

IMPORTANT!

This brochure has been compiled by Daimler AG of Germany or one of its Group Companies to provide a general indication only of the range of vehicles, optional extras (for example satellite navigation systems, interface and telecommunication kits), accessories, merchandise and/or products (together, the range is known as the “Products”) available in various countries. Some of the Products shown may not be available in Australia, or may only be available in a different specification. Additionally, some Products may only be available in combination with others. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. Products available while stocks last. Changes may have been made to the Products since this brochure was printed. The information in this brochure is therefore indicative, illustrative and provided only for guidance and should not be relied upon. For current information on the availability, design, features and prices of Products available in Australia you should contact your local authorised Mercedes-Benz Dealer.

01 Rear Seat Entertainment System

Business. Class

While the Rear Seat Entertainment System turns your B-Class into a mobile living room for rear-seat passengers young and old, the fully integrated navigation systems ensure you always have your destination in view while you manage your business via your mobile.

Sit back and relax – it's all under control.

A remote control [A], 2 sets of infrared headphones [B] and a range of multimedia connections [C]: the Rear Seat Entertainment System offers everything you need for in-car entertainment

01 Rear Seat Entertainment System

This elegant system allows the rear passengers to watch DVDs, look at their favourite pictures and even play video games on two superb 17.8 cm colour screens, without disturbing the driver or restricting the rear field of vision. The main screen controls the entertainment via an integral DVD player. The AV-IN connection and USB and SD card interfaces allow other storage media to be used too. The monitor can be removed from its mount with a click and can be used outside the vehicle with the aid of the 230 V/12 V mains adapter provided.

Supplied with two sets of infrared headphones and remote control. Also available as single-monitor set. A separately available video cable allows users to watch videos or view images from external sources

The system is designed to be retrofitted in your Mercedes-Benz – no factory-fitted pre-installation required

02 Media Interface video cable

Transforms your Mercedes-Benz into a cinema: watch videos on the high-quality 17.8 cm colour display of your COMAND Online system – while the vehicle is stationary. The cable connects the video source of your choice (e.g. camcorder, iPod video, iPhone, video player, etc.) to your vehicle's Media Interface via the AUX connection

Only in conjunction with Media Interface (Code 518). Does not support your iPhone's phone function. Please contact your Mercedes-Benz partner for further details

01 Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace our mobile-phone holders. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself. So changing your mobile and even alternating between different models of mobile no longer presents a problem. Telephone technology for enhanced convenience on board.

Other advantages:

- Optimum reception quality as a result of using vehicle's external aerial
- Mobile's battery is charged
- Access to internal phone memory
- Convenient operation using multifunction steering wheel

Holders are available for many current mobiles from Nokia (N8-00, 6303, 6303i classic, C5-00), Apple (iPhone 3G, iPhone 3GS, iPhone 4), BlackBerry (9700 Bold, 9780 Bold, 9105 Pearl 3G, 8300, 8310, 8320 Curve) and Sony Ericsson (K850i)

Only in conjunction with Convenience Telephony (Code 386)

02 Mercedes-Benz Bluetooth® (SAP*) telephone module

The telephone module is designed to extend the mobile communication system in your Mercedes-Benz. Just connect it to your Convenience Telephony system (Code 386) in the centre armrest, and start using your mobile via the on-board hands-free system. Two versions of the Mercedes-Benz Bluetooth SAP* telephone module are available: one in the form of a closed box [picture 02] and the other with a corded handset [not pictured]. Both versions feature a SIM card reader. Comparable with a permanently installed phone.

