2001 LS

	02	American Luxury.
	06	The Beauty.
Time to Reflect.	10	
	14	Extreme Control.
The Ultimate Ride.	18	
	24	A Pleasure to Own.
	26	The Features.
The Facts.	30	
	34	The Palette.

There's something in the air. Something powerful.

Mysterious. Yet remarkably enticing, nonetheless.

It cuts straight to the core, then disappears just as quickly as it came,

02

territory conquered. Introducing the 2001 Lincoln LS.

All the miles of coastline in the world couldn't satisfy its sense of adventure.

Ever-ambitious, the Lincoln LS welcomes any and all challenges. A simple fact

that we hope you'll come to appreciate for yourself. But be warned, every

ounce of your exploratory side will indeed be captured. A welcome surrender.

The 2001 Lincoln LS

is all about strength.

Endurance. Genuine

athletic performance.

And because it's a

Lincoln, you know it

will perform to your

highest expectations.

And its long-standing

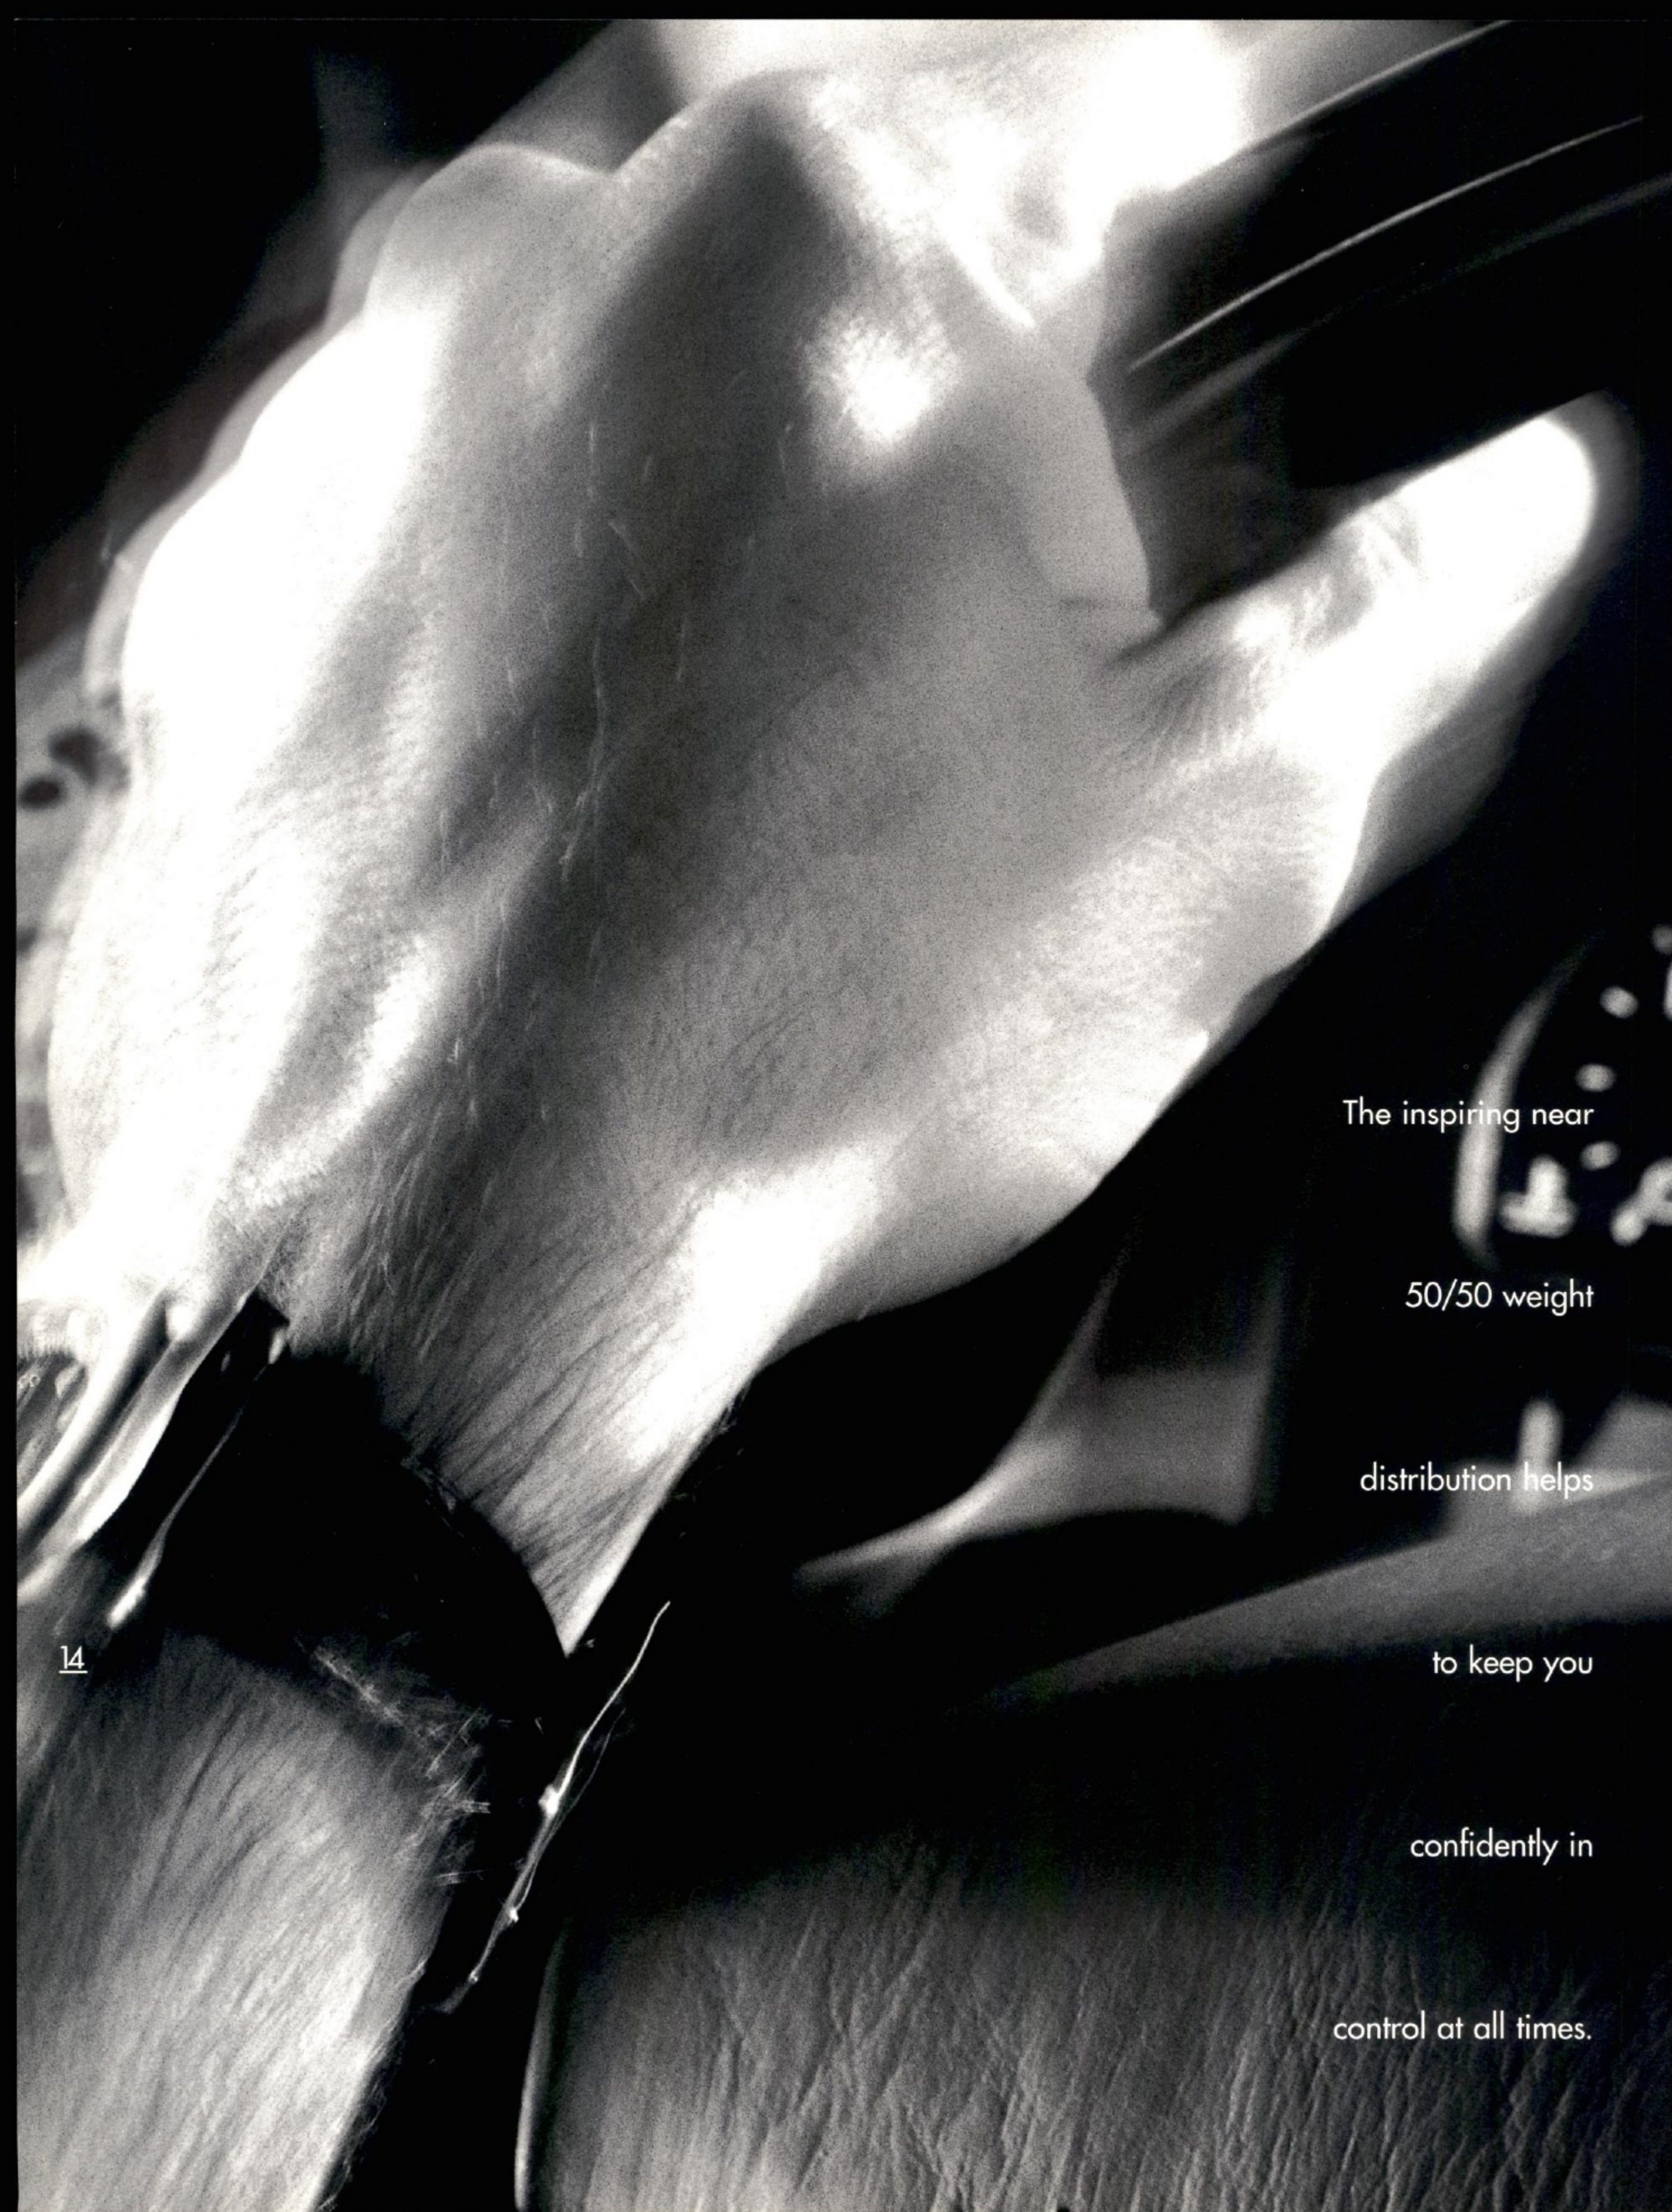

heritage of luxury.

