

Let's ride
the

**DODGE
MAGIC
MILE**

1

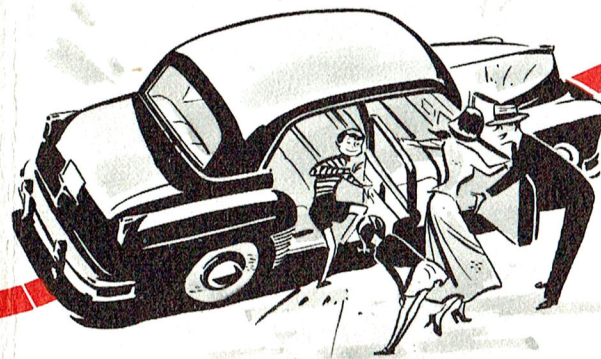

Here she is...
Family!

Look her over...
inside and out!

2

Step in!
Doors open wide...
almost to 90 degrees

Dodge certainly gives us
what we want in
Interior Fittings!

3

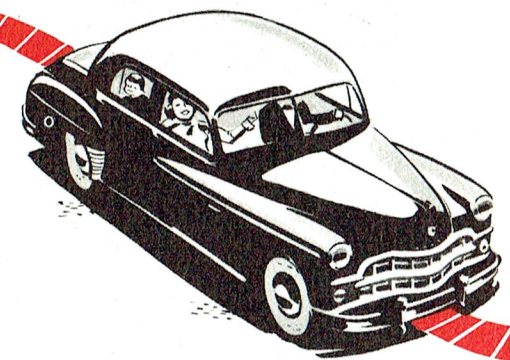

Boy, oh Boy!
Look at all the room...
Built for 3 couples!

Front seats 5" wider...
Rear seats almost 8" wider
-and they're KNEE-LEVEL
too!

4

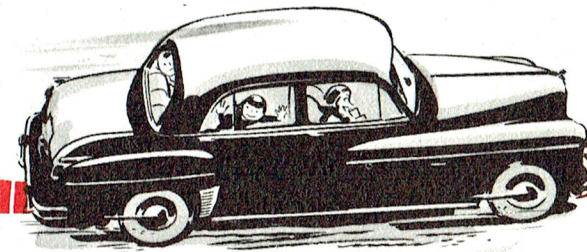

Purr-r-r-r!
and we're off!

Just a turn of our
ignition key and
the engine starts!

5

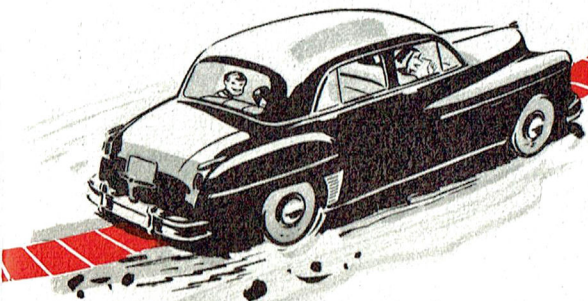

Give her a bit of gas
and notice that pick-up!
Some power in the new
"Get-away" engine...

and All-Fluid Drive makes
it just like velvet!

6

It takes the bumps
in stride, too!

That's how Dodge
Full Floating Ride
flattens out roads...
We're "cradled"
between the wheels!

7

Look ahead through that
BIG landscape windshield
(24% larger)

... and the wipers sweep
44% more area!

8

Look, Mabel, you'll
love GYRO-MATIC!

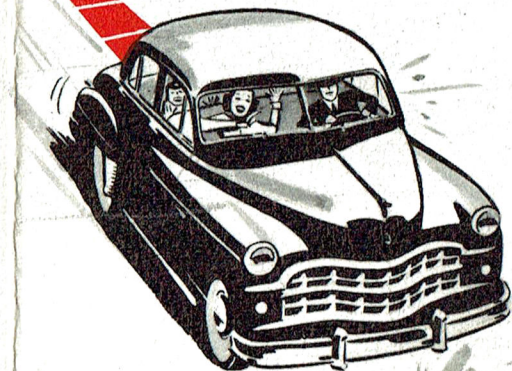

Now you can drive
without shifting!

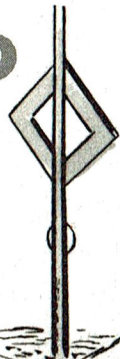

9

Ooops!..... dog!

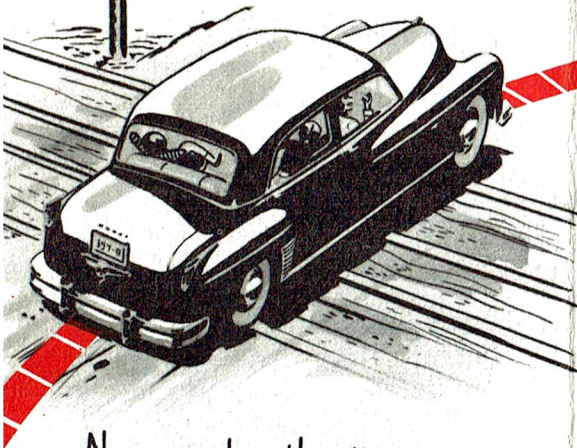

These powerful Safeguard
Brakes really STOP you
smoothly, surely with
tip-toe pressure!

