Oh what a feeling!

Ready for life's great adventures.

Corolla is ready for you to take on life's great adventures. Featuring the very latest design trends and technological advances, Corolla is engineered from the ground up to deliver a sensationally smooth driving experience.

Sleek, sporty and economical, it's easy to understand why Corolla is the world's most popular small car.

Every Corolla offers outstanding performance, safety and is packed full of features. Corolla is available in two engine types – petrol and hybrid. So whether you're zipping down to the shops or cruising down the highway, Corolla is tailor-made to meet the demands of a modern lifestyle.

With its spacious interior, luxurious appointments and uncompromising styling, Corolla is ready for life's adventures.

Sporty, agile and good looking.

Corolla is more than just eye-catching and dynamic on the road. With its low, wide stance, it's taken on a whole new dimension of style with an exciting array of exterior finishing touches and features.

Ascent Sport shown

Head turning Corolla Sedan.

The smooth aerodynamic lines of Corolla Sedan are an elegant extension of Corolla Hatch with all of its refinement and attention to detail. On the ZR, the LED headlamps with Daytime Running Lamps (DRLs) will light the way on the darkest nights.

ZR Hatch shown

Small outside, surprising within.

However long the adventure, inside the Corolla Hatch's spacious interior with air conditioning and electric power steering, everyone will love their ride.

To make parking even easier, a reversing camera¹ is now standard in every Corolla. The six speaker CD tuner audio system with an impressive 7" touchscreen with Toyota Link⁵ is available on the Ascent Sport, SX, Hybrid and ZR Hatch, alongside a USB input for iPod,^{®2} MP3 players,³ Bluetooth^{®4} functions for added flexibility.

Steering wheel controls put everything you need at your fingertips, including audio controls, Multi Information Display (MID) and phone connectivity. In the ZR Hatch, you'll feel like you can touch the stars through the optional Skyview™ roof. There's also plenty of flexible luggage space with the 60/40 split fold rear seats, allowing you to quickly and easily load a little or a lot.

ZR Sedan shown

The spacious Sedan.

The Corolla Sedan interior features all the creature comforts of Corolla Hatch within a sleek and stylish four-door sedan.

When driving on the open road, you'll enjoy the convenience of cruise control. Upon reaching your destination, rear parking sensors¹ will help you park with a minimum of fuss.

Then when it's time to load up with luggage and personal items, Corolla Sedan features a generous and versatile 470 litre boot capacity.

In the ZR Sedan, you'll have the one-touch, steering wheel mounted sequential shift paddles for the 7-speed Continuously Variable Transmission (CVT), the luxury of Leather Accented interior and a 6.1" touchscreen audio system with Satellite Navigation⁶ and SUNA™ Traffic Channel.⁷

Advanced performance and efficiency.

Corolla has evolved into an agile and sporty drive that promises a dynamic driving experience.

Genuine performance and admirable fuel efficiency are delivered with equal ease from the 1.8L engine featuring Dual Variable Valve Timing with intelligence (VVT-i) technology that's under the bonnet of every Corolla.

Available on the Corolla Hatch, Toyota's Hybrid Synergy Drive® is the world's leading hybrid technology. It's proven to deliver remarkable fuel efficiency without compromising performance.

Safety without compromise.

You can drive with confidence knowing every Corolla is equipped with a range of advanced safety features and comes with a 5-star ANCAP safety rating. To start with, you'll have the reassurance of seven SRS airbags to protect the driver and passengers.

The Anti-lock Braking System (ABS) uses electronic controls to help prevent wheel lock-up and skidding. Vehicle Stability Control (VSC) helps ensure stability should you experience any over steer or under

steer when cornering. And Traction Control (TRC) automatically controls engine output or applies the brakes to any wheel that's skidding on slippery surfaces or where there's variable grip.

On Hatch models, Hill-start Assist Control (HAC)⁸ helps to prevent unwanted rolling when taking off on an incline and the emergency brake signal alerts trailing vehicles if you're forced to make a sudden stop.
