

'81 CHEVY SPORTVAN

**AN IMPORTANT
STEP AHEAD.**

THE 1981 CHEVY SPORTVAN. AN IMPORTANT STEP AHEAD.

Through the years, Sportvan has proved itself to be a very comfortable and sensible people mover. For 1981, it's taken steps to become even more so. There are new standard high-back seats. New seat trim materials. New colors. New exterior moldings. New wheel opening moldings. New anti-corrosion measures. New low-drag brakes. New optional body striping. A new Delco Freedom II battery. And new developments in the engine area. Whether you want to move a lot of people or a lot of load, Chevy Sportvan is the easy, comfortable, practical way to do it. Families have known it for years. Businesses, too. Step into the Chevy Sportvan comfort and roominess today.

A WORD ABOUT THIS CATALOG. We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog are available as factory-installed options, dealer accessories and specialized equipment from various independent suppliers at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Chevrolet dealer for complete information.

NEW BEAUVILLE. This top-of-the-line Sportvan model comes with high-back front bucket seats in your choice of new ribbed pattern velour cloth (shown above) in five colors or dual-tone striped vinyl upholstery in four colors. Color-keyed carpeting extends down into the stepwells. Headliner and garnish moldings are also color-keyed.

The Sportvan converts from people- to cargo-carrying in minutes. Available rear seats are secured to the floor by cam-type front latches and hooked rear retainers. When the latches are released, the seat can be slid off the rear anchors, then lifted and removed.

The Beauville exterior includes: Bright side and rear lower moldings, bright wheel opening moldings, Deluxe Front Appearance package with chromed grille and rectangular headlamps, chromed front and rear bumpers and more.

NEW BONAVENTURE. This new model Sportvan combines a nice mix of comfort and practicality. There are high-back bucket seats. The seat trim is custom vinyl. The headliner extends full-length. Color-keyed rubber floor mats cover the entire floor area. Door and sidewall trim panels are color-keyed.

The exterior includes: chromed grille and round headlamps, chromed front and rear bumpers, bright tail lamp bezels.

CHILDREN'S ZOO

Chevy Beauville Sportvan shown here and on cover.

THE NOMAD. LOADED WITH LUXURY AND LOAD SPACE.

Chevy Nomad is a modified Series 20, 125" wheelbase van, with a luxurious Beauville interior in the passenger area and an insulated plywood load space in back. It features passenger seating for five with high-back bucket seats up front and a removable bench-type seat behind. Swing-out windows in the sliding side door and opposite panel are standard.

NEW TRAVEL BED PACKAGE. This optional travel bed package has a folding rear bench seat. It easily folds flat as shown above, forming a bed.

