

EDGE

2009

powered by you

Provokes a Response

The new Edge Sport.

 powered by you

Edge Sport in Sport Blue Metallic with available 22-in. bright polished-aluminum wheels.

Edge has a defining style that has taken another step with the new Sport edition. Features include 20-in. premium painted-aluminum wheels (upgradable to 22-in. bright polished-aluminum), body-colour front and rear ground effects, large-diameter dual bright exhaust tips, heated front seats with Alcantara® suede seat inserts, and contrast stitching on the steering wheel and shift knob.

Versatile storage

The voluminous centre console includes a set of movable dividers to configure the space to your particular needs. It also contains a concealed power point and an auxiliary audio input jack for an MP3 player.

Lengthy space

In addition to split-folding rear seats, the available fold-flat front-passenger seat provides additional room for extra-long items.

Skybox Suite

Always a great view.

The available panoramic Vista Roof™ features 2 glass panels and complements the large, open space Edge has to offer. The rear panel remains stationary while the front panel fully opens to reveal 4322 sq. cm (4.6 sq. ft.) of sky. A deflector helps reduce wind noise, and power-sliding sunshades help reduce heat build-up on the hottest summer days. The Vista Roof can even be used in the vent position during a heavy rain.†

†Vista roof vent position has been proven to handle 4.5 litres (1.2 gallons) of water per minute at a 15% incline.

Stylized inside

The available Blue Suede Interior Appearance Package adds a premium dimension by including Blue Suede seat inserts and blue stitching on the steering wheel and shift knob. Comfort items in this package include a 6-way power front-passenger seat with fold-flat capability and heated front seats.

All-Around Performer

Powerful precision.

FWD	12.6L/100 km city 8.4L/100 km hwy. (22 mpg city/34 hwy.)
AWD	13.6L/100 km city 9.1L/100 km hwy. (21 mpg city/31 hwy.)

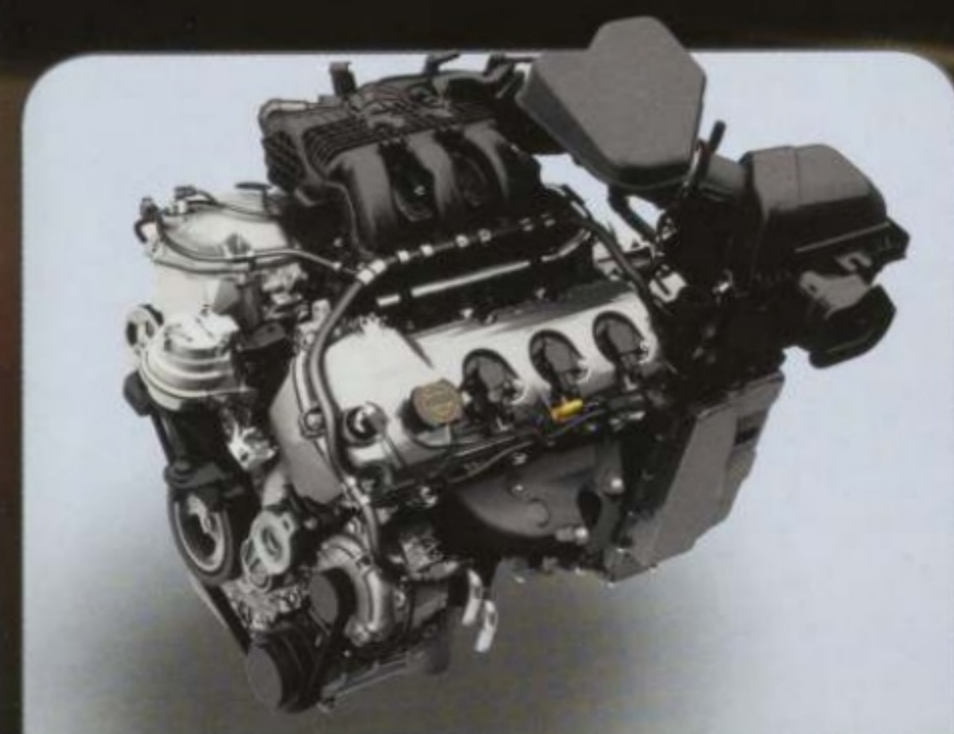

Fuel consumption ratings based on Transport Canada approved test methods.

