Remarkably agile and responsive.

THE FUN-TO-DRIVE SUV

3.0L DURATEC V-6 ENGINE

DELIVERS A FULL 200 HP  
AMONG THE BEST IN ITS CLASS\*  
193 LB.-FT. OF TORQUE  
CAN TOW UP TO 3500 LBS.\*\*

2.3L DURATEC I-4 ENGINE

GIVES YOU 153 HP  
152 LB.-FT. OF TORQUE

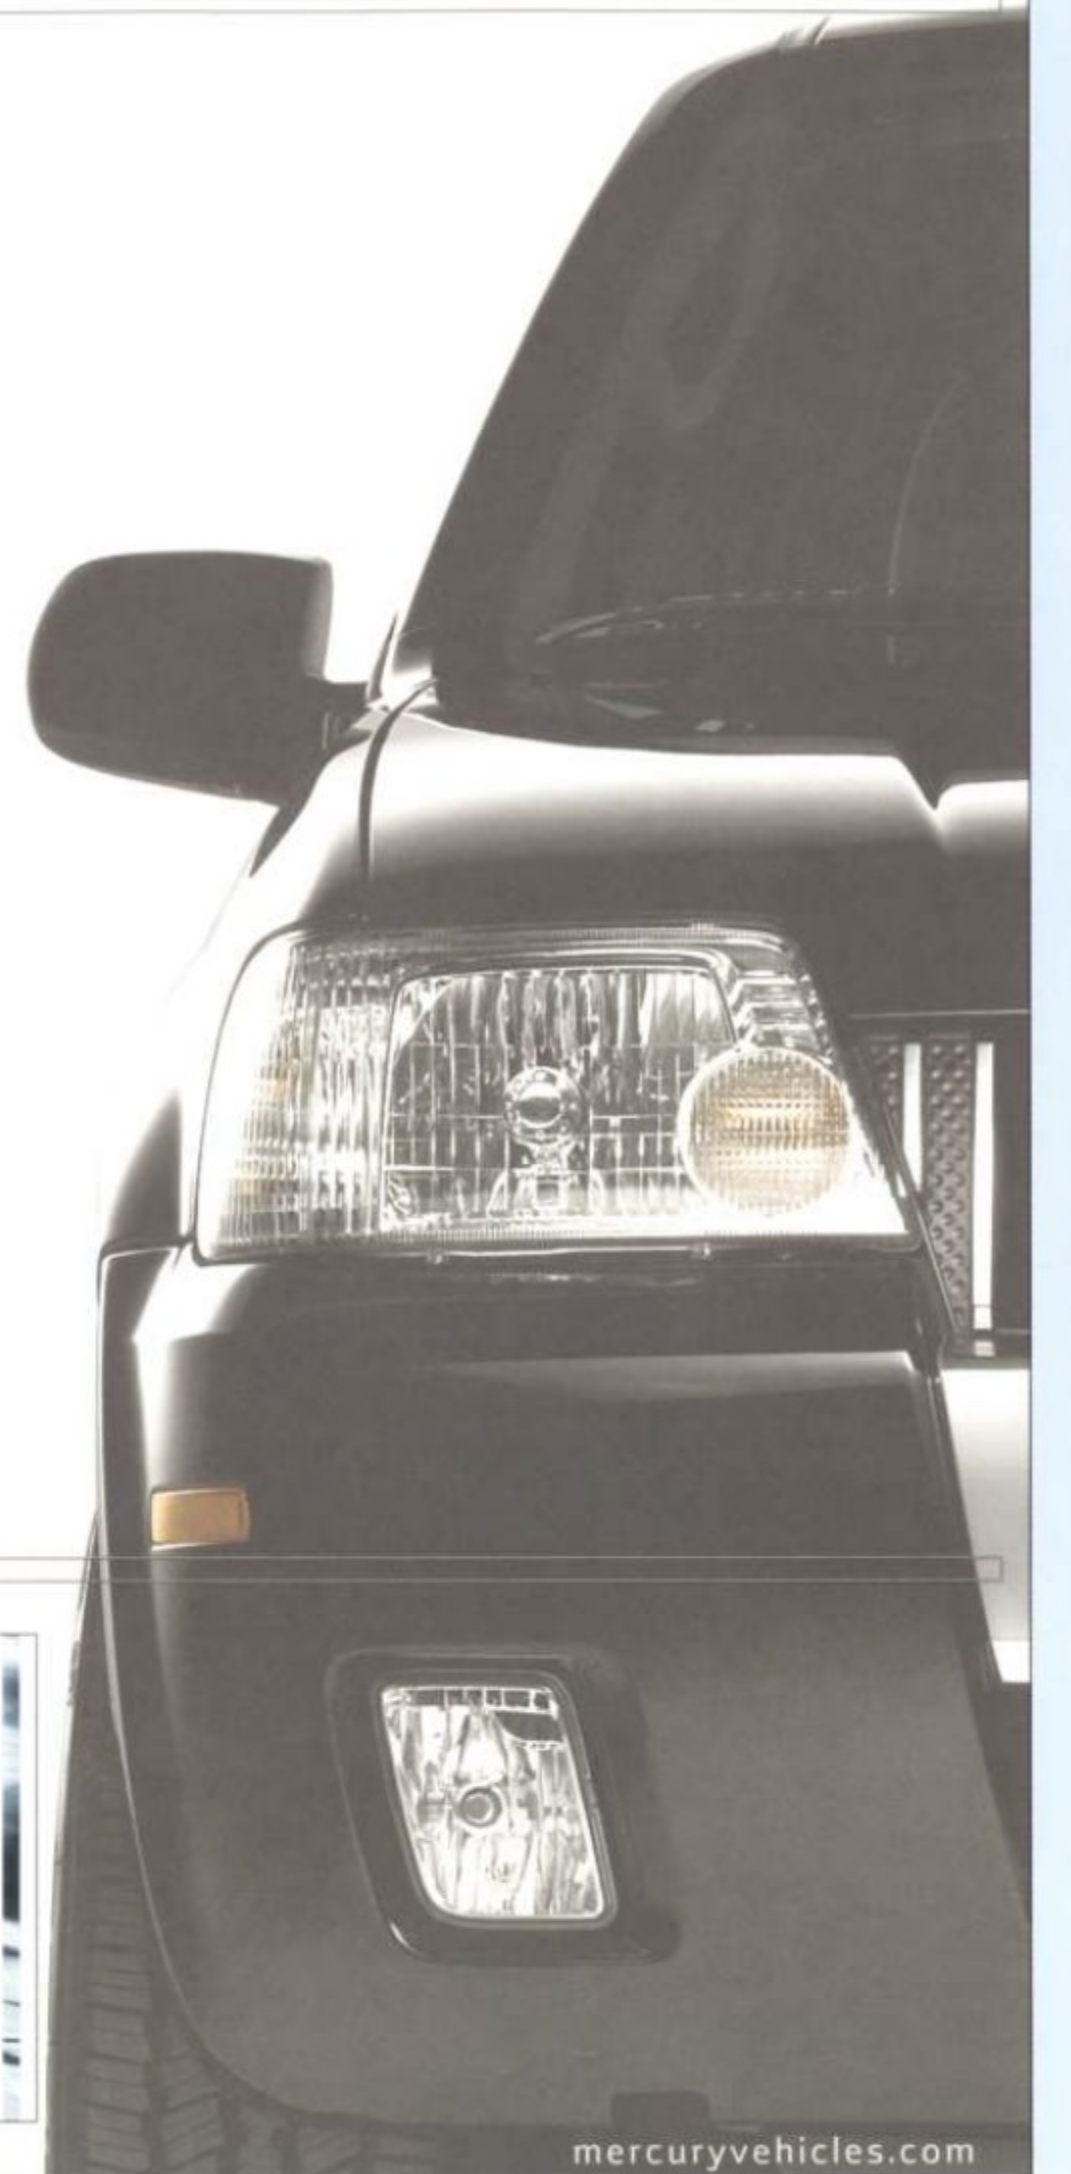

Mariner's ideal proportions, combined with its available 200-hp 3.0L Duratec V-6 engine, give you **one highly maneuverable, incredibly fun-to-drive SUV**. Power rack-and-pinion steering gives you the control, and a 4-wheel, fully independent suspension gives Mariner the flexibility to truly shine in the curves and corners. Mariner's exhilarating acceleration and agile performance are the frosting on the cake.