Other advantages of the telephone module:

- Access to contact details saved on your SIM card and in the phone's memory
- Optimum reception quality as a result of using vehicle's external aerial
- Receive and read text messages
- Charge mobile phone via USB interface (closed box only)
- Compatible with a variety of Nokia and BlackBerry phones

*SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

For further information about using the phone while in your car, go to www.mercedes-benz.com/connect or contact your Mercedes-Benz partner

03

03 Reversing camera

Ever feel you need eyes in the back of your head? Your Mercedes-Benz can help. This optional camera, discreetly installed in the handle strip of your tailgate, sends an image of the area behind the vehicle directly to your COMAND Online display, assisting you when reversing into a parking space or manoeuvring and helping to prevent costly collisions

System requirement: COMAND Online

04 QUICKPARK

Acoustic warning system for the rear, making precision parking much easier and helping to prevent damage to the vehicle when manoeuvring

04

Telematics

Telephony
Parking aids

01

01

01 Becker® MAP PILOT

Transforms your Audio 20 radio into a high-performance navigation system with 3D map views. Becker® MAP PILOT uses the standard-fit 14.7 cm colour display and is conveniently operated via the vehicle controller and the Audio 20 keypad.

The plug-in navigation module can be connected to your PC via USB to get the latest updates or other downloads from the Becker® MAP PILOT website

Only available in Europe

02 COMAND Online with 6-DVD changer

High-performance multimedia system with 6-DVD changer, hard-drive navigation system, telephone keypad and internet browser, shown on high-resolution, 17.8 cm colour display

- Navigation system with 2D/3D map views, Speed Limit Assist and automatic congestion avoidance (TMC Pro)
- Unrestricted internet access - when vehicle is stationary
- MUSIC REGISTER with 10 GB storage for diverse audio files (MP3, WMA, AAC), USB interface incl. CD cover display and AUX-IN connection (in centre armrest), Bluetooth interface with hands-free function and audio streaming for music playback, slot for SD memory cards, DVD Video
- LINGUATRONIC voice-operated control system for audio, phone and navigation

03 Europe navigation DVD for COMAND Online

Did you know that we update around 20% of the information on our navigation CDs and DVDs every year? Changes include new roads and junctions, altered priorities, new points of interest such as filling stations and restaurants and additional countries, above all in Eastern Europe. Save time and spare yourself the annoyance of unnecessary detours by asking your Mercedes-Benz partner for the latest navigation DVDs

SD memory card

The COMAND Online system in your vehicle features a slot for SD memory cards. You can listen to music directly from an SD memory card or upload it onto your COMAND system's hard drive (not pictured)

Choose your favourite wheels online

Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at www.mercedes-benz-accessories.com

Mercedes-Benz light-alloy wheels are precision-tailored to your vehicle in terms of design, dimensions and weight. During their development, they are subject to numerous rigorous tests, according to exacting Mercedes-Benz guidelines which far exceed statutory requirements. A high-quality multi-layer paint finish provides long-term protection against corrosion.

Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing.

As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz dealer has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Mercedes-Benz light-alloy wheels are supplied without tyres, hub caps, valve caps or wheel bolts. To help prevent theft, we recommend the use of Mercedes-Benz rim locks

01

01 Valve caps, black

Stylish highlights in a new design.
Protect the valves from dirt. Set of 4
Wheel bolts | not pictured

02

03

04

05

06

07

Hub caps

Protect the hub from dirt.
Available in the following versions:

- 02 black with chrome star
- 03 classic Roadster design in black
- 04 classic Roadster design in blue
- 05 himalayas grey with chrome star
- 06 titanium silver with chrome star
- 07 sterling silver with chrome star

08 Tyre pressure gauge

Allows you to carry out a quick tyre pressure check on the road or at home. Keeping tyres at the optimum pressure saves fuel and reduces tyre wear. Suitable for all motor vehicle tyre valves and for cycle valves. Supplied with leather pouch

08 09

09 Rim locks

Protect your valuable light-alloy wheels from theft – set consisting of coded key and one lock per wheel

10 Chrome-look indicator bulbs

Mirrored bulbs which blend discreetly into the chrome finish of your Mercedes-Benz, only flashing orange when activated (compare with standard equipment in inset picture)

11 Snow chains

High-performance chain for the toughest of conditions and excellent traction on snow and ice. Easy to fit – fastens on outside

12 Mud flaps

Protect the underbody and the sides of the vehicle from loose chippings and dirt. Available in pairs for front or rear axle. Black

Best. In. Class

For our youngest passengers in particular safety, comfort and flexibility are crucial. That's why our child safety systems are every bit as capable as the B-Class itself, ensuring optimum driving pleasure for every age group on board.

