JUST IMAGINE AN SUV AS LUXURIOUS AND SOPHISTICATED as its daily environment. That's the new 2002 Mercury Mountaineer, a purposeful vehicle of uncommon grace and agility. Its strong, urban-inspired design is distinctive. Its modern interior features boast satin-aluminum accents, and impressive roominess and cargo capacity, while standard seven-passenger seating, with a disappearing third-row seat, provides a quiet and comfortable place to explore the world. It's all part of Mountaineer's intelligent and elegant approach to life. And the perfect fit for yours.

Mercury Mountaineer in Silver Frost Clearcoat Metallic with Light Mineral Grey Clearcoat Metallic cladding. Shown with available equipment.

**TAKING CHALLENGES AND MASTERING NEW SITUATIONS** can be a highly rewarding life skill. This applies to people—and to Mountaineer's available All-Wheel Drive (AWD) system, which adapts automatically to nearly any driving challenge, enabling drivers to handle the chaos of the city streets. And Mountaineer's full-time AWD networks with an available 4.6L SOHC V8<sup>1</sup> that offers more horsepower (239 horsepower to be exact) than any previous Mountaineer V8 engine—instilling the confidence to master any daily commute. Now that's an enlightened approach to driving.

<sup>1</sup>Available Spring 2001.

VERSATILE AND ADAPTIVE. THESE WORDS DESCRIBE INDEPENDENT THINKERS—AND ONE VERY INDEPENDENT SPORT UTILITY

VEHICLE. **A** Mercury Mountaineer rewards its driver with the sure-footed versatility of four-wheel independent suspension, which handles road irregularities with precision while yielding a smooth ride and outstanding maneuverability. Likewise, four-wheel anti-lock disc brakes lend powerful control and a reassuring extra margin of safety.

**B** Available power-adjustable foot pedals<sup>1</sup> adjust through a three-inch range, adapting to drivers of

different statures for increased driving performance and comfort.

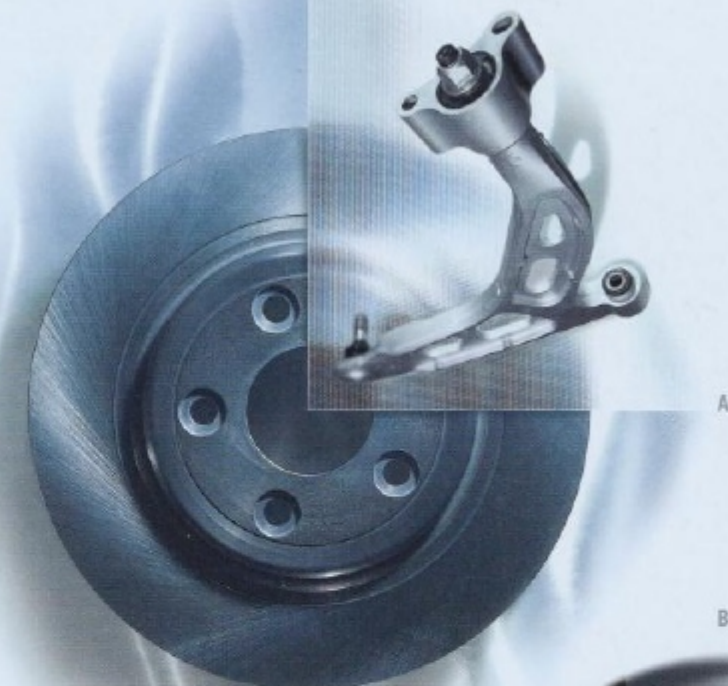

**C** The available new side curtain airbags<sup>2</sup> quickly deploy from the headliner to help protect front and outboard second-row passengers in the event of certain side-impact collisions. **D** An available keyless

entry keypad allows the driver's door, all doors or the liftgate to be locked or unlocked individually or conveniently all together.

**E** Available approach lamps on the exterior mirrors provide lighted entry.

<sup>1</sup>Available Spring 2001.

<sup>2</sup>Always wear your safety belt and secure children in the rear seat.

## MERCURY MOUNTAINEER'S INTERIOR

is as smart and distinctive as you are.