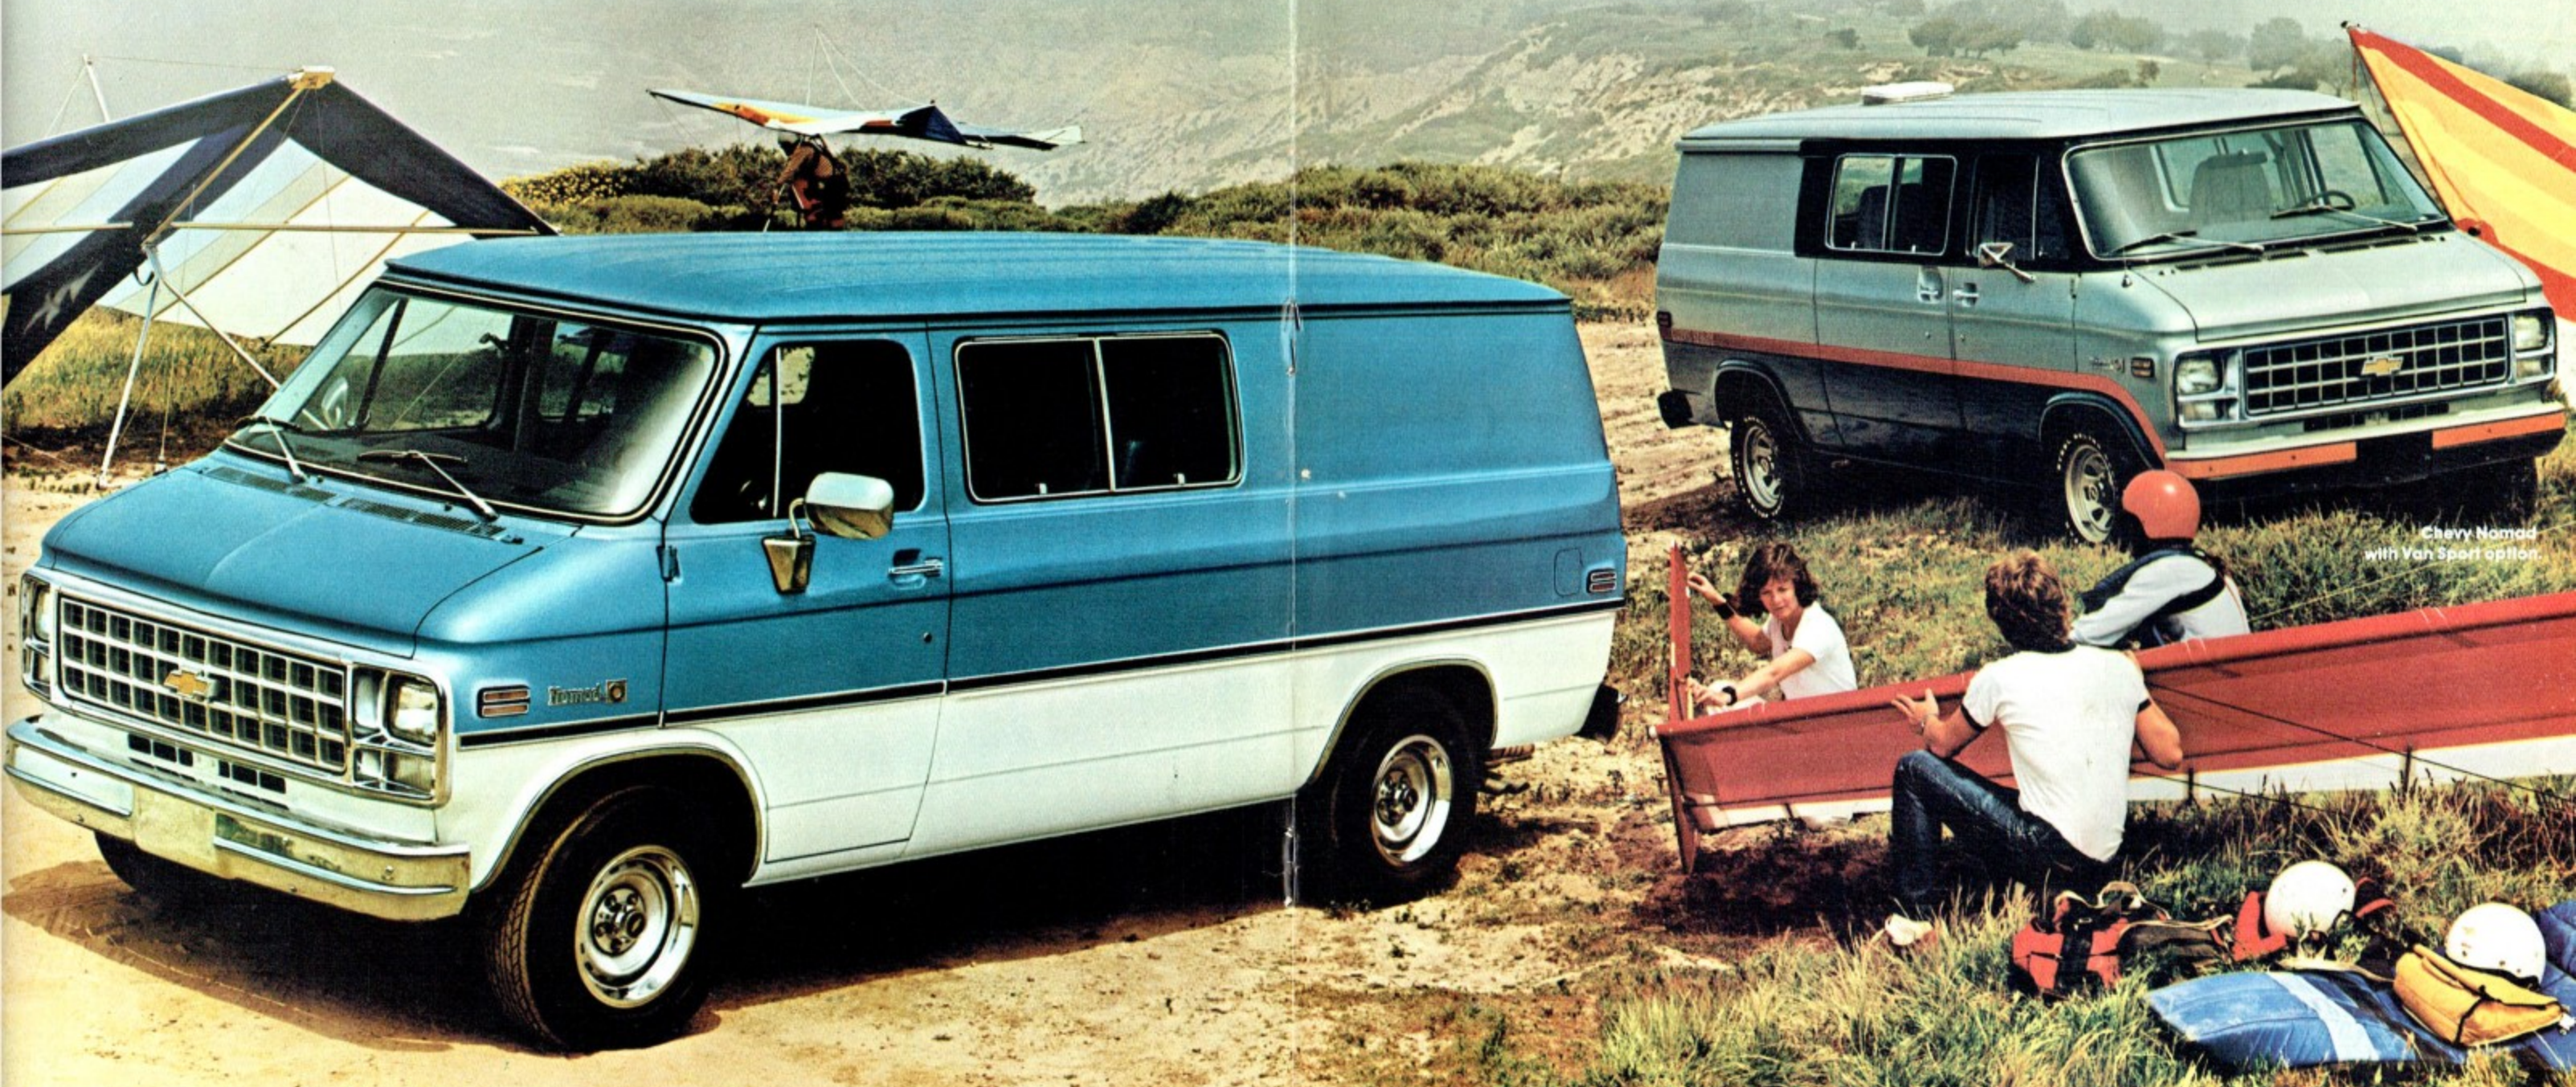

SWIVEL RECLINING BUCKET SEATS. Here's extra comfort and convenience. The Nomad interior shown above has front swivel reclining bucket seat options. It's easy to order your Chevy Beauville Sportvan or Nomad as comfortable as you want.

VAN SPORT. NOT ONLY LOOKS LIKE FUN, IT IS.

