

THE ALL NEW MIDSIZE HOLDEN NOVA

A NEW SIZE OF
HOLDEN HAS BEEN
CREATED.
THE ALL NEW
MIDSIZE
HOLDEN NOVA.

For many decades Australians have looked to Holden to provide cars with a distinct presence. Right for our roads. Built with integrity.

And the all new Holden Nova embodies that heritage. A stylish midsize 4-cylinder car reflecting today's lifestyle needs. A car of solidity and strength.

With Holden's distinctive smooth lines, formidable dimensions and contemporary styling. Behind the charm lies all the driving satisfaction you've come to expect from Holden. With surefooted handling thanks to its Holden Tuned Suspension.

While strength has been built in, there's the safety option of Anti-lock Braking on Nova GS to help you keep control. Plus the life-saving technology of a driver's airbag optional on all new Holden Nova models.

Inside both sedan and hatch, space is abundant and appointments are plentiful. A car that measures up in every way. The all new midsize 4-cylinder Holden Nova.

The new strength in midsize cars.

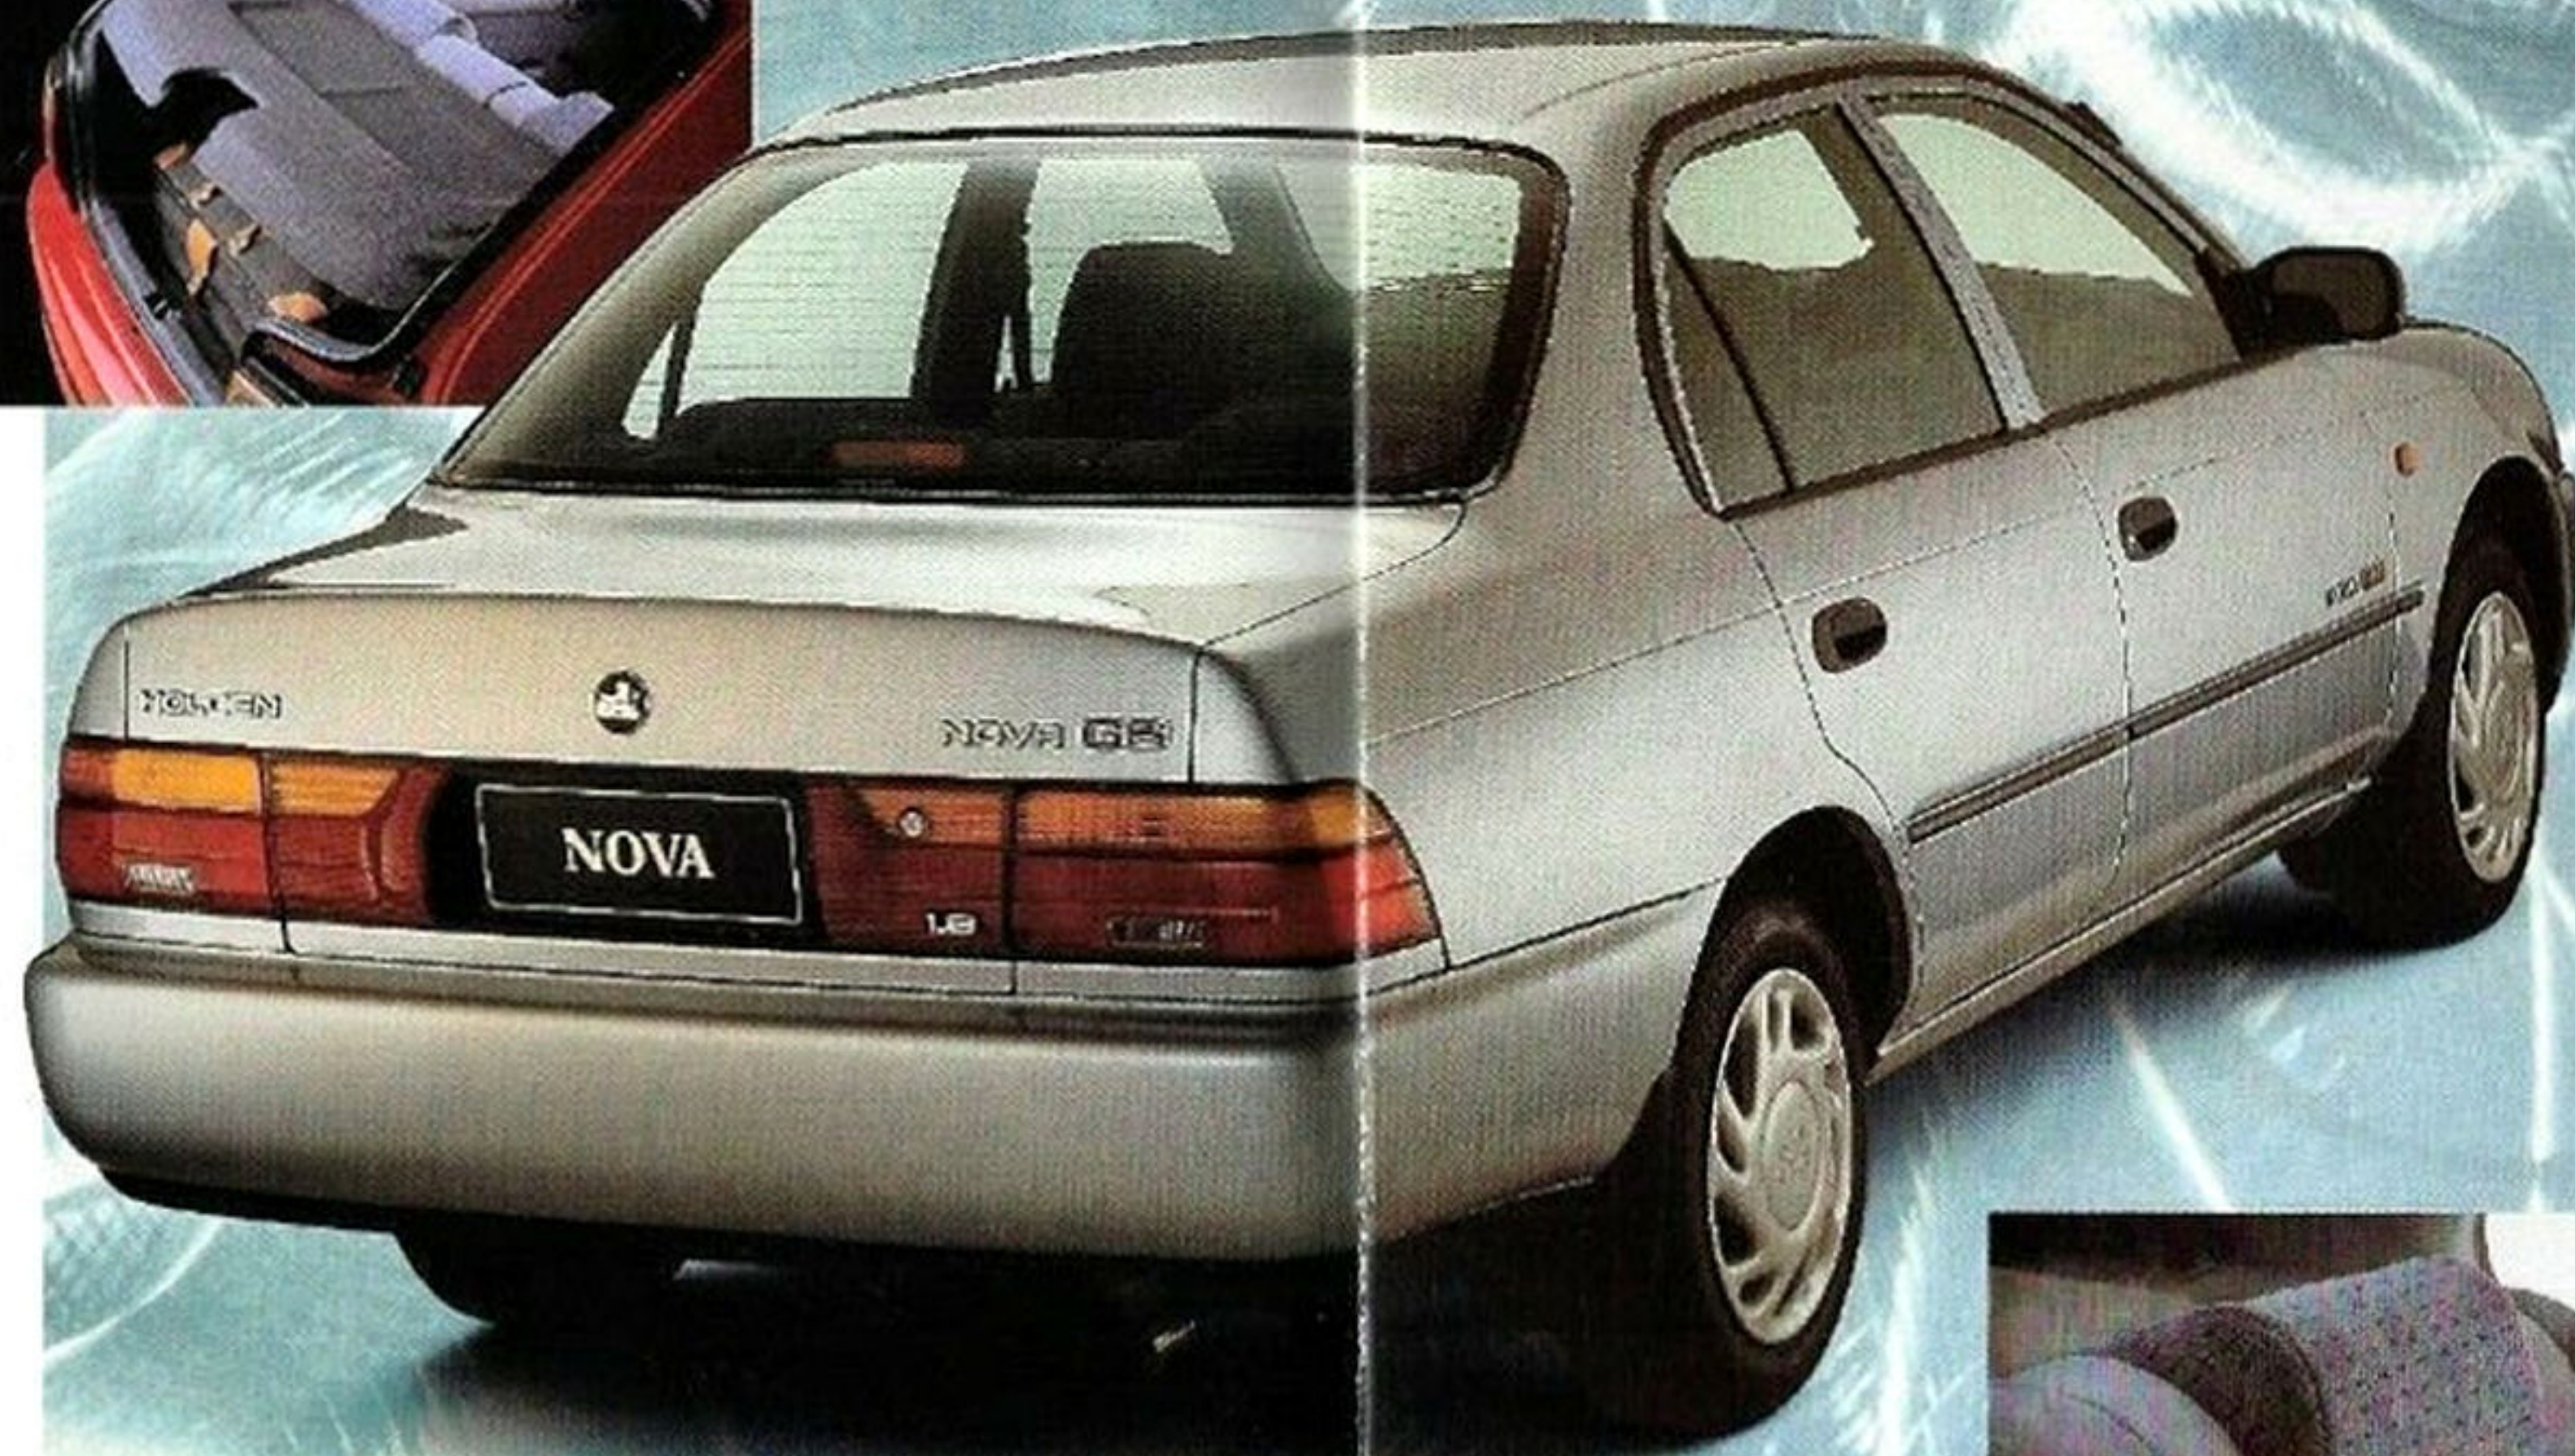

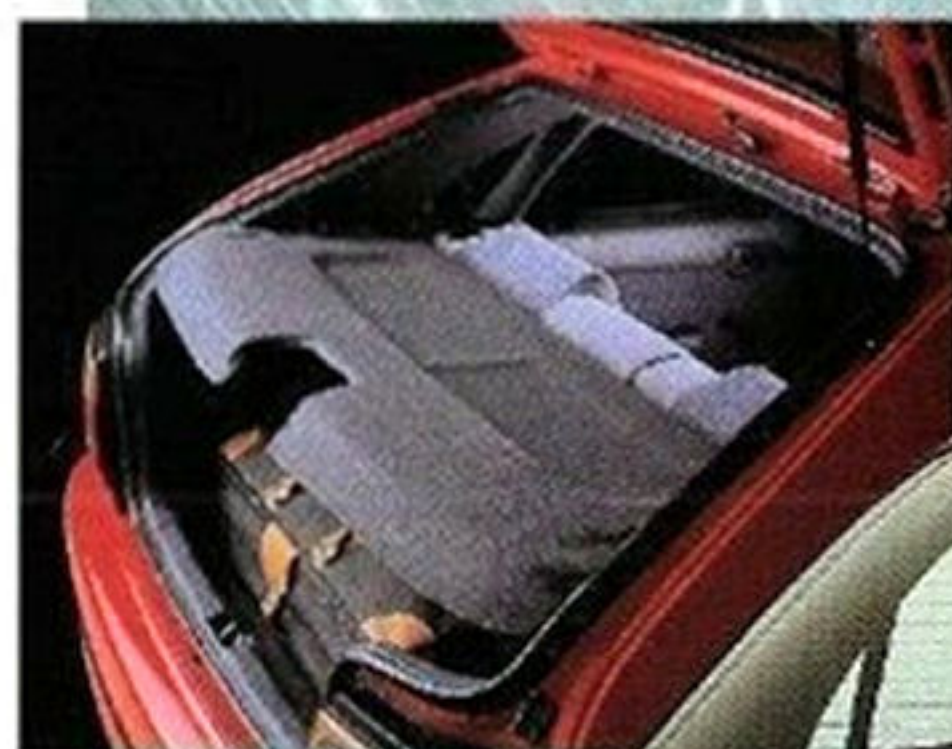

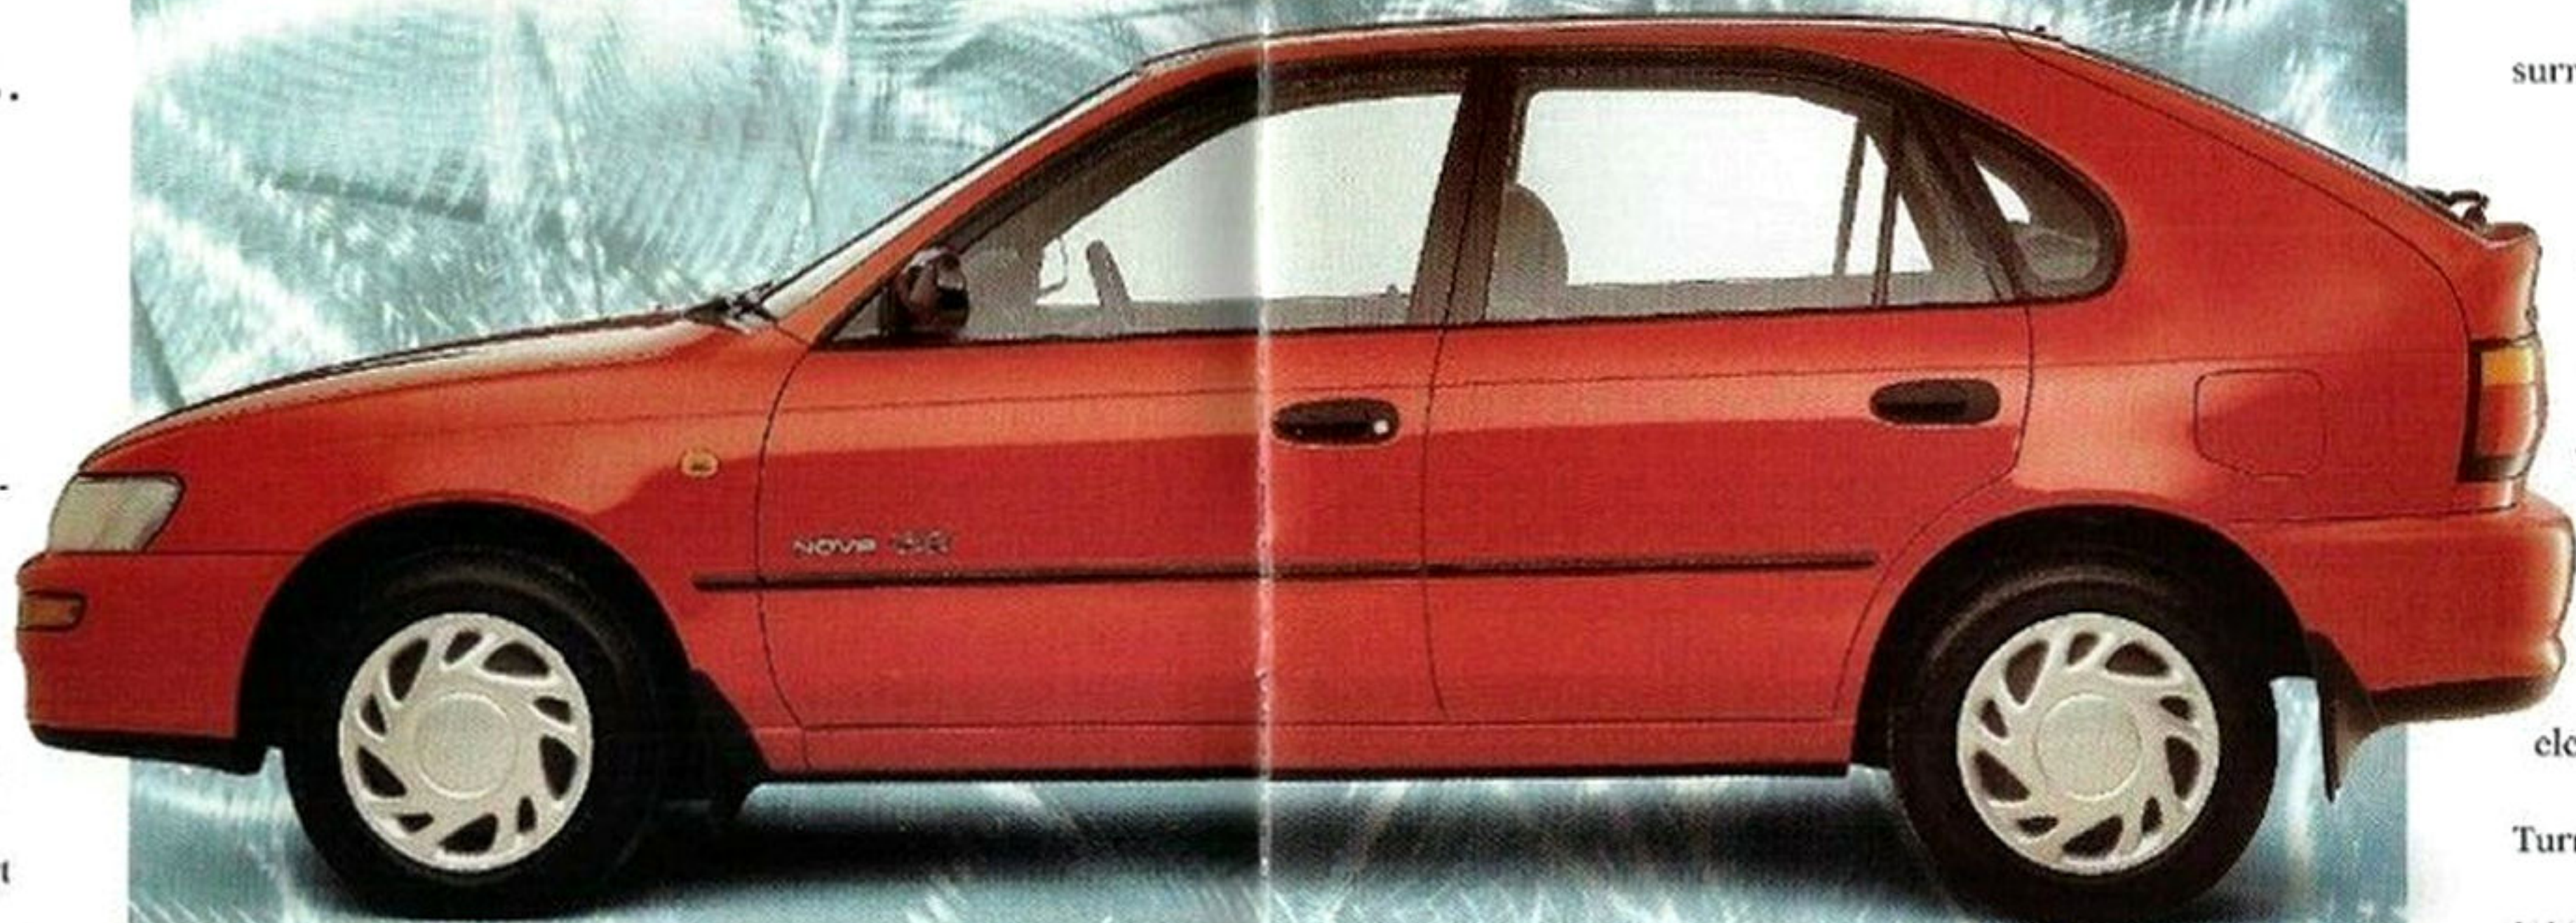

NOVA GS.
STRONG ON STYLE.
STRONG ON SIZE.

From the sculpted nose to the aerodynamic tail, the all new Holden Nova GS sparkles with style and refinement. And its ample proportions are reflected inside with room to move for 5 adults. Semi-sports seats punctuated with a sports velour trim firmly support

you, with the added comfort of a driver's seat adjustable lumbar support.