The inspiring near

50/50 weight

distribution helps

to keep you

confidently in

control at all times.

Rarely has there

been a more

perfect marriage

between man and

machine than with

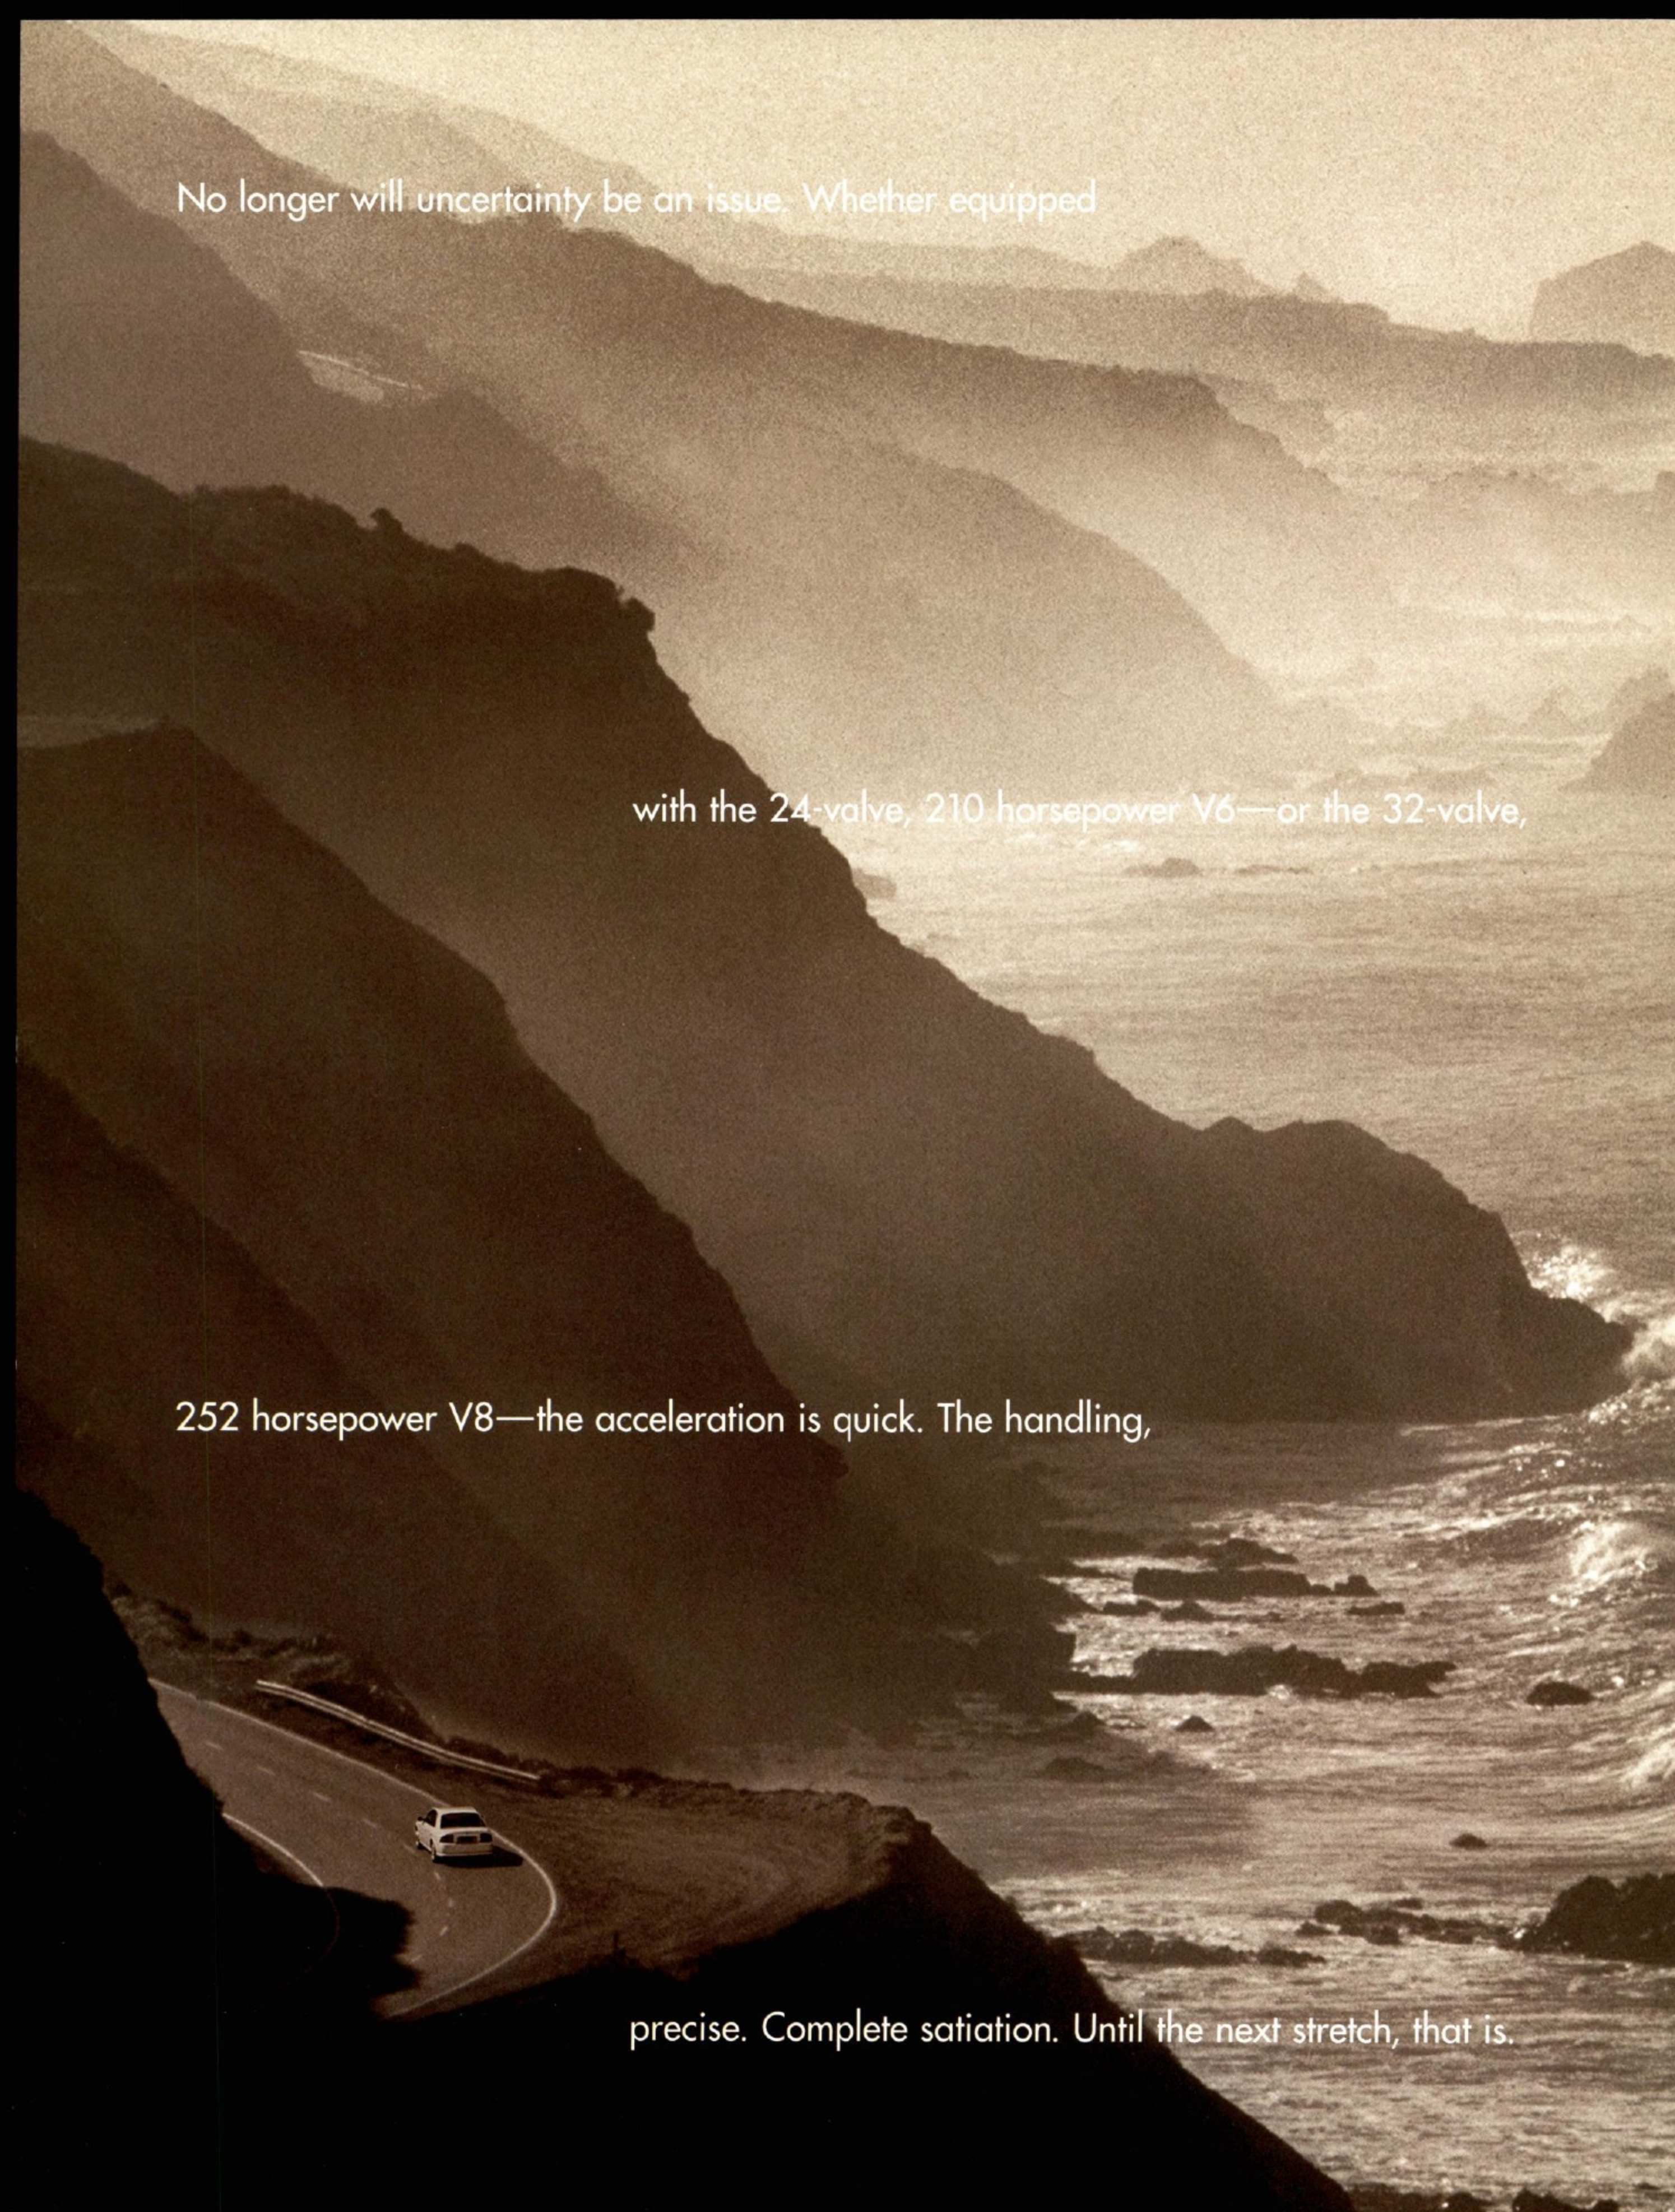

the Lincoln LS

Lincoln LS with Medium Parchment interior. Shown with available equipment.