Mercedes-Benz child safety

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition (Code U18), the front passenger airbag is automatically deactivated when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.

Mercedes-Benz child seats are available in the "Limited Black" design. The covers are washable and very hardwearing. Replacement covers for the head sections of all child seats are available as an option in flannel grey and chilli red [pictures 04 and 05] as well as a complete replacement cover in the popular "DaimlerSquare" design [picture 06]

01 “DUO plus” child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With automatic child seat recognition and ISOFIX attachment points. Adjustable tilt

02 “BABY-SAFE plus II” child seat

The patented D-SIP system offers optimum side-impact protection for babies from birth. The integral recline system allows a flatter reclining position for your newborn. Headrest and harness height can be adjusted to suit your child. For babies up to around 15 months (up to 13 kg)

03 “KidFix” child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KidFix” seat is secured using the 3-point seat belt and ISOFIT attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg)

04–06 Child seat covers

Replacement covers are available for all child seat models – either in the form of a cover for the head section in flannel grey [picture 04] or chilli red [05] or as a complete replacement cover in the popular “DaimlerSquare” design [06]

07 Padded play table for integral child seat

Protects the child’s abdomen when using the integral child seat. For children between the ages of around 2 and 4 (12.5 to 18 kg)

08 Vario bag

Plenty of extra stowage space for the really important things in life. Available in “DaimlerSquare” design

Mercedes-Benz floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. Can be clip-fastened to the floor to prevent slipping

01 CLASSIC velour floor mats (set of 4)

Elegant, high-quality, black tufted velour mats, featuring metal badge with Mercedes-Benz lettering. Available with black, crystal grey, hazelnut brown or sahara beige edging

02 CLASSIC rep floor mats (set of 2)

Durable, extremely hardwearing needle felt mats, featuring metal badge with Mercedes-Benz lettering. Available in black

03 CLASSIC all-season floor mats (set of 2)

Robust, washable synthetic mats, designed for heavy use. Contemporary design with recessed areas and raised edge. Distinctive Mercedes-Benz star logo. Available in black

04 Cup holder for the centre console

Handy drinks holder for the stowage recess in the centre console. Holds up to 2 containers of different sizes

05 Back cushion

Individually adjustable cushion, designed to provide ergonomic support for the back on long journeys. Available in anthracite

06 Coat hanger

For uncreased clothes at the end of your journey – an elegant and practical chromed metal coat hanger. Easy to fit to the front head restraints

Leather steering wheel

Unique items in leather. Leather steering wheels from Mercedes-Benz are handcrafted masterpieces, designed to enhance the interior of your vehicle in exclusive style. Ask your Mercedes-Benz partner about steering wheels to match your interior (not pictured)

Stainless steel pedal covers

A sporty touch: elegant brushed stainless steel and non-slip studs signal sporting ambition (not pictured)

Cargo & Care

Carrier systems

Load compartment accessories

- 01 Mercedes-Benz roof box 450
- 02 Alustyle Quickfix basic carrier bars

Top. Class

The B-Class is a car that's already packed with stowage space. But the range of Mercedes-Benz genuine accessories includes several intelligent additional solutions when it comes to transport. Whether you are looking to transport items on the tailgate, on the roof or in a perfectly organised load compartment, here you will find systems to meet the highest demands.

01 Alustyle Quickfix basic carrier bars

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport solutions: ski and snowboard rack, bicycle rack or roof boxes.

