Ford SUVs – Confident Capability.

Escape 03

Specifications 15

Escape Hybrid 05

Specifications 17

Explorer Sport Trac 07

Specifications 17

From urban fast lane to rugged backcountry, Ford SUVs empower you with confident capability. Each proudly proclaims its Ford heritage while clearly making its own statement.

The new Escape features updated styling inside and out, plus clever new technology like its available Intelligent 4WD System.

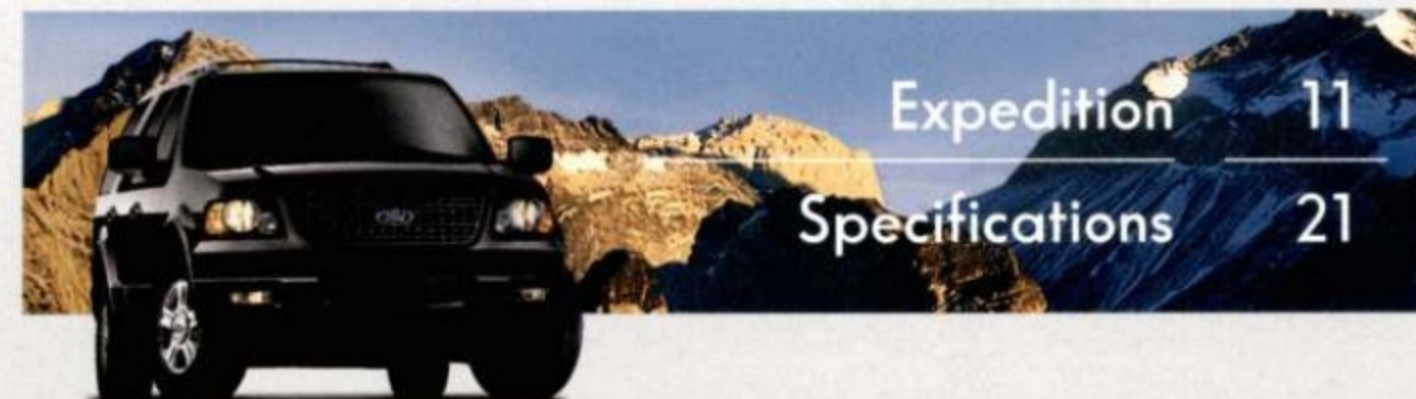

The new Escape Hybrid combines Escape's great features with the advantages of a full-hybrid system. The result is one seriously capable SUV that also delivers incredible fuel efficiency,* an extended driving range and extremely low emissions.** It's the best of both worlds – 100% SUV and 100% hybrid.

If SUV comfort is what you want, but truck-like versatility is what you really need, look no further. Explorer Sport Trac strikes a balance of style and utility you're sure to love.

