# EPITOME

For over 40 years, Ford E-Series has been America's choice. This full-size van, with its versatility and capability, just plain gets the job done. It can tow up to 5 tons one day, and carry up to 15 people the next. It goes on family vacations crisscrossing the continent every single day of the year. And it goes to work 365 days out of every year. E-Series is the lifeblood of America's entrepreneurs and mega-businesses alike. It is the "go-to guy." The neighborhood handy van. It is Ford E-Series. And it is all of these things because of one very powerful reason. It's Built Ford Tough.

E-150 CHATEAU

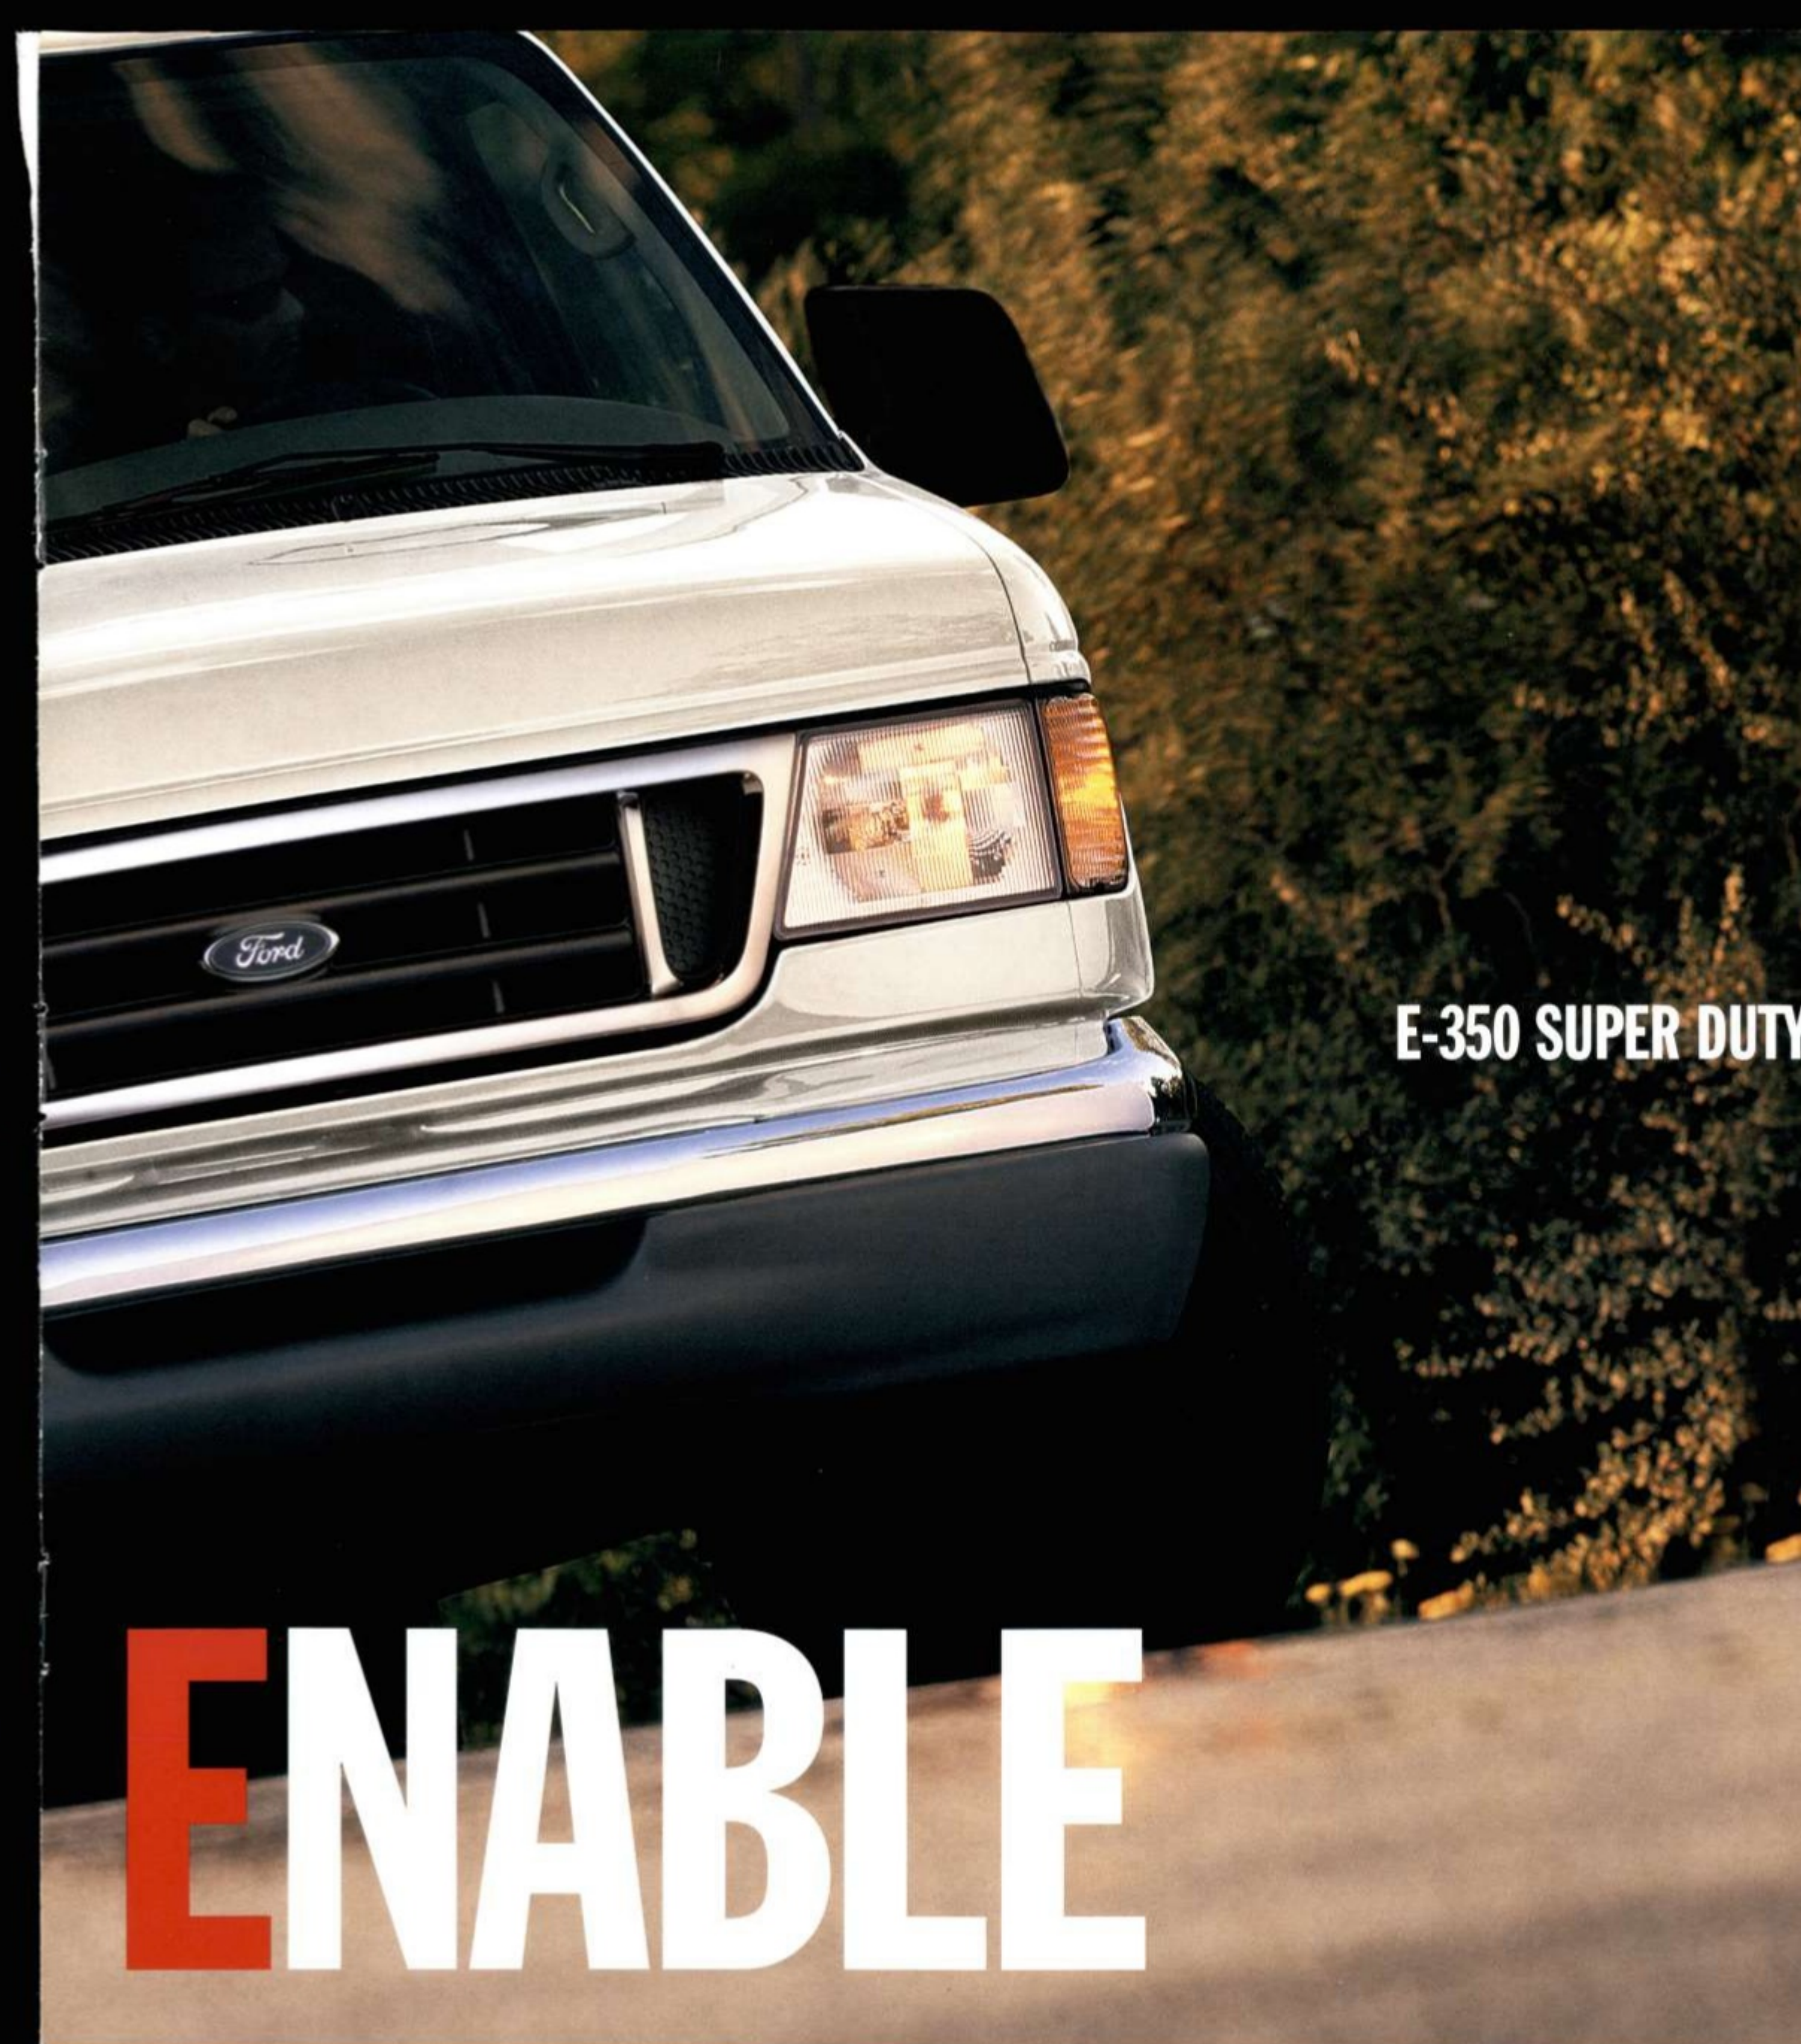

EQUIPPED

The E-Series Chateau is equipped to go wherever America has fun. Step inside and seat yourself anywhere. Immediately you'll enjoy a commanding view of the road. The interior is unbelievably expansive and can be equipped as luxuriously as you desire. Power is also one of its greatest assets. Choose from five proven engines including the award-winning 5.4L Triton™ V8 with 350 lb.-ft. of torque. And even though the standard features list of the E-Series Chateau goes on and on, there are a few accessories that make it even more versatile. One is the optional hitch-mounted bicycle rack. Ingenious.