Stay the course

No matter the weather, available All-Wheel Drive (AWD) is always working for you, monitoring traction and delivering power to the wheels with the most grip. Standard AdvanceTrac® with RSC® (Roll Stability Control™) helps keep Edge on its intended path.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

Go farther

The 3.5L Duratec V6 engine is designed for efficiency and delivers an impressive 12.6L/100 km city and 8.4L/100 km hwy. (22 mpg city/34 hwy). You'll also enjoy the performance it provides with 265 hp and 250 lb.-ft. of torque.

High-Tech Inside

The Edge operating system.

SYNC
Powered by Microsoft

SIRIUS
SATELLITE RADIO

The advanced exterior design is carried inside with a multitude of features to match.

SIRIUS Satellite Radio

Stay locked on your favourite channel wherever you drive with SIRIUS® Satellite Radio. Choose from up to 120 digital-quality channels of sports, personalities, news and 100% commercial-free music. A 6-month prepaid subscription with free online listening to SIRIUS is included. See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information.

Ford SYNC

The available Ford SYNC® voice-activated, in-vehicle communications and entertainment system integrates your compatible Bluetooth®-enabled mobile phone and nearly any portable digital media player. To learn more, visit SyncMyRide.ca.

Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

Where to?

Control of the available, new voice-activated, hard drive-based Navigation System is easy. Just say the name of your destination while driving, and a course is plotted. In Route Guidance mode, upcoming street names are pronounced. A bird's-eye view includes major landmarks on-screen for added guidance. Plus, with nearly 10 gigabytes of hard drive storage, you can display photos on your customizable "Home" screen, or store up to 2400 songs. You can even watch a DVD when parked.

Precision comfort

Dual-zone Electronic Automatic Temperature Control allows the driver and front passenger to set the ventilation to their own comfort levels.

Surrounded by Style

Where you want to be.

Edge Limited with Charcoal Black leather-trimmed interior.

Edge offers an amazing level of comfort, and amenities to help you enjoy every kilometre you travel. Available leather-trimmed seats are fitted over cushions specifically designed for enhanced support, while extra sound-deadening materials help keep unwanted noises to a minimum. Even the sideview mirrors minimize air turbulence, further reducing noise. When you choose Edge, you can be assured it's been painstakingly tested for your maximum comfort.

Innovative details

For increased passenger comfort, Edge provides reclining rear seatbacks. Rear-seat passengers will also appreciate the convenience of a fold-down centre armrest with cupholders.

Loaded with Options

Nearly unlimited versatility.

Edge Limited with Camel leather-trimmed interior.

