MORE FORD TRUCKS ARE STILL ON THE ROAD  
AFTER 250,000 MILES THAN ANY OTHER BRAND.\*

For 2007, Ford Trucks continue a tradition of leadership, from Ranger, with the best pickup fuel economy available in North America, to F-Series, boasting the biggest payloads and towing capacities in pickups. For 30 years in a row, F-Series has been the best-selling line of trucks. Looks like most people won't settle for anything less than Built Ford Tough.

\*Based on vehicle registration data and latest odometer readings available to R.L. Polk & Co. for 1992 and newer model year full-size pickups still on the road in the U.S. as of 7/1/05. NOTE: Vehicles shown and features mentioned throughout this catalog may be optional.

## ONLY ON F-SERIES SUPER DUTY®

For 2008, take your pick of new features you won't find on any other pickup. American innovation provides the best tools for the job and delivers the Super Duty that always suits your needs.

### NEW TAILGATE STEP

This all-new optional feature is stowed right in the tailgate. Just flip up the grab bar, flip down the step, and climb up into the box.

### NEW STOWABLE BED EXTENDER

Fold it out, clamp it together and secure it to the tailgate with the bolt-action latch. This optional 21"-tall barrier lets you haul with the tailgate down, or secure smaller loads with the tailgate up. Made of rugged fiberglass-filled polypropylene, it's corrosion resistant and folds out of the way when not in use.

### BOX-RAIL MOLDINGS

Every Super Duty has these class-exclusive, rugged moldings to help protect the top of the box rails and the tailgate. They're another Built Ford Tough® advantage.

F-450 DRW KING RANCH® CREW CAB 4X4 \_ FOREST GREEN/PUEBLO GOLD TWO-TONE \_ AVAILABLE EQUIPMENT

### NEW POWERSCOPE™ MIRRORS

Designed specifically for Super Duty, these optional large mirrors adjust, fold and telescope almost 3° on each side of the truck at the touch of a switch. They include heated glass, integrated turn signals and clearance lamps, and manual spotter mirrors.

### STANDARD HITCH RECEIVERS

All Super Duty pickups come with a model-specific Built Ford Tough® hitch receiver and trailer-tow electrical receptacles for 7-pin and 4-pin plugs.

# 08 SUPER DUTY

## SUPER DUTY® LIVES LARGE

A bold, all-new interior picks up right where the muscular exterior leaves off, and you've never seen anything like it in a heavy-duty pickup before. This giant leap in refinement pays big dividends for drivers and passengers alike.

### ALL-NEW INSTRUMENT PANEL

The dash-top tray keeps work items handy. The large, well-organized center stack puts controls right at hand. Gear rings around the air vents, and rugged panel stampings mark the industrial theme. A redesigned heating and air conditioning system has a more balanced airflow for quick defrosting and all-around comfort. *Optional features shown.*

### SATELLITE NAVIGATION

An optional DVD-based Navigation System can map routes anywhere in the U.S. and Canada, and guide you with audible instructions. It also includes the Audiophile® Sound System with MP3 capability. Dual-zone Electronic Automatic Temperature Control is standard on LARIAT.

### NEW RAPID HEAT

Cold mornings just got a little easier to take with the Rapid-Heat Supplemental Cab Heater. It automatically helps raise the cabin temperature to a comfortable level more quickly. Available only on diesel-equipped models with automatic transmission.

### POWER MOONROOF

This available feature provides a different view and a fresh breeze in your Crew Cab.

### DVD ENTERTAINMENT SYSTEM

Available DVD, CD and MP3 system allows access to movies, games and music. Two sets of wireless headphones are included.

### SIRIUS SATELLITE RADIO\*

This option delivers over 130 channels of news, sports, talk, entertainment and commercial-free music. Includes 6 months of service.

\*Not available in Alaska or Hawaii. See your Ford Dealer or contact SIRIUS at 1-888-539-7474 for more information. "SIRIUS" and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio Inc.

### DOUBLE DOOR POCKETS

On XLT trim levels and up, upper and lower front door pockets offer lots of storage. So it's easy to keep items close at hand.

### FLEXFOLD™ REAR SEAT

Its many configurations and steel loadfloor set the standard for practical versatility. Standard on XLT, FX4 OFF-ROAD and LARIAT Crew Cabs.

# 08 SUPER DUTY

### 6.8L TRITON® V10 GAS ENGINE

This available engine pumps out 362 hp and 457 lb.-ft. of torque for best-in-class gas power and torque. In a properly equipped Super Duty®, it can out-haul and out-tow the competition's diesel engines.  
Not available on F-450.

### TORQSHIFT® 5-SPEED AUTOMATIC

Updated for 2008 with an improved gear set and torque converter designed to take even more abuse, its selectable **TOW/HAUL MODE** adjusts transmission operation to match towing and hauling demand. This reduces gear hunting, improves power delivery, and engages engine braking to help control vehicle speed while descending hills. TorqShift is available on any Super Duty.

