

# RAV4

The SUV for every journey.

**TOYOTA**

[toyota.com.au](http://toyota.com.au)

*Oh what a feeling!*

## Get ready for a whole new adventure.

Strapping on the surfboard, buckling up the kids or just loading in your overnight bags – however adventure sounds to you, you can be prepared with the latest RAV4. Built for fun, designed for discovery and made to ensure a trip of a lifetime – this is the car for the young at heart and the free of spirit.

From front to rear, everything about the RAV4 is

geared towards your next escape. Whether it is a big road trip or just a quick shopping trip, you'll find the RAV4 is versatile, spacious and sporty enough to get you there in both style and comfort.

It is packed with superior technology, such as the six speaker audio, seven SRS airbags, flexible storage options and Reversing Camera.

Active Cruise Control, Autonomous Emergency Braking and front parking sensors are standard on Cruiser models and available as an optional extra on Automatic CVT, GXL and GX models. This means every drive comes with the latest innovations for your enjoyment.

Ready? It's time to get a little adventurous.

**This is what adventure looks like.**

Cruiser Petrol model shown

From the first look it's clear this is a vehicle that wears its stylish sophistication with pride. With the angular headlights, sculpted body, deep grille and squared off bumpers – the RAV4 makes no effort to hide its sporty sense of adventure.

Cruiser models come with a power back door for added convenience. The overall effect is a stylish, sporty silhouette that's equally at home in the great outdoors or the inner city. So if you're going off-road, or just off to the gym, your RAV4 will always look the part.

## A first-class performance.

Sporty, responsive, smooth and whisper quiet. The RAV4 has been designed with your driving comfort in mind.

The Electric Power Steering (EPS) control provides precise steering feedback, while the steering shaft has been designed to minimise rotation vibration. The Dynamic Torque Control AWD system allows the driver to track the intended driving line and achieves drivability on every road surface condition. So whether you're negotiating the Great Ocean Road or the office car park, you can be confident that cornering will always be smooth in your RAV4.

### **Whisper quiet...**

Dampening panels on the dash and sound insulation in the floor reduce inside noise, while outside, the door mirrors are specifically designed to optimise airflow.

### **...yet roaring with excitement.**

When you are ready for an even greater performance, turn on SPORT Mode<sup>1</sup>. With an improved accelerator response and the benefit of sports shift timing, it will help you feel in total control.

## Take the inside line on life.

You might live an active lifestyle, but that doesn't mean you have to go without life's comforts. Step inside the RAV4 and you'll begin to appreciate just how comfortable and adventurous your journey can be.

The RAV4 is spacious and open – just what you would expect in an SUV – and luxurious too. Further accentuating the design, silver accented ornamentation has been used alongside a matte black trim and what's more, the RAV4 has a lot more legroom than you would believe from a quick glance outside.

### Taking technology new places.

Settle into the driver's seat, and find at your fingertips the Multi Information Display (MID). It keeps you up-to-date on everything you need to know, from the outside temperature to fuel economy.

### Room for all your stuff.

The RAV4 has a large amount of cargo space on the inside. That means more room for your shopping, suitcases and sports equipment. There are some clever space-saving aspects too. For example, the 60:40 split fold rear seats mean you can configure the back in different ways. So those long items of all shapes and sizes can be stored partly in the boot or partly in the seat area. Or, for really big loads, you can use all of the seat space to create a substantial storage area.

## Out and out escapism.

The RAV4 is packed with enough smart technology and clever features to make every drive one to look forward to.

With Electric Power Steering (EPS) the RAV4's a breeze to manoeuvre, and parking's easy too. Four rear parking sensors<sup>2</sup> and Reversing Camera<sup>3</sup> are standard across the range.

### Go riding on the freeway.

Active Cruise Control is a standard feature on Cruiser Models and available as an optional extra with the GX and GXL (Automatic transmission only). Enjoy your trip with the AM/FM/CD six speaker system, complete with Bluetooth<sup>®4</sup> and a USB port<sup>5</sup> for your iPod<sup>®6</sup> so you can crank up your favourite tunes all the way there. Also on the Cruiser and GXL models you can connect your smartphone to find fuel, weather reports and much more using Toyota Link<sup>7</sup> (Available on GX as optional extra).

### Truly visionary design...

The intelligent body design of the RAV4 means you can see more of the road, and more of the sights, without moving a muscle. Available as standard on Cruiser models and as an option on GXL models there's Blind Spot Monitor<sup>2</sup>(BSM) that alerts you to hazards in your rear blind spot, and also Rear Cross Traffic Alert that alerts you to potential hazards approaching from the right or left of your vehicle when reversing out of a tight parking spot.

### ...with room for your gear.

Phone, coffee, camera, sunnies – when you're out on an adventure, you need to be able to store all of your essentials. That's why the RAV4 is full of clever compartments, pockets and cup holders – so you'll never have to leave a thing behind getting away from it all.

