IN ANY GIVEN SITUATION,
AT ANY GIVEN MOMENT, THERE'S
ALWAYS ONE PERSON EVERYONE
CAN COUNT ON. SOMEONE
WITH SKILL, STRENGTH AND
EXPERIENCE. AND USUALLY THAT
SOMEONE SHOWS UP EACH AND
EVERY MORNING DRIVING A TRUCK
THAT'S BUILT FORD TOUGH.

FOR OVER 50 YEARS, FORD F-SERIES
HAS BEEN A BENCHMARK FOR
TOUGHNESS AND THE BEST-
SELLING FULL-SIZED TRUCK IN
THE U.S. FOR TWENTY-THREE
YEARS. THEY ARE THE ESSENTIAL
TOOL AMERICA TURNS TO JOB
AFTER JOB. BUILT FORD TOUGH
IS NOT JUST A SAYING.
IT IS THE ONLY WAY WE BUILD
EACH AND EVERY ONE.
YEAR AFTER RUGGED YEAR.

A close-up, high-contrast photograph of a hand with weathered skin gripping a metal handle, possibly a steering wheel or a tool. The lighting is dramatic, highlighting the texture of the skin and the metallic surface.

EVERY DAY THERE IS
A REAL-WORLD TEST
THAT WILL TELL YOU
EXACTLY WHY F-SERIES
IS STILL NUMBER ONE.

If you're the guy the whole crew turns to, step up to the brand-new King Ranch F-150. SuperCrew is the only truck in its class with four full-size doors. Full-size finally means full-size.

ALWAYS DEMAND

A STRONG SET OF

TOOLS TO HANDLE

THE TOUGHEST JOBS.

Tenacity. Grit. Backbone. Call it what you will. All Ford trucks have it. And now when Super Duty F-350 DRW pickups show up for work, they'll be carrying the highest, best-in-class GVWR rating. All 11,500 lbs. of it. Yes, the DRW F-350 with the optional 7.3L Power Stroke® diesel carried off pickup's heaviest prize. Shown above is the Harvest Gold F-350 SuperCab and our massive F-350 CrewCab DRW in True Blue Clearcoat Metallic.

Why do we call them "Super Duty" trucks? You're lookin' at it. With increased torque and more horsepower than ever before, Ford Super Duty F-Series trucks with the 7.3L Power Stroke® and automatic transmission do more than throw their weight around, they pull it too. One more reason why Ford F-Series trucks have been the best-selling full-size trucks in the U.S. for the past 23 years.

HERE'S YOUR PERSONAL GUIDE TO LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS IN YOUR NEW RANGER.

Freedom and happiness come in many shapes and flavors. Coincidentally, so does Ranger. It all starts with one of the three model choices at the right. From the well-equipped Ranger XL all the way up to the loaded XLT. And there are three engines for your pursuits. Three cab types. Even three different box choices. You probably can already feel the freedom Ranger gives you and we haven't even started talking 4x4 or 4x2.

To simplify all those choices, we have packaged them in various Equipment Groups people like you have told us go well together. Each XL, Edge, and XLT includes certain standard equipment plus you get the features in one of the available Equipment Groups.

Of course, there are options too. (Sorry, some restrictions do apply.) Your Ford Dealer can give you all the details on what is included in each Equipment Group and Ford Dealers even offer some special accessories designed to make your Ranger...yours alone.

So choose a model and an Equipment Group (engine, cab/box-style/features) from the charts under this flap and quickly you'll be on your way to freedom...Ranger style.