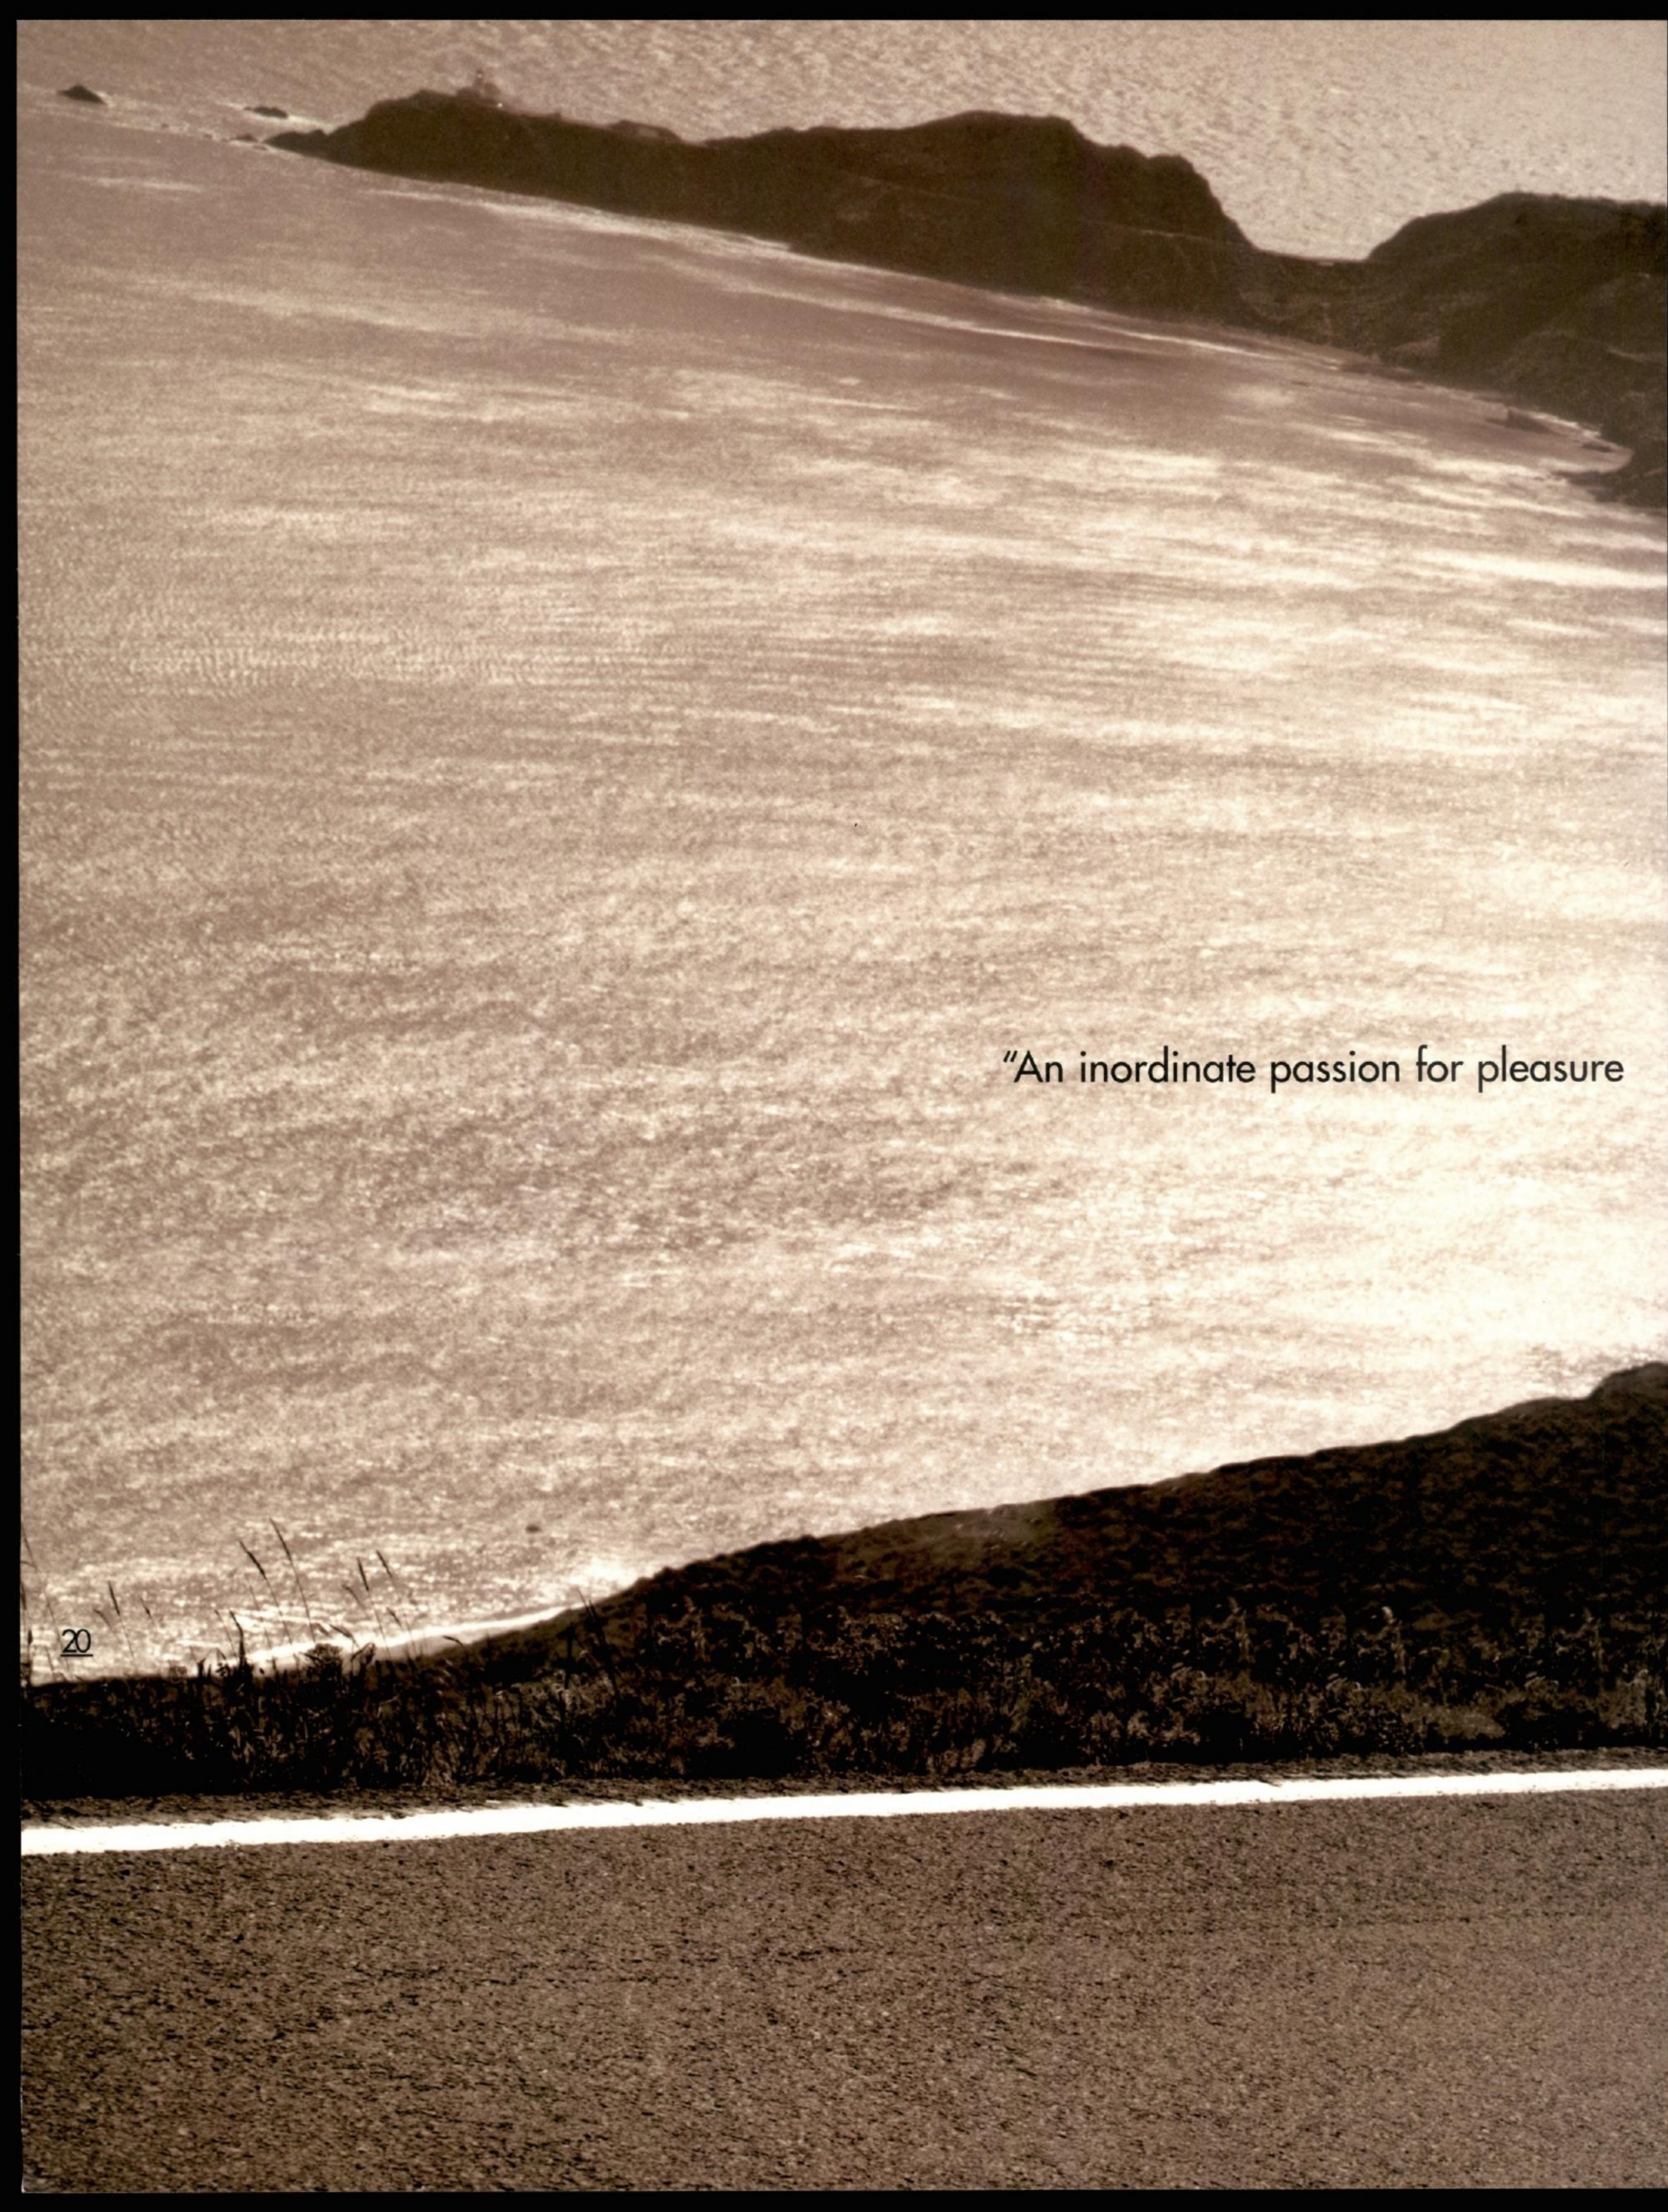

No longer will uncertainty be an issue. Whether equipped

with the 24-valve, 210 horsepower V6—or the 32-valve,

