

2008 Lincoln Town Car

LINCOLN

Reach Higher

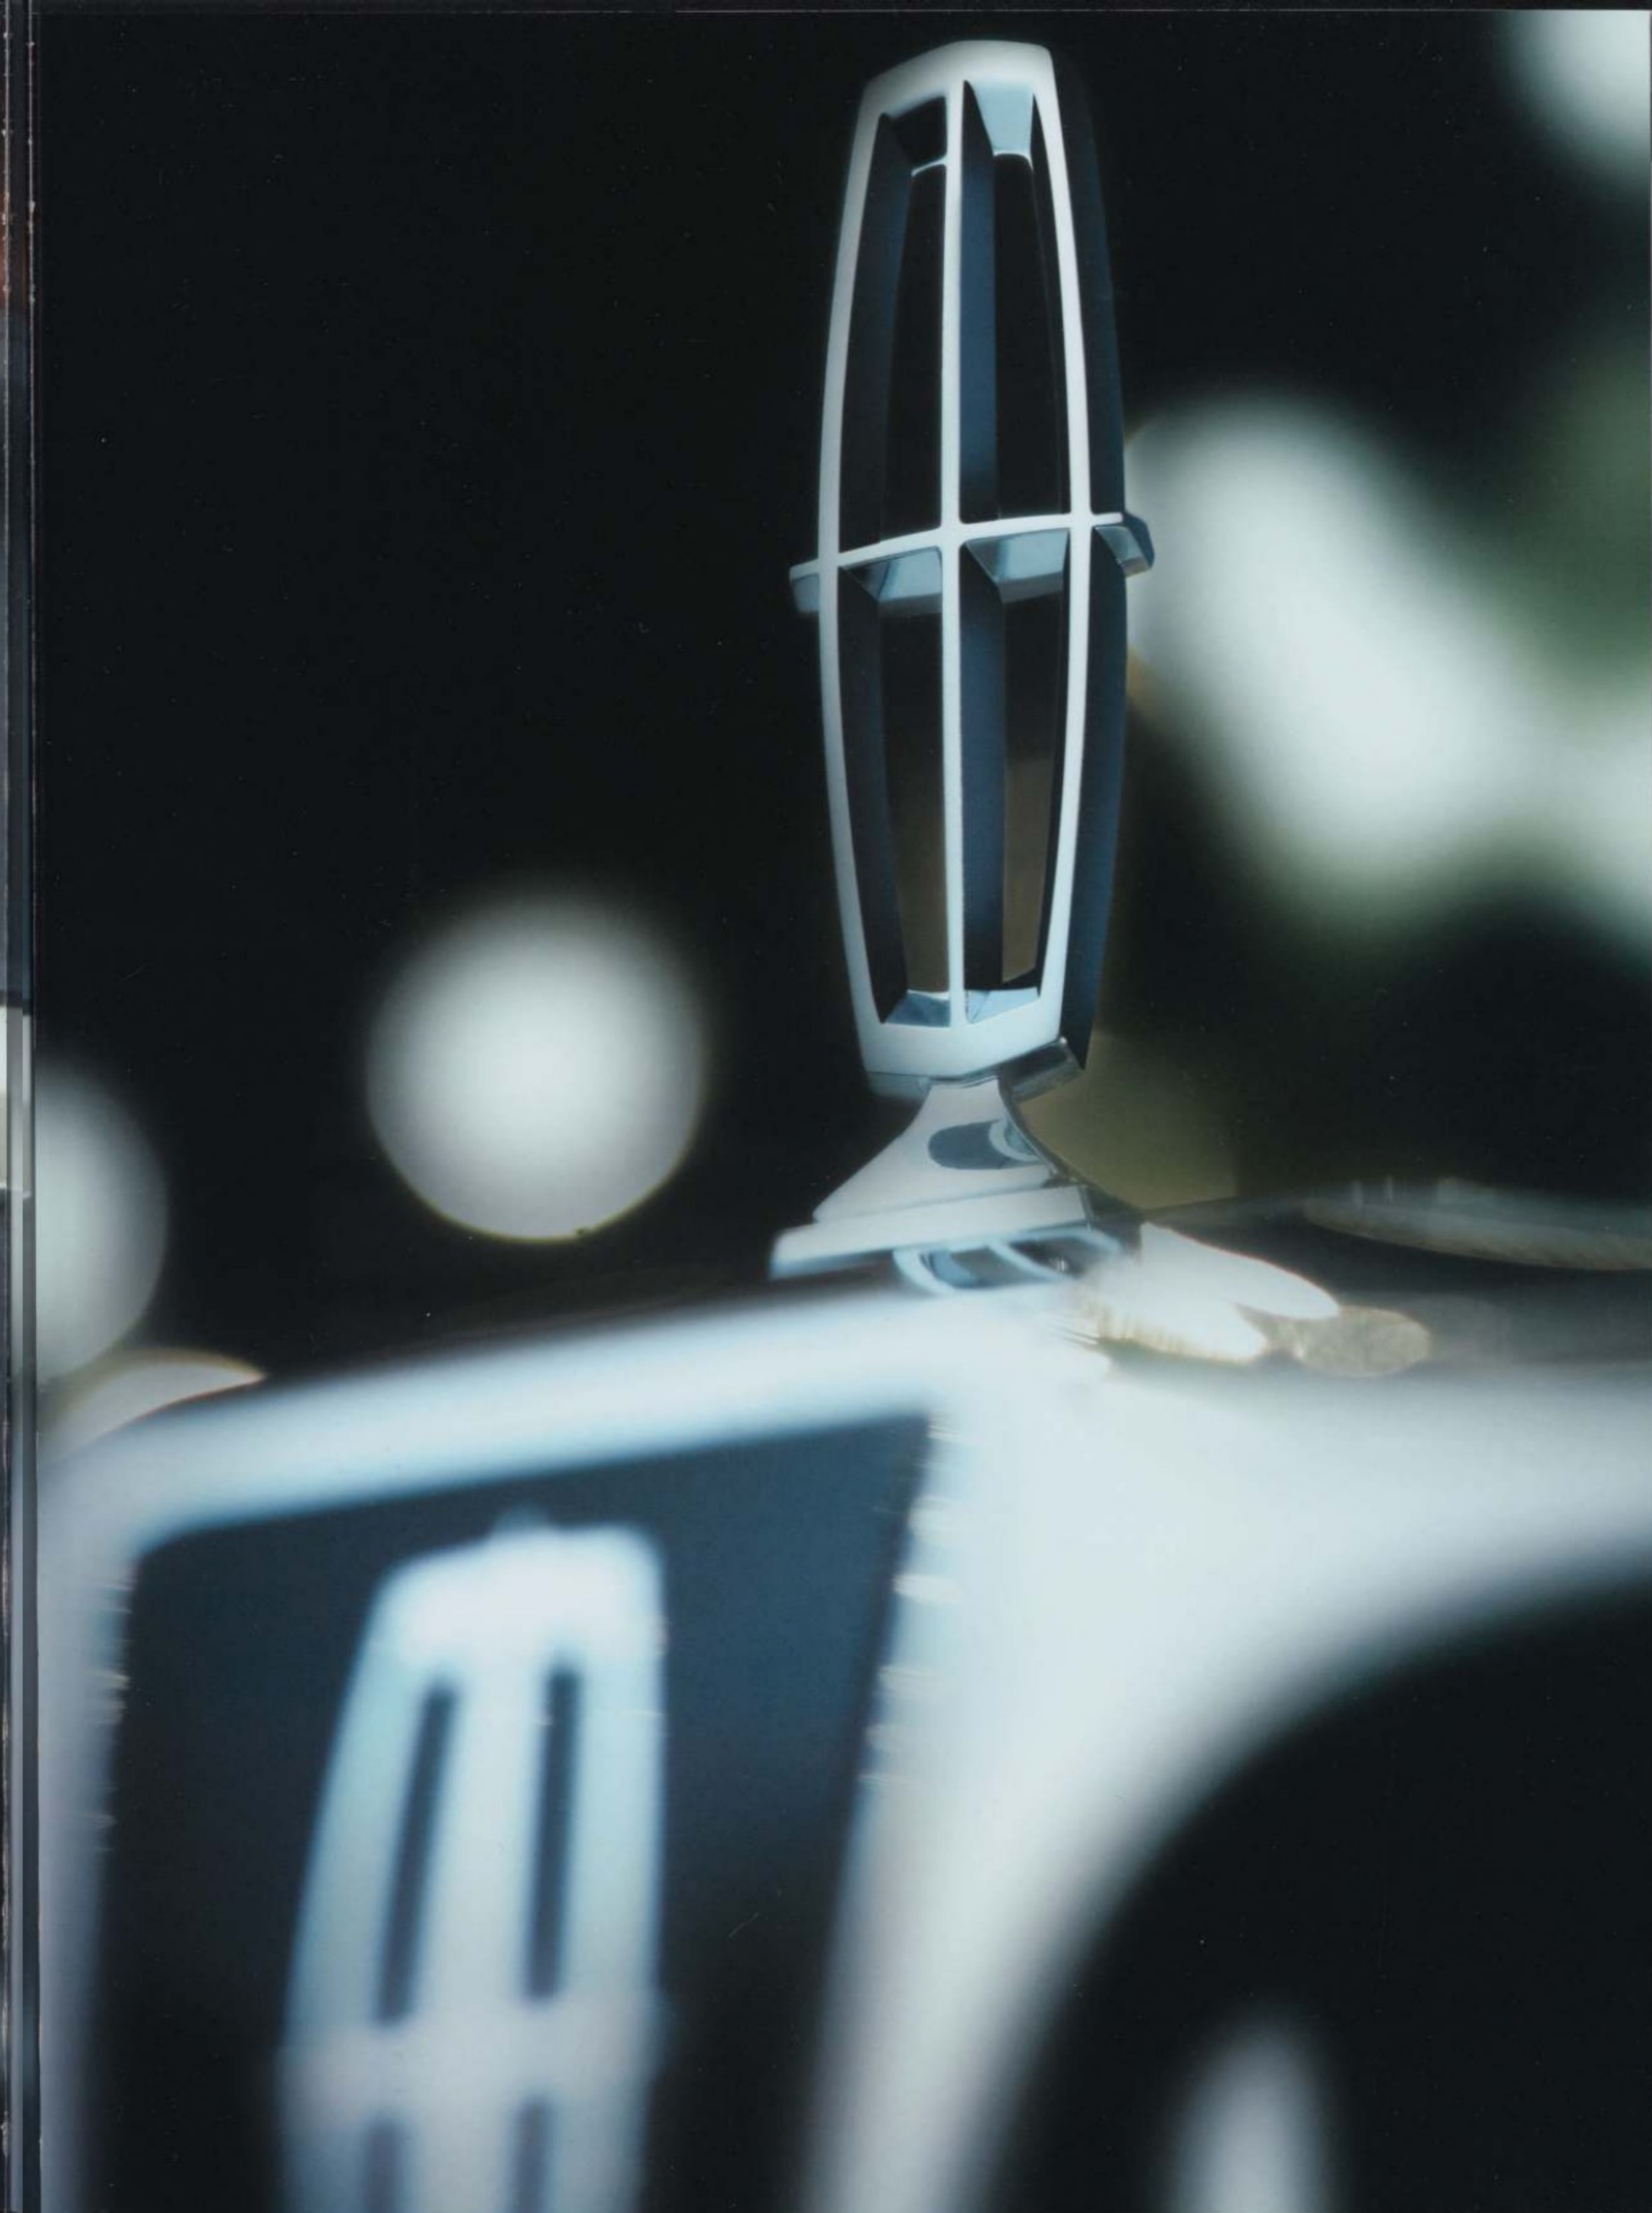

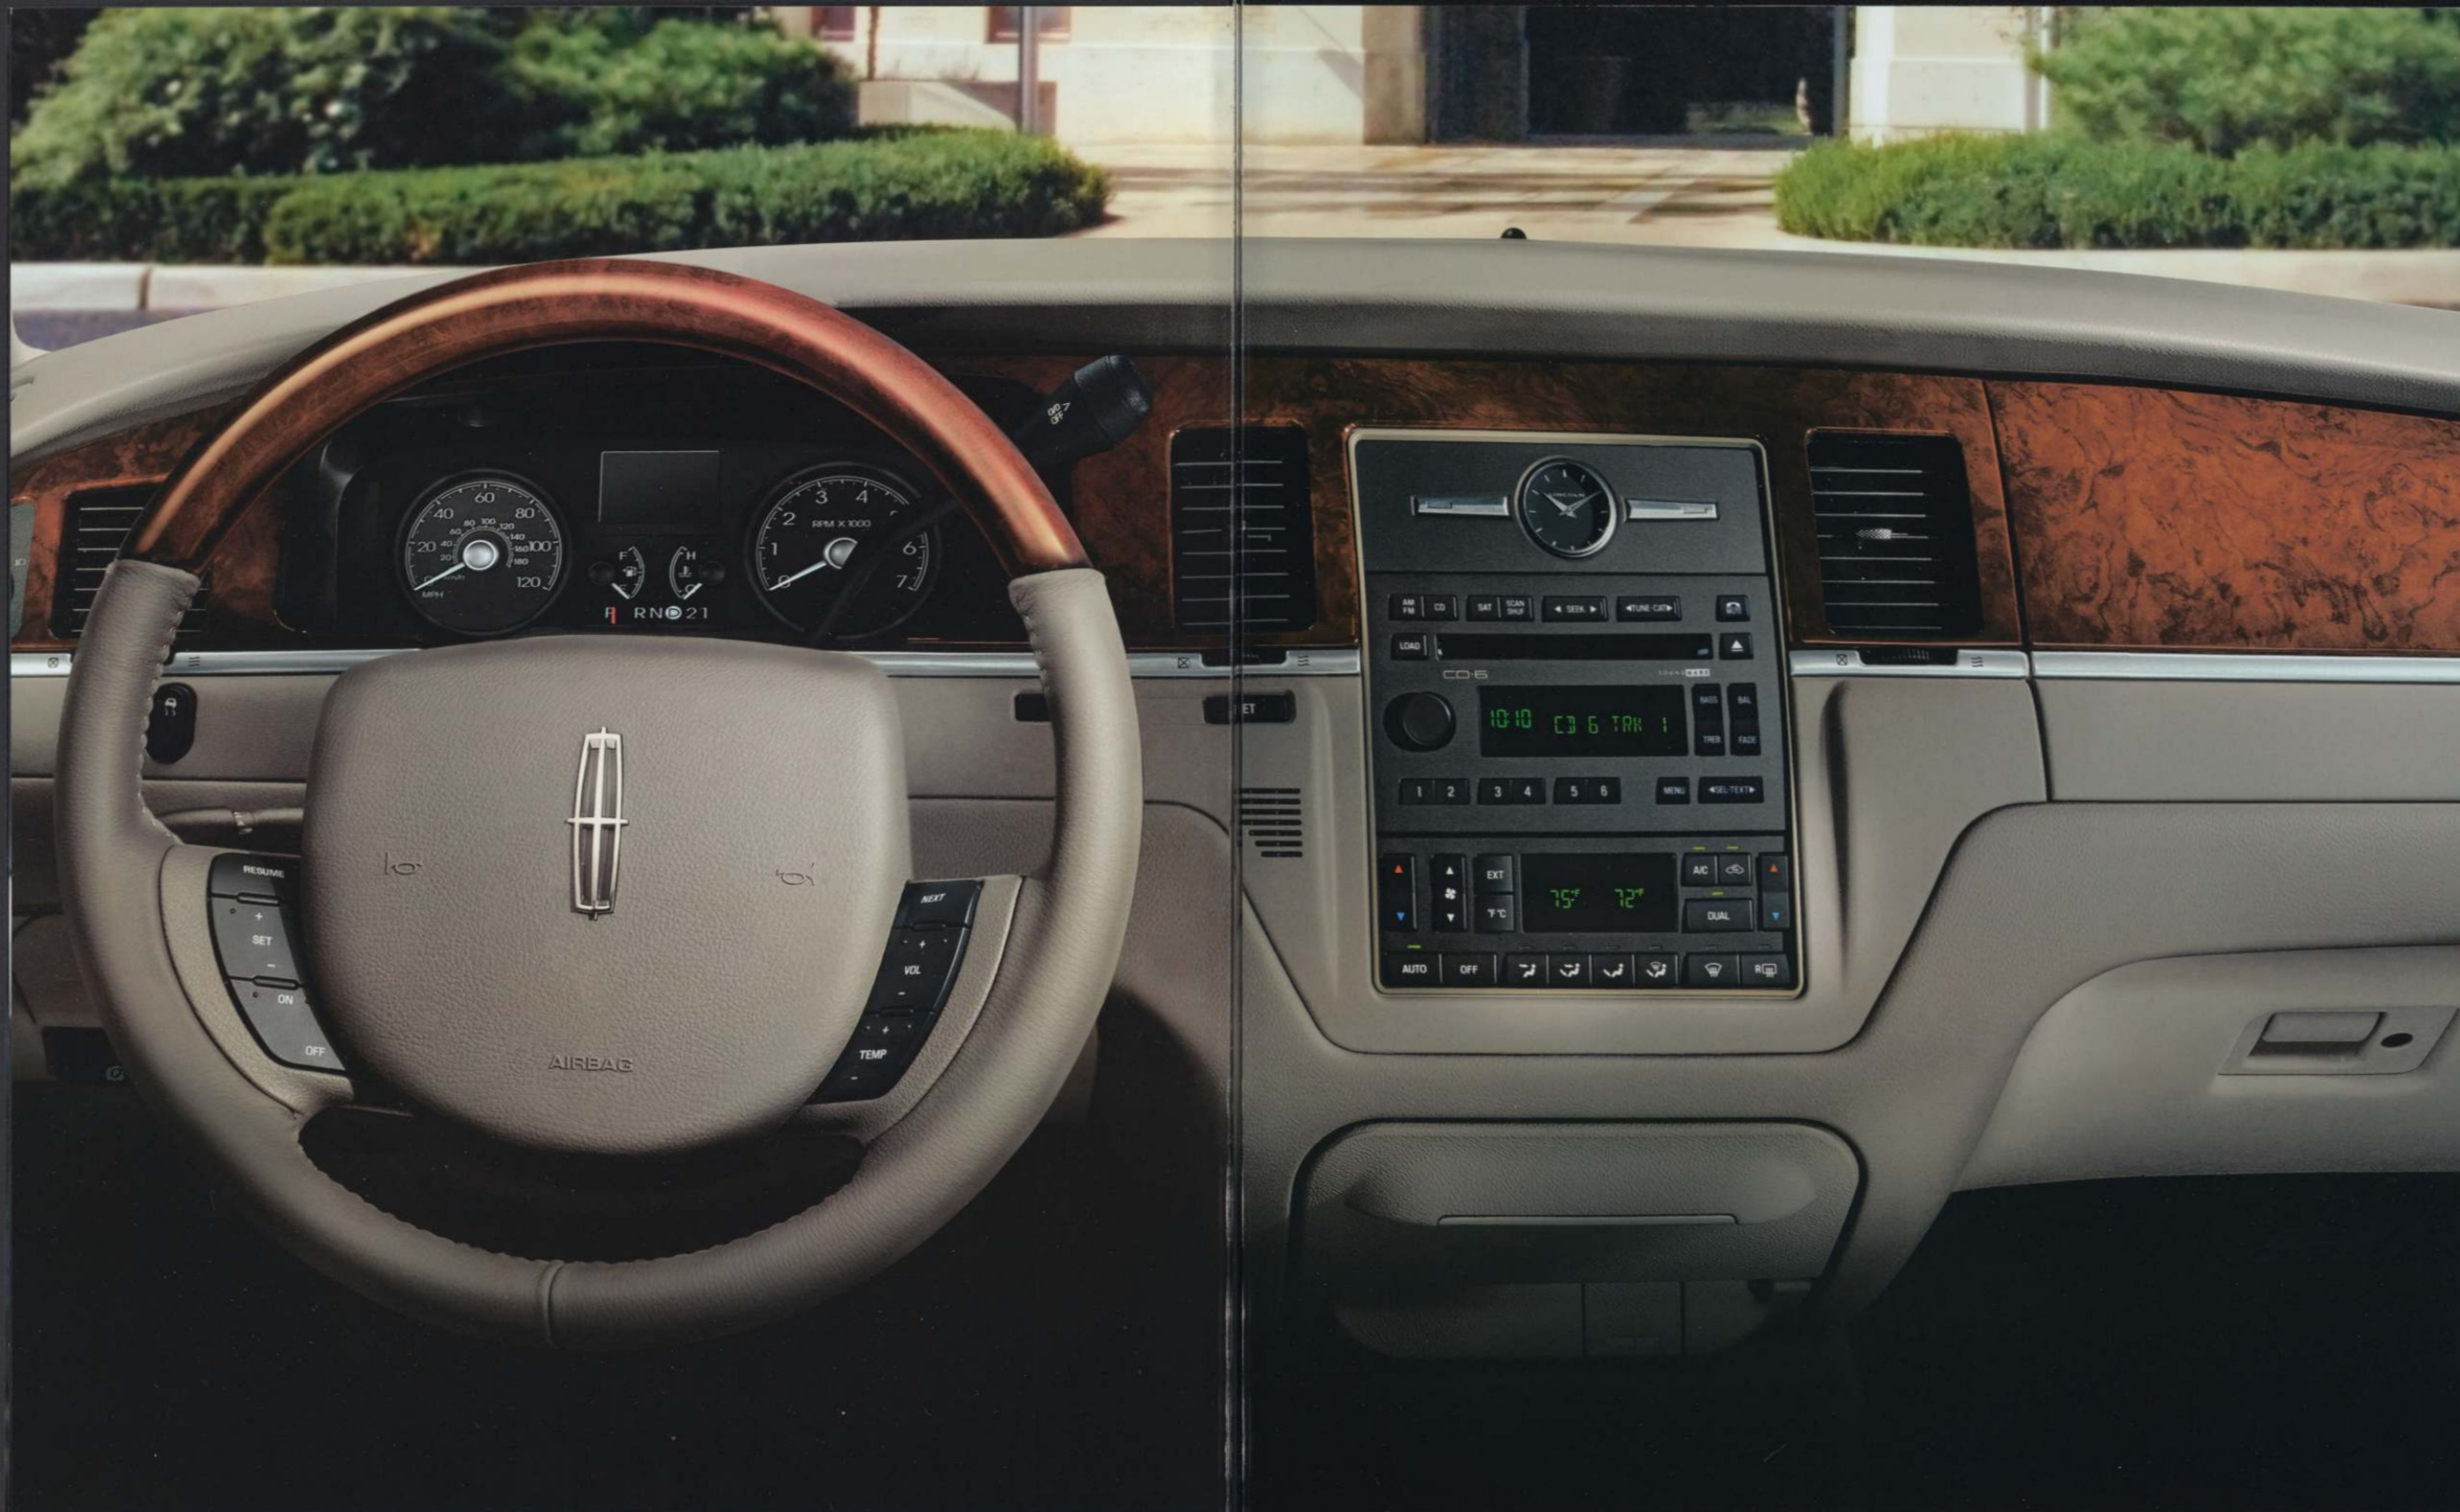

Understated elegance. Clean, uncluttered lines.
Purity of form. To elevate your driving experience,
reserve a 2008 Lincoln. Life's calling. Where to next?

Perfectly Attuned. Whatever Your Sensibilities.

UNWIND TO YOUR PERSONAL SOUNDTRACK

Thanks to its convenient in-dash CD changer, the Lincoln Soundmark® Audiophile® Sound System holds up to six of your favorite CDs at once. So you can load them up and take a relaxing musical journey any time you'd like. Standard on every Lincoln Town Car, this powerful system pushes 180 watts through nine speakers for a full-bodied audio adventure. Straightforward, easy-to-use controls make quick work of choosing a new track or calling up your favorite station.

CUSTOMIZE YOUR COMFORT ZONE

The driver and front passenger have special privileges when it comes to comfort in a Lincoln. In addition to the standard heated front seats, the Town Car driver and front passenger both have the ability to dial in their own specific temperature setting on the Dual-zone Electronic Automatic Temperature Control (DEATC). They are then free to sit back and relax as it's automatically maintained for them. Customized comfort. Lincoln luxury. Everywhere you go.

Confidently in Command. Of Any Road.

