

 **TOYOTA HIACE**
oh what a *feeling!*

The Trademark of the Professional.

Long Wheel Base model shown.

Super Long Wheel Base model shown.

Trademark of the professional.

HiAce has been building its reputation for longer than most have been building their businesses. And as any professional knows, when you build a better product, people stick with you.

For over 35 years, HiAce has been there for Australians no matter what the task. Toyota listened to what buyers wanted now and in the future, whether government, fleet or private operators and set out to build a van that would meet the high expectations of its operators.

HiAce will move you and your load with your choice of two reliable and tireless engines. Both perform with impressive efficiency, which is vital in today's competitive business world where reduced running costs add up to greater profitability. You have the choice of a twin cam Variable Valve Timing with intelligence (VVT-i) equipped 2.7 litre petrol engine or a hard-working 3.0 litre turbocharged intercooled common rail diesel.

With typical Toyota Quality, Durability and Reliability (QDR), this is the vehicle that is sure to get the job done. And wearing the HiAce name, it projects a look of professionalism to your customers that will take your business to another level.

Commuter Bus model shown.

Three set-ups to suit your business.

Long Wheelbase (Van)

With a squared-off body, there's a large 6.0 cubic metres of cargo capacity making the Long Wheelbase a reliable and handy worker. You have seating for three, plus easier access with the larger sliding side door. You can also drive with peace-of-mind with driver and front passenger SRS airbags.

Super Long Wheelbase (Van)

A wide body and high roof helps give the Super Long Wheelbase the biggest capacity of any HiAce in history with a huge 9.8 cubic metres of cargo volume. Remote central locking and dual sliding side door access means you'll get plenty in, easily and conveniently.

Commuter Bus

Supportive seating provides ride comfort and helps reduce fatigue. A rear cooler ventilation system with overhead air vents provides additional comfort for occupants in the 2nd, 3rd, 4th and 5th row seats, plus three-point seatbelts for all occupants provides increased safety. The Commuter Bus also has the benefit of being able to fold up the last row of seats for increased storage when needed.

A power sliding door is also available as an option on Commuter Bus*, which allows for easy access to the rear passenger area in one of three simple ways: by grabbing the inner or outer door handle; via a switch located on the instrument panel; or simply by pressing a button located on the vehicle key remote.

*Available from August 2010 production.

HiAce. Toyota Genuine Accessories.

Accessories make a good thing even better.

HiAce featured is accessorised with Full Technician Kit Roof Rack, Alloy Nudge Bar, Cargo Barrier, Front Weathershields, Headlamp Covers and All Weather Rubber Floor Mats.

TOYOTA GENUINE ACCESSORIES COME WITH OUR TOYOTA WARRANTY*:

Some Toyota Genuine Accessories are not applicable to all HiAce models. See your Toyota dealer for advice regarding Toyota Genuine Accessories. Pictured Accessories are all sold separately. For a comprehensive guide on the entire range of Toyota Genuine Accessories, visit our website at accessories.toyota.com.au.

- ‡ All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for 12 months. Conditions apply. All warranties are additional to the implied warranties under the Trade Practices Act 1974.
- * Towing capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.
- + Reversing Camera and ParkAssist are designed as driver assist devices only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.
- ** Economy Ladder Holder Kit, Eye Bolts and Key Locking Security Cable (pictured) are sold separately as optional extras.
- † The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.
- * Current navigation mapping database encompasses major capital and primary national road networks, as well as offering some coverage of regional areas.
- ± iPod® is a registered trademark of Apple Inc.
- ±± Optional FollowMe iPod® Kit available. iPod® is a registered trademark of Apple Inc.
- ^^ Not all devices will be compatible and functionality will vary depending on the device.

LWB model shown.

Comfort and storage.

Hard working days will no longer be hard labour. Air conditioning with a clean air filter is fitted as standard, while the ease of power steering and supportive seats help reduce fatigue. The ergonomic three-dial instrumentation cluster has two electric trip meters for mileage checking and power front windows make paying tolls less taxing.

The centre seatback on Van models folds forward, offering a handy table with two cupholders for your lunch, or a foldout tray to hold order books or clipboards. If you get thirsty, retractable dual cupholders in the dash and bottle holders built into the front doors help keep your drinks secure. Additionally, drivers have a rear mounted reversing mirror across all models for added vision when reversing.

The HiAce's audio system is an MP3 compatible CD player with AM/FM radio and Bluetooth™[^] capabilities. The audio is heard through two door-mounted speakers (four speakers in the bus) and offers easy listening, while full length headlining reduces ambient noise.

For those long days on the road you can have plenty of music to choose from, simply connect your portable audio player into the 3.5mm AUX or your iPod®/USB memory stick^{##} into the USB input on the audio unit.

[^] The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

⁺ iPod® is a registered trademark of Apple Inc.

TOYOTA SERVICE ADVANTAGE CUTS NEW CAR RUNNING COSTS

Toyota Service Advantage makes owning your HiAce even more economical because you are entitled to low cost scheduled servicing. That's up to 6 standard services during the first three years or 60,000km, whichever occurs first. Terms and conditions apply. See your Toyota dealer or advantage.toyota.com.au for eligibility, pricing and more information. Toyota Service Advantage pricing represents the maximum amount payable for standard scheduled servicing which is as per 'maintenance for normal operating conditions' outlined in the Warranty & Service Handbook's service schedule. Service Advantage eligibility excludes Government and Rental vehicles and certain other exclusions apply.

CAPPED PRICE SERVICING

Note: Toyota Australia reserves the right to vary and discontinue from time to time the interior and exterior colours, trims and colour/trim/model combinations currently available. Colours and trims displayed here are a guide only and may vary from actual colours due to printing/display process. See your Toyota dealer to confirm colour/trim/model availability when ordering your vehicle.

* Indicates mica, metallic or pearlescent paint which is available at extra cost.