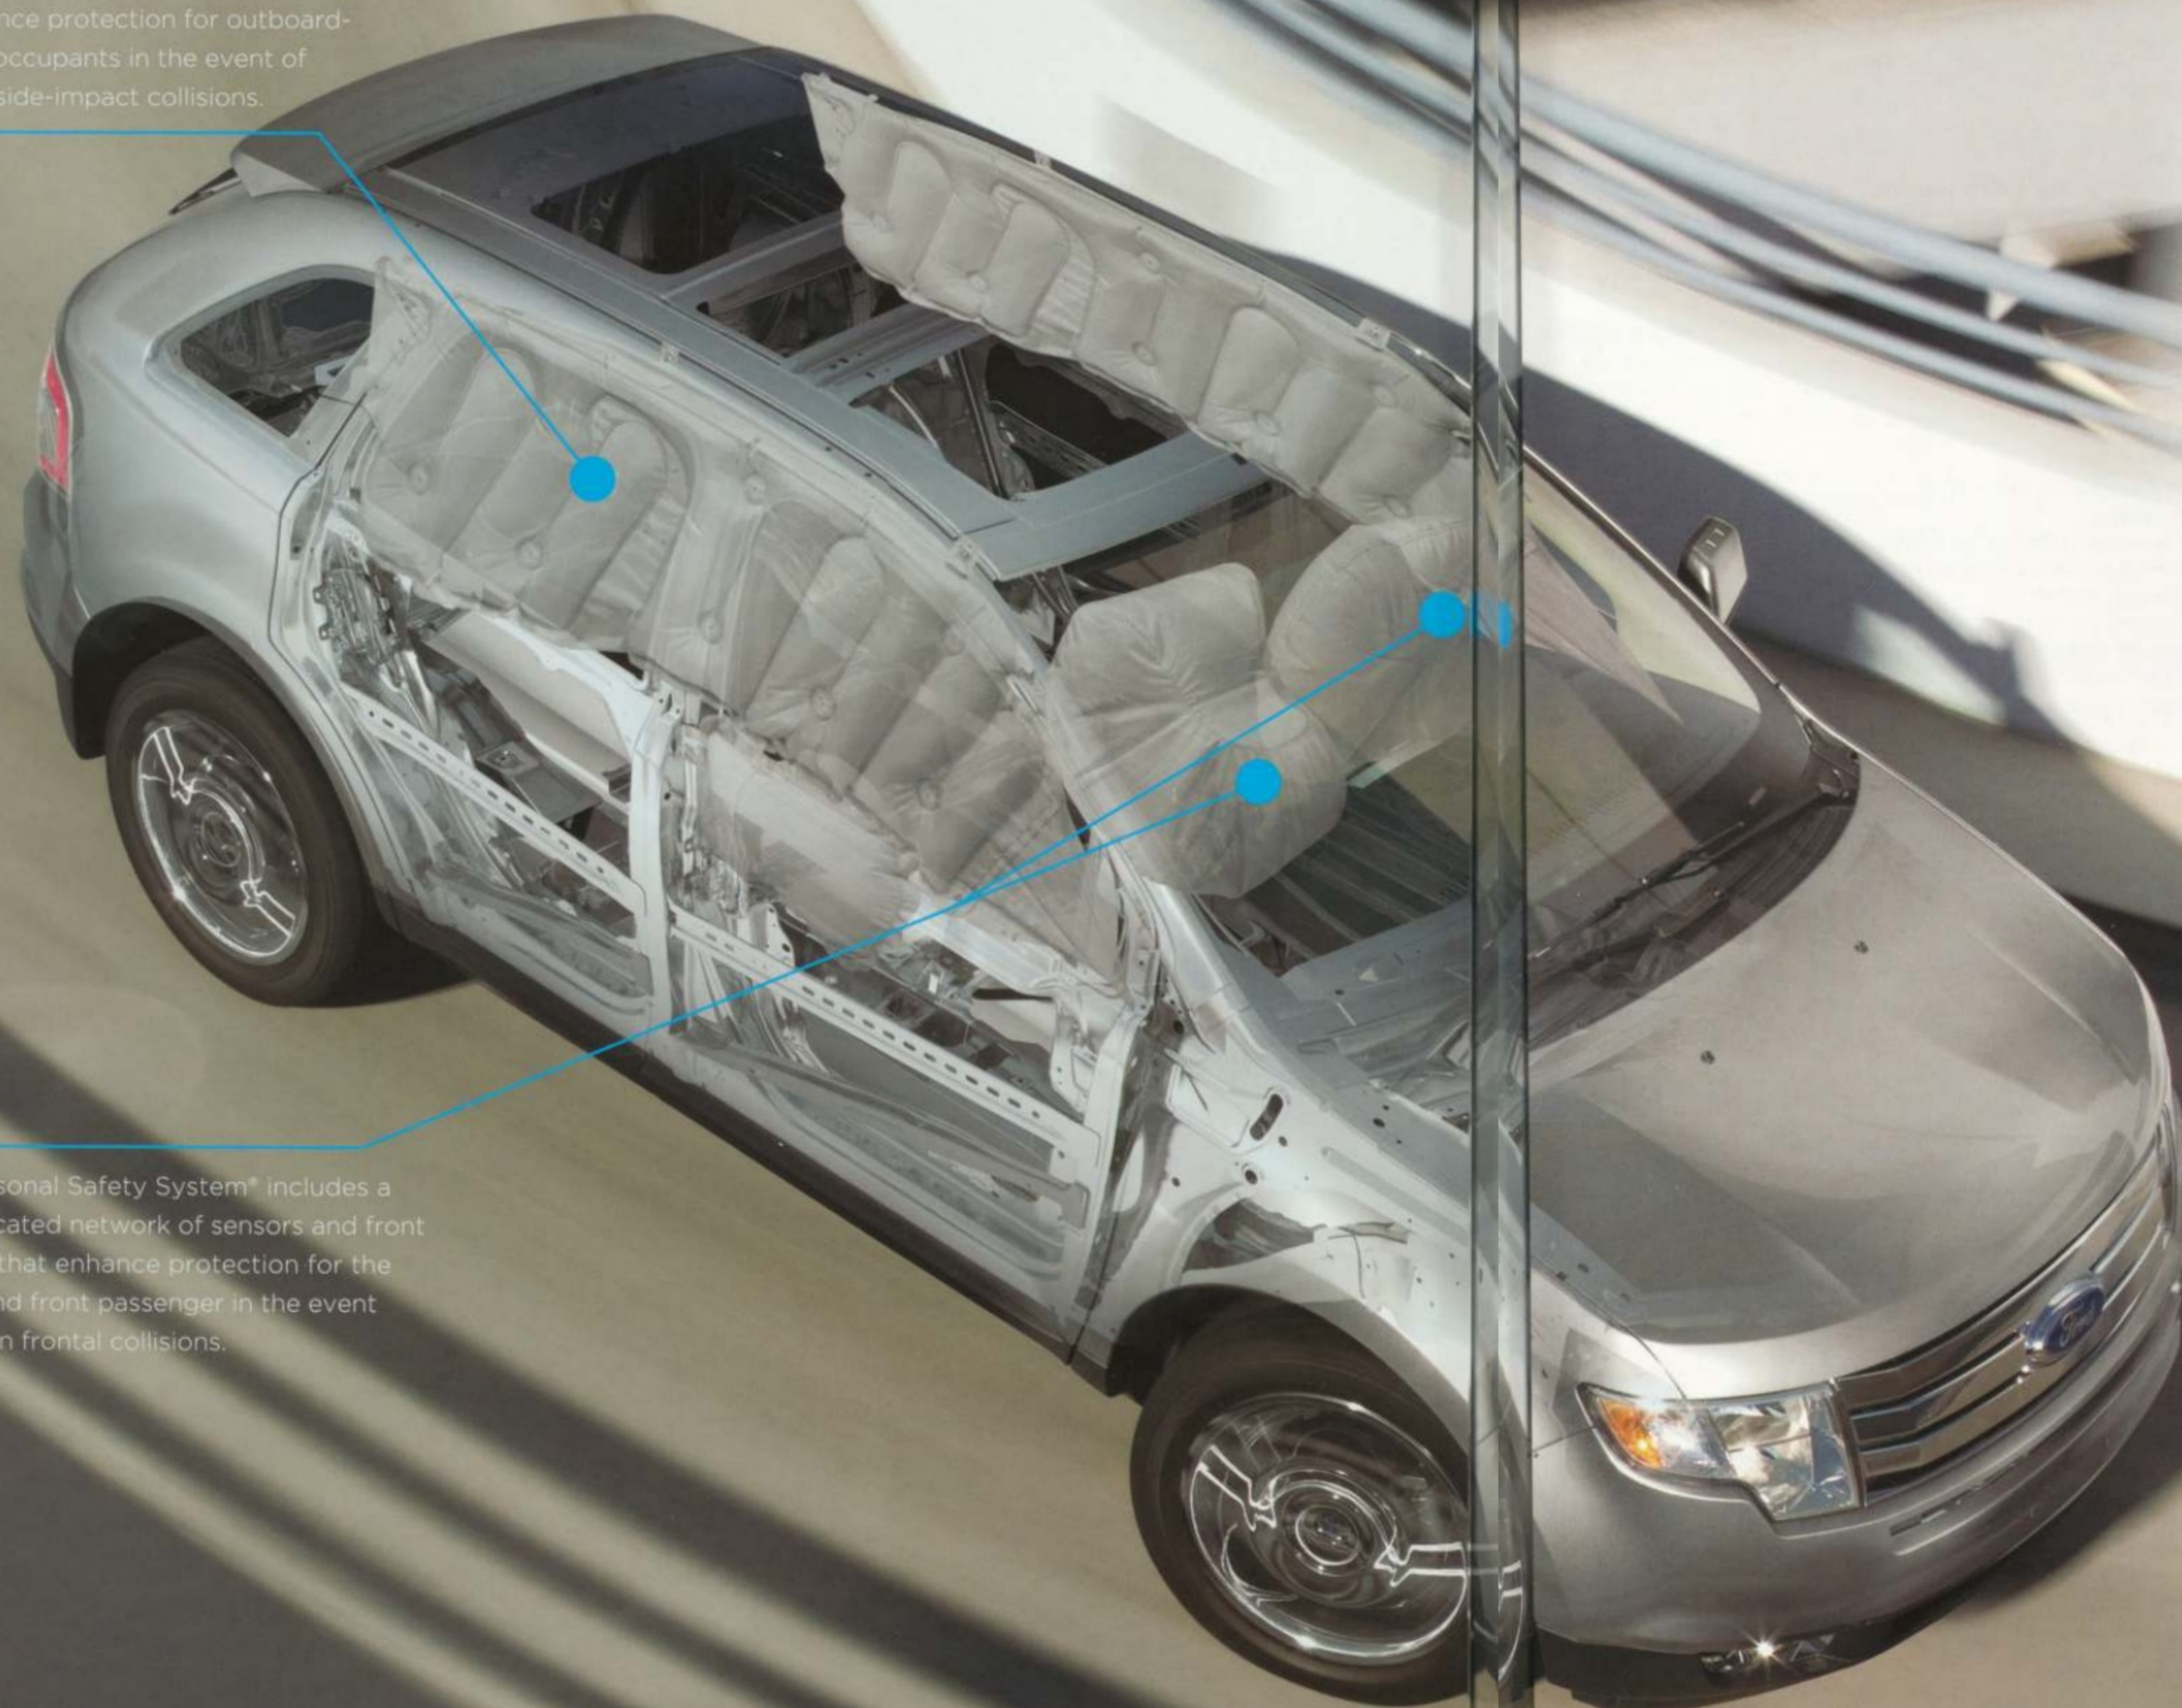

There's no doubt Edge gives you more, and that includes flexibility. The EasyFold™ rear seatback release allows you to lower the 60/40 split fold-flat rear seats at the touch of a button. With both rear seats folded, Edge has room for up to 1971 litres (69.6 cu. ft.) of cargo, and 909 litres (32.1 cu. ft.) with the seatbacks up. The front-passenger seat is available with a fold-flat feature to accommodate items up to 2.44 m (8 ft.) long. The Rear Cargo Management System helps keep all your gear organized, and the available power liftgate adds even more convenience.

Stable and Secure

Confidence for the road.

