Engine block heater

Trailering convenience package

Portable ARB freezer/fridge

Portable air compressor

Truck Vault® secure cargo drawer Tactical mountain bike

Wheel locks

HUMMER Adventure Kit

Bed rail covers Front hitch extender

XM Radio

### 2006 H2 SUT WARRANTY

GM backs your new H2 SUT with its Vehicle Bumper-to-Bumper Limited Warranty, for GM vehicles registered in the USA. See your HUMMER dealer for terms and conditions. The entire vehicle is warranted for repairs, including parts and labor, to correct problems in materials or workmanship for 4 years or 50,000 miles whichever comes first (except normal maintenance). The warranty covers the complete vehicle, tires, towing to your nearest HUMMER dealership, cosmetic corrosion resulting from defects, and repairs made to correct any vehicle defect. There is no charge for most warranty repairs. There is also no deductible for repairs during the warranty period. And the warranty transfers automatically with vehicle ownership during the warranty period.

CORROSION: Since HUMMER trucks are designed to resist corrosion, all body sheet metal components are warranted against rust-through corrosion for 6 years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required, and none is recommended. See your GM dealer for terms and conditions of these limited warranties.

#### 2006 H2 SUT ROADSIDE ASSISTANCE

The benefits of HUMMER Roadside Assistance include, but are not limited to, 24-hour warranty towing, flat tire change, jumpstarts, some courtesy transportation and travel benefits like trip planning and reimbursment for trip interruption. Roadside Assistance is included at no extra charge during the warranty period, however some services may incur costs.

LEGAL NOTES 1 MSRP does not include tax, title, license, options and accessories. It does include the destination charge. 2 Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in the rear seat. See the vehicle Owner's Manual and child safety seat instructions for more information. 3 Available in the 48 contiguous states. Service fees extra. Visit www.gm.xmradio.com for more information. 4 1-year OnStar® Safe & Sound Service Plan is standard on the H2. For more information, call 1.888.40NSTAR (1.888.466.7827) or visit www.onstar.com for system limitations and details. 5 GWVR (Gross Vehicle Weight Rating) includes vehicle, passengers, equipment and cargo. GWR availability may vary depending on equipment. 6 Payload includes passengers, equipment and cargo. 7 Trailer tongue weight should be 10-15% of the total loaded trailer weight, up to 100 lb. Do not exceed the maximum allowable tongue weight for your vehicle. Gross combination Weight Rating (GCWR), which is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversions, is 14,000 lb. If you'll be pulling a trailer that, when loaded, will weigh more than 5,000 lb., be sure to use a properly mounted, weight-distributing hitch and sway control of the proper size. If your trailer weighs more than 2,000 lb. loaded, then it needs its own brakes and they must be adequate. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your HUMMER dealer for additional details. 8 Please review size limitations and exercise caution prior to entering certain garages.

XM Radio

### 2006 H2 SUV WARRANTY

GM backs your new H2 SUV with its Vehicle Bumper-to-Bumper Limited Warranty, for GM vehicles registered in the USA. See your HUMMER dealer for terms and conditions. The entire vehicle is warranted for repairs, including parts and labor, to correct problems in materials or workmanship for 4 years or 50,000 miles whichever comes first (except normal maintenance). The warranty covers the complete vehicle, tires, towing to your nearest HUMMER dealership, cosmetic corrosion resulting from defects, and repairs made to correct any vehicle defect. There is no charge for most warranty repairs. There is also no deductible for repairs during the warranty period. And the warranty transfers automatically with vehicle ownership during the warranty period.

CORROSION: Since HUMMER trucks are designed to resist corrosion, all body sheet metal components are warranted against rust-through corrosion for 6 years or 100,000 miles, whichever comes first. Application of additional rust-inhibiting materials is not required, and none is recommended. See your GM dealer for terms and conditions of these limited warranties.

### 2006 H2 SUV ROADSIDE ASSISTANCE

The benefits of HUMMER Roadside Assistance include, but are not limited to, 24-hour warranty towing, flat tire change, jumpstarts, some courtesy transportation and travel benefits like trip planning and reimbursment for trip interruption. Roadside Assistance is included at no extra charge during the warranty period, however some services may incur costs.

LEGAL NOTES 1 MSRP does not include tax, title, license, options and accessories. It does include the destination charge. 2 Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in the rear seat. See the vehicle Owner's Manual and child safety seat instructions for more information. 3 Available in the 48 contiguous states. Service fees extra. Visit www.gm.xmradio.com for more information. 4 1-year OnStar® Safe & Sound Service Plan is standard on the H2. For more information, call 1.888.460.NSTAR (1.888.466.7827) or visit www.onstar.com for system limitations and details. 5 GWWR (Gross Vehicle Weight Rating) includes vehicle, passengers, equipment and cargo. GWWR availability may vary depending on equipment. 6 Payload includes passengers, equipment and cargo. 7 Trailer tongue weight should be 10-15% of the total loaded trailer weight, up to 100 lb. Do not exceed the maximum allowable tongue weight for your vehicle. Gross combination Weight Rating (GCWR), which is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversions, is 14,000 lb. If you'll be pulling a trailer that, when loaded, will weigh more than 5,000 lb., be sure to use a properly mounted, weight-distributing hitch and sway control of the proper size. If your trailer weighs more than 2,000 lb. loaded, then it needs its own brakes and they must be adequate. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your HUMMER dealer for additional details. 8 Please review size limitations and exercise caution prior to entering certain garages.
