

Prado

Rugged elegance.

TOYOTA

toyota.com.au

Oh what a feeling!

Go anywhere in style.

When you consider the many challenges of a modern lifestyle, dropping the kids at school can now be as treacherous as negotiating a mountain pass. Which is why Prado has been designed to provide refined comfort, rugged dependability and smooth driving, whether in town, off-road or out on the highway.

Boasting bold, contemporary and head turning style, Prado is also purpose built to give you plenty of 4WD muscle to handle the tough stuff and tow heavy loads. All smartly combined with an abundance of intelligent features and outstanding creature comforts to help make sure you'll always arrive safe, refreshed and relaxed, whatever the destination.

VX model shown

**Beauty never
looked so tough.**

Kakadu model shown

The highly refined exterior lines of Prado have not occurred by chance. Every element has been painstakingly designed to serve a specific purpose.

Functionality comes to the fore with a muscled-up front-end featuring sophisticated chrome vertical grille bars (VX and Kakadu models only). On the VX and Kakadu models, the headlamps feature stylish Daylight Running Lamps (DRLs) to give an assured

presence on the road. With powerful halogen headlamps on the GX and GXL and stylish LED headlamps on the VX and Kakadu, the path ahead will be bright even on the darkest nights.

Particular attention has been paid to refining Prado aerodynamics. Airflow is efficiently redirected around the front bumper, the tyres and wheel housings. It's channelled under the car and over

the roof to smoothly exit behind the vehicle while the aero stabilising fins support airflow past the outer mirrors and rear lights. Even air flowing through the radiator is carefully deflected to reduce turbulence.

Then should the weather take a turn for the worst, the rain sensing wipers on VX and Kakadu models will automatically spring into action.

Kakadu model shown

Find everything at your command.

Cast your eyes forward from within Prado, and you'll notice every feature and control has been carefully placed for maximum practicality and visibility.

On Kakadu models the centre console incorporates the controls for all off-road functions, so it's easy to select what you need, precisely when you need to.

Every switch is illuminated to catch your eye in all driving conditions. A Combination Meter presents vital information to drivers in the GX and GXL via twin cylindrical dials that are backlit to provide a precise, three-dimensional appearance.

The VX and Kakadu also feature an Optitron Combimeter with enhanced backlighting that incorporates a colour Multi Information Display (MID) that presents four separate zones of information. These include trip information, ride and transmission settings, outside and travel conditions and details of many vehicle operations and drive functions.

Comfort to master every situation.

Whether in traffic, out in the wild, on holiday or a family weekend away, you'll always be travelling first class in Prado. It begins with Smart Entry and Start system, allowing you to unlock and get going while the key remains in your pocket or bag.

Gently grip the premium steering wheel on the GXL, VX and Kakadu, and you'll find the switches for cruise control, audio and phone functions at your fingertips.

You'll always stay snug in heated front and second-row seats in the Kakadu and VX. Then when things start heating-up, air-conditioning with a clean-air filter will keep you cool, featuring automatic tri-zone comfort on GXL, VX and Kakadu models, including a separate rear control panel.

With a minimum of six and a maximum of fourteen speakers, Prado sounds as good as it looks. Experience breathtaking audio quality from CD, radio and your iPod®¹, as well as advanced connectivity via Bluetooth®² with audio streaming or via a USB input.³ And all can be operated using simple touchscreen control.

Rear passengers in the Kakadu can also enjoy video entertainment provided by the integrated Blu-ray player with a large 9" colour monitor, while listening on wireless headphones. The luxurious touches even extend to a cool box in the Kakadu centre console with space for four 500ml bottles.

Now go and get rough.

When the time comes to farewell the bitumen and head off-road, Prado is built to take you there and safely back again. With Variable Flow Control (VFC) power steering, you'll always have the ideal feel and level of assistance to suit the conditions.

The double wishbone front and 5-link rear suspension provide excellent handling stability and comfort even when the going gets rough. The Kinetic Dynamic Suspension System (KDSS) on the VX and Kakadu models electronically controls the suspension to provide gentler behaviour. The Adaptive Variable Suspension system (AVS) on the Kakadu also allows you to choose from three modes to dampen the shock absorbers to suit particular driving conditions.

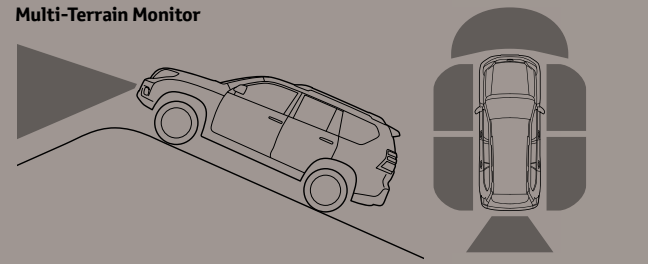

You'll also appreciate the advanced off-road assistance of Active Traction Control (A-TRC) to eliminate wheel spin on slippery surfaces by automatically distributing the power to the tyres with the best grip. When faced with heading up or down steep slopes, Hill-start Assist Control (HAC)⁴ and Downhill Assist Control (DAC)^{4,5} help reduce you rolling backwards or descending too fast and getting out of shape. The Kakadu also features CRAWL Control⁶ to allow you to maintain a low constant speed on challenging surfaces by automatically and independently controlling both engine power and brake input to each wheel. The Multi-Terrain Select system (MTS)⁷ is an evolution of the A-TRC function and allows you to select grip assistance according to the terrain. Plus the Rear Differential Lock can be activated to further optimise grip.