The striped sportiness of Van Sport is available on Chevy Vans and Nomads. You get: Sliding side door extender link, styled wheels, deluxe front-end styling with chrome-trimmed grille and grille air intakes painted black, bright-trimmed side marker lights and bright tail lamp bezel, and your choice of the following color combinations:

Primary color	Secondary color	Body stripe color	Interior trim color
Light Silver Metallic	Nordic Blue Metallic	Light to Dark Blue	Blue
Light Silver Metallic	Midnight Black	Light to Dark Blue	Slate or Blue
Light Silver Metallic	Midnight Black	Orange to Red	Carmine
Colonial Yellow	Dark Chestnut Metallic	Orange to Red	Doeskin
Santa Fe Tan	Dark Carmine Red	Orange to Red	Carmine

Chevy Nomad with Van Sport option.

CHEVY OFFERS THOSE FEATURES VAN BUYERS ARE LOOKING FOR.

Chevy Sportvans are ruggedly built. The body and frame are integrated into a strong single unit. Brakes are computer-matched to the GVWR of the van you order.

Steel-belted radial ply tires standard on all G20 models, optional on G10 models to replace standard glass-belted radial ply tires.

NEW FUEL EFFICIENT* 5.0 LITER (305 CU. IN.) V8 WITH ELECTRONIC SPARK CONTROL. This new engine provides surprising acceleration and horsepower for an engine of its size. It has a substantial 9.2:1 compression ratio. Yet this engine operates on low octane, unleaded fuel! The engine is designed to run most efficiently at maximum spark advance. An Electronic Spark Control senses a "knock" condition and automatically retards the spark. Available on G10 and G20 models except in California. A 5.0 Liter V8 with 4-barrel carburetor without ESC is optional in California.

OTHER OPTIONAL V8s. For added power and performance when required, two optional V8 engines are offered. (See the

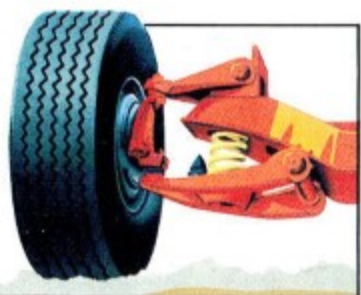

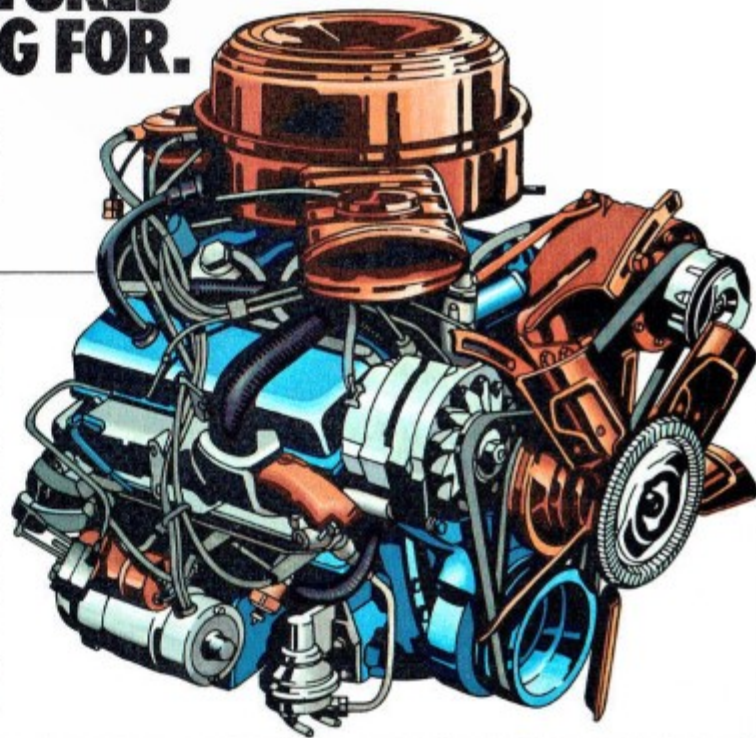

engine specification chart below for engine availability in specific models). All feature short-stroke valve-in-head design and down-draft carburetor.