10

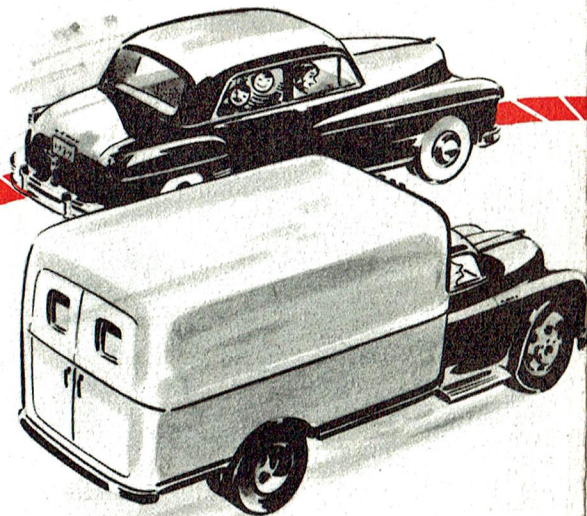

Remember these
tracks that used
to **SHAKE** us up?

Now watch... they're
smooth as silk with these
Super-Cushion Tires...

11

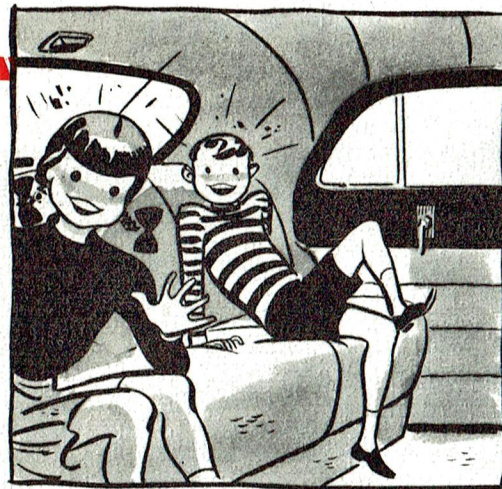

Watch us **ZOOM** around
this truck!

"Sprint-Away" does it!
That's another handy
thing about **GYRO-MATIC!**

12

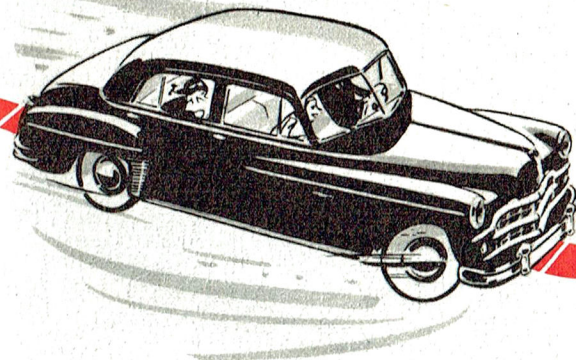

Real magic in that underhood
ALL-WEATHER-Comfort System

We can make our
own climate now...
Winter or Summer!

13

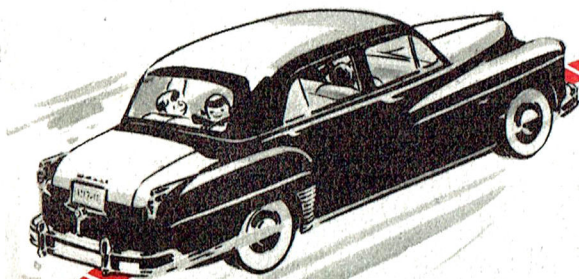

Sharp Turn Ahead!
But no need to
hold on!

We've got "Sea-Leg"
Shock Absorbers to
take up side-sway...
Safety-Rims, too!

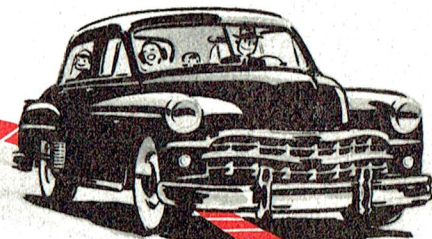

14

Going too fast
for a new car?

NO, SIREE!
Dodge engines are
speed-proofed to
eliminate slow
break-in!

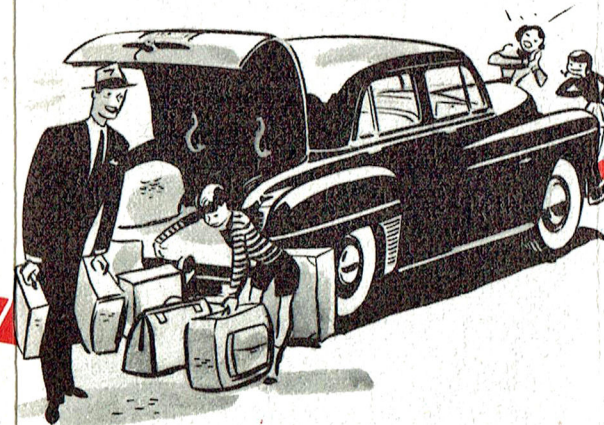

15

Golly, that's a quiet engine...
With
Floating Power
you feel no
vibration!

16

Home Again!

Let's look at that luggage
space... **WOW!** that's
really big family size...
room for everything!

17

...and there she is...
snug as can be!

Fits our garage...
Bigger, roomier inside...
but **SHORTER** and
NARROWER outside

Let's ride
the

**DODGE
MAGIC
MILE**