And keeping you in touch with the situation, the Multi-Terrain Monitor (MTM)^{7,8} allows the driver to get a close look at the conditions right around the vehicle.

The power and the glory.

Prado provides you with two great engine options. Both offering all the muscle and finesse you'll ever need to complete your personal mission.

The big V6⁹ with Dual Variable Valve Timing with intelligence (VVT-i) is a real powerhouse. It pumps out an impressive 202kW and has plenty of pulling power thanks to the 381Nm of torque. All delivered through a highly responsive 5-speed automatic transmission, with multi-mode to give you the option of manual control.

The 3.0 litre Turbo-diesel delivers a silky smooth 127kW of direct-injected power and an awesome 410Nm of torque, so you'll have the grunt to tackle the muddiest trails. Yet even with such impressive performance, this engine also delivers sufficient fuel efficiency with 8.8L/100km,¹⁰ or around 1,700km per tank, for the 6-speed manual transmission.¹¹

Dual VVT-i 4.0 litre V6 Petrol engine

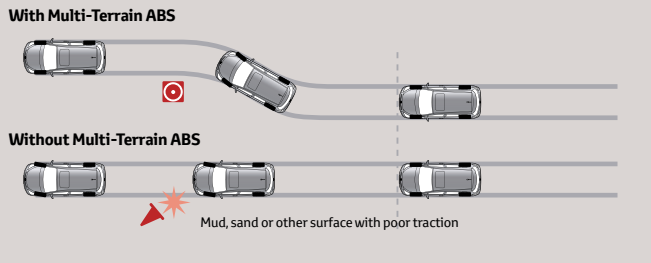

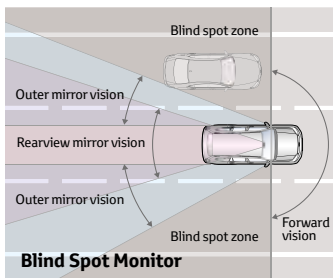

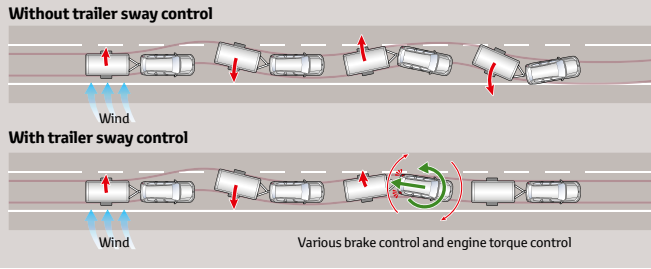

3.0 litre Turbo-diesel engine

Seven SRS airbags – Kakadu model shown

Blind Spot Monitor

Safety throughout.

Wherever your Prado takes you, an incredible array of safety features will protect you. The 'Safe T-Cell' body is designed to take impact from the front, rear and sides. Seven SRS airbags, including full-length side curtain-shield airbags, help provide you with all round protection.

The Vehicle Stability Control (VSC) uses electronic sensors in both the Anti-lock Braking System (ABS) and Traction Control (TRC) to help correct any potential oversteer or understeer when cornering, in all driving conditions. Electronic Brake-force Distribution (EBD) automatically puts more braking force on the wheels that need it most. In the event of an emergency when rapid braking is called for, Brake Assist (BA) will apply extra force to the brakes to help deliver the shortest and safest possible braking distance.

The reversing camera¹² provides clear vision of what's behind. And the Back Guide Monitor (BGM) on Kakadu also provides on-screen guidelines to help you manoeuvre. Plus the front and rear parking sensors¹³ signal how close you are to any obstacle. On the open road, the Active Cruise Control (ACC)¹⁴ on Kakadu will automatically keep you a safe distance from traffic ahead. And if you're towing, Trailer Sway Control (TSC) uses sensors to suppress sway triggered by elements including wind, bumpy roads and the steering operation.

GX

- 3.0 litre Turbo-diesel engine
- 5-speed automatic or 6-speed manual transmission
- Towing capacity 2500kg braked; 750kg unbraked¹⁵
- 17" Alloy wheels
- Halogen headlamps with 'Headlight-On' function (not available on VX and Kakadu models)
- Five seats (7-seat option)
- Reversing camera
- Seven SRS airbags
- Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
- Vehicle Stability Control (VSC)
- Active-Traction Control (A-TRC)
- Downhill Assist Control (DAC) (Automatic transmission models only)
- Hill-start Assist Control (HAC) (Automatic transmission models only)
- Air conditioning
- Smart Entry and Start system
- Urethane steering wheel with audio and telephone controls
- Single-disc in-dash CD player with LCD touchscreen, MP3 compatibility and AM/FM tuner
- AUX input for portable audio players,³ USB input for some iPods^{®1}/USB memory sticks³
- Bluetooth^{®2} capabilities (includes audio streaming)
- Six speaker audio system