THE POWER OF 8

A supremely capable and powerful 4.6L V-8 engine, with 239 hp and 287 lb.-ft. of torque, is at the heart of every 2008 Lincoln Town Car. In fact, Town Car has always featured a V-8, because nothing less will do. Power delivery is immediate and smooth, whether entering the highway or passing on the open road. A 4-speed electronic automatic overdrive transmission delivers smooth shifting through every range of speed and under varying conditions. Town Car's sophisticated electronic engine management system determines optimum shift points for maximum performance and fuel economy. And the standard dual, stainless steel exhaust system aids performance as well.

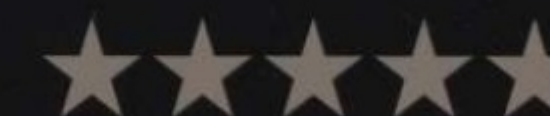

THE RIDE OF A LIFETIME

Lincoln Town Car's legendary reputation as a smooth ride is built upon the solid foundation of its full-length frame. Up front, hydroformed frame rails optimize the positioning of its independent-suspension components for enhanced handling and responsive steering. Town Car's monotube shock absorbers react quickly for precise control, while its front and rear stabilizer bars help keep the vehicle level through the corners. Even at low speeds, Town Car lends a hand. While parallel parking, for instance, its power-assisted rack-and-pinion steering makes it easy to turn the leather-wrapped steering wheel. At highway speeds, the steering system's limited assistance ensures even inputs.

Born Leader. With a Secure State of Mind.

5 STARS IN ALL 5 CATEGORIES, 6 YEARS IN A ROW

Lincoln Town Car is the first automobile ever to receive the government's highest 5-Star crash test rating¹ in all five categories (driver frontal impact, passenger frontal impact, front-seat side impact, rear-seat side impact and rollover resistance) — an achievement it has garnered for six years in a row (2003–2008). In the event of certain frontal impacts, Town Car responds quickly by engaging the Personal Safety System[®] to control safety belt tension as well as the energy deployment level of the dual-stage front airbags. In certain side-impact collisions, Town Car's front-seat side airbags for the driver and right-front passenger, and the side-intrusion door beams located in all four doors, enhance occupant safety.

MANEUVERING MASTERY

Every Lincoln Town Car is equipped with 4-wheel disc brakes and an Anti-lock Brake System (ABS). During hard braking, ABS electronically "pumps" the brakes multiple times per second to provide greater steering control precisely when you need it most. All-Speed Traction Control improves traction on loose or slippery surfaces by using a combination of braking and engine control to reduce wheel spin and help you maintain your composure.

¹Star ratings are part of the U.S. Department of Transportation's Safercar.gov program (www.safercar.gov).

2008 Lincoln Town Car Signature Limited in Light French Silk Metallic. Shown with available equipment.

TOWN CAR SIGNATURE LIMITED

Performance

- 4.6L SOHC 16-valve V-8 engine
- 4-speed electronic automatic overdrive transmission
- All-Speed Traction Control
- Fail-safe engine cooling system
- Power-assisted rack-and-pinion steering
- Power 4-wheel disc Anti-lock Brake System
- Dual, stainless steel exhaust system
- 17" 10-spoke machined-aluminum wheels
- P225/60R17 all-season black-sidewall tires

Interior

- American walnut burl wood trim
- Audiophile Sound System with AM/FM stereo and 6-disc in-dash CD changer
- Dual-zone Electronic Automatic Temperature Control with secondary steering wheel-mounted controls
- Rear-seat climate control vents
- Premium leather-trimmed 8-way power, heated front seats with 40/20/40 split and power lumbar; easy entry/exit power driver seat with memory settings
- Embroidered front floor mats with Lincoln Star logo
- Tilt, wood- and leather-trimmed steering wheel with secondary audio and climate controls and electronic cruise control
- Front seatback and front door-trim map pockets
- Front-row center, bi-directional armrest with useable storage in lid; rear-seat center fold-down armrest with 2 cupholders
- Lockable, illuminated glove compartment
- Front (2) and rear (2) cupholders
- Remote fuel-filler door release on front door-trim panel
- Remote trunk-lid release on front door-trim panel
- Front and rear scuff plates with Lincoln-embossed aluminum inserts
- Auto-dimming rearview mirror
- Illuminated visor vanity mirrors