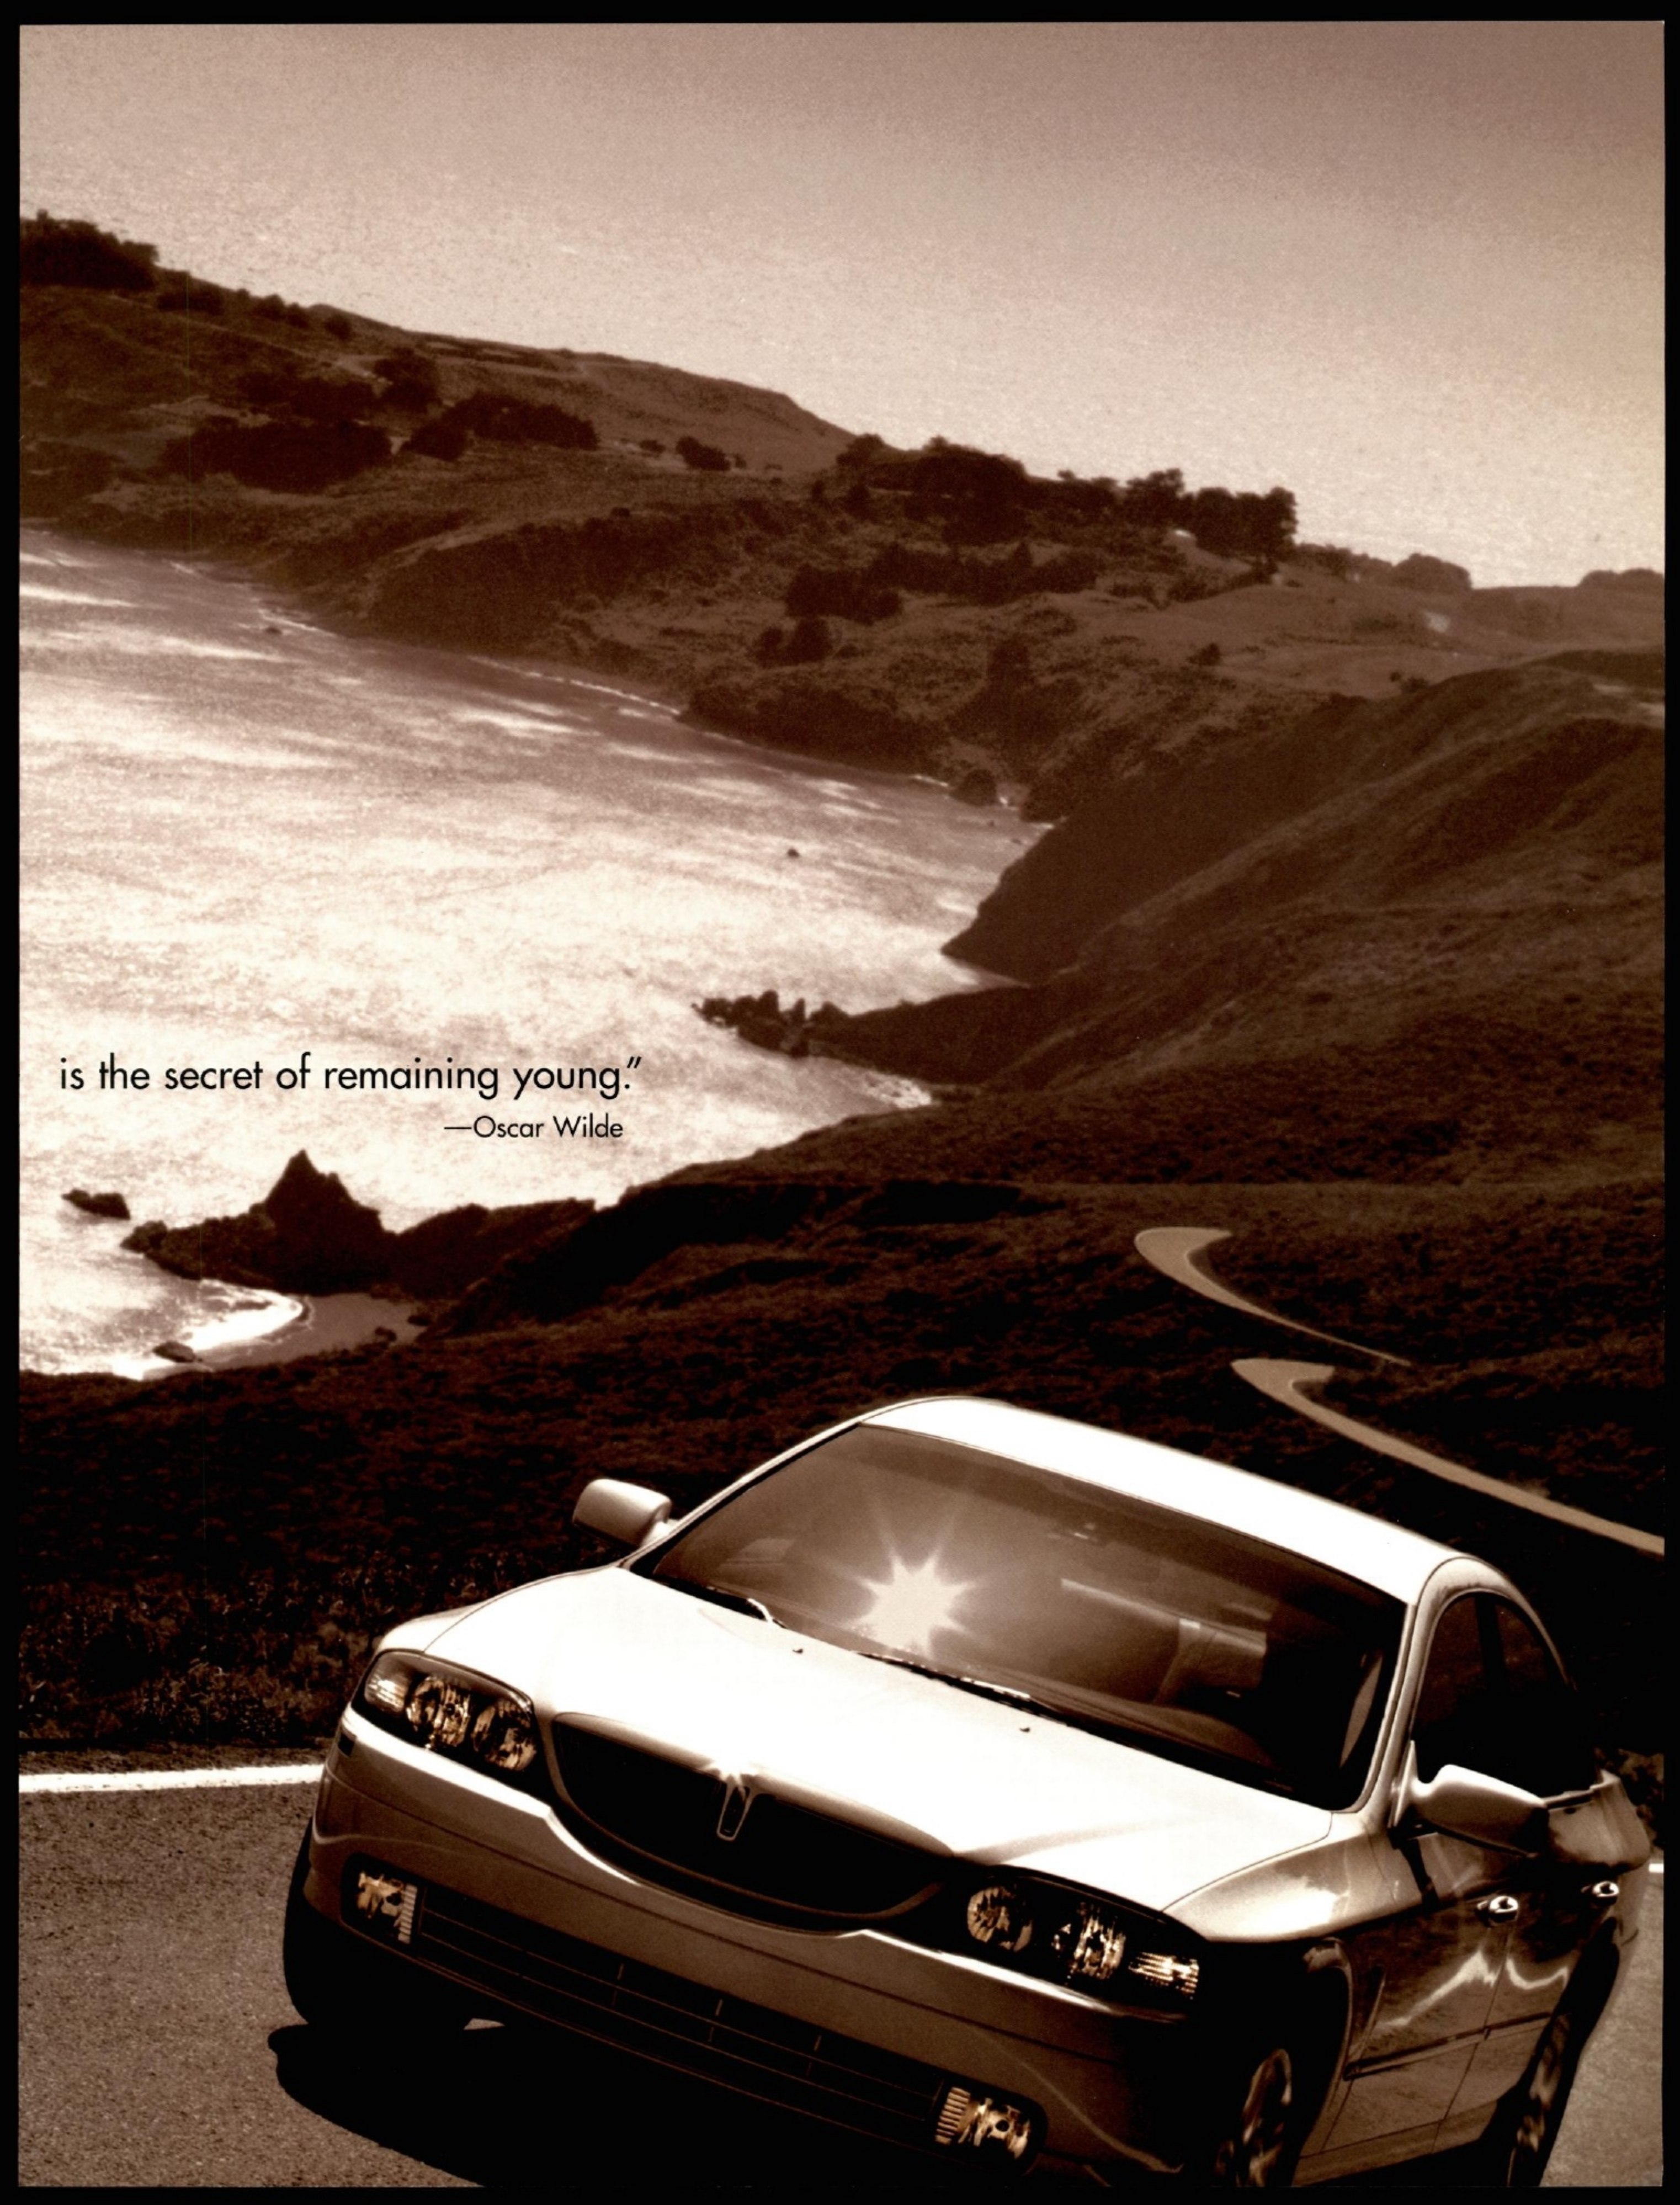

252 horsepower V8—the acceleration is quick. The handling,

precise. Complete satiation. Until the next stretch, that is.

