

Kluger

The Ultimate Family SUV.

TOYOTA

Kluger. It's a family thing.

From nose to tailgate, Kluger is designed to fit in with the active Australian family lifestyle.

Look behind the bold lines and sculpted contours and you'll find a car brimming with versatility as well as style. Available with two or three rows of seats, seating arrangements can be changed quickly and easily to accommodate up to seven passengers. In seven-seat variants, backrests in the third row seats can even be split 50:50 in a single action. So your Kluger can be prepared to handle any kind of family activity.

Within the roomy interior, you'll find an abundance of ingenious storage ideas. Like cleverly concealed stowage compartments and a large centre console box, that put family essentials within easy reach. There's also a handy glass hatch which lets you access the rear without having to open the tailgate - perfect for fast loading and unloading in confined spaces.

Pleasure. Outside and in.

Grande model shown.

The statement made by Kluger's striking appearance is echoed by an astonishingly well-appointed, versatile and comfortable interior.

In-car entertainment is Kluger's most sophisticated yet, with MP3¹ and CD options and a six-speaker audio system, controllable from the steering wheel so you don't need to take your eyes off the road.

In the Grande model a roof-mounted, 9" LCD screen Rear Seat DVD player with three wireless headsets is a great distraction for passengers of any age, however long the trip.

Then there are the little touches that make family trips so much more convenient. Like the three individual multi-zone climate control areas, on selected models², where passengers can determine their own temperature levels. Or the keyless 'Smart' entry and start systems in the Grande model that gets you away faster than ever, by letting you leave the keys in your pocket or handbag, unlock the door by "touch" and start the car just by pushing a button.

It's impressive features like this, and many more, that make Kluger the perfect family all-rounder.

TOYOTA GENUINE ACCESSORIES ARE COVERED BY OUR TOYOTA WARRANTY¹
Some Toyota Genuine Accessories are not applicable to all models/grades. Please also consider the mass of your load to ensure you will not exceed the maximum allowable individual axle capacity, Gross Vehicle Mass and/or Gross Combined Mass of the vehicle. Refer to the Accessories brochure (available from your Toyota salesperson) or visit toyota.com.au for details on warranty and toyota.com.au/vehiclepayload for details on vehicle payload, to help determine which Accessories are suitable for your vehicle. Pictured accessories are sold separately. Accessory colours shown may vary from actual colour due to the printing process.

¹ All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply.

The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.

- The Reversing Camera and ParkAssist are designed as driver assist devices only and should not be used as a substitute for skilled driving and/or safe parking practices. The area into which the vehicle is to be driven must be visually monitored by the driver.
- Current navigation mapping database encompasses major capital and primary national road networks, as well as offering some coverage in regional areas.
- Not all devices will be compatible and functionality will vary depending on the device.
- Towing capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

Like all Toyotas, Kluger is designed to exceed the world's current and anticipated safety standards under our Global Outstanding Assessment (GOA) programme. Bodywork is reinforced to cocoon and help protect passengers. Seven SRS airbags, including curtain airbags, come as standard across the range.

Kluger's Vehicle Control Management System (VCMS) links important vehicle information to ensure you retain maximum control in emergency situations. And innovative safety features include a Reversing Camera¹, that helps you back safely out of any space. Plus, with features like MP3² compatibility, CD and DVD entertainment³ options, the ride is as enjoyable as it is safe.

It's all this that makes us proud to call Kluger the ultimate family SUV.

- 1 The Reversing Camera is designed as a driver assist device only and should not be used as a substitute for skilled driving and/or safe parking practices. The area into which the vehicle is to be driven must be visually monitored by the driver.
- 2 Not all devices will be compatible and functionality will vary depending on the device.
- 3 Grande model only.