The soft feel steering wheel and power assistance connects you solidly with the road. And driver control reaches a new level with the reassurance of optional Anti-lock Braking*.

Sound from four stereo speakers surrounds you.

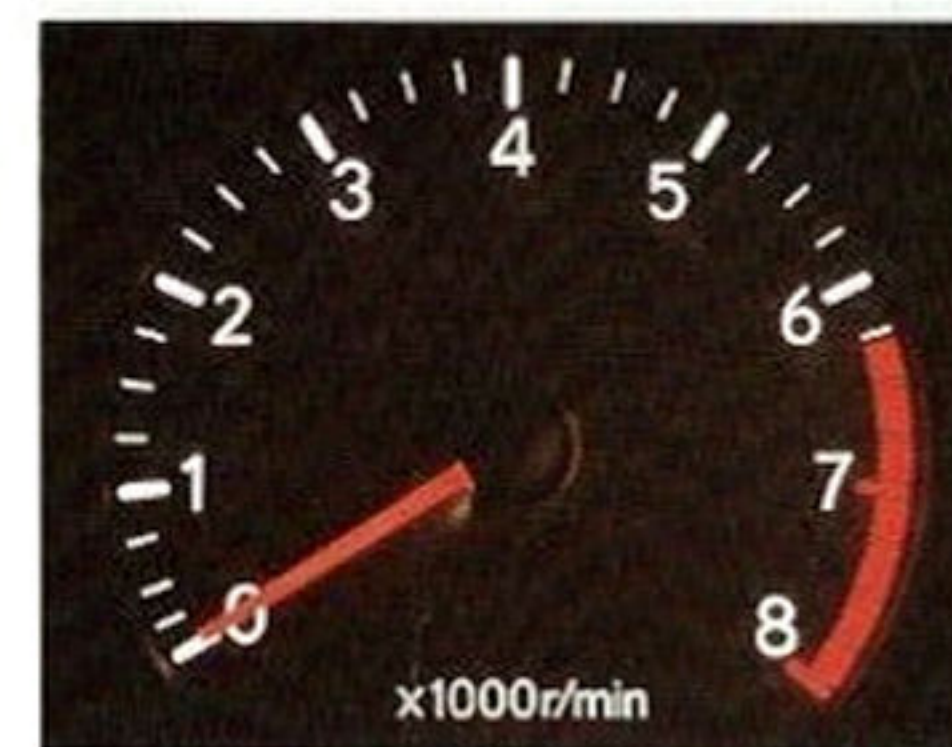

And like all Holdens, the driver is well informed. With an array of warning lights and instrumentation. An impressive level of equipment features central locking, 4 wheel disc brakes and electric side mirrors*.

Turn the key. A 1.8 litre multipoint fuel injection twin cam 16-valve 4-cylinder engine sparks into life. Providing the right blend of economy and high response torque at low engine revs.

The Holden Nova GS. A strength of character that's hard to ignore.

*Electric side mirrors on GS Hatch only.