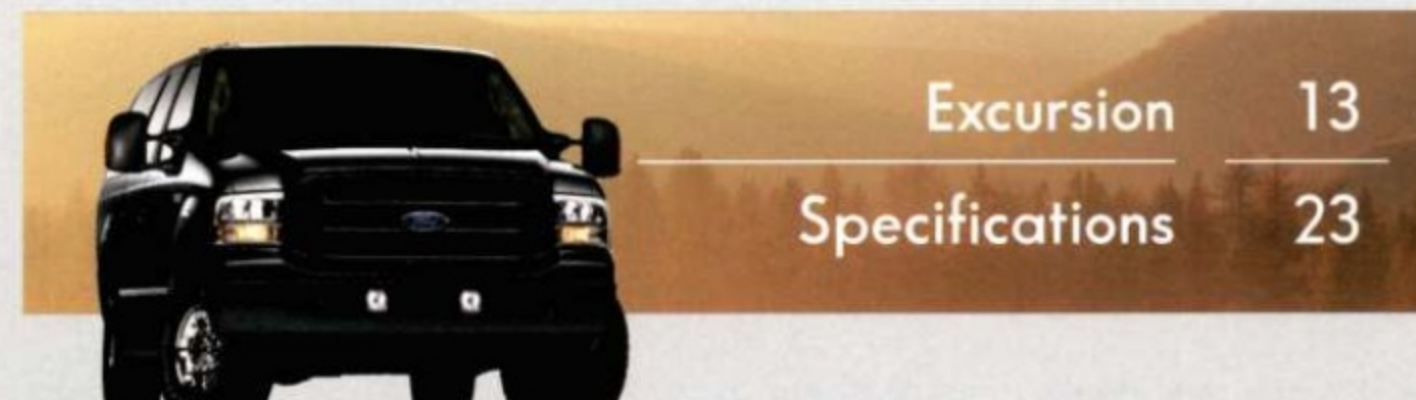

Explorer 09

Specifications 19

Expedition 11

Specifications 21

Excursion 13

Specifications 23

America's best-selling SUV for 13 years and counting, Explorer now features AdvanceTrac® with all-new, class-exclusive[†] Roll Stability Control™ (RSC) as standard equipment to help deliver the peace of mind and confidence every driver desires. Expedition features a new 300-hp 5.4L 3-valve Triton™ V8 engine for 2005. Excursion leads our lineup in all-around capability with seating for up to 9 and a towing capacity of up to 11,000 lbs. Ford SUVs offer such diversity, we're sure you'll find one to meet your specific needs.

*EPA-estimated 36 mpg city/31 hwy. with front-wheel-drive models. Actual mileage may vary with driving habits.

**Based on EPA Green Guide, 2005 Escape vs. 2004 competitive models.

†Truck-based Midsize SUV class.

Escape With The Leader.

Already the best-selling SUV in its class,* Escape just keeps getting better, starting with its new available Intelligent 4WD System. The ultimate in convenience, it smartly maximizes traction at all times, reacting to changing road conditions in the blink of an eye by automatically delivering torque to the axle that has the best traction. Incredibly complex, yet incredibly freeing, it allows you to keep your focus on the road. The 2005 Escape also offers a new 153-hp Duratec 23-2.3L I-4 engine, and an available 200-hp Duratec 30-3.0L V6. The interior and exterior have both been restyled as well. The new available Safety Package gives Escape 2 new front-seat side-impact airbags and 2 side-curtain airbags, in addition to the 2 front airbags in the standard Personal Safety System.™ With its smart new technology, aggressive attitude and updated styling, the new 2005 Ford Escape clearly leads the pack. **See page 15 for Escape specifications.**

*Based on CYTD Small Sport Utility Vehicle sales, July 2004.

Earth's First Full-Hybrid SUV.

Introducing the new Escape Hybrid – the cleanest, most fuel-efficient SUV.* It cleverly unites the original Ford Escape with the benefits of a full-hybrid system. You get Escape essentials like room for 5, lots of cargo space, and available 4-wheel drive on top of cutting-edge hybrid features like its electric motor and 2.3L I-4 Atkinson-cycle gasoline engine. This powertrain system gives Escape Hybrid a combined 155 hp; acceleration and performance comparable to Escape's V6 engine; and an impressive 36 mpg in city driving.** The nickel-metal-hydride (Ni-MH) battery pack stores and provides electrical energy for starting the engine, driving at low speeds and boosting acceleration. It's securely sealed away beneath the cargo-area floor, so everything from groceries to dirty dogs can be carried without a care. The best part? Since the battery pack recharges as you drive, you'll never need to plug it in. Just gas up – and go, go, go. **See page 17 for Escape Hybrid specifications.**

*Based on EPA Green Guide, 2005 Escape vs. 2004 competitive models.

**EPA-estimated 36 mpg city/31 hwy. with front-wheel-drive models. Actual mileage may vary with driving habits. See page 17 for details.

Forget About The Rulebook.

