

LINCOLN

2002 CONTINENTAL

02	American Luxury.
04	The Confidence.
06	Boundless Comfort.
08	Assurance.
10	Elegance.
12	The Features.
16	The Facts.
17	The Palette.

Purposefully designed to attract all eyes, the Lincoln Continental offers both a

refined elegance, as well as an undeniable level of control. One trip down

your favorite stretch of road should more than prove it. An experience we hope

you'll come to appreciate yourself. Continental. True American luxury for 2002.

Press the accelerator
and feel the response of
the InTech™ V8 engine.

With 275 horsepower
and 275 lb-ft of torque,
you are confident
and in command.

Stretch out in complete

comfort. Continental is

spacious enough to turn

any trip into a relaxing,

rejuvenating vacation.

Lincoln Continental in White Pearlescent Clearcoat Metallic. Shown with available equipment.

08

Lincoln Continental in Black Clearcoat. Shown with available equipment.

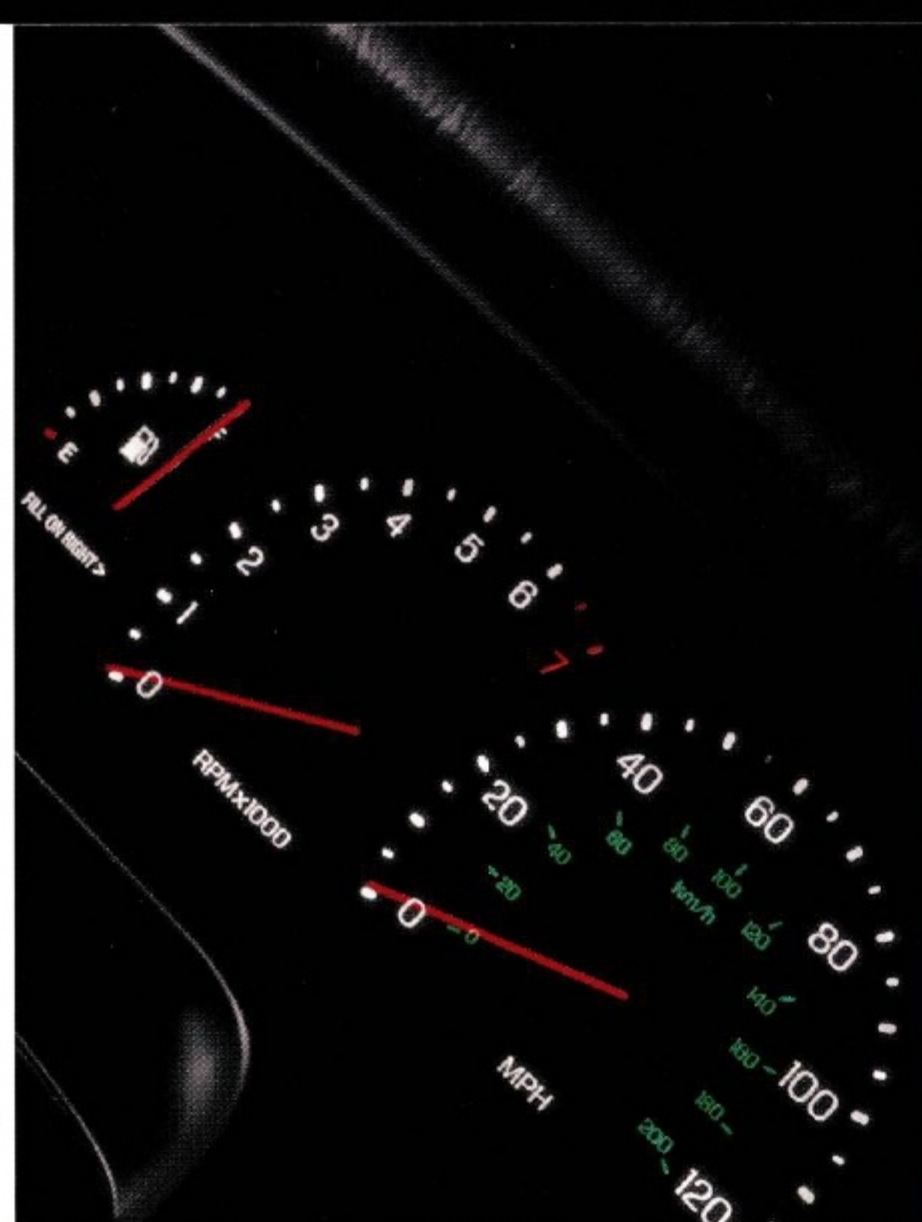

Arrive in style. And
arrive safely. Both driver
and front passenger
side-impact head/chest
airbags are standard.