## Great power, wielded wisely.

The RAV4 comes in three powerful engine options, including a Turbo-diesel:

### 2.2 litre Turbo-diesel.

Producing 110kW of power, 340Nm of torque and with an intercooled turbocharger, the diesel RAV4 delivers outstanding power. And with finely tuned transmission ratios and outstanding aerodynamics contributing to fuel efficiency, RAV4 achieves excellent performance.

### 2.5 litre Petrol.

Producing 132kW and 233Nm of torque, the 2.5 litre Petrol engine is the most powerful in the range. But it's power delivered responsibly - with a focus on efficiency and even minimal noise.

### 2.0 litre Petrol.

The 2.0 litre Petrol engine puts out 107kW of power and 187Nm of torque. The Multi-drive (CVT) produces smooth, powerful acceleration. What's more, ECO drive mode (CVT models only) regulates the engine output and air conditioning operation while keeping excessive energy consumption to a minimum.

## Be adventurous. Not risky.

You can be confident that for every wild adventure, you will drive home in a vehicle equipped with an impressive system of safety technology, which comes with a 5-star ANCAP safety rating.

### Braking new ground.

When you're on the go, it's good to know you can stop in a hurry. That's why we have gone all-out with the inclusion of an intelligent Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Vehicle Stability Control (VSC). Designed to help ensure maximum brake force to all wheels in even the worst conditions.

### Stay on track, always.

Available as standard on Cruiser and as an optional extra on GX and GXL models (Automatic transmission only), Lane Departure Alert<sup>2</sup> (LDA) uses a camera to detect lane markings. It provides audible and visual warning should it recognise that you've moved out of your lane without indicating, and will automatically help steer you back on track to make your drive as effortless as possible. Hill-start Assist Control<sup>9</sup> (HAC) helps make roll-backs a thing of the past even when negotiating the steepest of hill starts.

### The one place we're not adventurous.

We have equipped the RAV4 with seven SRS airbags, including curtain shield airbags that help protect all your passengers from a side impact. The RAV4 can be equipped with an Autonomous Emergency Braking technology which comes standard on Cruiser and as an additional option on GXL and GX models (Automatic transmission only).

## Hold onto your seat.

Everything about the latest RAV4 is dynamic and adventurous, and this same stylish thinking extends to the interior as well. With total comfort in mind, the front seats have been designed to expand the area of contact between the passenger's body and the seat to enhance overall comfort and convenience. Add to that a variety of seat positions and features that allow you to increase knee space and elbow room; the RAV4 has all the options you need to make sure you get the best comfort during your journey.

### It's what's inside that counts.

The RAV4 is available in five trim types, including fabric and premium interiors with Leather Accented seats (Cruiser models only), so you can travel in style to every adventure.

# The Toyota Advantage.

Every Toyota gives you a lifetime of advantages. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.

## A smarter way to buy.

Toyota Access is an easy and flexible way to put you in complete control when you're buying a new car.<sup>24</sup> Drive out of the Dealership with complete confidence about the road ahead and drive back in just a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with ongoing flexibility and assurance. To discover Toyota Access for yourself visit [toyota.com.au/access](http://toyota.com.au/access)

## Capped price servicing.<sup>25</sup>

When you buy a new Toyota, you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). Your RAV4 will be serviced by Toyota trained technicians who have specialised knowledge of your particular model. For the full benefits consult a Toyota Dealer or visit [toyota.com.au/advantage](http://toyota.com.au/advantage)

## We've got your back.<sup>25</sup>

Every new Toyota is built to exceptional standards, which is backed by a three year/100,000km<sup>26</sup> warranty, giving you the peace of mind to feel confident for years to come. In the unlikely event that you need them, every Toyota Service Centre is committed to providing any warranty repairs you may need. They have the technology, the tools, and the skilled personnel to keep your Toyota in excellent condition.

## Finance to get you going.

Sometimes you need just a little help to get up and running. Toyota Finance<sup>27</sup> can offer you a wide range of vehicle financing. With Toyota Finance, you'll have the peace of mind knowing that you're dealing with one of Australia's leading vehicle finance corporations with over 30 years experience in the Australian market. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

## Even more protection.

Take out our Comprehensive Motor Vehicle Insurance<sup>28</sup> and you'll get a policy packed with a great range of benefits including:

- Agreed value cover
- New vehicle replacement cover for Toyota vehicles damaged beyond repair within 3 years of original registration
- Genuine Parts Promise
- Lifetime Repair Guarantee

And our Toyota Insurance Factory Approved Extended Warranty Insurance has been designed to provide you with protection for your vehicle that continues after your Toyota New Vehicle Warranty ends, giving you extra peace of mind.

## Extend your peace of mind.

Whether it's changing a flat tyre, helping with lost keys or jump-starting a flat battery, with Toyota Extra Care Roadside Assist<sup>29</sup> help is never more than a phone call away.