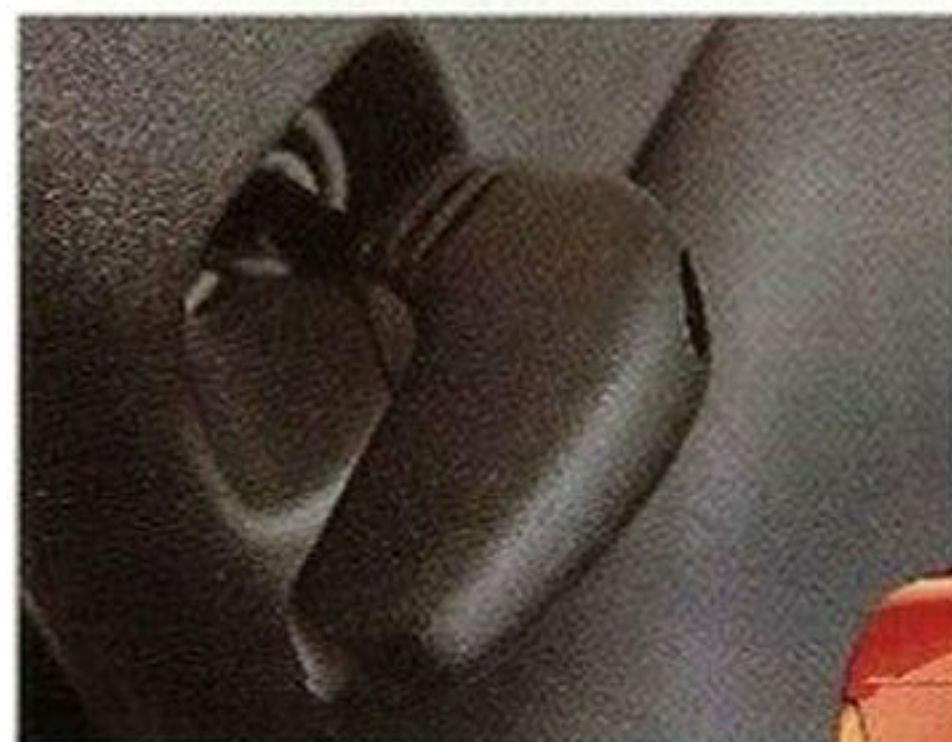

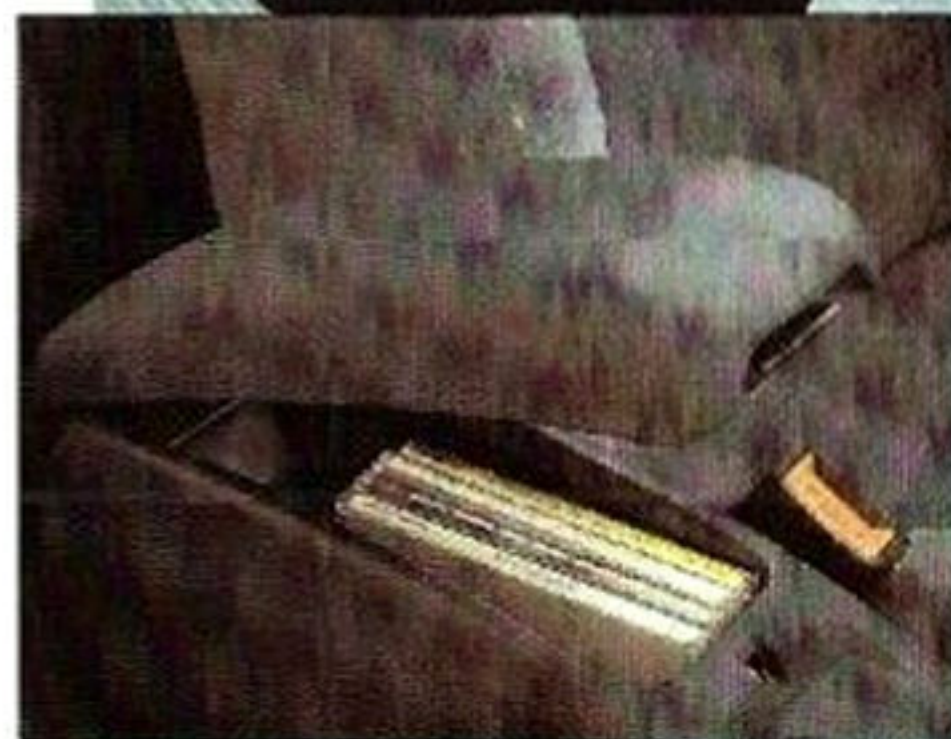

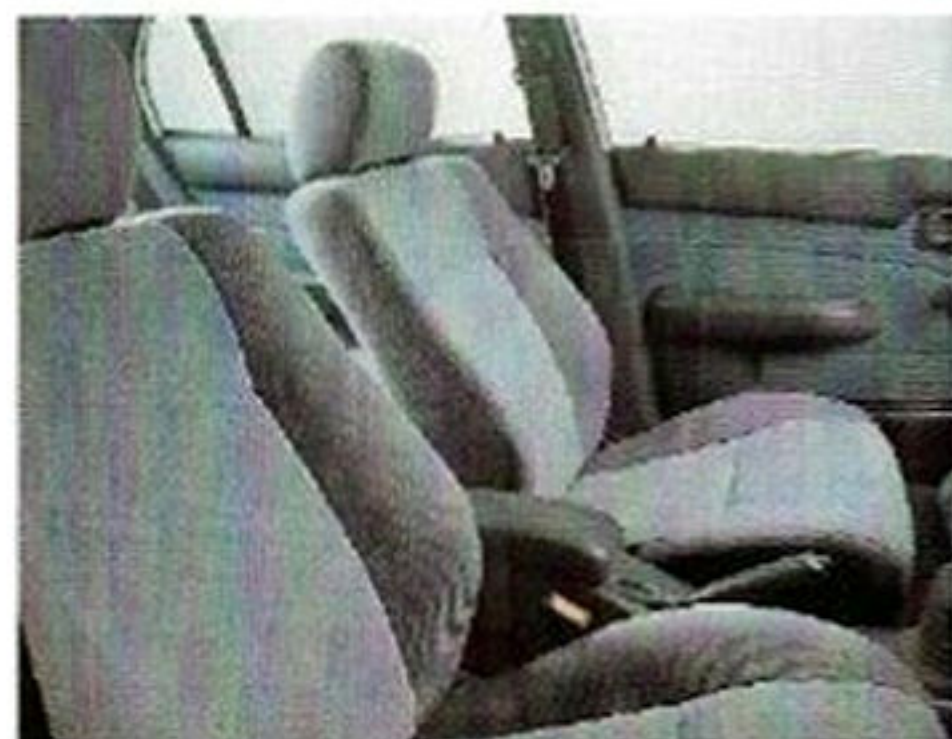

#Anti-lock Braking combined with airbag is an option on GS models only.

NOVA SLX.
STRONG ON
FEATURES.
STRONG ON FUN.

Gone are the days where you sacrificed power and pleasure for frugality and value in a four cylinder car.

Because whether you choose the 5 speed manual or optional 4 speed automatic transmission, the Holden

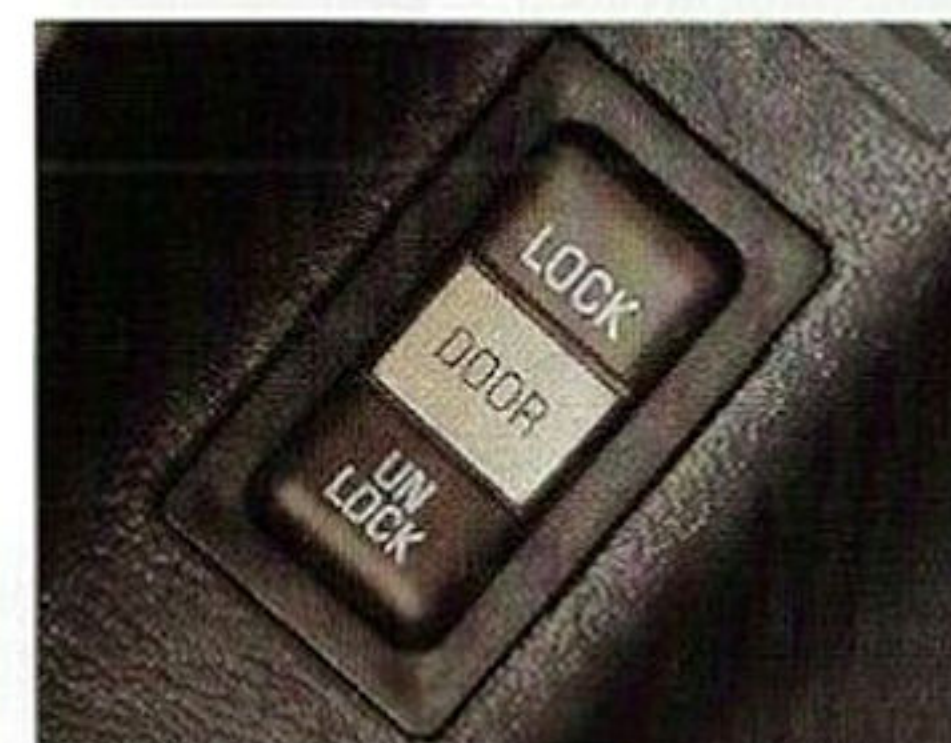

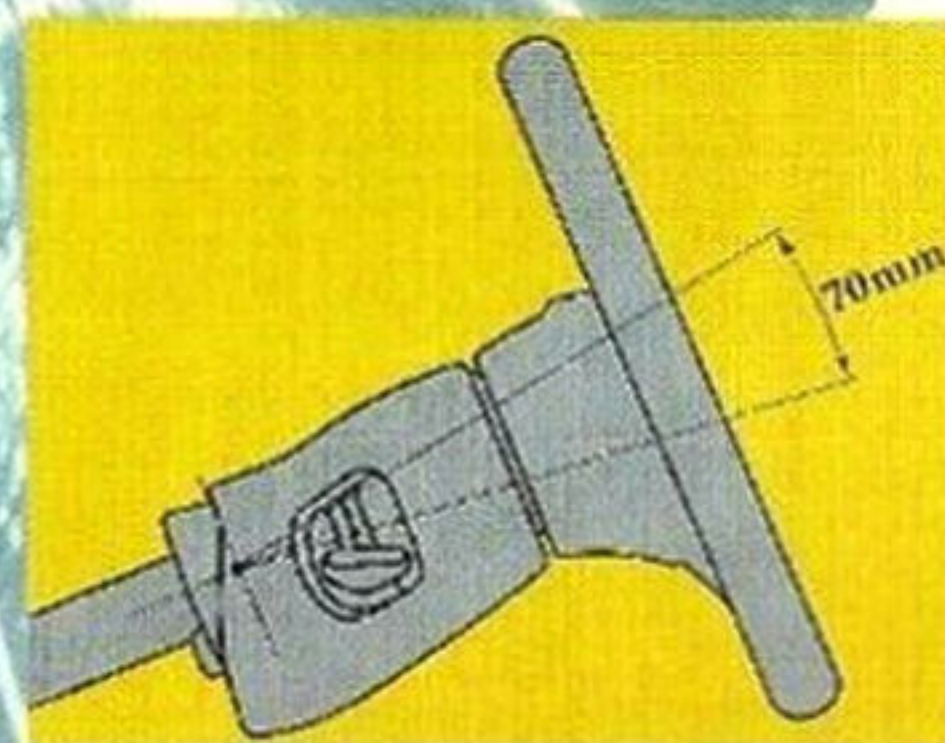

Nova SLX has a powerful fuel-injected engine which cleverly combines efficiency with get up and go.