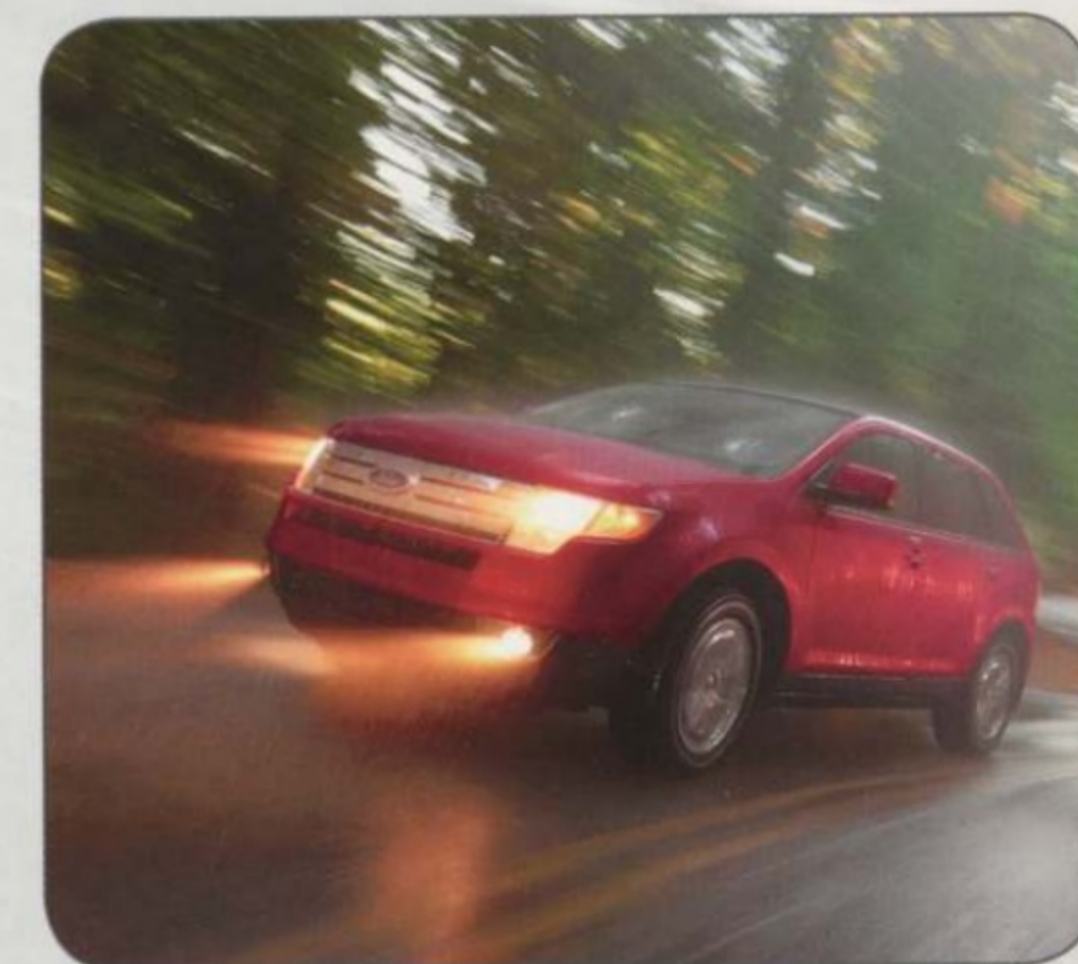

Paired with standard front-seat side airbags, our standard Safety Canopy[®] System deploys side-curtain airbags to enhance protection for outboard-seated occupants in the event of certain side-impact collisions.

The Personal Safety System[®] includes a sophisticated network of sensors and front airbags that enhance protection for the driver and front passenger in the event of certain frontal collisions.

Underneath the sheet metal is a wealth of advanced safety equipment designed for total protection. Along with 6 standard airbags, Edge has an energy management system built into its structure to divert collision forces away from occupants. Side-intrusion door beams and energy-absorbing door-trim panels help enhance protection in the event of a side-impact collision. The SOS Post-Crash Alert System¹ activates the hazard lights and horn to call attention to your vehicle in certain collisions.

¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

A sure path

AdvanceTrac[®] with class-exclusive² RSC[®] (Roll Stability Control[™]) is an electronic stability control system that uses a vehicle-roll motion sensor to directly measure the vehicle's roll-rate at least 100 times every second, helping it decide when and how the Anti-lock Brake System (ABS), traction control and yaw control will be engaged. This system helps maintain control in many situations, such as when you're driving on slippery surfaces or uneven ground, or making an emergency manoeuvre.

²Medium 5-Passenger CUV class with standard 6-cylinder engine. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

Edge Limited in Brilliant Silver Metallic.

Specifications

Model-Specific Features

SEL

Select standard content:

Chrome 3-bar grille • 18-in. painted-aluminum wheels • Quad-beam halogen headlamps • Body-colour exterior door handles, sideview mirror accents and rear spoiler • Dual chrome exhaust tips • Fog lamps with chrome bezels • Leather-wrapped steering wheel and shift knob • Message centre with trip computer and compass • Chrome accents on registers and shifter stalk • Textured-aluminum instrument panel finish • Convenience Group with automatic headlamps, auto-dimming rearview mirror, driver-side SecuriCode™ keyless-entry keypad, and secondary steering wheel-mounted audio controls • Cloth-trimmed seats • Front heated bucket seats with 6-way power driver seat • Rear 60/40 split fold-flat seat with EasyFold™ rear seatback release • SIRIUS Satellite Radio • AM/FM stereo with 6-disc in-dash CD changer • Auxiliary audio input jack • Overhead console with sunglasses holder • Dual-zone Electronic Automatic Temperature Control • Particulate air filter • Remote keyless-entry system

Competitive comparisons are based on 2008 competitive models, publicly available information and Ford data at the time of printing. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Following publication of this catalogue, certain changes in standard equipment, options and the like, or product delays may have occurred which would not be included in these pages. Your Ford of Canada Dealer is your best source for up-to-date information. Ford Motor Company of Canada, Limited, reserves the right to change product specifications at any time without incurring obligations. Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your sales consultant for specific colour and model availability.

FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and help protect you from the cost of unexpected repairs. To add to your peace of mind and help protect your investment beyond your New Vehicle Basic Warranty, complement your ESP with a prepaid maintenance plan that covers all required scheduled maintenance items for your vehicle and 8 wear items. Ask your Dealer for a Ford ESP, the only service contract backed exclusively by Ford Motor Company of Canada, Limited, and honoured at all Ford and Ford Lincoln Dealerships across North America. Certain limitations and exclusions apply, see your Dealer for details.

FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.