An amazing fusion of truck-like versatility with SUV-like comfort, including spacious seating for 5, the award-winning Explorer Sport Trac defies convention. Available in 4x4 or 4x2, every Sport Trac features a 4.0L SOHC V6 engine that kicks out a full 210 hp* and plenty of low-end torque for strong acceleration and lots of pulling power. An independent front suspension gives Sport Trac the flexibility to take all sorts of terrain in stride. And its industry-first composite cargo bed is ruggedly built to handle all sorts of gear. Looking for some uptown attitude? Sport Trac Adrenalin (shown below) features a sleek, monochromatic exterior, eye-catching 16" chromed wheels, sturdy chromed side step bars and a heart-thumpin' 510-watt Pioneer® Ultimate Audio System with MP3 capability. From down 'n' dirty on the trails to stylin' on the town, "ST" is a unique vehicle, perfect for those inspired to live life by their own set of rules. You in? **See page 17 for Sport Trac specifications.**

Cargo and load capacity limited by weight and weight distribution.
*210 hp with E85 fuel; 205 hp and 242 lb.-ft. of torque with gasoline. **When properly equipped.

Over 5000-lb. Towing Capacity**

13 Years At The Top And Climbing.

America's best-selling SUV for 13 years and counting, Ford Explorer has also been the most trusted SUV for 12 years running* thanks to its loyal owners. They've even helped make Explorer the 1st-and-only SUV to have sold over 5 million vehicles since its inception – now that's a compelling statement of trust. And Explorer earned it by offering innovative, class-exclusive** features like an Independent Rear Suspension (IRS) and patented, all-new Roll Stability Control™ (RSC) to help deliver the peace of mind and confidence every driver desires. Standard AdvanceTrac® improves control on slippery surfaces, while RSC detects potential rollover-type situations and quickly engages AdvanceTrac® to help keep your tires firmly planted on the ground. Choose from rear-wheel drive (4x2) or Control Trac® 4-wheel drive (4x4), plus available V8 or standard V6 power, to create the Explorer that's just right for your life. **See page 19 for Explorer specifications.**

*Based on repurchase numbers among '93-'04 new vehicle buyers. **Truck-based Midsize SUV class.

AdvanceTrac® with Class-Exclusive RSC

Leave 'Em All Behind.

Ford Expedition has been recognized by Polk for having the highest Model Loyalty in the Full-Size Sport Utility Vehicle Segment.* And it's no wonder. Expedition is the only full-size SUV to receive the government's highest frontal crash test rating 4 years in a row (2001-2004 model years). And, it delivers best-in-class** cargo space – more than 110 cu. ft. with the 2nd- and 3rd-row seats folded. Not to mention its available, class-exclusive AdvanceTrac® with the patented Roll Stability Control™ (RSC) that provides added peace of mind, especially on slippery surfaces and in potential rollover-type situations. And new for 2005, the standard 300-hp 5.4L 3-valve Triton™ V8 engine delivers more horsepower and torque, plus better fuel economy!

See page 21 for Expedition specifications.

Cargo and load capacity limited by weight and weight distribution. *According to R.L. Polk statistics for the Full-Size Sport Utility Vehicle Segment in the 2003 model year, Ford Expedition ranked highest by having the greatest percentage of households return to purchase or lease another Expedition. **Full-size SUV class. †EPA-estimated 14 mpg city/19 hwy, for 4x2 models.

Step Up To Excursion.

The ultimate SUV for active lifestyles, Ford Excursion can carry, tow and handle it all – and bring all your family and friends along. Excursion offers a choice of 3 powerful engines with plenty of low-end torque. There's the standard 255-hp 5.4L Triton™ V8, an available 310-hp 6.8L Triton™ V10, and an available, class-exclusive,* 325-hp 6.0L Power Stroke® V8 Turbo Diesel with a class-leading 560 lb.-ft. of torque. When properly equipped, Excursion can tow up to a mighty 11,000 lbs. It can also seat up to 9 and handle everyone's gear with ease, thanks to a class-leading 48.0 cu. ft. of cargo space behind the 3rd-row bench seat. Fold down the 2nd- and 3rd-row seats for an SUV-leading cargo volume of 146.4 cu. ft. With a refreshed front grille, bumper and headlamps enhancing its already commanding presence, Excursion looks as good as it performs.

See page 23 for Excursion specifications.

Cargo and load capacity limited by weight and weight distribution.
*Heavy-duty Wagons class.