And its intelligence is apparent wherever you look. With features such as an audible chime to let you know your

lights have been left on. When it comes to the reality of day to day transporting, the Holden Nova's 60/40 split fold rear seat can swallow long and awkward objects. Yet still have room for a rear passenger.

It's strong on features, too.

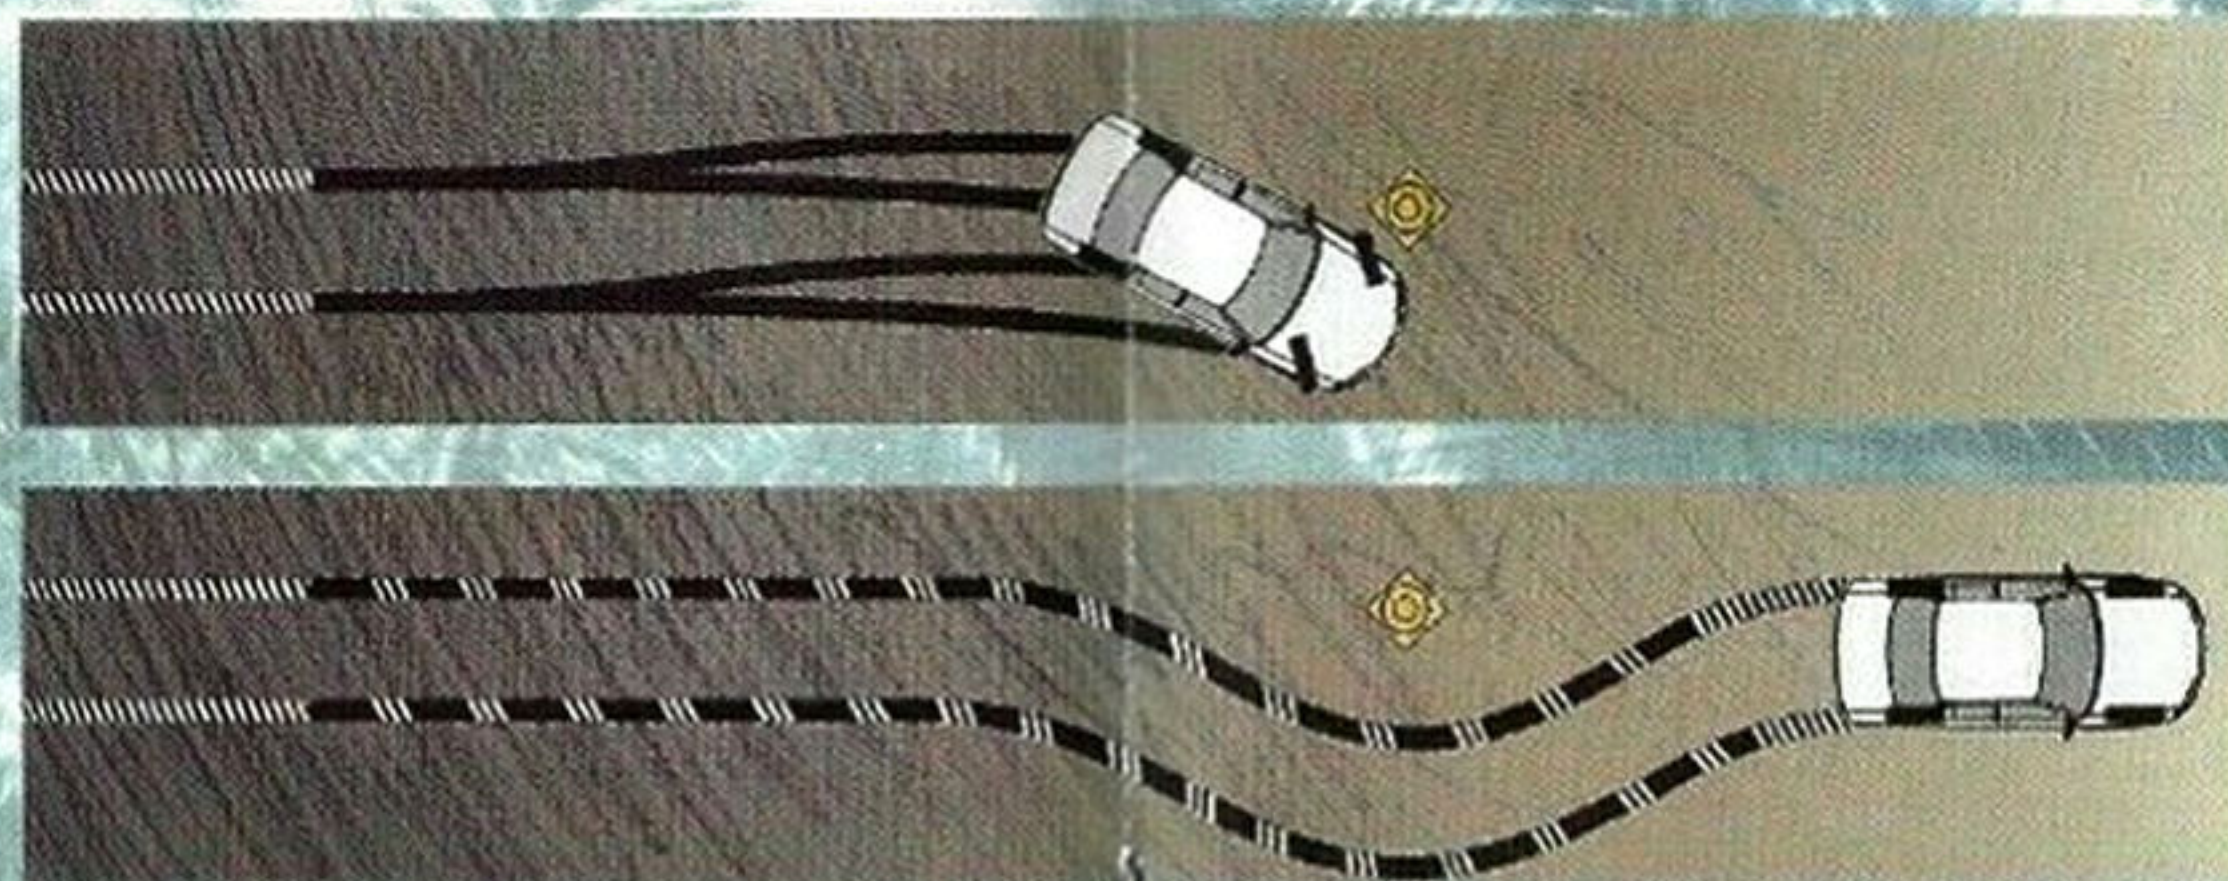

With steering wheel height adjustment, remote fuel door and boot releases and key operated central locking. And to make sure you'll always enjoy the audio excellence of your sound system, PIN number security electronics act as a very strong theft deterrent. The Holden Nova SLX. A mid-sized car with many hidden strengths

STRONG ON SAFETY. STRONG ON CONTROL.

The Holden Nova's safety story begins at the very heart. In the high strength steel chassis with front and rear subframes and a reduced number of side member panels for improved body rigidity.

Major body panels are reinforced. Side impact protection beams span doors. Combine this integral strength with Holden Tuned Suspension and you're driving a car that's just right for Australian conditions.

**Anti-lock brakes, optional with an airbag on Holden Nova GS Sedan and Hatch, prevent wheels from locking and maintain steering control under heavy braking conditions.*

Steering feedback is fast and positive, putting you in control from the word go. With power assistance that adjusts for road feel and when you're parking. Combine that with optional Anti-lock Braking* on Nova GS and you'll stay on the straight and narrow. After all, avoiding accidents should be first and foremost in your mind.

And the Nova wouldn't be a Holden without the life-saving technology of a driver's airbag available in every model.

Seat belt buckles are mounted in the seats for extra safety and comfort. Front seat belt sash height adjusters end the discomfort of the sash part of the belt rubbing on your neck.

STRONG ON POWER. STRONG ON ECONOMY.

