ICONIC CROSSOVER COUPE DESIGN

Unbridled Originality.
Daring Authenticity.

[BACK TO SECTION](#)

ICONIC CROSSOVER COUPE DESIGN

In the QX55, the best of both crossover and coupe forms are combined for a daring shape that has both presence and sportiness. You can see it in the **coupe roofline**, which unabashedly states its nonconformity and stakes its claim as the original in the genre that INFINITI once created – the crossover coupe.

ICONIC CROSSOVER COUPE DESIGN

Forged from a single piece of sheet metal, the **clamshell hood** overlaps the fenders and launches the character lines that sculpt the sides of the QX55. The **20-inch dark-painted and machine-finished aluminum-alloy wheels** fill the wheel arches to enhance its presence no matter the event – so you can show up in confidence and style.

Master the Art of Distinctiveness

FRONT DETAILS

True visionaries know how to reinvent the familiar into the tantalizingly unexpected. Projecting creative tension, the **double-arch grille** resembles a bridge reflecting in calm waters. The grille's **3D mesh pattern** radiates energy as it widens from the badge to the edges.

Double-arch grille

FRONT DETAILS

Styled after the most audacious sport coupes, the **sport front fascia** includes an aggressive front splitter and angular fog light surrounds, while the prism-like appearance of the available **unique cube design LED headlights** reveals more depending on the angle at which they're viewed.

Even as you pull away, onlookers will be transfixed by **Digital Piano Key Taillights** that offer depth and geometric dimension, with an arrangement like the series of keys on a piano. They'll also notice the sheen of **gloss black accents**, as on the scene-stealing **rear spoiler**.

DRIVER-CENTRIC, PASSENGER-MINDED

QX55 invites all who journey to revel in its unrelenting aestheticism. Just look at the **wide stage dash**: the seam between the dashboard and the door purposely varies to appear to the eye as if made from a single, uninterrupted brushstroke. It's not mathematically exact, but it's visually perfect.

DRIVER-CENTRIC, PASSENGER-MINDED

Visual elegance meets ergonomic support in the **driver-focused armrest**, which creates an asymmetric space that flows between passenger and driver. Consider, too, the decadent, available **semi-aniline leather-appointed seating**, and it's clear these surfaces were curated for an unequivocal journey in comfort and style for all on board.

A Sensory Symphony

DESIGN DETAILS

The details of the QX55 interior reveal a deeper dimension, like the **Black Natural Maple Wood Open Pore interior trim accents**,³ which subtly lead the eye toward the center of the cabin. On the seats, door panels and dashboard, **laser-cut contrast stitching** creates unconventional shapes that define the free-flowing interior of the QX55. And the concentric circle dot pattern on the **Bose® Performance Series Audio system**³ completes a cabin designed to indulge all the senses.