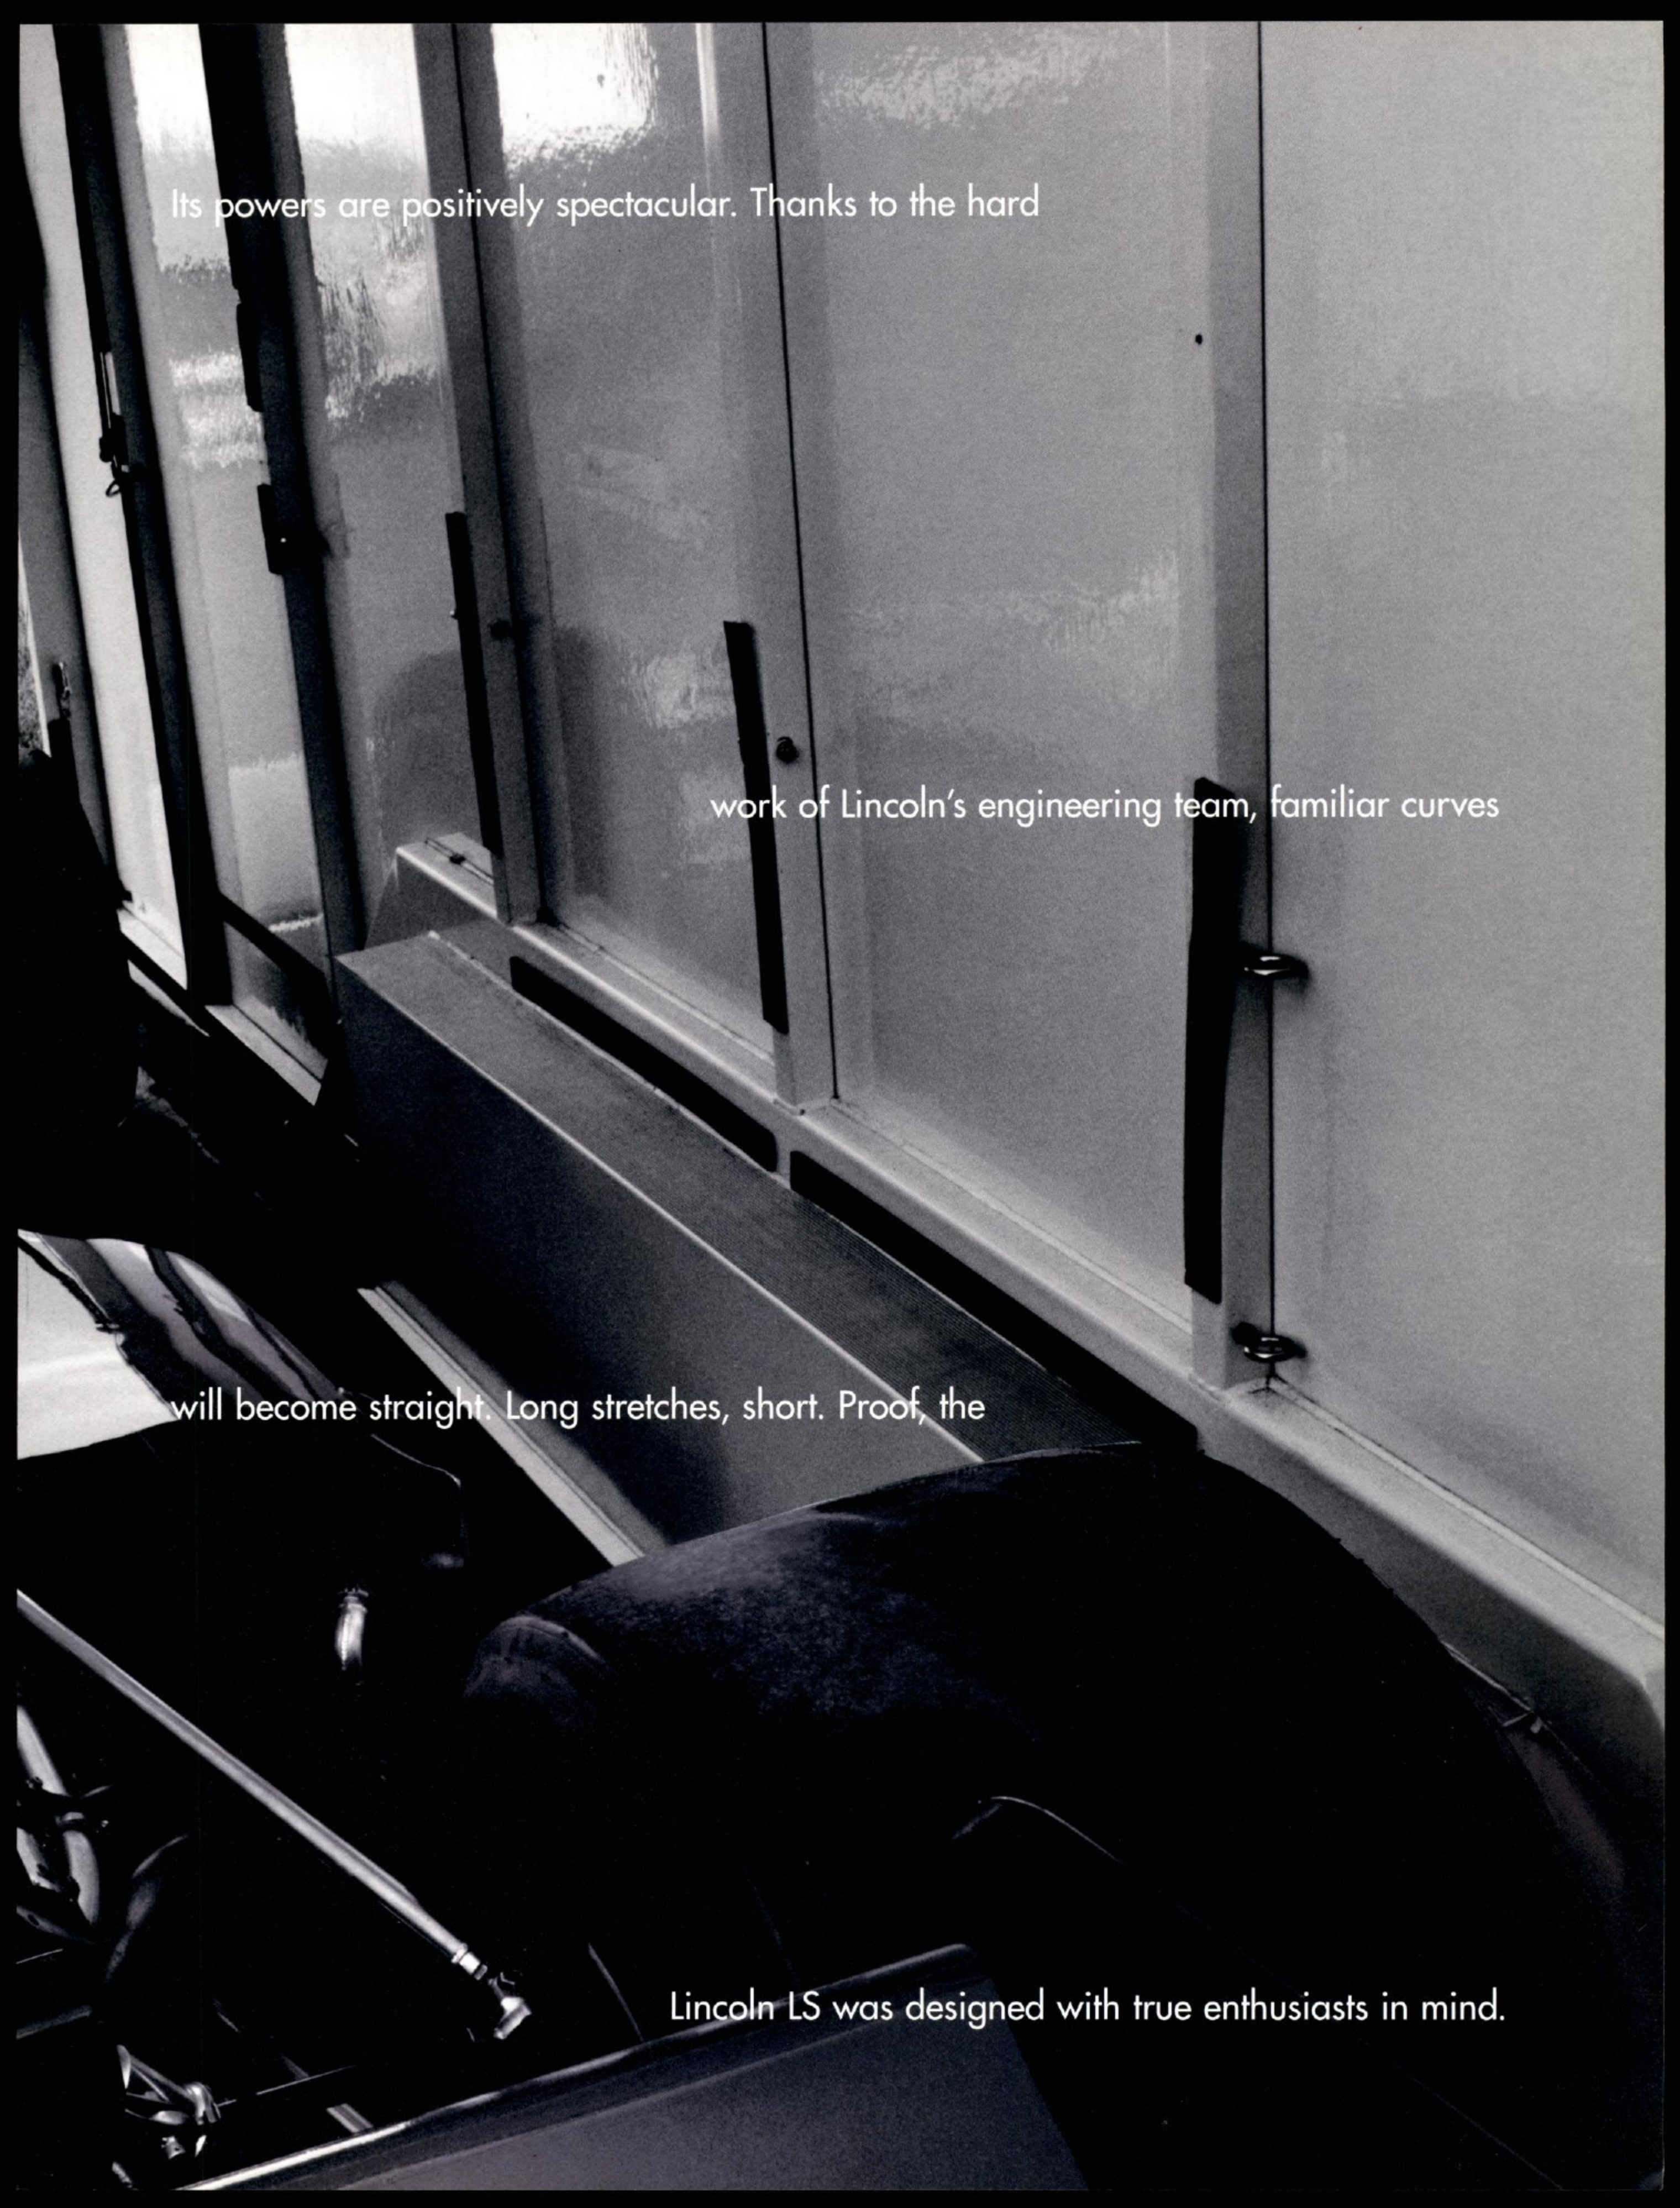

"An inordinate passion for pleasure

is the secret of remaining young."

