

Going places with... *Suncraft*
VEHICLES LTD.

GAUCHO*

Pilot and Co-Pilot travel up front during the day in comfort and have a comfortable sitting room during the evening hours. At night, the "Gaucho" Sofa converts to a large double bed but still leaves easy access to the kitchen and toilet. It is even great in the morning, the bed is pushed back into the Sofa position and the "lucky one" can go back to bed while the other makes breakfast. The table in this unit is not part of the bed so meals can be set up with one person still sleeping.

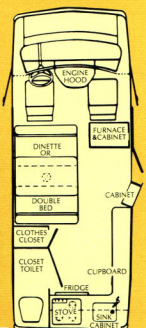

The "Gauchio" arrangement also allows for snoozing or resting while traveling, since the sofa is sufficiently wide and comfortable for sleeping "en route". With the dining table removed you have a spacious sitting room, when in place, you have a 3-5 place dining area. The cocktail table gives you room convenience, comfort and flexibility for snacks etc.

If you like the idea of complete freedom from pressures, plans, reservations and schedules, you will love owning a FUNCRAFT. The true "FREEDOM MACHINE".

BE A GAUCHO . . . GO FUNCRAFT.

DINETTE*

The "Ideal Family Unit", second car, station wagon, picnic headquarters, camper and motorhome.

With it's unique "FLIP DINETTE SEATS" you have the best of all worlds:

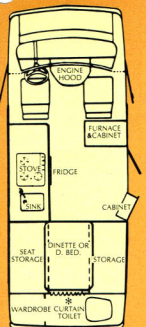

- Ideal station wagon, family car uses all week.
- Mobile self-contained motel room on the weekends.
- Utility truck for hauling duties as required.
- You don't even need a campsite, you are "fully self-contained"; park and sleep anywhere, be it in a shopping plaza, on a beach, hotel or motel parking lot, or on "grandma's driveway". There is no need for "hook-ups" or other services.

No more problems with the younger members of the family "en route". They can play games, snack, move around and even use the toilet facilities, eliminating many stops at service centers. They won't be asking after 45 minutes on a 400 mile trip, "Are we there yet Daddy?" They'll have fun in comfort and will enjoy any trip.

BE A FAMILY CAMPER . . . GO FUNCRAFT.

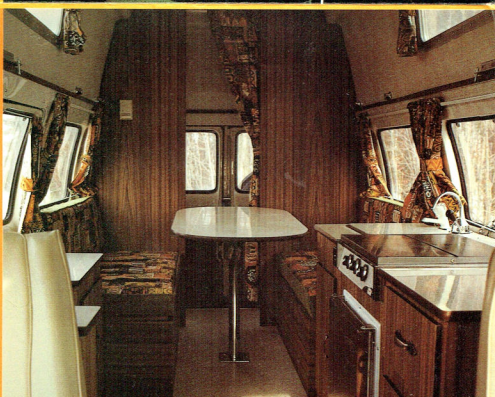

VAGABOND*

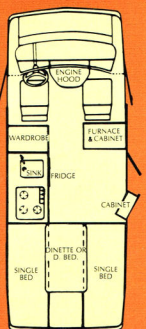

Economical, compact, convenient, comfortable and spacious, whether used as a second family car or the only family car. It is also a camper, ski chalet, snowmobile base camp, ice fishing hut, hunting or fishing lodge, mobile motel room. You name it. You've got it! . . . with Vagabond.

Rear Dinette converts into a comfortable double bed across the rear. Some lazy campers even leave the bed made up all day during travel. Spacious and simple, yet completely self-contained, the "Vagabond" is ideally suited to both families and couples. It's a leisurely way to travel and an enjoyable way to drive. It is convenient for weekly family chores and shopping trips, and a fun way to take your own motel room with you. One need not be concerned if all the motels have "No Vacancy" signs or even if the campgrounds are full. Your "Vagabond" being fully self-contained let's you live up to its name. PARK and SLEEP wherever overnight parking is legal and we do mean "ANYWHERE".

BE A VAGABOND . . . GO FUNCRAFT.

VAGABOND TWIN*

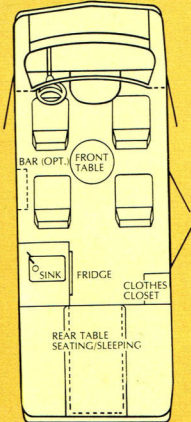

FUNCRAFT was the first Canadian Recreational Vehicle Manufacturer to introduce a compact Mini Motor Home with the choice of either TWIN beds or a KING size 6' x 6' double bed. Ideal for couples only who prefer TWIN Beds, it offers all the fun, convenience, comfort and flexibility of all the other FUNCRAFT self-contained Mini Motor Homes, plus the Twin or Double Bed feature.

Your "Maxi Twin" features a toilet storage compartment, lots of additional storage and clothes closet space, plus a roomy kitchen area. It can virtually go anywhere, park anywhere, camp anywhere, giving you complete freedom. Almost like saying "Stop the world, we want to get off!" If this is your kind of feeling "Take off in a FUNCRAFT Maxi Twin" or for that matter in any fully self-contained FUNCRAFT . . .

* (For detailed specifications on Standard & Optional equipment, please refer to current price list.)

THE FUN CAR*

A new kind of "FREEDOM MACHINE", go anywhere, do anything. It is not a camper. It is not a station wagon. It's much much more!

The "Fun Car" has combined all the luxury, comfort and convenience of a Deluxe Station Wagon with some of the most desirable features of a Mini Motor Home, including a comfortable double bed.

Fun Car is a totally new concept in travel. Wall to wall comfort and outstanding good looks. It is equally "at home" in the city, the country, the mountains, by the seashore, or at your favourite ski resort. It is your own motel room on wheels.

Wherever you may wander, whatever the social or recreational function, Fun Car can make the scene, parties, sporting events, picnics, outings, touring, towing or just plain travelling. Once you experience this great new way to go you will agree it really is a go anywhere, do anything Freedom Machine.

Available as a conversion of van or window van models. (Porthole Windows and many other accessories can be provided).

"THE SUBURBAN"*

The Ideal economy camping/travel van.