Responsiveness is the cornerstone of an exhilarating ride – which is the reason you'll find it standard on every Mariner. Power rack-and-pinion steering and an Anti-lock Brake System (ABS) empower you with the **confidence to make the most of every driving experience**. By constantly reacting to your input, power rack-and-pinion steering puts you in complete command. If wheel slip is detected during braking, ABS engages to provide maximum steering control and stopping power.

Whether you need the agility to execute a sudden maneuver on-road or simply want the flexibility to drive over an obstacle off-road, you'll appreciate Mariner's **4-wheel, fully independent suspension**. Since each wheel has the ability to react separately, it delivers remarkably precise handling, even over rough surfaces. Mariner's front suspension includes MacPherson struts and a stabilizer bar system with low-friction links that work together with its solid unibody construction to help deliver a consistently smooth, solid ride.

\*Small Sport Utility Vehicle class. \*\*When properly equipped with Class II Trailer Tow Package.

BLACK LEATHER TRIM/LIGHT PARCHMENT PREFERRED SUEDE® INSERTS: MARINER PREMIER

Standout styling meets serious substance.

62.8-CU.-FT. CARGO SPACE

29.3-CU.-FT. REAR CARGO SPACE

60/40 SPLIT REAR SEAT

CARGO AREA STORAGE

FRONT DOOR POCKETS

#### CLEVER USE OF SPACE

So much more than a pretty face, Mariner has serious substance – including all the **people-carrying, cargo-hauling versatility** you demand in an SUV. Mariner seats up to 5 in complete comfort, not to mention dramatic style.

Your next trip to the farmers market or furniture store is sure to be a success with Mariner's full 62.8 cu. ft. of cargo space at your disposal. The convenient 60/40 split rear seat folds to form a smooth load surface. And for those times when you need even more cargo room, the **2nd-row seat cushions can be removed altogether.**

Mariner's rear cargo area also includes a storage pocket where you can tuck items to keep them from rolling around. Both the driver and front-passenger doors feature deep, recessed pockets that are perfect for keeping your everyday essentials close at hand.

PERIMETER ANTI-THEFT ALARM

BLACK LEATHER TRIM/LIGHT PARCHMENT PREFERRED-SUEDE® INSERTS: MARINER PREMIER

Exquisite tailoring enhanced by brilliant details.

STIMULATING SURROUNDINGS

The **clean, modern design theme** of Mariner's exterior continues inside with the striking two-tone of Black leather-trimmed seats with Light Parchment Preferred Suede® inserts, standard on Premier. If you prefer a more subtle contrast, opt for the Pebble and Light Parchment combination on any model, or the new Black leather-trimmed seating with contrasting Flint stitching available on Luxury and Premier.

Mariner's sophisticated interior styling is elevated further through the artful use of carefully selected materials. **Distinctive chrome** finish adds a bit of flash to details like the door handles and gear-shift surround, while **subtle satin-aluminum** finish and **elegant Sapele woodgrain** gracefully accent the flow-through center console and instrument panel.

Mariner pampers you and your passengers not only with its sumptuous surfaces, but also with its **long list of standards**. For instance, you'll find power sideview mirrors, windows and door locks, plus accessory delay, a remote keyless-entry system with 2 key fobs, and a driver's-side keypad are all standard. And the luxurious leather-wrapped steering wheel, with convenient tilt column and speed control, is standard as well.