F-450 DRW KING RANCH CREW CAB 4X4 • FOREST GREEN/PUBLIC GOLD TWO-TONE • AVAILABLE EQUIPMENT

### FIRST-IN-CLASS INTEGRATED TRAILER BRAKE CONTROLLER (TBC)

This factory-installed optional TBC uses braking input, vehicle speed and ABS logic to balance the performance of the truck brakes and electric trailer brakes. For 2008, the performance of the integrated Trailer Brake Controller (TBC) has been significantly improved, enabling stronger trailer brake activation when the Anti-lock Brake System (ABS) is operating. A redesigned, user-friendly display indicates output and gain levels, trailer connection status, and has a disconnect alarm with message center warning.

### ADVANCETRAC WITH RSC

AdvanceTrac with RSC (Roll Stability Control) can help in many real-world situations like driving on snowy, muddy, wet or gravel roads, making an emergency maneuver, or even just traveling on uneven surfaces such as in construction zones.\*\*

\*Passenger and cargo capacity limited by weight and weight distribution.  
\*\*Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

### CARGO VANS

By constantly improving to meet the tough demands of businesses and fleets, E-Series have been the best-selling full-size vans since 1979. The full line offers GVWRs from 8520 to 9500 lbs. and payloads from 3335 to 4235 lbs. Just match your E-Series to the task for optimal efficiency.

#### No-Charge Options:

- EconoCargo® System
- Racks and Bins Package
- QuietFlex™ Racks and Bins Package

### CUTAWAYS

For 2007, the biggest selection of van-based cutaways just got bigger, with the new E-250. E-Series Cutaways can be easily adapted for many tasks – from demanding emergency duty to a multitude of trades, to getting kids to school.

### AXLE CHOICES

- Max. Front Rating - 13,200 lbs.
- Max. Rear Rating - 23,000 lbs.

### 3 CAB CHOICES

- Regular Cab
- SuperCab
- Crew Cab

### DRIVING POSITION

Thanks to its outstanding driving position and standard tilt steering column, you'll feel at ease behind the wheel. Our engines don't intrude into the cabin for a more natural driving position. And with the available Air-Ride seat, both driver and front passenger can find their optimal fit, thanks to an air-activated suspension system, lumbar support and seat cushion (front tilt and length).

### CUMMINS DIESEL

Eight proven Cummins inline 6-cylinder turbo diesels are available for F-650 or F-750 Super Duty. Standard power is 200 hp/520 lb.-ft. of torque, while F-750 S gets 210 hp/605 lb.-ft. of torque.

### MANAGE TIGHT SPACES

**LOW-PROFILE CAB** - Our top-of-frame to top-of-cab height is up to 12.4" shorter than the competition's, for more versatility and lower clearance. Ground to top-of-cab clearance is as low as 88.3" on Regular Cab.\*

\*88.3" overall height available on F-650 Super Duty® Pro Loader® Regular Cab only.

88.3"  
56.9"

**LCF**  
POWER STROKE 4.5L V6

### MUSCLE

Ford LCF's class-leading horsepower and torque score big when you have work to do. The 4.5L Power Stroke® V6 Turbo Diesel is combined with our proven TorqShift® 5-speed automatic transmission. Boasting power, capability and toughness, Ford LCF puts you ahead of the game.

### FLEXIBILITY

Ford LCF lets you build the truck that fits your business best. Choose from a vast array of compatible upfit bodies and equipment that fit easily on one of 5 different clean CA (cab-to-axle) measurements. So consider the possibilities, and imagine the many ways that you can benefit from the versatility of the Ford LCF.

### HUCK BOLTS

Ford LCF is the only vehicle in the segment to use the massive strength of Huck Bolts™ to join all non-serviceable frame components. This Class 8 frame technology permanently locks frame components in place, while delivering rigidity and longevity superior to that of rivet-fastening systems used by other truck makers.

## FORD LCF

THE CLASS-LEADING MANEUVERABILITY AND CAPABILITY OF FORD LCF CUTS BIG CARGO DOWN TO SIZE. ITS 4.5L POWER STROKE V6 TURBO DIESEL TOPS THE SEGMENT IN HORSEPOWER AND TORQUE. INNOVATIVE DESIGN DELIVERS A BEST-IN-CLASS\* TURNING RADIUS. AND OF COURSE, IT'S BUILT FORD TOUGH, WITH THE STRONGEST STANDARD FRAME AND CLASS-EXCLUSIVE HUCK BOLT CONSTRUCTION FOR OUTSTANDING FRAME INTEGRITY AND LONGEVITY.

### BEST-IN-CLASS TURNING RADIUS

#### New Vehicle Limited Warranty

We want your Ford ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage – all with no deductible. E-Series and F-Series (up to F-550) diesel engine warranty coverage is 5 years/100,000 miles – on select engine components. See your Ford Dealer for a copy of this limited warranty.

For more assurance, there's now a 5-year/60,000-mile powertrain limited warranty that's fully transferable, has no deductible, and provides you with an additional 2 years or 24,000 miles of coverage – on select components, including the engine and transmission – beyond the standard 3-year/36,000-mile Bumper-to-Bumper Coverage. Plus, Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Models shown and features mentioned throughout this catalog may be optional.

Comparisons based on 2007 competitive models, publicly available information and Ford certification data at time of printing. Some features discussed may be optional.