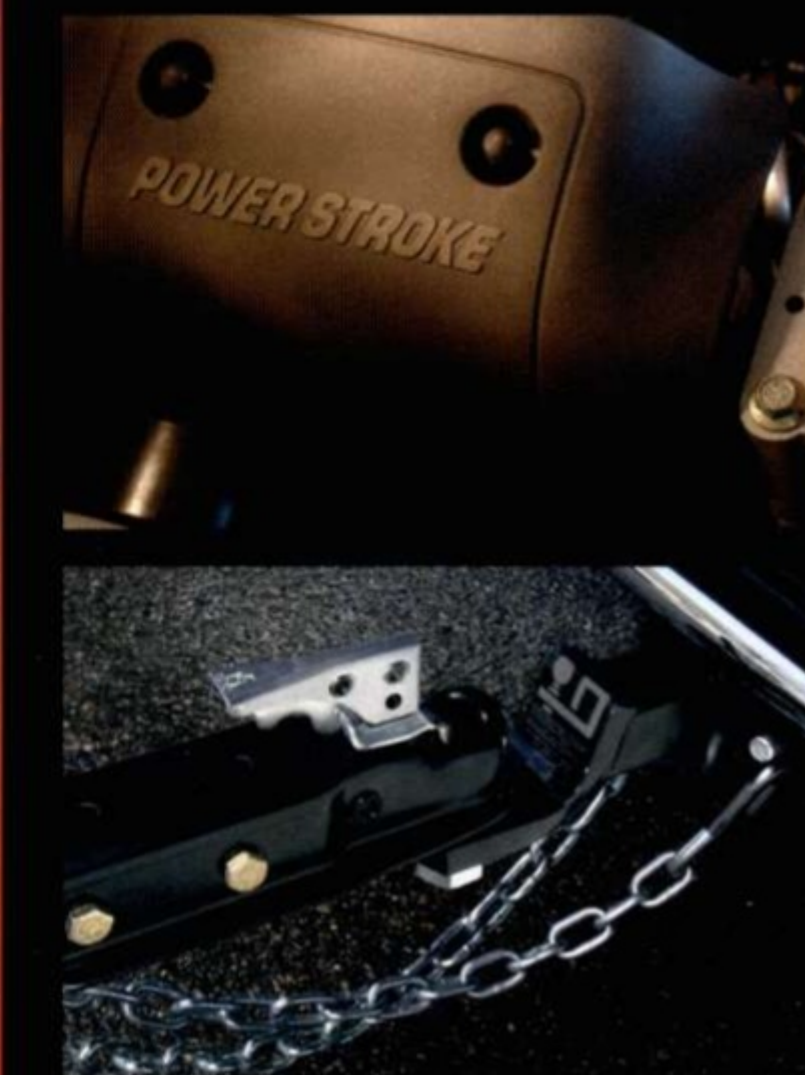

E-350 SUPER DUTY

# ENABLE

Properly equipped, E-Series can easily pull five tons of boat, trailer, personal watercraft, high school homecoming float, pontoon or garden equipment. If you can hitch it up, E-Series can bring it along. For the big stuff, we'd recommend the E-350 Super Duty. Then opt for the 7.3L Power Stroke® engine. You then will have empowered and enabled your E-Series to do the most. It's a great feeling to say yes to the challenge of five tons. And, oh yes, properly equipped means including the right hitch for the job. Choose the Trailer Towing Package option that gets the job done.

The XLT shown to the left features a great number of interior goodies including dual front captain's chairs, a terrific sound system, color-keyed carpeting from front to back, plus tilt steering. You'll find the complete list on pages 12 and 13.

## E-SERIES INTERIOR

After you've stopped oohing and ahing over all that E-Series can do for you, take a peek inside. Every inch (and there are a lot of them) is efficiently used to give you as much convenience, luxury and versatility as possible. To your left is the Chateau 7-passenger quad captain's chairs configuration trimmed in durable cloth. Beautifully efficient. The instrument panel is straightforward. Easy to read. Easy to reach. And true to its word, you can choose from a complete series of sound systems from the in-dash CD below to the complete "home" entertainment center shown on the next pages.

# EASIEST

Easiest? Easiest. The E-Series Chateau is so easy to make it what you want it to be. Choose leather trim and the interior easily becomes the ultimate in luxury. Whether it's a whole ball team, or just a few of your friends and loads of their camping gear, E-Series is up to the task. It's easy. Just remove a seat or two.

E-Series can also become the theater on wheels you've always dreamt about with its optional AutoVision® Video Entertainment System. It includes a VHS player, twin ceiling-mounted color monitors, headphones, audio jacks, remote control and two power points.