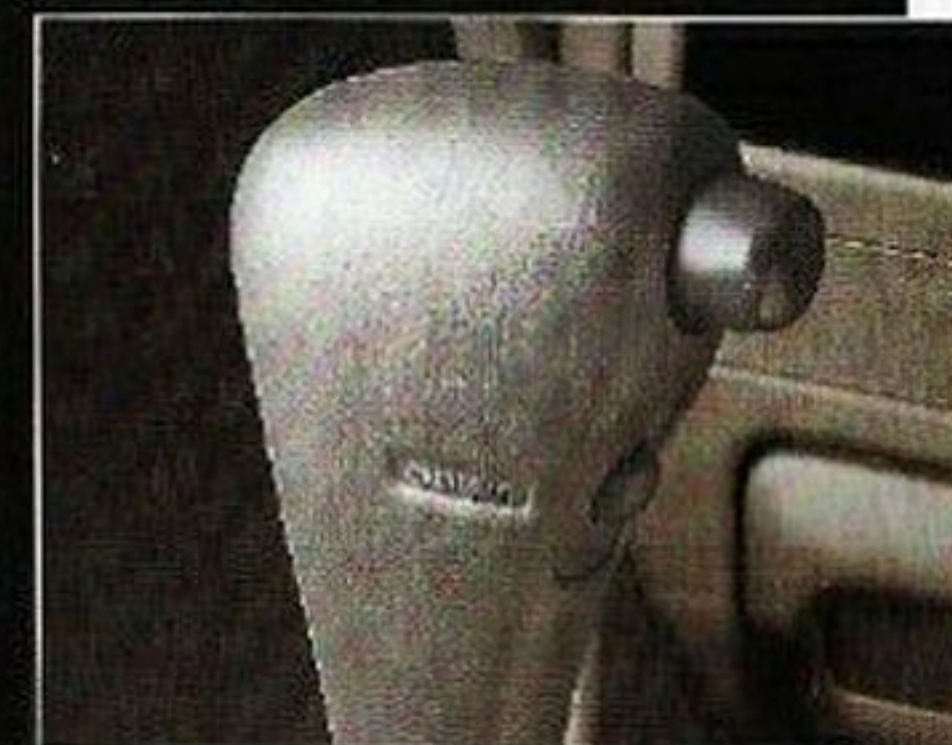

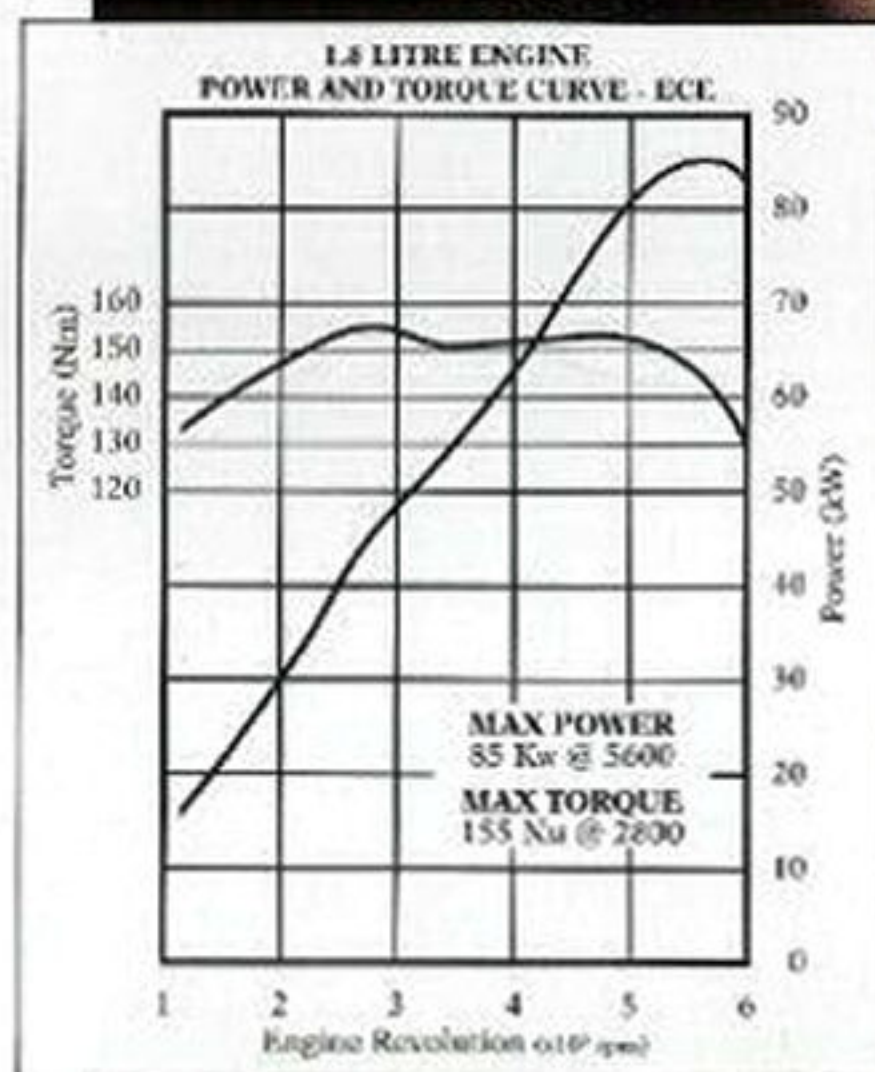

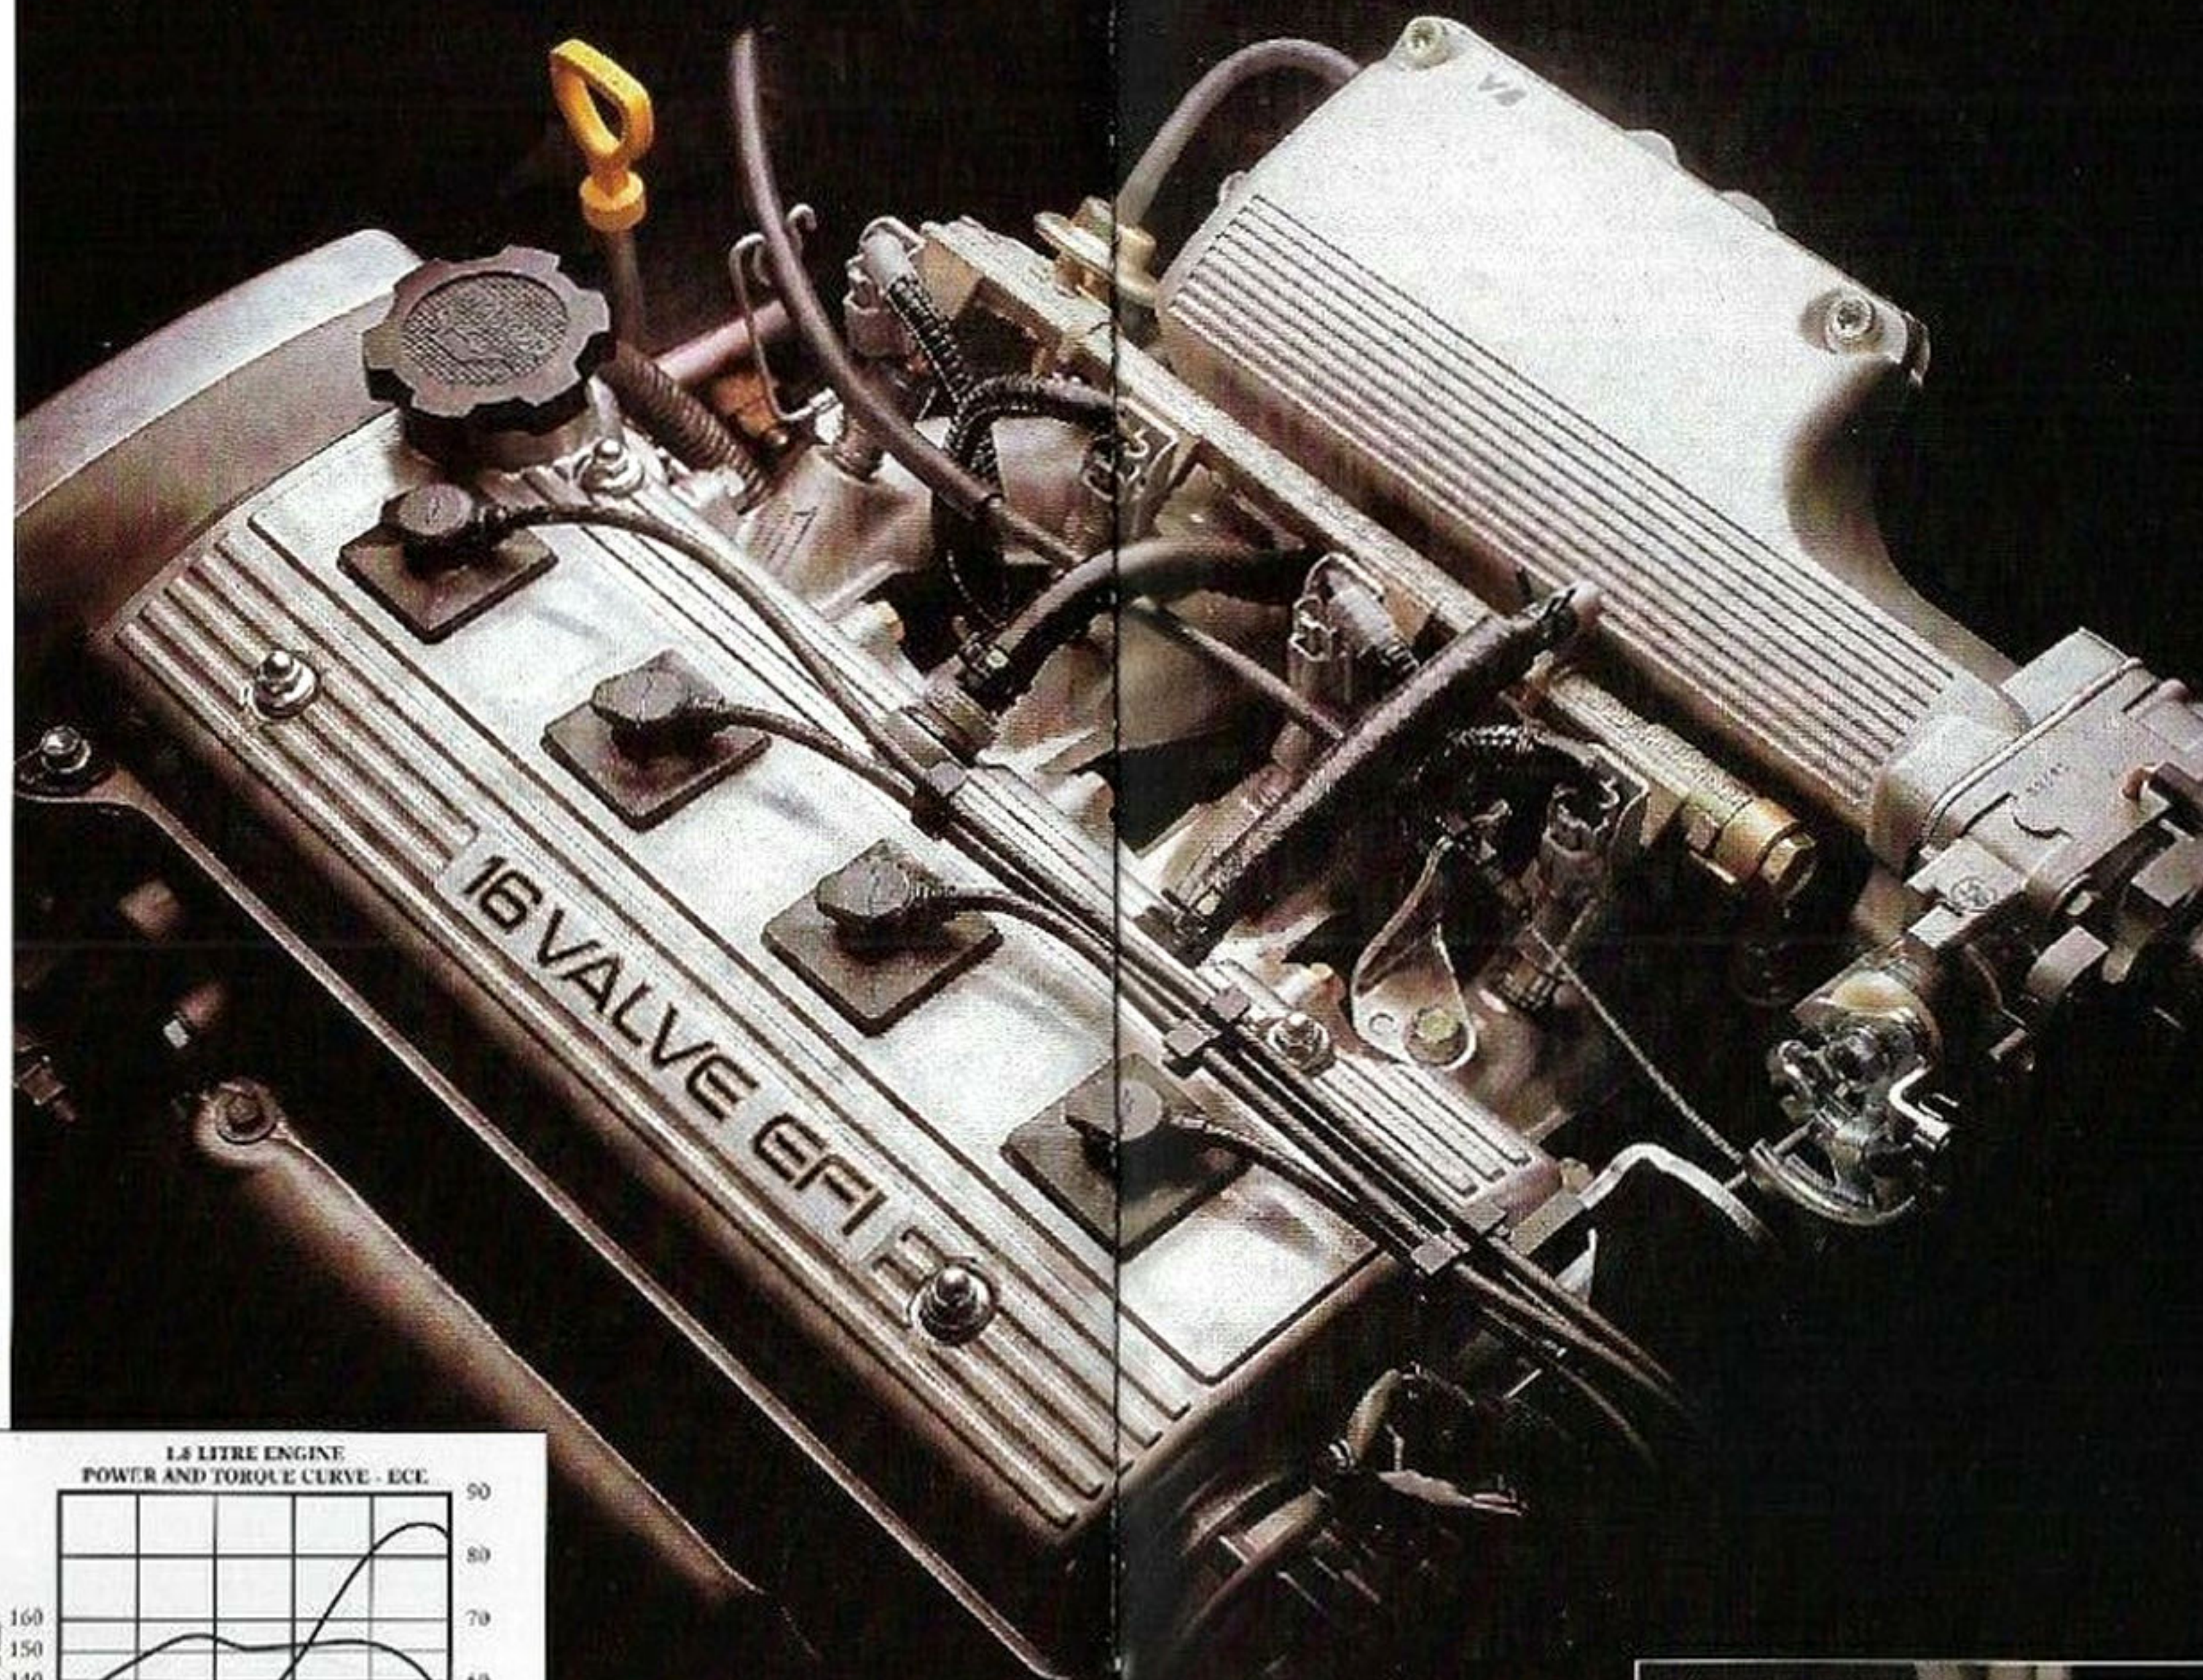

The challenge for today is producing spirited powerplants with other strong points. Engines that cleverly combine the best aspects of power, economy and environmental cleanliness.

And with the Holden Nova this has been superbly achieved in both highly advanced 1.6 litre and 1.8 litre engines.

State-of-the-art technology delivers smooth responsive power while a computer constantly tunes the engine as you drive. Maximising economy and minimising emissions.

Double overhead camshafts, 4 valves per cylinder and pentroof combustion chambers with grouped multipoint electronic fuel injection may not mean a great deal to you.

But improved take-off and more than ample power in tackling hills probably does.

And for those who like a few figures with their facts, read on.

The 1.6 litre Holden Nova SLX develops 78kW of power at 5800rpm, and 135Nm of torque at 4800rpm.

Fuel economy that is nothing short of excellent. Returning 8.0 litres per 100km (35mpg) around town. And an impressive 6.4 litres per 100km (44 mpg) on the highway. With the optional 4 speed automatic it's 8.5l/100km (33mpg) in the city and 6.6 litres per 100km (43 mpg) on the open road*.

The 1.8 litre Holden Nova GS ups the ante to 85kW of power, and 155Nm of torque at a low 2800rpm. Economy is the same as the 1.6 litre (manual or automatic) in the city and varies only slightly on the open road.

A reliable 5 speed manual is perfectly matched to both engines, while the optional electronic 4 speed automatic transmission is silky smooth.

Whether you're driving the sporty 1.8 litre GS or the zippy 1.6 litre SLX you can rest assured that being a Holden, you're in for a lot of driving pleasure.

THE HOLDEN NOVA EDGE.

To demonstrate how committed we are to the new Holden Nova, we're putting our money where our mouth is. Bringing you the most reassuring customer satisfaction program ever seen in Australia.

"The Holden Nova Edge" is a program which not only gives us an edge over our competitors, it's the edge in customer care you deserve.

◆ GUARANTEED EXCHANGE PROGRAM.

◆ 12 MONTHS OR 20,000km FREE SERVICE.