—Oscar Wilde

Its powers are positively spectacular. Thanks to the hard

work of Lincoln's engineering team, familiar curves

will become straight. Long stretches, short. Proof, the

Lincoln LS was designed with true enthusiasts in mind.

Lincoln LS has been meticulously crafted, both inside and

out. The powerful engine. The fine, burl walnut accents. The standard, dual

exhaust system. Truly amazing attention to detail, even by Lincoln standards.

And undoubtedly an appreciation that will be passed on to every owner.

All 2001 Lincoln LS models have a Short- and Long-Arm **suspension** with anti-dive/anti-lift geometry, which allows the vehicle to stay close to the road while braking for better driver confidence.

The Lincoln LS offers several fine **audio options** including: the standard 4-speaker Premium Sound System with AM/FM cassette; the 120-watt, 6-disc Alpine® Sport Audio System—standard with the Sport Package; and the optional 12-speaker, 180-watt Alpine® Audiophile System—also capable of accepting up to six CDs and featuring full random-play.

In addition to the driver and front-passenger airbags, the Lincoln LS also offers **side-impact head/chest airbags**.<sup>1</sup> Concealed in the front seatback side bolsters, the airbags' deployment is governed by sensors mounted on each side of the vehicle.

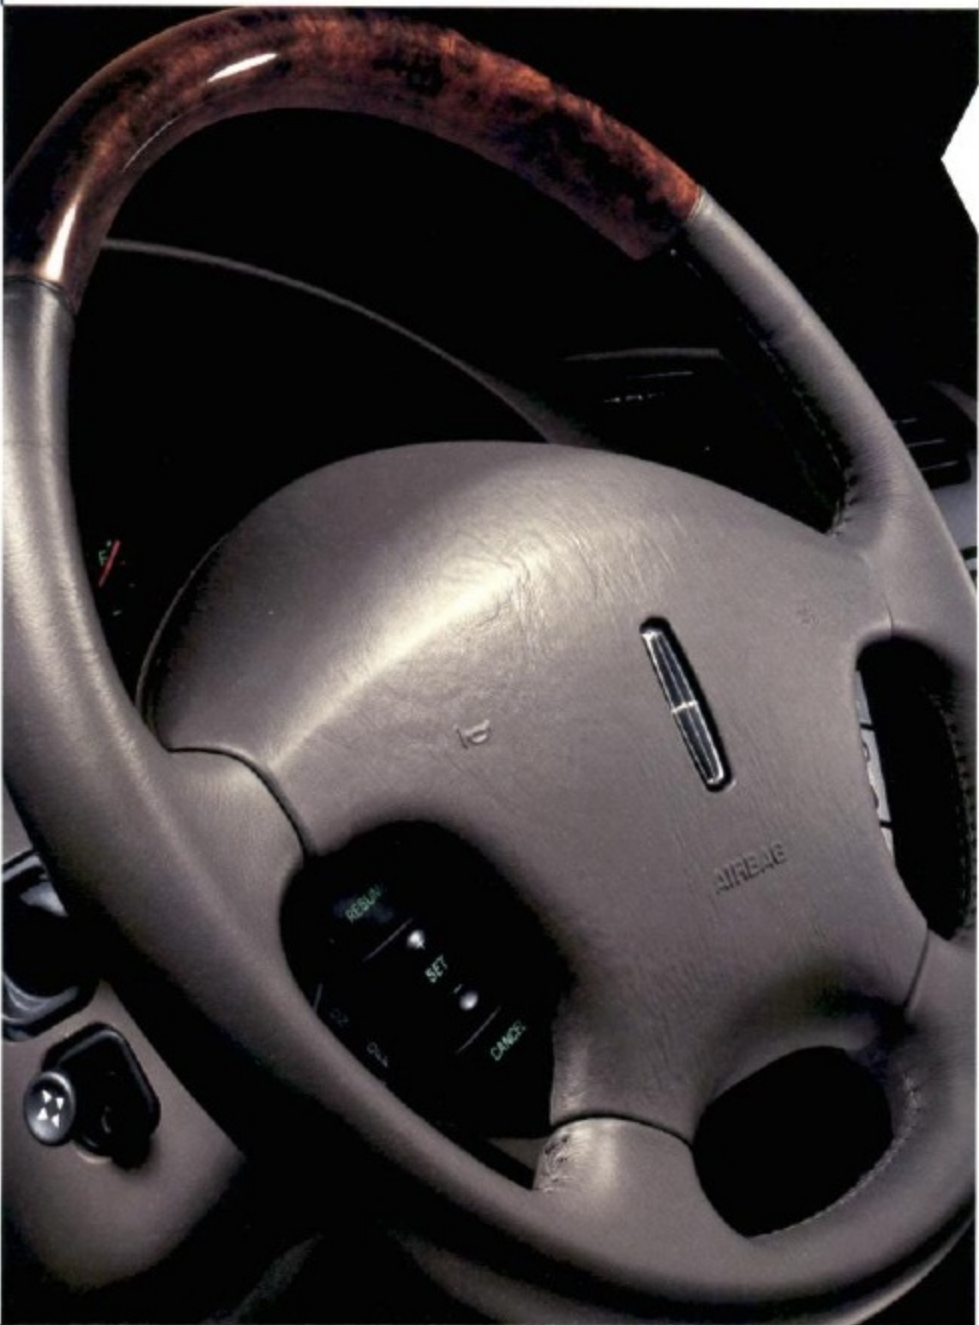

<sup>1</sup>Always wear your safety belt and secure children in the rear seat.

The Lincoln LS is available with a **power moonroof**. Controls for the moonroof are located in a stylish and convenient overhead mini console. **Global Open**—a standard feature—opens both the moonroof and all side windows via an exterior door key cylinder or remote key fob. **Global Close** is activated with an exterior door key cylinder.

