

BORN FROM JETS

2008 Saab 9-7X 5.3i shown
in Obsidian Black.

9-7X SUV Saab was founded by 16 aircraft engineers. Their spirit lives on. The 9-7X is Saab's interpretation of the sport utility vehicle. And, as you might expect, the results are far from ordinary. The power of an available 300-hp V8 engine and standard automatic all-wheel drive meets the finesse of Scandinavian design. More than 80 cubic feet of cargo space¹ allow you to be ready for pretty much anything. Standard features include: leather-appointed heated front seats, side-curtain air bags,² power-sliding moonroof, a Bose® sound system, 3-year/36,000-mile³ no-charge scheduled maintenance, XM Radio (with three trial months),⁴ and the safety and security of OnStar (one year).⁵ Once you've built jets, you don't build just another SUV.

1 Cargo and load capacity limited by weight and distribution. 2 Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information. Head-curtain side-impact air bags are designed to help reduce the risk of head and neck injuries to front-seat occupants on the near side of certain side-impact collisions. 3 Whichever comes first, provided the service is performed within 1,000 miles of recommended service interval. 4 Available only in the 48 contiguous United States. Required \$12.95 monthly subscription sold separately after three trial months. All fees and programming subject to change. Subscription subject to customer agreement. For more information, visit gm.xmradio.com. 5 With one-year Directions & Connections Plan with Turn-by-Turn Navigation. Not available in Alaska and certain other areas. Adverse conditions that affect antilock brakes and GPS may degrade service. Visit onstar.com for coverage map.

¹ Cargo and load capacity limited by weight and distribution. ² Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Saab dealer for additional details. ³ Requires Prestige Package. ⁴ Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the Owner's Manual and child safety seat instructions for more safety information. ⁵ Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. ⁶ Turn-by-Turn Navigation is not available in certain markets. Visit onstar.com for coverage map. ⁷ RDS functions only where stations broadcast RDS information. ⁸ Map coverage not available in Puerto Rico, the Virgin Islands and portions of Canada. ⁹ Available only in the 48 contiguous United States. Required \$12.95 monthly subscription sold separately after three trial months. All fees and programming subject to change. Subscription subject to customer agreement. For more information, visit gm.xmradio.com. ¹⁰ Some accessories may not be available on all models. See dealer for details.