Fitted in next to no time without the use of tools, thanks to new, innovative quick-release fasteners. Aerodynamic, noise-optimised, crash-tested Mercedes-Benz design. Lockable

02 Transport and stowage bag for Alustyle basic carrier bars

Robust bag, made from a high-quality nylon fabric. Protects your Alustyle basic carrier bars when stowing or transporting them

03 New Alustyle ski and snowboard rack "Comfort"

For up to 6 pairs of skis* or 4 snowboards. Lockable. Practical pull-out function makes loading and unloading easier

Cargo & Care

Carrier systems

03

04

04 New Alustyle ski and snowboard rack "Standard"

For up to 4 pairs of skis*
or 2 snowboards. Lockable

*Subject to geometry of skis

05

06

05 New Alustyle bicycle rack

Extremely lightweight bicycle rack, designed for your basic carrier bars. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted. Support frame folds down when not in use to reduce drag when travelling without cycles. Suitable for cycles with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). Up to 4 bicycle racks can be fitted to your basic carrier bars. Please, however, bear in mind your vehicle's permissible roof load

06 Coil lock

Available as a separate accessory

01

Mercedes-Benz roof boxes

Aerodynamic design, tailored to your Mercedes-Benz. Extremely hardwearing material. Designed for quick, optimised attachment to your basic carrier bars. Available with opening on both sides (boxes 450 and 330) for particularly easy loading and unloading. Boxes lock on both sides

01 Mercedes-Benz roof box 450

Family box – updated design. Capacity approx. 450 litres. Available in black metallic and matt silver. Optional accessories: luggage set and ski rack insert

02 Mercedes-Benz roof box 330

Sports box. Capacity approx. 330 litres. Available in titanium metallic and matt silver. Optional accessories: luggage set and ski rack insert

03 Luggage set for Mercedes-Benz roof boxes

Hardwearing, water-repellent polyester bags, designed to make perfect use of the space available in your roof box. All bags supplied with comfortable shoulder strap

Luggage set for Mercedes-Benz roof box 450 and XL

Set of four bags plus two ski bags, each for max. two pairs of skis*. Ski bag also available separately

Luggage set for Mercedes-Benz roof box 330 and L

Set of four bags

04 Ski rack insert for Mercedes-Benz roof boxes

Insert for securing your skis – precision-tailored to the internal dimensions of the roof box

Ski rack insert for Mercedes-Benz roof box 450 and XL

A secure hold for up to five pairs of skis*

Ski rack insert for Mercedes-Benz roof box 330 and L

A secure hold for up to three pairs of skis* | not pictured

*Subject to geometry of skis

01 02

Roof box 450 / 330
matt silver

Boxes open on both sides for convenient loading and unloading

03 04

05

Cargo & Care

Carrier systems

05

05

06

07

05 Rear-mounted bicycle rack for trailer coupling, folding

Easy-to-use, lockable rear-mounted bicycle rack, designed to provide secure transport for 2 or 3 cycles. Rack is easy to attach to trailer coupling, and cycles are equally easy to fit to rack. An ingenious roller mechanism means that the load compartment can still be opened.

The rack is easy to fold for space-saving stowage in the load compartment, at your holiday accommodation or at home. The robust nylon transport bag is designed to protect the folded bicycle rack when stowed

Available from 1st quarter of 2012

06 Trailer coupling

Fold-away design. Corrosion-protected finish. Maximum drawbar load 75 kg

07 Adapter

For trailer with 7-pin plug

01 Deep boot tub

Deep tub made from flexible, impact-resistant HD-PE. Suitable for transporting foodstuffs

02 Shallow boot tub

Made from impact-resistant, non-slip polypropylene. Suitable for transporting foodstuffs. Ribbed structure holds separately available stowage crate in place. With practical Velcro strip for attaching concertina load sill protector

03 Stowage crate

A secure hold for items which are prone to tip over or slide around, e.g. shopping bags. Adjustable partitioning elements allow crate to be divided into max. 4 sections. Optimum functionality only in conjunction with shallow boot tub

