

ACADIA MODELS

2024 FEATURES, SPECS AND OPTIONS

Preproduction models shown throughout. Actual production models may vary.

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of publication, please check with your GMC dealer for complete details.

¹Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. ²Functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. ³Bose is a registered trademark of the Bose Corporation in the U.S. and other countries. ⁴Always pay attention while driving and when using Super Cruise. Do not use a handheld device. Requires active Super Cruise plan or trial. Terms apply. Visit gmc.com/connectivity-technology/super-cruise for compatible roads and full details. Automatic Lane Change and Lane Change on Demand are not available while trailering. ⁵Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. ⁶To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of the vehicle Owner's Manual. ⁷Extra-cost color. ⁸Only available on Elevation. ⁹Only available on AT4. ¹⁰Only available on Denali.

¹The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see gmc.com/support/vehicle/phone-connect or consult your carrier. ²Available on select 2017 model year and newer GM vehicles with compatible hardware. Third-party trademarks are the property of their respective third-party owners and used under agreement. Requires active service plan and paid AT&T[®] vehicle data plan. See onstar.com for details and limitations. ³Available on select Apple[®] and Android[™] devices. Service availability, features and functionality vary by vehicle, device and the plan you are enrolled in. User terms apply. Device data connection required. Actual images and features may vary and are subject to change. ⁴Google built-in services are subject to limitations, and availability may vary by vehicle, infotainment system and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Android Auto, Google Play and Google Maps are trademarks of Google LLC. ⁵Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See onstar.com for details and limitations. ⁶Always pay attention while driving and when using Super Cruise. Do not use a handheld device. Requires active Super Cruise plan or trial. Terms apply. Visit gmc.com/connectivity-technology/super-cruise for compatible roads and full details. Automatic Lane Change and Lane Change on Demand are not available while trailering. ⁷Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. ⁸Driver Attention Assist may not always detect the driver's attention status accurately. Driver Attention Assist is an assistance service and the driver should always pay attention to the road. The driver should take rest breaks when they're tired or drowsy. As the Driver Attention Assist feature is a camera-based monitoring system, keep hands off the camera and infrared LED banks to ensure the camera can see/detect/monitor the driver's face and function properly. Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information.

SELECT PACKAGES

See your GMC dealer or gmc.com for more feature details and requirements.

Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. ³Requires available Trailering Package on Elevation.

IMPORTANT TERMS

CURB WEIGHT

The weight of a vehicle with all of the standard and optional equipment and a full tank of fuel, but without any passengers or cargo.

GROSS VEHICLE WEIGHT (GVW)

The combined weight of the vehicle and all passengers and cargo.

GROSS VEHICLE WEIGHT RATING (GVWR)

This number is the maximum amount a tow vehicle may weigh. Everything that contributes to the weight of the tow vehicle is featured in this rating, including the weight of the vehicle, driver and all passengers, fuel, payload, tongue load of the trailer, the weight of the hitch and all optional equipment. The GVWR is displayed on the driver's door or door-lock pillar label of your GMC vehicle. The GVW must never exceed the GVWR.

GROSS COMBINED WEIGHT (GCW)

The GVW plus the loaded trailer weight.

GROSS COMBINED WEIGHT RATING (GCWR)

The total allowable weight of the completely loaded vehicle and trailer, including any fuel, passengers, cargo, equipment and accessories.

CARGO WEIGHT

The weight of all items added to the curb weight of the vehicle, including cargo and optional equipment. When towing, cargo weight also includes the trailer tongue or hitch weight.

MAX PAYLOAD

The maximum allowable weight of passengers plus cargo that the vehicle is designed to carry.

GROSS AXLE WEIGHT (GAW)

The total weight placed on a single axle (front or rear).

GROSS AXLE WEIGHT RATING (GAWR)

This is the weight that each axle is capable of supporting. The load on each axle must not exceed the GAWR. The GAWR for each GMC vehicle is displayed on the driver's door or door-lock pillar label.

GROSS TRAILER WEIGHT

The weight of a loaded trailer.

TONGUE (OR HITCH) WEIGHT

The tongue weight is the total amount of trailer weight that is pressing down on the trailer hitch. Keep in mind that the way a trailer is loaded affects the overall tongue weight and will also affect the handling of the tow vehicle when trailering.