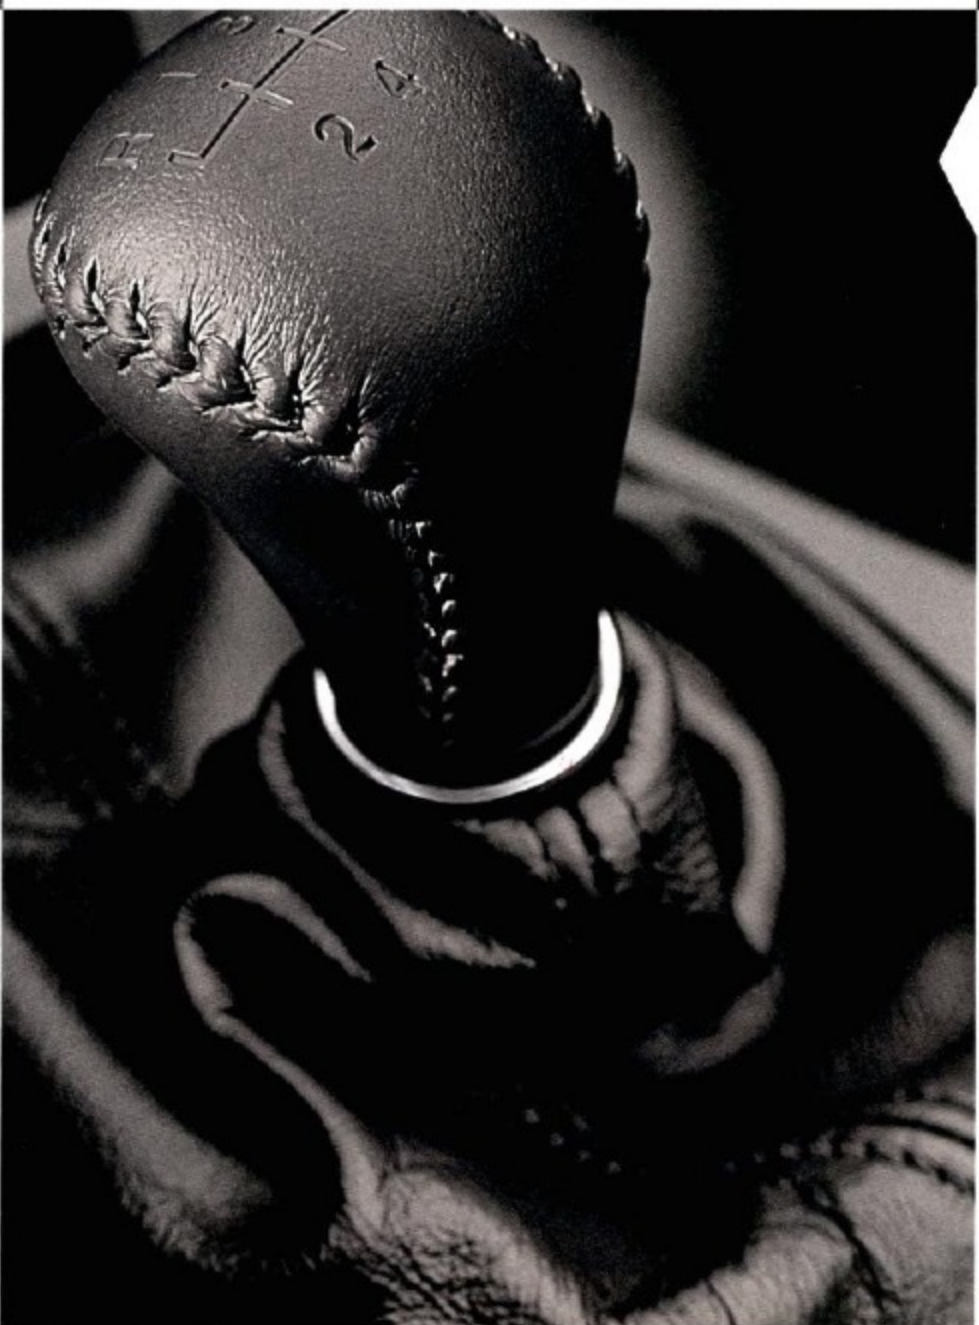

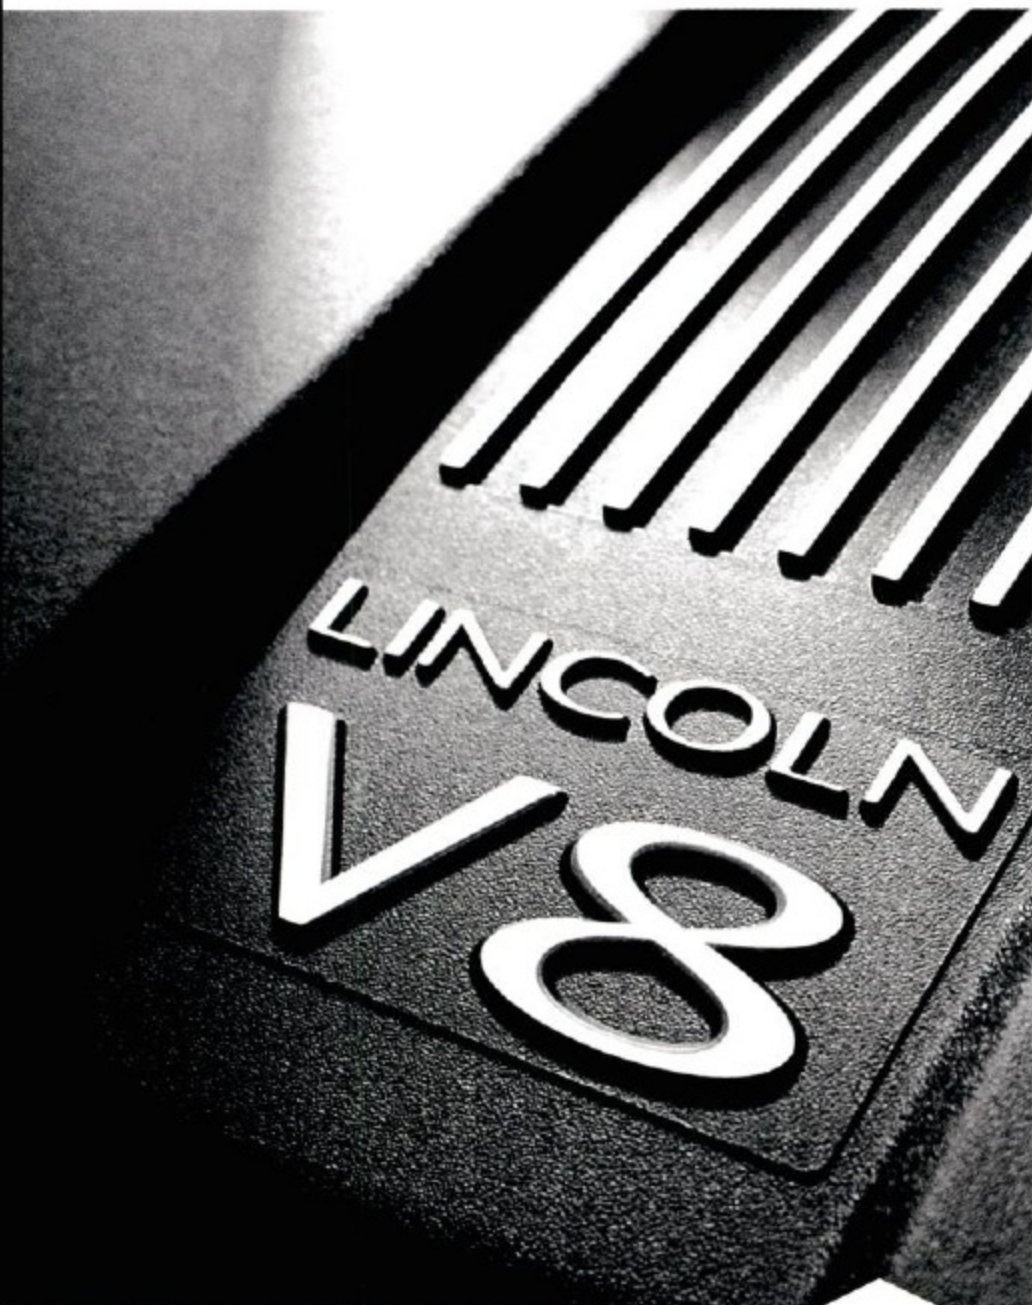

The Lincoln LS offers two unique **wheel styles**, each available in two finishes. Automatics come standard with sixteen-inch brushed aluminum five-spoke wheels, and are available in a highly polished finish. The Lincoln LS Sport package comes standard with bold seventeen-inch five-spoke aluminum wheels with a Super Silver painted finish, and is available with a chrome finish.

To make the driving experience as pleasant as possible, the 2001 Lincoln LS has a handsome, wood-grained,<sup>1</sup> power-adjustable **steering wheel**, which tilts and telescopes to conform to the driver's own shape and stature.

<sup>1</sup>Leather-wrapped on Sport Package.

For those automotive enthusiasts who demand the highest performance, there's a 3.9L **DOHC 32-valve V8** with 252 horsepower. The Lincoln LS is also available with a responsive DOHC 24-valve, 210 horsepower V6.

The Lincoln LS is powered by a smooth V6 that boasts an optional five-speed **manual transmission**. The engine's block and cylinder head are cast with the patented Cosworth-**casting process**, yielding a lightweight, durable and efficient powerplant that creates a truly impressive performance.

The near **50/50 weight distribution** in the Lincoln LS is responsible for the vehicle's excellent front-to-rear balance, contributing to stability, agility, traction and, therefore, improved driver confidence. It's a feeling that should be experienced to be believed.

Available on all Lincoln LS models is the **AdvanceTrac™** Interactive Vehicle Dynamics control system. Highly intelligent, it monitors everything from speed to road conditions to vehicle yaw and steering—always controlling each wheel for maximum stability.

Standard **All-Speed Traction Control** on the 2001 Lincoln LS helps maintain traction on a wide variety of slippery surfaces by electronically modulating engine torque and brake behavior to limit wheel spin, while ABS detects and prevents wheel lockup.

All models include a standard **Anti-lock Brake System (ABS)**. This system is enhanced by Electronic Brake Force Distribution, which provides ABS-derived electronic proportioning of brake action—further adding to the awesome performance of the Lincoln LS.

Thanks to the standard **autolamp** feature, the parking lamps and low-beam headlamps automatically turn on under low ambient light. Furthermore, once the ignition is turned off, the lamps will stay on for up to three minutes to help you exit safely and securely.

Dual **driver's seat memory** settings allow you to choose one of two different preset positions. For further comfort and convenience, the driver's seat moves back while the steering column moves up—significantly contributing to seamless entries and exits.

The 2001 Lincoln LS features a coil-on-plug **electronic ignition**, which provides dependable spark sequences, while also eliminating the need for spark plug wires.

Standard on V8 models, the **Electronic Message Center** allows the driver a quick, convenient way to obtain information on vital engine systems, maintenance requirements and fuel availability—helping to create the best driving experience possible.

The Lincoln LS recently received the **highest overall crash-test rating** possible by the Insurance Institute for Highway Safety in the structural, occupant injury measures and kinematics safety categories, demonstrating our belief in continuing to make safety a priority.

Rich, supple **leather seating surfaces**, standard on all models, reflect the quality craftsmanship and attention to detail so obvious everywhere else in the vehicle's construction.

To ensure we're offering our customers the best service possible, we proudly offer the **Lincoln Personal Consultant**. Just visit our Web site at [www.lincolnvehicles.com/pc](http://www.lincolnvehicles.com/pc) and one of our manufacturer's representatives will help with anything from price quotes to product features to arranging a test drive at your local dealer—at no cost or obligation.

Special optional<sup>1</sup> sensors on the 2001 Lincoln LS detect moisture accumulation on the windshield and automatically activate slow or fast wiper motion accordingly. These **moisture-sensitive windshield wipers** will work in virtually any kind of weather.

<sup>1</sup>Standard on V8 models. Part of the Convenience Package.

Standard on every V6 and V8 Lincoln LS model is a **remote Keyless Entry system**, which unlocks the doors, the trunk and opens the moonroof. And, in an emergency, the "panic" button will activate both the horn and marker lights for added protection.

The **SelectShift Automatic™** transmission is included with the Sport Package on automatic models. The five-speed Getrag™ manual transmission is available with the V6 engine.

Drivetrain		
ENGINE		
LAYOUT		Front engine, rear-wheel drive
TYPE	V6	DOHC 24-valve V6 with aluminum block and cylinder heads
	V8	DOHC 32-valve V8 with aluminum block and cylinder heads

Due to a late color name change, what this book refers to as Light Parchment Gold Clearcoat Metallic is actually named Light Parchment Gold Clearcoat.  
¹With optional moonroof. ²Always wear your safety belt and secure children in the rear seat. ³N/A with Sport Package. ⁴Optional equipment with Sport Package.

Safety and Security	
▪ Driver and front passenger airbag Supplemental Restraint System²	▪ Remote Keyless Entry with panic button, illuminated entry and Global Open for side windows and optional moonroof
▪ Driver and front passenger side-impact head/chest airbags²	▪ Emergency interior trunk lid release
▪ Brake/shift interlock	▪ Child-safety rear door locks
▪ 4-wheel disc Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBD)	▪ Child-safety rear seat upper and lower tether anchors
▪ All-Speed Traction Control	▪ Dual power-heated exterior mirrors
▪ 3-point safety belts for all five seating positions	▪ LED center high-mount stop lamp
▪ Anti-intrusion side door beams	▪ 2-speed windshield wipers with variable intermittent action and heated park position
▪ Securilock™ passive anti-theft system	▪ Perimeter alarm with LED indicator
▪ SmartLock™ anti-lockout system	▪ Valet key
Interior Amenities	
▪ 8-way power driver and 6-way power passenger front seats	▪ Multi-function analog instrument cluster
▪ 60/40 split fold-down rear bench seat	▪ Automatic on/off delay headlamps
▪ Leather seating surfaces	▪ Rear "Theatre Seating"
▪ Exterior temperature display	▪ Front and rear cupholders
▪ Wood- and leather-trimmed steering wheel³	▪ Power windows and locks with illuminated controls and express-down driver's window
▪ Tilt and telescoping steering wheel with speed control and duplicate audio controls	▪ Accessory delay
▪ Dual Automatic Temperature Control with dual sunload sensors	▪ Electronic Message Center (standard on V8 model)
▪ Premium AM/FM stereo/cassette with RDS, clock, speed-compensating volume control and 4 speakers	▪ Speed control with tap-up/tap-down features
	▪ Front and rear carpeted floor mats
	▪ Center console with storage
Exterior Features	
▪ Wraparound complex reflector headlamps and taillamps	▪ Remote electric decklid release
▪ Fog lamps	▪ Dual exhaust
▪ Wraparound front and rear bumper fascias	▪ 16-inch 5-spoke brushed aluminum wheels
Options	
▪ Heated driver and front passenger seats	▪ AdvanceTrac™ stability enhancement system
▪ Alpine® Audiophile Sound System with 12 premium speakers, 90-watt subwoofer and speed-compensating volume control³	▪ Power moonroof
▪ Premium 6-disc CD changer (mounted in glove compartment)³	▪ Hands-free portable analog cellular telephone with steering wheel-mounted microphone
▪ 16-inch 5-spoke highly polished aluminum wheels³	▪ Premium AM/FM stereo with in-dash 6-disc CD changer with RDS, clock, speed-compensating volume control and 4 speakers
Sport Package	
Standard with V6 manual, optional with V6 and V8 automatics	▪ Sport suspension tuning
▪ 17-inch 5-spoke Super Silver aluminum wheels	▪ SelectShift Automatic™ transmission
▪ 17-inch 5-spoke chrome aluminum wheels⁴	▪ Monochromatic body-colored front and rear bumpers
▪ P235/50VR17 tires	▪ Engine oil cooler
▪ Alpine® Sport Audio System with 6 speakers, RDS, clock, AM/FM stereo, in-dash 6-disc CD changer and speed-compensating volume control	▪ Leather-wrapped tilt and telescoping steering wheel with speed control, duplicate audio controls and leather shift knob
Convenience Package	
Standard with V8, optional with V6	▪ Moisture-sensitive windshield wipers
▪ Electrochromic interior rearview mirror with compass	▪ Memory driver's seat, steering wheel and exterior mirrors
▪ Homelink® programmable garage door opener	▪ Power driver and front passenger lumbar adjustment