Always wear your safety belt and secure children in the rear seat.

Lincoln Continental with Light Parchment interior. Shown with available equipment.

Lincoln Continental's **Virtual Image Instrument Cluster** uses highly visible graphics projected onto a black surface—giving the images and data a unique, diverse, three-dimensional appearance in lighting conditions such as bright sunlight or complete darkness. ▶

Crafted into Continental's console is the available **leather-wrapped floor shifter**, which lets the driver effortlessly control the 4-speed automatic transmission. Both sporty and functional, this handsome shifter is just one of the many fine luxuries available for 2002. ▼

Continental's available **wheel choices** include a 10-spoke brushed aluminum wheel, an 8-window highly polished aluminum wheel and an elegant 6-spoke chrome wheel design. All are 16-inch diameter for style and ideal proportions. ▶

An available **moonroof** welcomes in the sun, moon and stars. Or, if you prefer, just a pleasant touch of fresh breeze. ▼

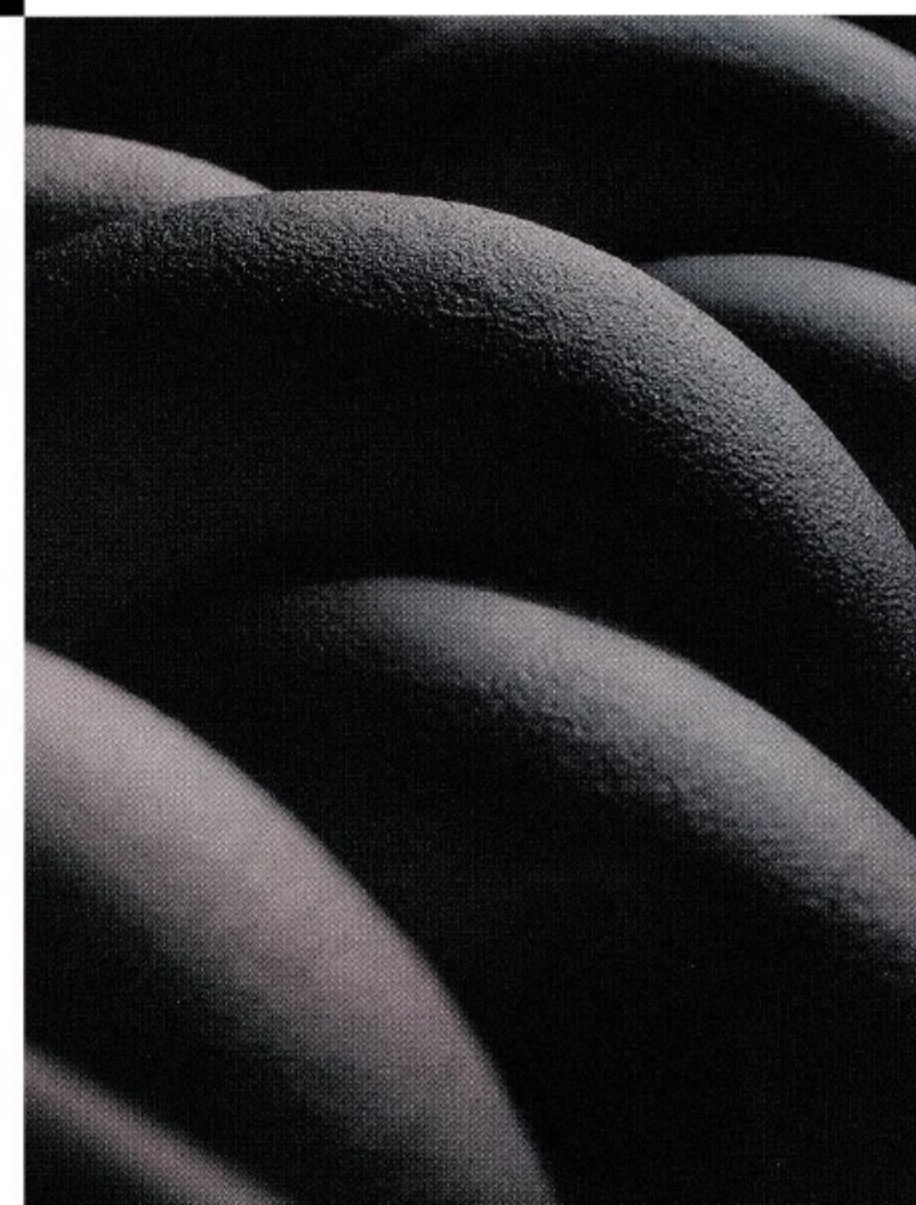

Available on Continental for 2002, the **Vehicle Communication System** includes a Motorola Timeport™ wireless phone. The required Sprint PCS® service plan features voice-activated name or digit dialing for hands-free use. It also enables the satellite-based Global Positioning System, which offers Safety and Security services, Route Guidance and Point of Interest Location information. ▲

Continental's available **Driver Select System**¹ includes driving conveniences that afford the driver a superior level of control. These conveniences include such things as selectable ride control, a semi-active suspension, duplicate steering wheel audio and climate controls, and the Memory Profile System.

¹Included with 5-passenger seating.

Always mindful of intimate details, we've designed an available gorgeous **rosewood and leather-trimmed steering wheel** with duplicate audio and climate controls. Proof that with Lincoln Continental, things can never be too luxurious or accommodating. ▲

Continental's sophisticated 4.6L 32-valve **DOHC InTech™ V8 engine** delivers an impressively responsive, yet incredibly smooth 275 horsepower, and under normal driving conditions and with the recommended fluid and filter changes, will perform for 100,000 miles before a single scheduled tune-up.

The **All-Speed Traction Control** on the Lincoln Continental helps to maintain excellent handling and steering on a variety of slippery road surfaces by electronically and automatically modulating engine torque output as well as brake behavior.

Even under adverse conditions, Continental's four-wheel disc **Anti-lock Brake System** contributes greatly to improved control during hard braking on a variety of road surfaces.

In addition to housing the available Alpine® Audio 6-disc **CD changer**, Continental's center console is conveniently designed in tandem with the gear shifter.¹ This is just one of the many luxuries contributing to the interior's truly handsome appearance.