Its satin-aluminum accents are stylish

and contemporary, while the innovative

40/20/40 second-row seat provides

extra storage space under the seat

cushion. The disappearing third-row

bench seat offers best-in-class head-

room and legroom, while providing

remarkable cargo capacity. Available

Dual-Zone Electronic Automatic

Temperature Controls let the driver

and front passenger set their own

comfort levels, while an available

auxiliary climate control lets second-

row passengers do likewise. All this

makes Mountaineer very accommodating.

EYES MAY BE WINDOWS TO THE SOUL, BUT MOUNTAINEER'S SPEAKERS ARE PORTALS TO A POWERFUL WORLD OF SOUND.

A Acoustic engineers analyzed the speaker placement to deliver precise sound imaging and tonal

quality throughout the cabin—at both low and high volumes.

Then they added an available Audiophile Sound System with

AM/FM stereo/6-disc in-dash CD player to further enhance audio

enjoyment. B The tilt steering wheel with telescoping column<sup>1</sup>

tailors the driver's position as a satisfying personal space.

C Mountaineer's instrument panel is a masterwork of integrated design.

Its clean analog instrumentation and satin-aluminum accents

embrace the joy of driving—while providing a refreshingly modern

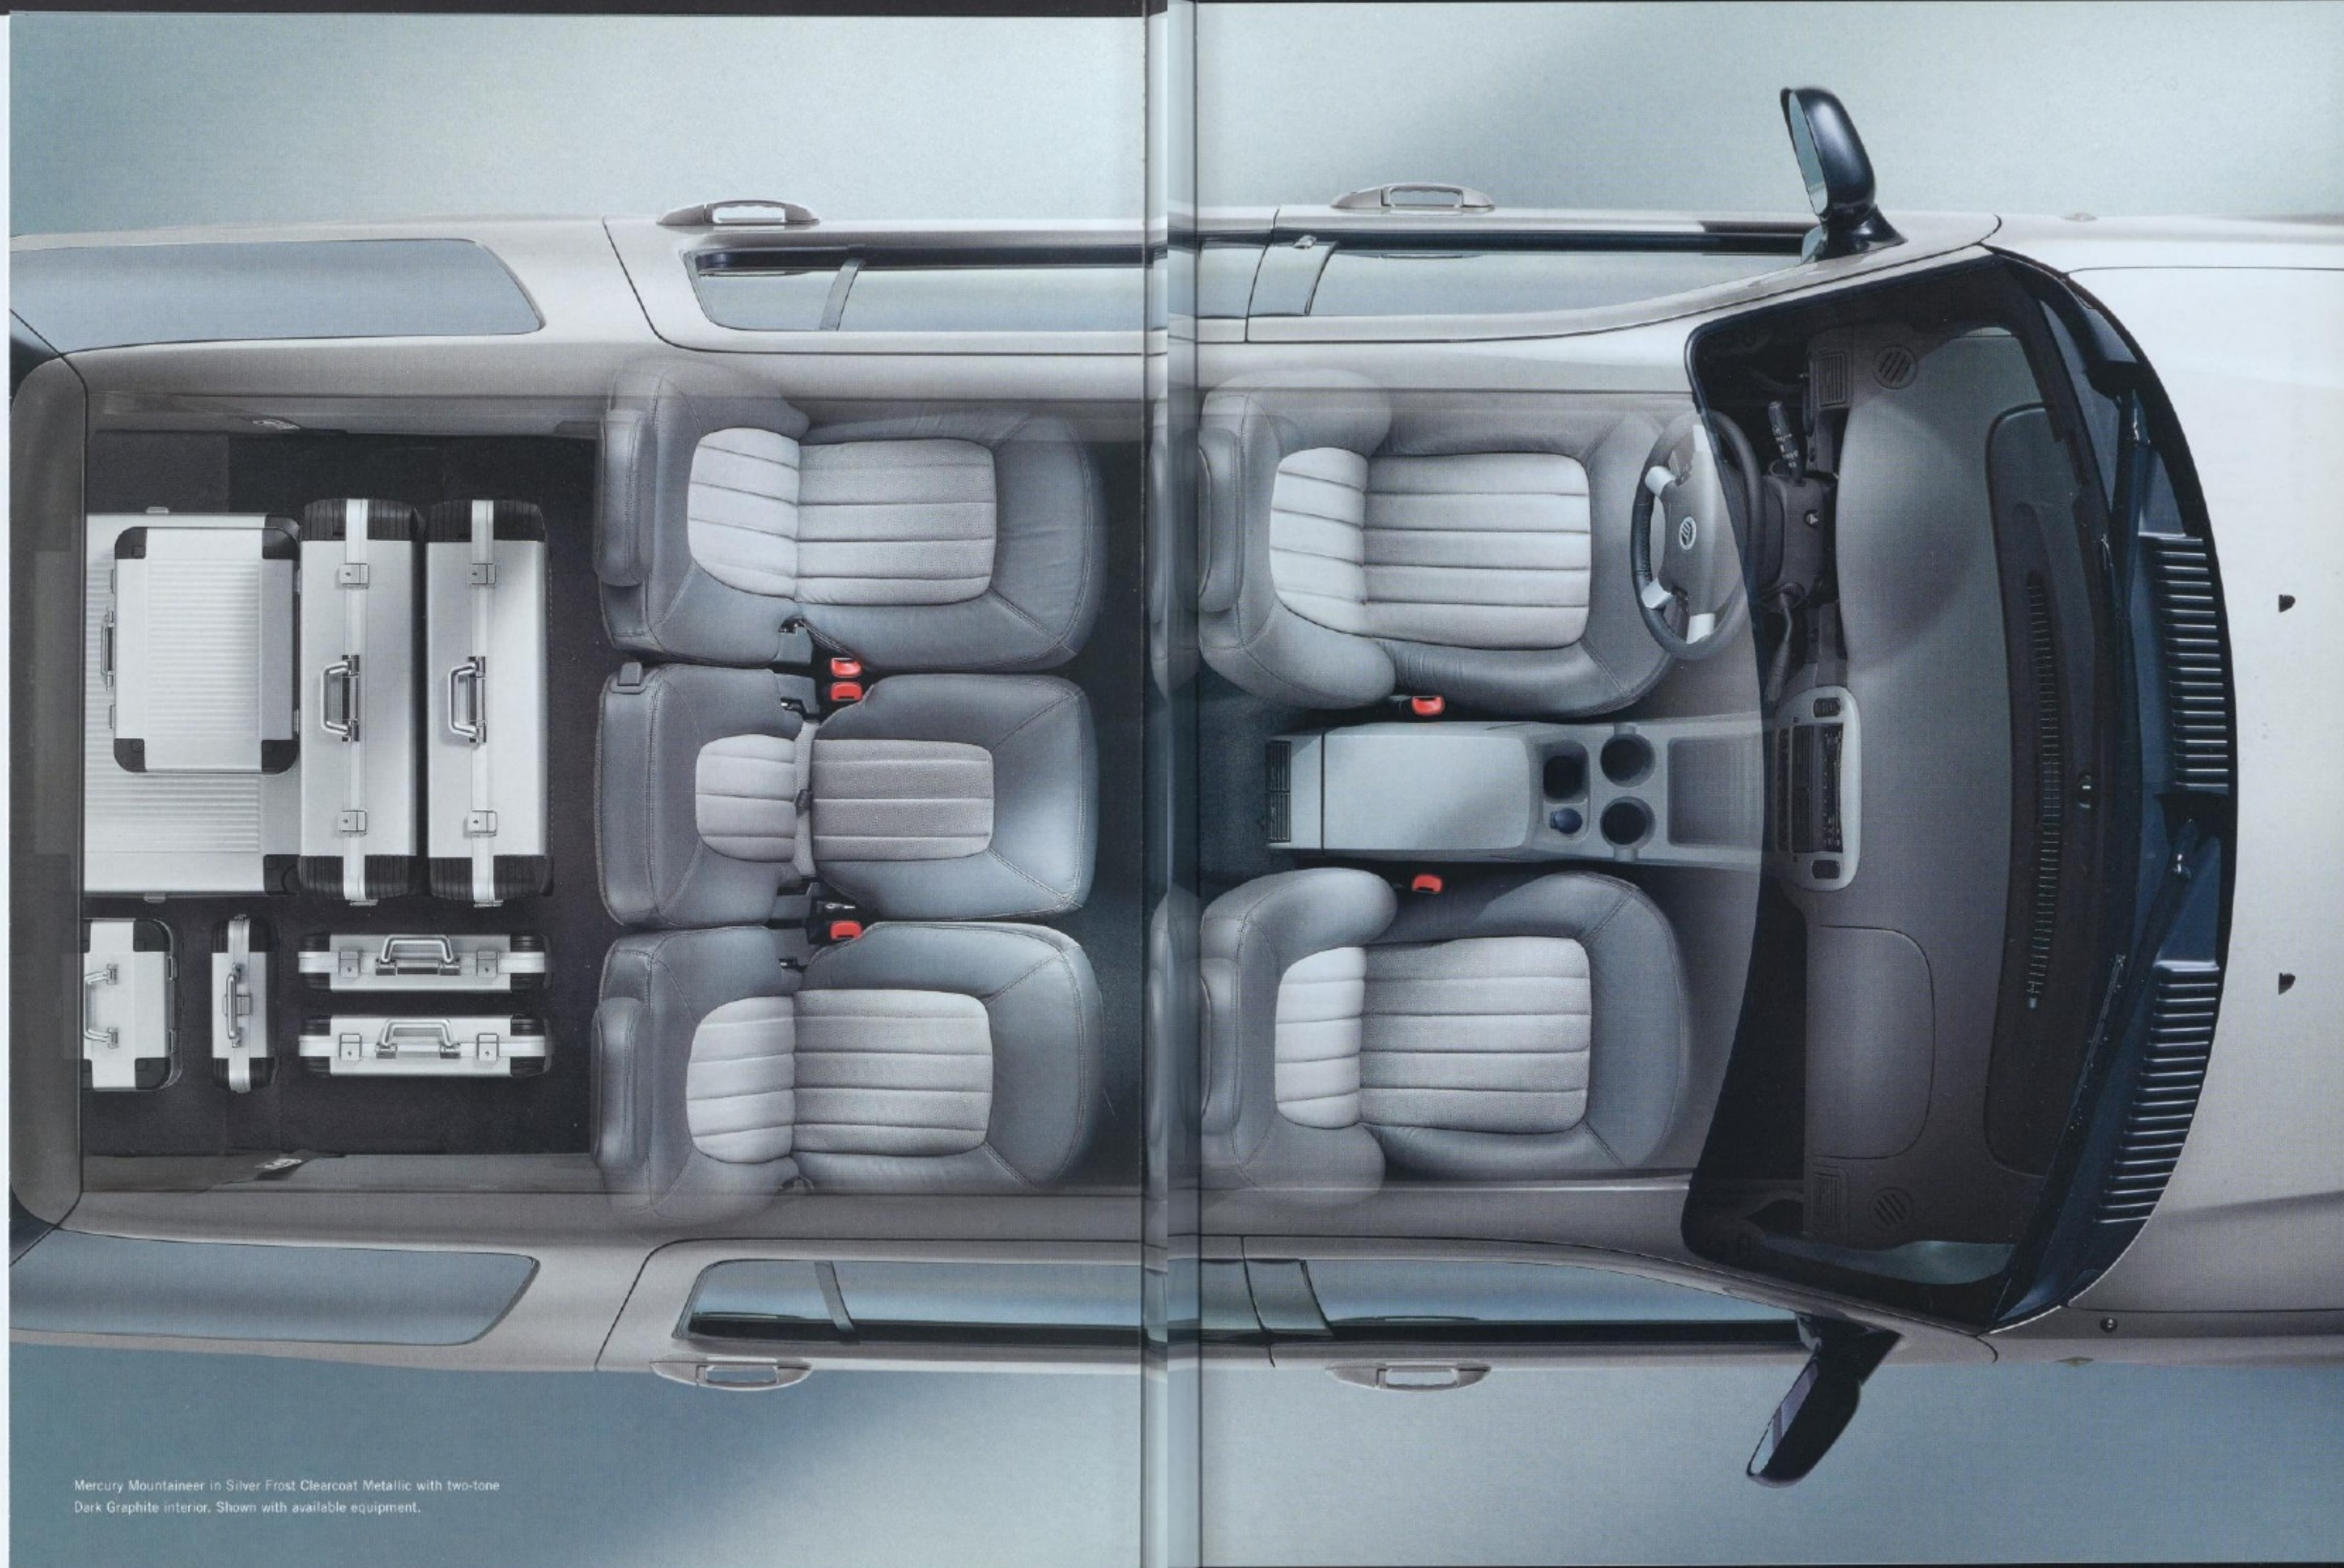

look. D The available memory driver's seat lets multiple users

capture and recall their favorite seat and pedal positions.

E Comfort is subjective, so Mountaineer's available heated seats

let the driver and front passenger add warmth to their travels.