GXL in addition to or in replacement of GX features

- 3.0 litre Turbo-diesel or 4.0 litre Petrol engine (Automatic transmission only)
- Fog lamps
- Privacy glass
- Roof rails and side steps
- Rear parking sensors (4-head kit)
- Heated and retractable side view mirrors
- Seven seats
- 3-zone climate control air conditioning
- Premium steering wheel with audio and telephone controls
- Tonneau cover

VX in addition to or in replacement of GXL features

- 18" Alloy wheels
- 5-speed automatic transmission only
- LED headlamps and Daylight Running Lamps (DRLs)
- Multi Information Display (MID)
- Kinetic Dynamic Suspension System (KDSS)
- Automatic headlamp levelling
- Front and rear parking sensors (8-head kit)
- Leather accented seats
- Heated seating (Front and second row seats)
- Electro chromatic mirror
- Electro-Multi Vision (EMV) single disc in-dash CD player with MP3 compatibility³ and AM/FM tuner
- Satellite Navigation¹⁶
- Fourteen speaker audio system

KAKADU in addition to
or in replacement of VX features

- Moonroof
- Premium woodgrain-look steering wheel with audio, MID and telephone controls
- Back Guide Monitor (BGM)
- Pre-Collision Safety System (PCS)
- Blind Spot Monitor (BSM)
- CRAWL Control⁶
- Four cameras and Multi-Terrain Monitor (MTM)
- Multi-Terrain Select system (MTS)
- Cooler box
- Blu-ray Rear Seat Entertainment system with three wireless headsets

Colours to match the mood.

Being equally at home in town or country, Prado offers you a choice of eight vibrant colours. So you can blend in with the scenery, or stand out from the crowd.

Sophisticated space inside.

When travelling in any environment, on any driving surface, the seating in Prado means you'll always be riding in style.

The seven-seat configuration (optional on the GX) features a 40:20:40 split sliding second-row and a 50:50 split fold flat third row to allow a wide range of configurations to handle all types of loads – from seven people to everything for a family adventure and anything in-between. The folding third-row seats and the reclining seatbacks are all power operated on VX and Kakadu models.

Second-row passengers will also enjoy excellent legroom and there's easy access to the third-row thanks to the slide and walk-in functions.

And in the VX and Kakadu models, you'll also enjoy the luxurious appeal of leather accented seats as well as the style of double outer stitching in contrasting colours on VX and Kakadu models.

The Toyota Advantage.

Every Toyota gives you a lifetime of advantages. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.

 **TOYOTA
ACCESS**

A SMARTER WAY TO BUY

A smarter way to buy.

Toyota Access is an easy and flexible way to put you in complete control when you're buying a new car.²² Drive out of the Dealership with complete confidence about the road ahead and drive back in just a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with ongoing flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/access

 **TOYOTA
FINANCE**

EASY FINANCE OPTIONS

Finance to get you going.

Sometimes you need just a little help to get up and running. Toyota Finance²⁵ can offer you a wide range of vehicle financing. With Toyota Finance, you'll have the peace of mind knowing that you're dealing with one of Australia's leading vehicle finance corporations with over 30 years experience in the Australian market. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

 **TOYOTA
SERVICE
ADVANTAGE**

CAPPED PRICE SERVICING

Capped price servicing.²³

When you buy a new Toyota, you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). your Prado will be serviced by Toyota trained technicians who have full, specialised knowledge of your particular model. For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

 **TOYOTA
INSURANCE**

GENUINE TOYOTA COVER

Even more protection.

Take out our Comprehensive Motor Vehicle insurance²⁶ and you'll get a policy packed with a great range of benefits including:

- Agreed value cover
- New vehicle replacement cover for Toyota vehicles damaged beyond repair within 3 years
- of original registration
- Genuine Parts Promise
- Lifetime Repair Guarantee

And our Toyota Insurance Factory Approved Extended Warranty Insurance has been designed to provide you with protection for your vehicle that continues after your Toyota New Vehicle Warranty ends, giving you extra peace of mind.

 **TOYOTA
WARRANTY**

PEACE OF MIND

We've got your back.

Every new Toyota is built to exceptional standards, which is backed by a three year/100,000km²⁴ warranty, giving you the peace of mind to feel confident for years to come. In the unlikely event that you need them, every Toyota Service Centre is committed to providing any warranty repairs you may need. They have the technology, the tools, and the skilled personnel to keep your Toyota in excellent condition.

 **TOYOTA
EXTRA CARE**

PEACE OF MIND

Extend your peace of mind.

Whether it's changing a flat tyre, helping with lost keys or jump-starting a flat battery, with Toyota Extra Care Roadside Assist²⁷ help is never more than a phone call away. Available 24 hours a day, seven days a week, every day of the year, it's designed to give you complete peace of mind, whatever your emergency. With two levels of cover available, Toyota Extra Care Roadside Assist provides one of the most professional, reliable, and technologically advanced assistance networks in Australia.