04 05

Cargo & Care

Load compartment accessories

04 Shopping crate

Anthracite. Collapsible

05 Luggage-securing feature

Ingenious solution to the problem of luggage sliding around in the load compartment. Attaches securely around the object in question thanks to Velcro fastening

06 Reversible mat

With one high-quality velour side and one non-slip side. Can be connected to concertina load sill protector

01 Concertina load sill protector

Protects the rear of the vehicle from scratches when you're loading the vehicle - and prevents dirt from the car from getting onto your clothes. Practical design - can be connected to shallow boot tub or reversible mat

02 Coolbag, 12 litres

Cools to up to 20°C below ambient temperature - to max. -2°C. Strong, highly insulated inner shell with fabric cover, outside pockets and shoulder strap. Capacity: 12 litres. Can be connected to 12V socket in vehicle or to 230 V power source via separately available rectifier

03 Coolbox, 24 litres

Not only cools but warms too. Cools to up to 20°C below ambient temperature - to max. -2°C. Can be switched to warming function. Robust, highly insulated hard case with fabric cover, outside pockets and padded strap for carrying. Capacity: 24 litres. Can be connected to 12V socket in vehicle or to 230V power source via separately available rectifier

04 Tie-down strap

Adjustable strap with ratchet fastener - ideal for securing items to the load-securing rings

05 Rectifier

Allows the coolbox and the coolbag to be connected to a 230 V socket at home

06 Fluorescent jacket

Already compulsory in many countries: fluorescent jackets with high-visibility reflex stripes. Available individually or as a pack of two

07 Box of replacement bulbs

The use of daytime running lamps is a requirement in more and more countries. With this compact box, genuine Mercedes-Benz bulbs are always within easy reach

09

05

06

07

08

08 Vehicle tool kit

Everything you need to change a wheel - from the wheel wrench to a pair of gloves. All handily stored in compact bag

09 Charger with trickle charge function

New life for your car's battery: checks, charges and revives your battery - even if it's totally flat. Tailored to your vehicle's complex electronic systems. Available in 3.6 A and 25 A version

I. Design & Development

Mercedes-Benz genuine accessories make your dream car a reality - while ensuring that it remains a Mercedes-Benz through and through:

- ▶ Individualisation options are developed in accordance with the Mercedes-Benz car design philosophy
- ▶ The use of CAD data from Mercedes-Benz Vehicle Development ensures precision-fit accessories

II. Quality & Safety

When it comes to Mercedes-Benz vehicles, quality and safety are paramount. You can feel equally safe with Mercedes-Benz genuine accessories as a result of:

- ▶ Stringent safety measures and extensive load testing, including the use of crash test facilities and the wind tunnel
- ▶ Harmonised development of both vehicle and Mercedes-Benz genuine accessories
- ▶ The highest of standards, far in excess of those prescribed by law

Mercedes through and through

Quality &
Safety

When you drive a Mercedes-Benz, you do so for the best of reasons. Why should your choice of accessories be governed by different standards? Pioneering when it comes to design and technology, Mercedes-Benz genuine accessories deliver on the promises of a major brand.

III. Function & Operation

Mercedes-Benz genuine accessories form part of the vehicle concept from the outset. This results in impressive functional solutions:

- ▶ Fully integrated telematics products can be operated safely and conveniently using the multifunction steering wheel
- ▶ Roof-mounted carrier systems can be fitted quickly and without the use of additional tools
- ▶ Instructions and manuals are in standard format and easy to understand

IV. Advice & Fitting

No one is as familiar with the ins and outs of your vehicle as our employees. And the same goes for Mercedes-Benz genuine accessories:

- ▶ Contact your Mercedes-Benz Service and Sales partners for expert advice
- ▶ Trust our trained specialists when it comes to fitting Mercedes-Benz genuine accessories

Genuine accessories for the B-Class

Light-alloy wheels are supplied without tyres, wheel bolts or hub caps

Further colour variants for individual products can be found in the separate price list for this brochure

Please note: changes may have been made to the products since this brochure went to press (01.11.2011). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
