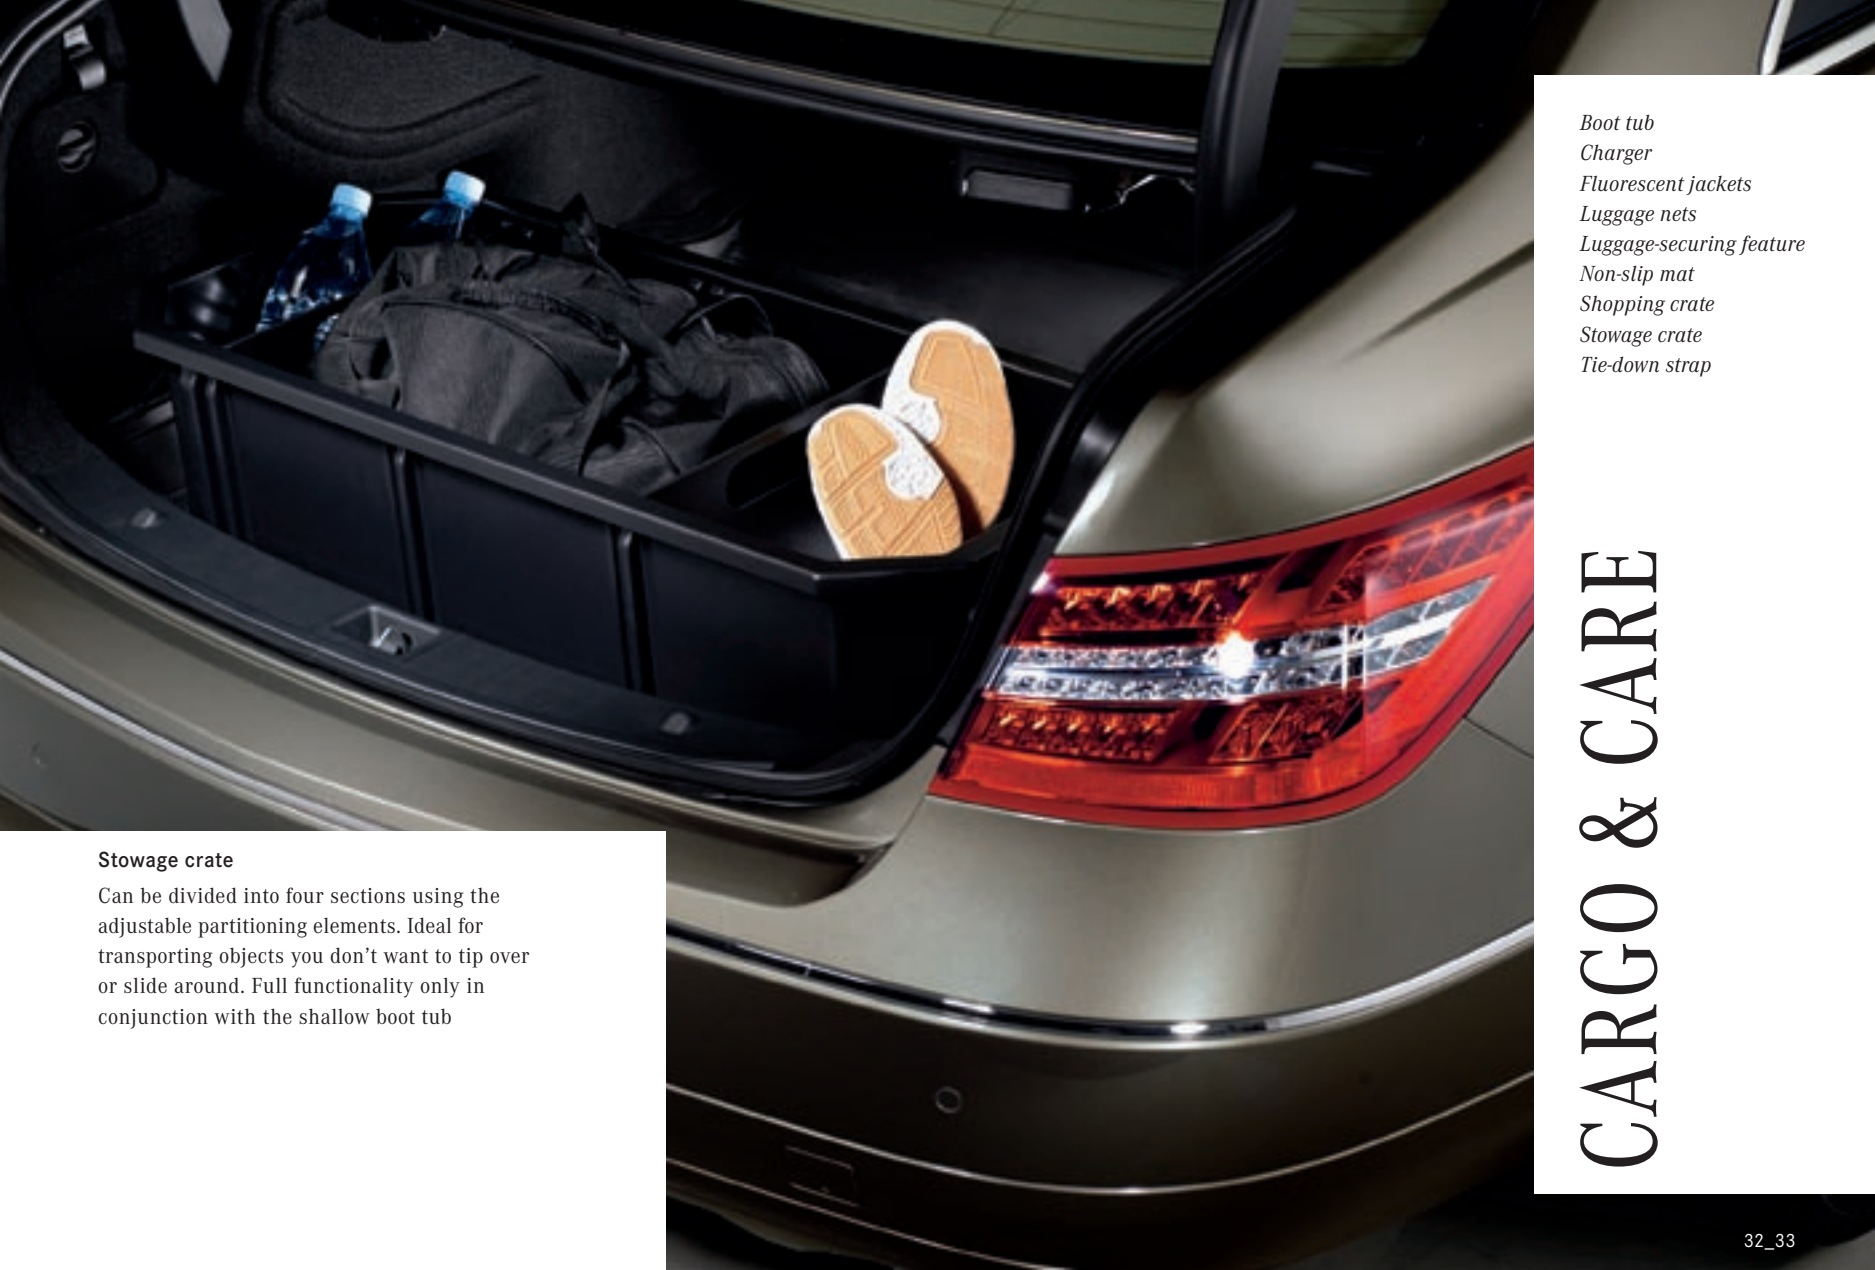

Shopping crate

anthracite | Collapsible

Shallow boot tub

Simple to clean. Non-slip thanks to Perl-M material. Suitable for transporting foodstuffs

- Boot tub*
- Charger*
- Fluorescent jackets*
- Luggage nets*
- Luggage-securing feature*
- Non-slip mat*
- Shopping crate*
- Stowage crate*
- Tie-down strap*

Stowage crate

Can be divided into four sections using the adjustable partitioning elements. Ideal for transporting objects you don't want to tip over or slide around. Full functionality only in conjunction with the shallow boot tub

May 2009

Please note: changes may have been made to the products since this brochure went to press (30.03.2009). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