A SENSIBLE 4.1 LITER SIX. The high-efficiency 4.1 Liter (250 Cu. In.) six-cylinder engine features a staged, 2-barrel carburetor and a thermostatically controlled fan clutch. New for '81 are a recalibrated carburetor and a re-designed camshaft for smooth operation. Try a Sportvan with a 4.1 Liter Six. Standard on G10 and G20 models. Not available in California.

A WORD ABOUT ENGINES. Chevrolet trucks are equipped with GM-built engines produced by various divisions. See your dealer for details.

Please refer to Chevy Sportvan powerteam engine information below.

*For light-duty Chevrolet truck EPA mileage estimates, check the wall poster displayed at your Chevrolet dealer's showroom, or ask for an EPA mileage sheet to take home with you.

MASSIVE GIRDER BEAM FRONT SUSPENSION.

A rigid steel beam is the major component of this rugged front suspension. Attached at each end of this girder beam are two contoured steel control arms. Each pair flexes freely up and down, allowing the front wheels to take on bumps and ruts independently to smooth the ride.

TIGHT TURNING CIRCLE.

The 110" wheelbase model Sportvan features a tight wall-to-wall turning circle of just 43.1 ft. Great for city driving and parking. The 125" wheelbase Sportvan has a turning circle of only 47.9 ft.

CHEVROLET'S THREE-YEAR PERFORATION-FROM-CORROSION LIMITED WARRANTY. Chevrolet offers a Three-Year Perforation-From-Corrosion Limited Warranty. Exhaust system components not included. See your Chevrolet dealer for details on other limitations.

THE SPORTVAN ANTI-CORROSION PROGRAM.

- 1. Use of corrosion-resistant steels.** For 1981, there is an even greater use of corrosion-resistant steel with the use of 2-side galvanized steel for rear door outer panels.
- 2. Final priming.** Every Sportvan is dipped in an electrically charged primer paint emulsion that draws primer into seams and hard-to-get-at areas.
- 3. Finish painting.** A beautiful finish of baked-on acrylic enamel.
- 4. Aluminized wax preservative.** It's applied to critical lower body inner surfaces to help resist corrosion.
- 5. Extensive weatherproofing.** Includes the liberal use of weather stripping, sealing compounds and rubber gaskets, and a flush-and-dry system for many double-walled areas.

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CHEVROLET PRODUCTS.

The Chevy Sportvans described in this brochure (Series G10, G20 and G30) are assembled at facilities of General Motors Corporation operated by GM Assembly Division, GMC Truck & Coach Division and GM of Canada. These Chevys incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce these products with different components or differently sourced components than initially scheduled. All such components have been approved for use in these Chevrolet products

and will provide the quality performance associated with the Chevrolet name.

With respect to factory-installed extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your vehicle is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your vehicle includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

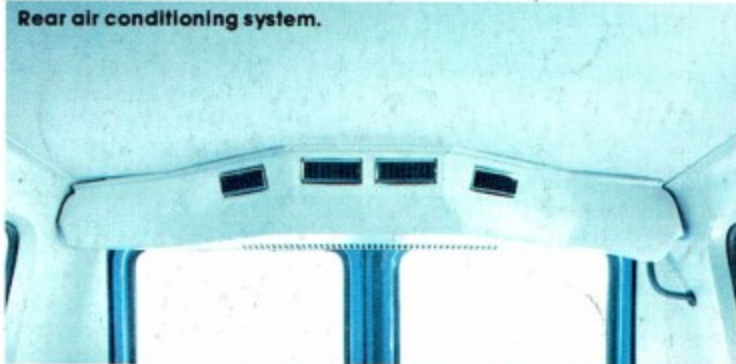

These vehicles are also available from GMC dealers under the GMC nameplate (GMC Van Series G1500, G2500 and G3500).

OPTIONS FOR EXTRA STYLE, COMFORT AND CONVENIENCE.

The GM Continuous Protection Plan. It offers service protection in addition to that provided by GM's new vehicle limited warranty. Available only in the U.S. and Canada for the 1981 model year. Ask your dealer about it.