◆ 2 YEAR OR 50,000km NEW VEHICLE WARRANTY.

◆ 3 YEAR OR 100,000km POWERTRAIN WARRANTY.

◆ 24 HOUR HOLDENWISE ROADSIDE SERVICE.

ONLY THE HOLDEN NOVA HAS A GUARANTEED EXCHANGE PROGRAM.

If you're not genuinely satisfied with your Nova, you can simply return it. And Holden will give you a free no obligation credit on any other Holden vehicle. It's that simple. Satisfaction guaranteed.

ONLY HOLDEN NOVA HAS 12 MONTHS FREE SERVICE.

If that's not enough to entice you the new Nova also comes with 12 months or 20,000km free factory scheduled maintenance service, whichever comes first.

STRONG ON SUPPORT.

2 YEAR OR 50,000km

NEW VEHICLE WARRANTY.

Every new Holden Nova is covered by a 2 Year or 50,000km New Vehicle Warranty, whichever comes first.

3 YEAR OR 100,000km

POWERTRAIN WARRANTY.

But for even more protection, your new Nova will also be covered by a 3 Year or 100,000km Powertrain Warranty on the engine, transmission, clutch, axles and safety restraints.

3 YEAR/24 HOUR HOLDENWISE

ROADSIDE SERVICE.

HoldenWise Roadside Service covers you in your driveway, on the road, wherever you might be. 24 hours a day, 365 days a year. So, in case of emergency, you simply phone our central HoldenWise 24 hour toll free number 008 817 100.

When it comes to properly maintaining your Holden, you have the technical expertise and convenience of HoldenWise service at your nearest Holden Dealer.

HOLDENWISE

At participating Holden Dealers, they offer the assurance of dealer fixed prices on scheduled services, so you can plan your routine maintenance costs. And with extensively trained technicians they stand behind their workmanship with a 6 month/10,000km Warranty. Naturally when fitted by a dealer, there's also a  Holden Parts Warranty of 2 Years or

50,000km. With HoldenWise, you're always in safe hands.

HNL

Holden National Leasing is Holden Dealers' own fleet leasing company.

By dealing direct, HNL is able to offer you the most flexible financing deals on Nova and other Holden products. And, what's more, your fleet can be delivered through any one of over 350 Holden dealerships throughout the country.

But, most importantly, all service and maintenance work is charged to HNL at pre-negotiated rates. To find out more, contact your Holden Dealer or HNL toll free on 008 226 772.

GMAC

Factory backed finance from General Motors Acceptance Corporation can be tailored to suit your individual needs.

With Holden's SMARTDRIVE Lease Plan, you only pay for the part of the car you use. There is no deposit.

Your payments are less during the term and you have no obligations at the end of the lease (other than excess charges which may apply).

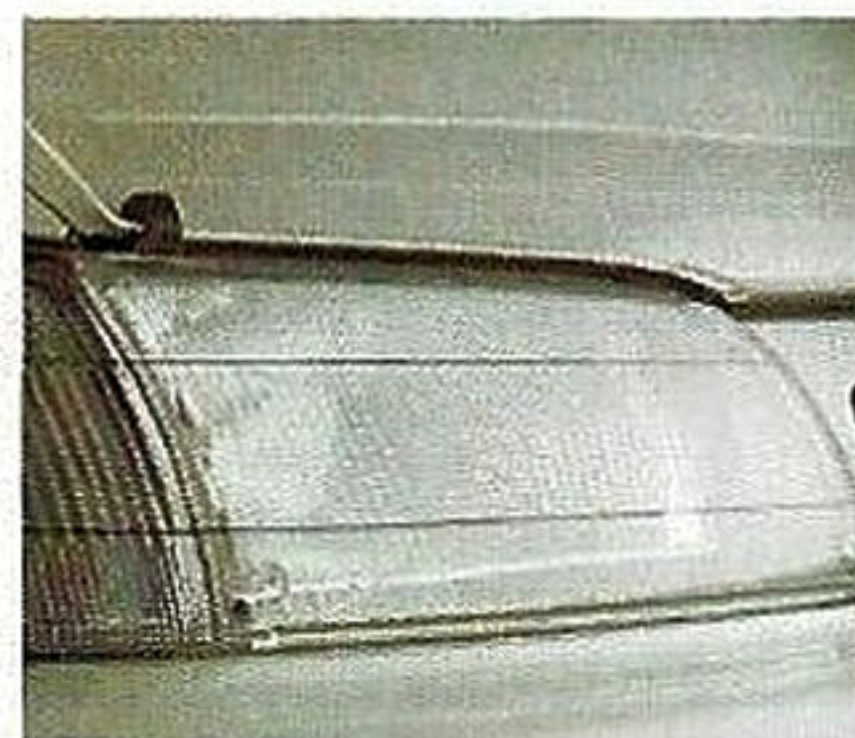

Ownership of the vehicle remains with GMAC at all times.

Holden's SMARTBUY provides flexible repayment terms to suit your individual needs. At the end of the term you have three options - pay out the final balloon payment, refinance this amount or simply return your Holden to GMAC with a disposal fee of \$350 (plus excess charges which may apply).

For more information see the Sales Manager at your participating Holden Dealer.

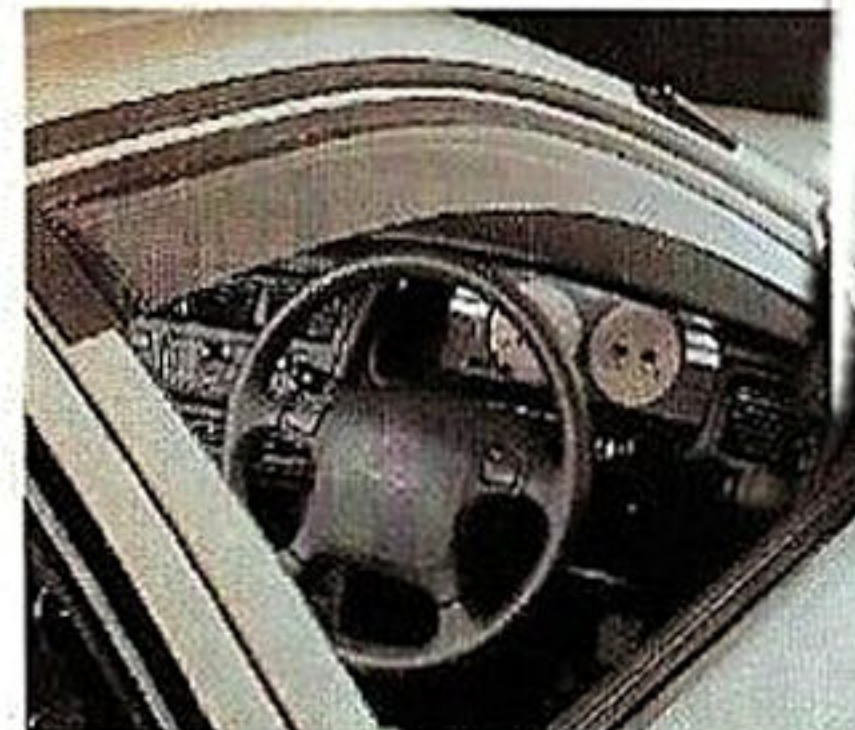

Rear Sunguard helps reduce glare and demoting effects of the sun.

Headlamp guards and bonnet protector prevent headlamp damage and stone chips.

Number plate cover.

Weathershield for driver and passenger doors keeps rain out and reduces wind in cabin.

Removable and adjustable roof racks.

Heavy duty carpet mats for front and rear.

Tow bar with wiring harness, tongue and chrome ball.

Rear louvre shades assist in lowering cabin temperature.

STRONG ON ACCESSORIES.

Ask your Holden Dealer to show you the ways to make your all new Holden Nova individually yours. For even greater style you could order metallic or new mica paints that accentuate Nova's contours.

Or simply protect your investment with number plate frames, headlamp guards and bonnet protector. Or add the practical benefits of roof carry bars and towing equipment.

Inside, you could keep your Nova's carpets like new with carpeted floor mats front and rear.

Consider the options.

And the accessories.

Your all new Holden Nova can be as individual as you are.

This means the first 3 scheduled services at 1,000km, 10,000km and 20,000km are free provided they occur within the 12 month period. Naturally, services must be conducted at an authorised Holden Dealer, but not necessarily where it was purchased. Services include all labour and parts (except oil) as per the owner's handbook and exclude non-scheduled service work or repairs.

CONDITIONS OF ELIGIBILITY.

To be eligible for the guaranteed exchange, your new Nova must be returned within 14 days or 500km of delivery, whichever comes first, to the selling dealer where the vehicle will be inspected for damage and excessive wear.

If non-warranty repairs equal to or greater than \$300 have been performed or are necessary, the vehicle will not be eligible for exchange. If less than \$300, the repair damage estimate will be deducted from the credit amount.

The credit itself is equal to the full 'on-road' price of the vehicle including any options and genuine Holden accessories fitted by the dealer. Vehicles modified in any way or fitted with non-genuine accessories are ineligible.

Naturally only one vehicle exchange is permitted for each vehicle purchased per customer.

Government and rental vehicles are excluded, as are demonstrator models.

HOLDEN
Nova

There's nothing quite like a Holden.
