

Aurion

TOYOTA

The Toyota Advantage.

Capped price servicing.¹

The Aurion comes with Toyota Service Advantage. That means you'll pay the same low capped price for eligible logbook services.¹ So you'll enjoy the peace of mind of knowing in advance what your maximum servicing costs will be. Better still, your Toyota will be serviced by Toyota-trained Technicians who know your vehicle inside out and use Toyota Genuine Parts. For the full benefits of Toyota Service Advantage consult a Toyota dealer or visit toyota.com.au/advantage

We've got your back.

Every new Toyota is built to exceptional standards, which is backed by a 3 year/100,000km² warranty, giving you the peace of mind to feel confident for years to come.

Finance to get you going.

Sometimes you need just a little help to get up and running. Toyota Finance³ can offer you a wide range of vehicle financing. From personal loans to leasing for all kinds of business, we can help.

Even more protection.

Everyone needs vehicle insurance, but take out our Comprehensive Motor Vehicle insurance and you'll get a policy packed with a great range of benefits.

These include:

- Where your Toyota becomes a total loss, is under 3 years old and has less than 100,000km on the clock, we'll replace it with a brand new Toyota vehicle.
- We'll also promise to use Toyota Genuine Parts to repair your vehicle if it is less than 5 years old.
- And we'll guarantee the quality of workmanship on all authorised repairs as long as you remain the owner of the vehicle.

Toyota Insurance also offers Finance Gap Insurance, Payment Protection Insurance and Extended Warranty Insurance.⁴

Extend your peace of mind.

Extend your original factory warranty by up to 3 years with the Toyota Extra Care Extended Factory Warranty. Available on most new and used Toyotas,⁵ it will give you extra peace of mind – as will membership to our Roadside Assist service, offering breakdown assistance 24/7. Rest assured should your vehicle be immobilised by a roadside breakdown or accident, help is never more than a phone call away with Toyota Extra Care Roadside Assist.

PRESARA MODEL IN ECLIPSE BLACK

Pure, unadulterated luxury.

Driving is about far more than simply reaching a destination. And if there's one vehicle that turns every drive into a sophisticated and enjoyable journey, it's the refined Aurion V6.

From its understated elegant design and powerful yet efficient V6 engine, to its opulent interior, Aurion is a car that is built with intent and delivers undisputed luxury – without compromise.

Embodying the latest technological innovation, Aurion makes driving a simple and seamless pleasure. No matter where you turn, you are surrounded by premium finishes, quality materials, and every little luxury imaginable.

Truly sophisticated and truly comfortable, Aurion is a car that will get you noticed. In the best possible way.

In a class of its own.

When it comes to superior comfort, intelligent engineering and a truly premium drive, Aurion delivers.

This is a vehicle that has been carefully crafted and is built to be enjoyed. From the dynamic design of the front grille, to the sporty profile of the alloy wheels, Aurion offers an instant impression of refinement and a touch of class.

Within the Aurion range, you'll also find individual interpretations of style – with the Presara and Prodigy representing true elegance and prestige, and the Sportivo models SX6 and ZR6 delivering plush, sports-inspired luxury.

Beneath the sleek lines of Aurion's bonnet you'll find a technically advanced, 3.5L dual VVT-i V6 engine that delivers an impressive 200kW – everything you need to confidently and smoothly overtake, climb hills or cruise the open road.

Delivering a truly aerodynamic, streamlined and smooth ride, Aurion's suspension has been specifically tuned for Australian road conditions – and works beautifully with the automatic six speed sequential shift transmission. Both Sportivo models include quick response paddle shifters, which enables faster gear changes and a more dynamic driving experience. And with fuel efficiency of just 9.3L/100km¹, Aurion strikes an ideal balance between economy and performance.

Sophisticated technologies in Presara and Sportivo ZR6 also combine to provide maximum visibility on the road, including:

Blind Spot Monitor

Even when your mirrors are properly adjusted, adjacent vehicles may enter blind spot areas that are outside of your view. Blind Spot Monitor² uses radars to monitor these blind spots. Should you indicate to change lanes, the system will alert you to other vehicles that are hiding in the blind spot zones, via illuminating warning indicators on the appropriate side mirror. Knowing what's around your vehicle is key to confident driving.

Automatic High Beam

Automatic High Beam technology³ is designed to automatically switch the headlights from high beam to low beam when it detects approaching vehicles or preceding vehicles travelling ahead. Another smart feature to make your drive more comfortable.

Adaptive Front Lighting System

In Presara and Sportivo ZR6 models an Adaptive Front Lighting System changes the headlamp beam direction in response to steering – helping ensure optimal visibility at night, especially at intersections or on curving roads. When turning, the system estimates where your vehicle will be in three seconds based on its speed and steering angle, and adjusts the low beam headlamps left or right accordingly.

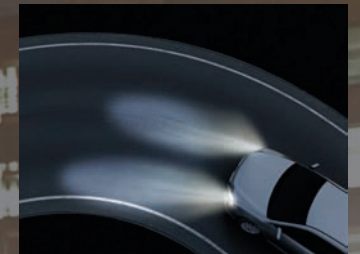

- ¹ Fuel consumption and emissions will vary depending on driving conditions/style, vehicle conditions and options/accessories. Source of fuel consumption data: ADR81/02 combined cycle.
- ² Blind Spot Monitor is designed as a driver assist device only and should not be used as a substitute for safe driving practices. Available on Presara and Sportivo ZR6 models only.
- ³ Automatic High Beam is designed as a driver assist device only and should not be used as a substitute for safe driving practices. Available on Presara and Sportivo ZR6 models only.

PRESARA MODEL IN ECLIPSE BLACK

So comfortable, you'll never want the journey to end.

Featuring a truly premium interior, Aurion is a striking interpretation of sophistication and style. Luxurious finishes and a leather accented interior on Prodigy, Presara and Sportivo ZR6 are just the start, with three unique interior ornaments.

Thanks to Smart Start and Smart Entry,¹ even stepping inside this car is a refined experience. Aurion will unlock as soon as you grasp the door handle and it will start at the push of a button – all with the key still in your pocket or bag.

Once inside, you'll notice contrasting textures combined with curved surfaces that create a sense of spaciousness, with generous legroom and handy storage facilities throughout the cabin. Features like dual zone climate control air conditioning provide ultimate driver and passenger comfort.

Need to make or receive a phone call or change your music? Aurion makes that a seamless experience too. Simply register your device and enjoy Bluetooth™² connectivity for audio streaming and hands-free mobile calls. Thanks to voice control in Presara and Sportivo ZR6 models, you can also easily call someone hands-free on your mobile or even change tracks.

Aurion continues to impress with a 6.1" audio display screen standard on the AT-X, Prodigy and Sportivo SX6 models. Taking it a step further are the Presara and Sportivo ZR6 models, offering a 7" display screen complete with Satellite Navigation and SUNA™ Traffic Channel³ which keeps you up to date on the latest road conditions and alternative routes to avoid congestion, helping you save both time and fuel.

And when it comes to music, you can enjoy it all via a ten-speaker, surround sound JBL premium audio with digital radio (DAB+)⁴ system in Presara and Sportivo ZR6 models. Or, switch everything off and enjoy the whisper quiet nature of your cabin. Thanks to Toyota's innovative acoustic insulation technology, you can listen to the car's audio or hold a conversation with fewer engine or road noises intruding in your private sanctuary.

With a five-star ANCAP safety rating, Aurion has an impressive system of passive and active safety technologies. This includes seatbelt warning indicators for all occupants and seven SRS airbags, including a driver's knee airbag. So you can enjoy true peace of mind every time you sit behind the wheel.