¹5-passenger seating only.

In a luxury car already well-equipped with safety features, **driver and front passenger side-impact head/chest airbags**² supplement Continental's existing airbag system, adding a whole new level of safety. A testament of our commitment to passenger safety.

²Always wear your safety belt and secure children in the rear seat.

Coil-on-plug **electronic ignition** provides dependable spark sequences as well as more effective combustion chamber detonation — totally eliminating the need for spark plug wires.

On bad weather days, Continental's **exterior mirrors** can be heated to quickly melt away ice and snow for better clarity and safety. What's more, these mirrors will also tilt down automatically when the driver shifts into reverse, creating better curb visibility.

Contributing to a more comfortable and sophisticated ride, there's Continental's Short- and Long-Arm **independent rear suspension system** with stabilizer bar and air springs.

To ensure we're offering our customers the best service possible, we proudly offer the **Lincoln Personal Consultant**. Just visit our Web site at Lincoln.com/pc and one of our manufacturer's representatives will help with anything from price quotes to product features to arranging a test drive at your local dealer—at no cost or obligation.

To satisfy the high standards of Lincoln customers, Continental features an independent **MacPherson strut front suspension**. This design is well-known for its excellent cornering and excellent overall handling characteristics—helping to create a better ride.

The available Driver Select System contains the **Memory Profile System**,³ which delivers the comfort and convenience of programmable seats and mirrors, activated via a remote keyless entry key fob, keyless entry keypad or menu button on your message center.

³Included with 5-passenger seating.

The **overhead console** on the 2002 Lincoln Continental provides much more than mere maplights. It also offers storage for things like sunglasses and a tissue holder.

Even in the unfortunate event of lost or misplaced keys, you can still gain access to Continental, via the **programmable keypad** located on the driver's side door, which will unlock the car after you have entered your unique personalized identification number.

A **remote Keyless Entry system** located on the key fob provides Lincoln Continental owners with the convenience of remote locking and unlocking of doors, trunk release and a "panic" button to set off both the horn and marker lights in case of an emergency.

The available Personal Security Package with the **SecuriTire® System** includes special tires with reinforced sidewalls, enabling the driver to maintain control after total tire air pressure loss. More importantly, the driver can safely continue traveling for up to 50 miles after tire pressure loss—depending on load, speed and driving conditions.