BLACK: MARINER PREMIER WITH AVAILABLE EQUIPMENT

## Fully automatic driving refinement.

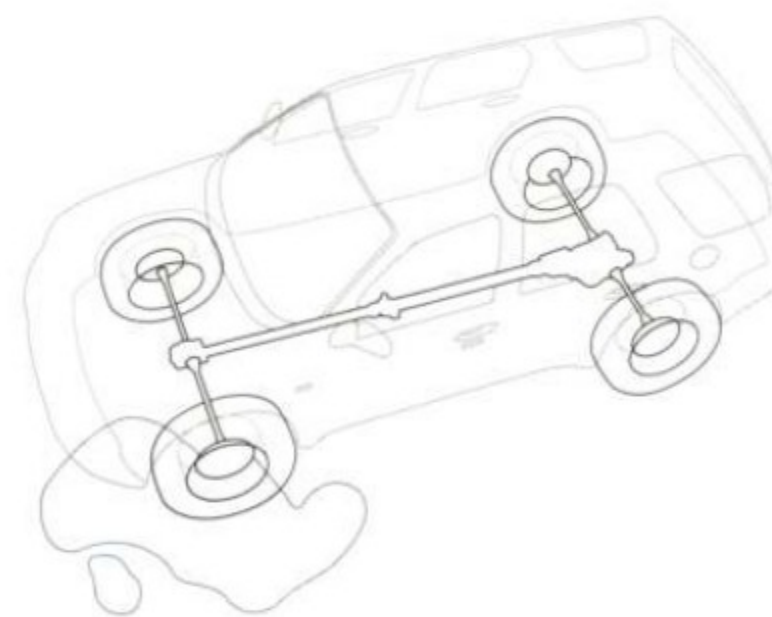

### A TRULY INTELLIGENT 4WD SYSTEM

From snow-covered city streets to rain-soaked highways and muddy country lanes, Mariner's available Intelligent 4WD System\* is engineered to give you **confident control in every situation**. This system uses a network of sensors and a computer to calculate (at an amazing rate of 5000 times per second) exactly how much torque to send to the rear wheels in order to minimize slip – **intelligently maximizing traction at all times**.

Intelligent 4WD is also designed to sense when you're making a tight turn on dry pavement, such as pulling into a driveway or parking space, for example. Since **it recognizes your intent**, the system can distribute torque appropriately. In fact, Intelligent 4WD can supply added control even when you're simply rounding a corner. So you get optimum driving enjoyment on those beautiful, blue-sky days too.

Another key aspect of Mariner's Intelligent 4WD System: It is cleverly engineered to function in front-wheel drive under normal circumstances, helping achieve **better fuel economy** than if 4WD was constantly engaged. And, perhaps most importantly, this system delivers seamless, automatic operation without the need for input from the driver. Next time the weather turns unfriendly, you won't be grasping for a switch or lever. You can keep both hands on the wheel while Mariner's Intelligent 4WD takes care of all the details for you.

WHEN INTELLIGENT 4WD SENSES A LOSS OF TRACTION IN THE FRONT, IT AUTOMATICALLY SENDS POWER TO THE REAR WHEELS.

\*Available on all models.

MERCURY

SILVER METALLIC: MARINER PREMIER

## Bringing more serenity to your day.

### SMART THINKING

Mariner is **brimming with innovative features** that lend a feeling of serenity and security to your everyday driving. The standard remote keyless-entry system includes 2 key fobs, plus a driver's-side keypad (shown) for those times when you inadvertently lock your keys inside, or when you just don't want to dig for them. Mariner Premier features a standard perimeter anti-theft alarm (available on Luxury with the Comfort Package) to help keep would-be thieves at bay. And Premier's available Reverse Sensing System helps take the worry out of backing up by audibly alerting you to objects behind the vehicle when in Reverse.

**Personal Safety System** Your safety is of the utmost importance, which is why our Personal Safety System<sup>®</sup> is standard on every Mariner. This innovative system uses a network of sensors to enhance protection for the driver and front passenger in certain frontal collisions. It customizes the deployment of the dual-stage front airbags based on several criteria: the driver's seat position; whether a front passenger is present and his/her weight range; whether the front safety belts are in use; and the overall severity of the impact.

**Front-Passenger Sensing System (FPSS)** The latest in occupant-sensing technology, the FPSS plays an important role within the Personal Safety System. After verifying safety belt usage and the amount of pressure exerted on the seat, it determines whether the front-passenger airbag should be activated or not. A message illuminates on the instrument panel to indicate when the airbag has been automatically disabled.

**Dynamic Side-Impact Airbag Package** Those seeking supreme peace of mind should opt for Mariner's available Dynamic Side-Impact Airbag Package.\* It includes front-seat side airbags and side-curtain airbags, in addition to the dual-stage front airbags in the standard Personal Safety System. The side-curtain airbags deploy from the headliner on both sides of the vehicle and remain inflated longer to help further protect outboard occupants in both the 1st and 2nd rows. A rollover sensor directs their deployment in the event of a rollover or certain side-impact collisions.

3-POINT SAFETY BELTS THROUGHOUT

HIGHLY VISIBLE TAILLAMPS

LATCH SYSTEM FOR CHILD-SAFETY SEATS

STRATEGIC CRUMPLE ZONES

COOLANT-LOSS PROTECTION

\*Available on all models.