FORD CREDIT

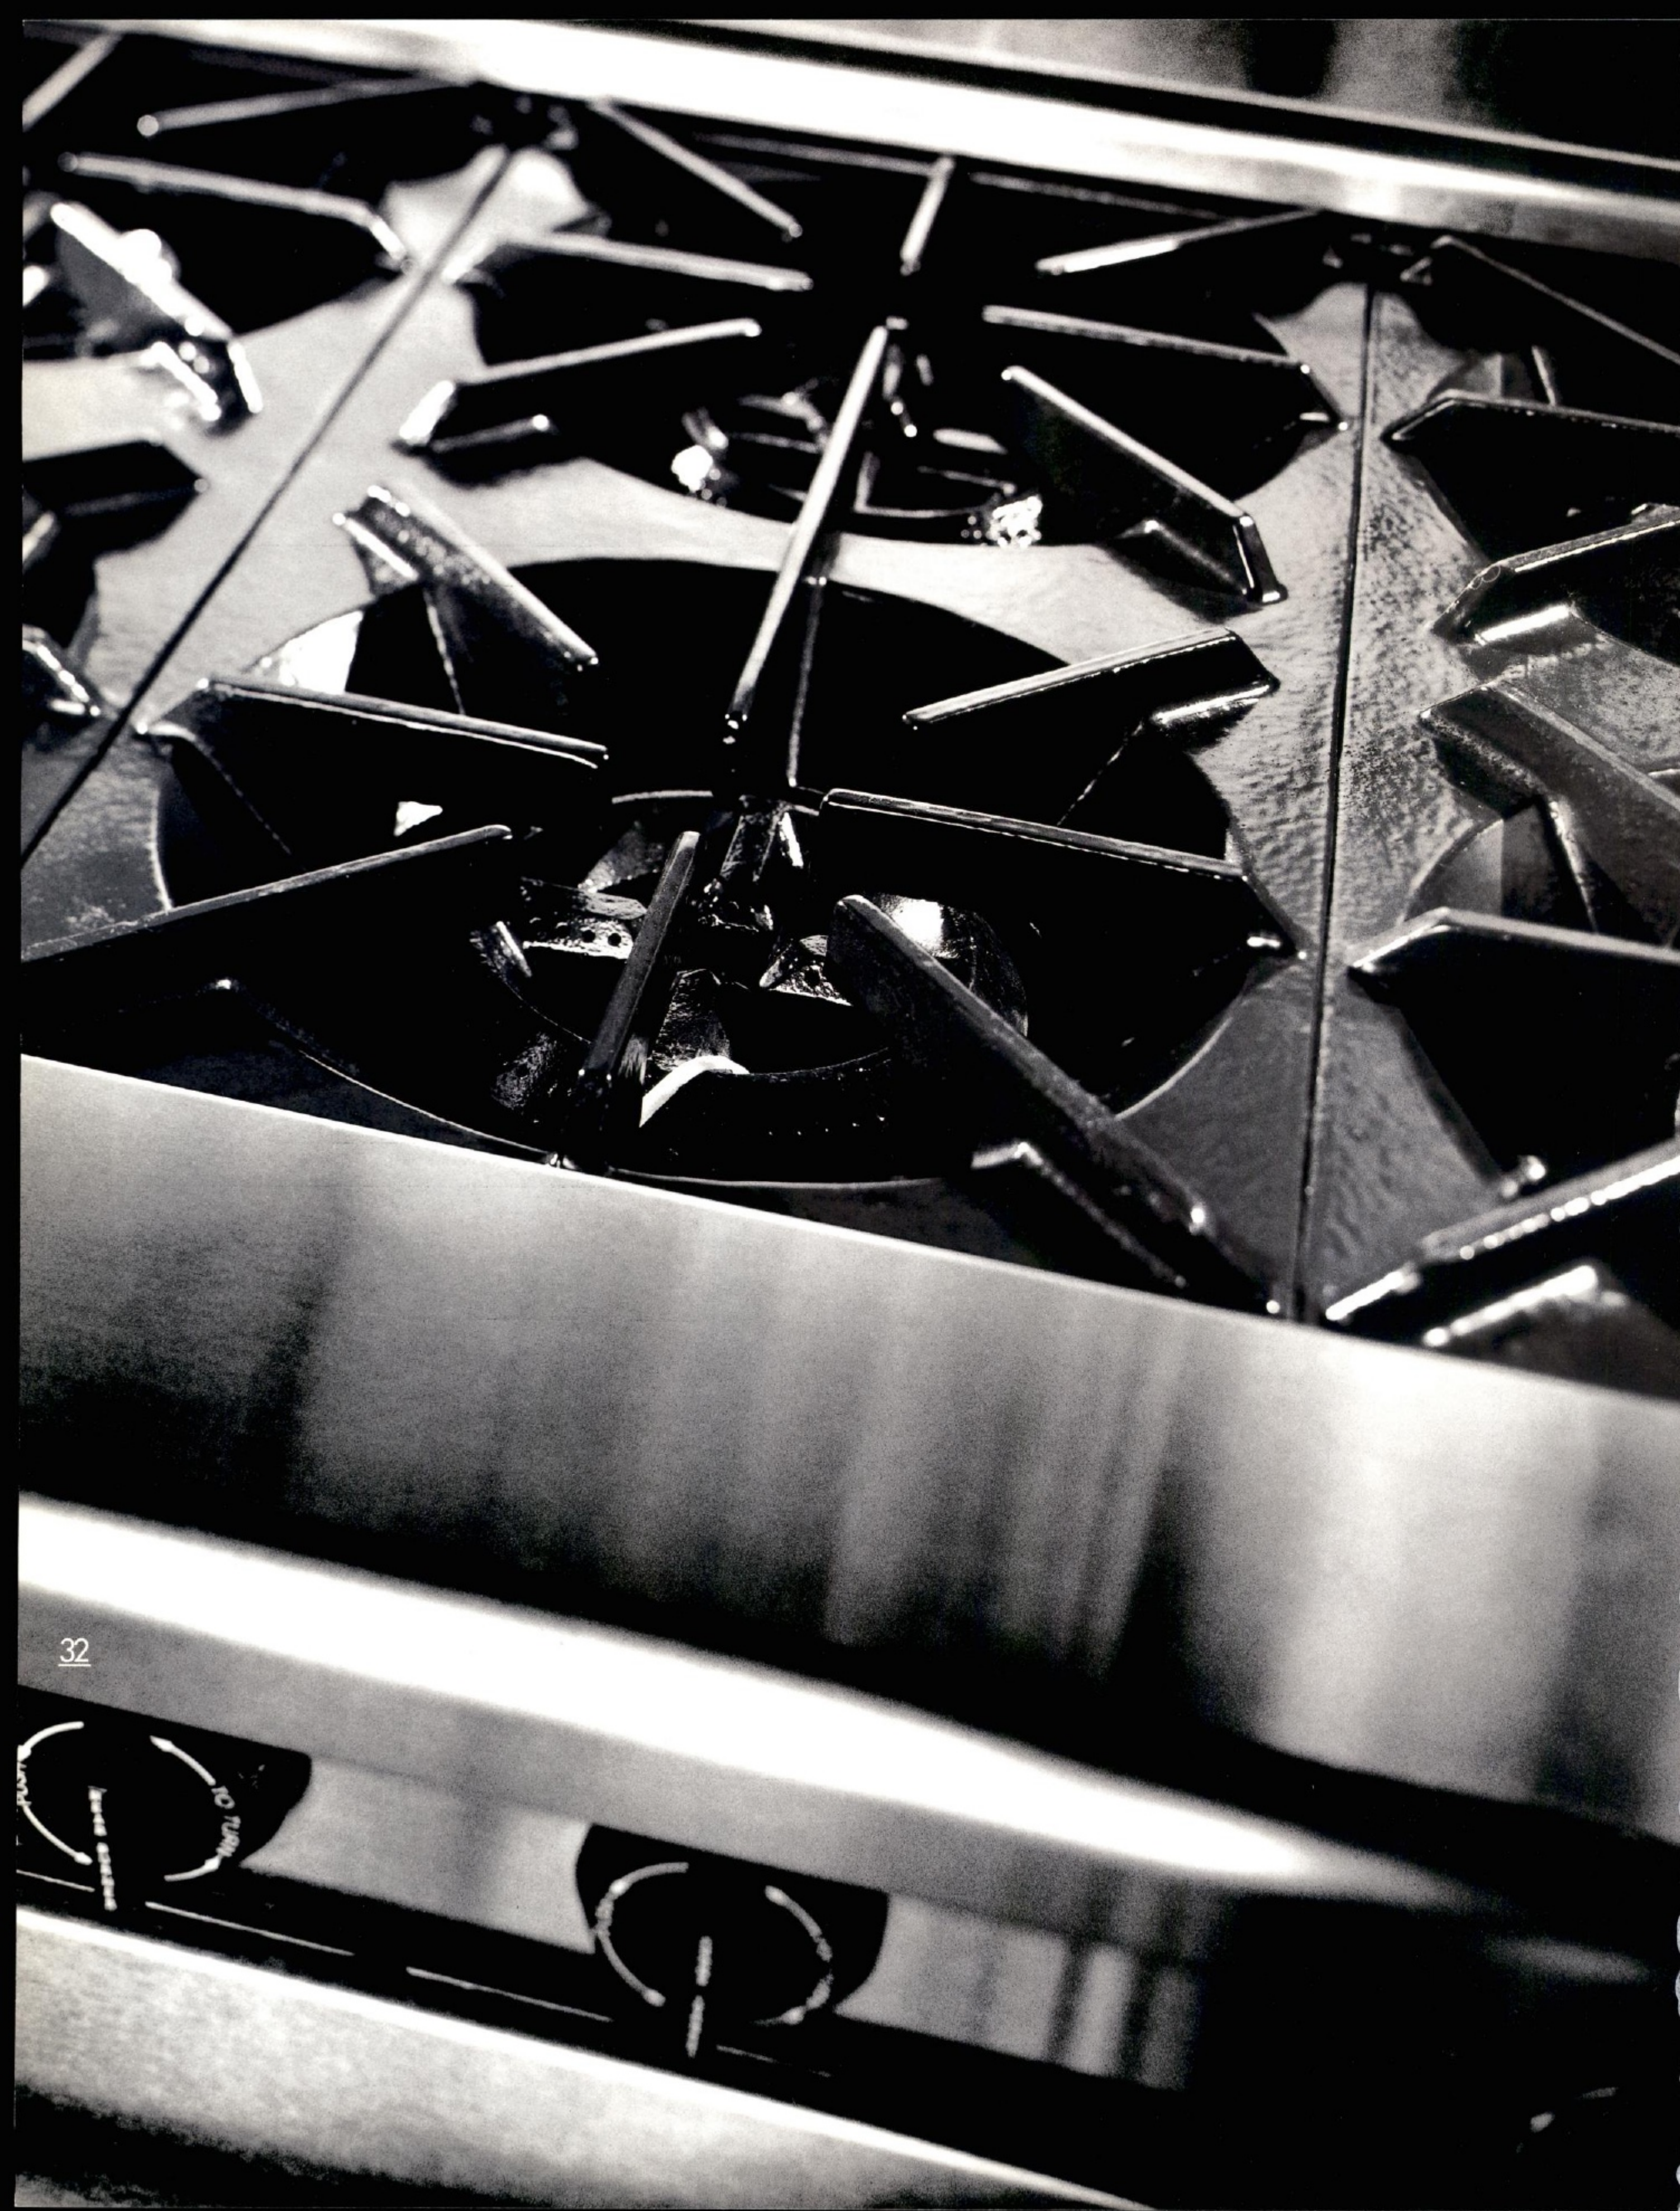

Ford Credit provides the convenience of one-stop shopping with a variety of simple-to-understand purchase or Red Carpet Lease programs available right at the dealership. For more information, ask your dealer for details, or visit us on the web at [www.fordcredit.com](http://www.fordcredit.com)