Drivetrain	
ENGINE	
LAYOUT	Transverse mounted front engine, front-wheel drive
TYPE	DOHC 32-valve InTech™ V8 with aluminum block and cylinder heads
DISPLACEMENT	4.6 liter/281 cu in

Web Site

For additional information on Lincoln Continental or other fine Lincoln automobiles, find us on the Web at

Lincoln.com

Standard with all 2002 model year vehicles is 3-year/36,000-mile Lincoln Complimentary Maintenance—a no charge, scheduled maintenance service at 5,000 mile or 6 month intervals, whichever occurs first, in accordance with your vehicle's scheduled maintenance guide. Six additional wear items will also be covered: spark plugs (except in California), shock absorbers, clutch disc, engine belts and hoses, brake pads and linings, and wiper blades. Available in the U.S. (may be available in other countries). See your dealer for more details.

Ford Credit provides the convenience of one-stop shopping with a variety of simple-to-understand purchase or Red Carpet Lease programs available right at the dealership. For more information, ask your dealer for details, or visit us on the Web at www.fordcredit.com

Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Lincoln dealer is your best source for up-to-date information. Lincoln reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations. Information based on AAMA specifications.

Safety and Security

- AIRBAGS—driver and front passenger front and side-impact air bags¹
- ALL-SPEED TRACTION CONTROL
- ANTI-THEFT SYSTEM—perimeter anti-theft device sounds the horn and flashes the headlamps and taillamps when the doors or trunk are tampered with and LED indicator flashes when active
- BATTERY SAVER—turns off interior lights and headlamps to save battery life
- BRAKES—power-assisted 4-wheel disc Anti-lock Brake System (ABS)
- BRAKE SHIFT INTERLOCK
- CHILD-SAFETY LOCKS—on rear doors
- CHILD-SAFETY SEAT TETHER ANCHORS—3 upper anchors
- DOOR BEAMS—heavy-gauge steel side door anti-intrusion beams with front and rear crumple zones
- FAIL SAFE COOLING SYSTEM
- HOME SAFE TRANSAXLE—allows the vehicle to operate in second gear and reverse in the event of an electronic failure
- REMOTE KEYLESS ENTRY SYSTEM—with illuminated entry, panic button, two key fobs, keyless entry keypad
- SAFETY BELTS—front outboard 3-point restraints with height-adjustable D-rings and pretensioners; 3-point safety belts for all outboard rear passengers
- SECURILOCK™—passive anti-theft system
- SMARTLOCK™—anti-lockout system
- WARNING LIGHTS—includes check engine, airbags¹, safety belt reminder, high beams on, ABS, anti theft, traction control active, brake pressure alert, turn signal indicator, check battery and low oil pressure

Interior Amenities

- ACCESSORY DELAY—power, provides up to 10 minutes for operating windows and radio after ignition is turned off or until any door is opened
- AIR CONDITIONING—Electronic Automatic Temperature Control system with sunload sensor
- ANTENNA—concealed radio antenna
- ARMRESTS—full-length door trim, front center armrest with storage and fold-down rear center armrest with cupholders
- CLOCK—analog
- CONSOLES—overhead console with map lamps, storage for sunglasses and tissue holder and storage armrest, mini console with ashtray, cupholders and column shifter
- CUPHOLDERS—front and rear dual cupholders
- DEFROSTER—rear window
- DUCTS—rear seat air-conditioning for 5-passenger seating only and rear heat
- FLOOR MATS—carpeted front and rear
- GLOVE BOX—lockable
- HANDLES—front and rear passenger retractable grab handles and coat hooks
- HOMELINK® UNIVERSAL TRANSCIEVER—located in driver's visor
- INSTRUMENT PANEL—virtual image cluster with multi-function message center
- LIGHTS—interior theater dimming lights, overhead console with map lights (in rearview mirror with power moonroof) and illuminated door, window, and speed control switches
- LOCKS—power door lock with valet key and single key entry/ignition
- LUGGAGE COMPARTMENT—fully lined
- MAP POCKETS—driver and front passenger map pockets on door trim
- MIRRORS—electrochromic (auto-dimming) rearview mirror with compass
- MEMORY SETTINGS—driver's seat and exterior mirrors position for two drivers
- PARTICULATE AIR FILTRATION SYSTEM
