

**ESCAPE & ESCAPE HYBRID**

**2009**

powered by you

# Free and Easy Feeling

Escape is the ticket to wherever you want to go.

Whether it's Escape or Escape Hybrid, both are your avenues to great destinations. Smart looks, even better performance, and fun to drive are its calling cards. Get improved power and torque with a new 2.5L I-4 engine. Also available is a new 6-speed automatic transmission. Meanwhile, inside every Escape is room for your gear and up to 5 adults. Of course, all the things that make Escape a pleasure to drive are still there, too — including Electric Power Steering (EPS), which requires less steering effort during slow-speed/parking manoeuvres. Put it all together, and Escape is ready to take you just about anywhere.

**ESCAPE**  
**7.2L/100 km<sup>1,2</sup>**  
(39 mpg)

**ESCAPE HYBRID**  
**5.8L/100 km<sup>1,2</sup>**  
(49 mpg)

## Powerful efficiency

The new Duratec 25—2.5L I-4 engine isn't only powerful, but fuel efficient, too. FWD models achieve an impressive 7.2L/100 km<sup>2</sup> highway, while Intelligent 4WD models get 8.0L/100 km<sup>2</sup> highway. Available on XLT and Limited, it gives Escape almost 12% more power than its predecessor, plus it produces a robust 171 horsepower. A 3.0L 240-hp engine is also available on XLT and Limited.

<sup>1</sup>2009 Escape 2.5L FWD estimated highway fuel consumption. Escape Hybrid FWD estimated city fuel consumption.

<sup>2</sup>Estimates based on Transport Canada approved test methods. Actual consumption may vary. See specifications for details.

 powered by you

# What a Trip

Escape turns any road into a one-of-a-kind ride.

Sometimes you just can't wait to get away and enjoy yourself by doing what you really love to do. Escape makes it even more fun. Whether you choose the Duratec 25-2.5L I-4 engine or the Duratec 30-3.0L V6, both provide more than enough power for the trip. On XLT, choose from a 5-speed manual transmission or 6-speed automatic.

## Quick fueling

An industry-first Easy Fuel™ capless fuel-filler system allows you to quickly gas up for the road. The system requires no gas cap, eliminating the possibility of not replacing it properly, and automatically seals shut when the nozzle is removed.

## You haul

The Duratec 30-3.0L V6 engine yields a 1588-kg (3500-lb.) maximum towing capacity<sup>1</sup> and is available on XLT and Limited.

<sup>1</sup>When properly equipped with Class II Trailer Tow Prep Package. Maximum trailer towing capability will vary based on passenger and cargo loads, and optional equipment installed on the vehicle. See your Ford of Canada Dealer for more information.

# Adventurers Wanted

Must be fun-loving individuals.

Escape XLT in Sport Blue Metallic with available equipment and Ford Licensed Accessories.

There's a big world out there, and a lot of it doesn't have street lights or paved roads. The available Intelligent 4WD System on Escape enhances performance and handling in certain situations to help you reach many of those places. When necessary, the 4WD system sends power to the rear wheels to drive the vehicle, giving the front wheels more traction for steering. Large front struts and lower control arm bushings help improve ride and comfort, optimizing handling. Low-friction stabilizer bar links make steering precise, while the independent suspension allows each wheel to absorb bumps individually.

## Up and over

Escape is naturally nimble thanks to its outstanding approach, breakover and departure angle capabilities. So you can drive Escape up and over some obstacles that others will have to drive around.

# Well Connected

Ford SYNC® brings all your devices together.

SYNC  
Powered by Microsoft

SIRIUS  
SATELLITE RADIO

Ford SYNC, standard on Limited, is a groundbreaking voice-activated, hands-free communications and entertainment system that integrates your Bluetooth®-enabled mobile phone and nearly any portable digital media player. You talk, SYNC listens.™ And all without taking your hands off the steering wheel. Developed in concert with Microsoft, SYNC is fully updatable as new features become available. To learn more, visit SyncMyRide.ca.

With coast-to-coast coverage, SIRIUS® Satellite Radio keeps you locked on your favourite channel wherever you drive. Up to 120 digital-quality channels of sports, personalities, news and 100% commercial-free music is there for you. A prepaid 6-month subscription, with free online listening, is included. See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information.

## Helping you get there

Need help getting to where you're going? The available voice-activated Navigation System can guide you to your intended destination and provide directions on the large, 6.5-in. LED screen. With nearly 10-gig of hard drive space housed in the system, you can also store about 2400 songs, upload photos or even watch a DVD while the vehicle is in park.

Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc. Microsoft is a registered trademark of Microsoft Corporation.

# In Complete Command

All controls are at your fingertips.

A beautifully crafted control panel is also very functional. The top-of-the-dash display allows you to monitor audio settings, dual temperature control settings, compass headings and the outside temperature. Steering wheel-mounted cruise and secondary audio controls (standard on Limited) let you keep your hands on the wheel with minimal distractions.

Liven up your interior with available Ambient Lighting. Scroll through 7 hues for a rainbow of choices, including blue, red, yellow, green, aqua, purple and white, that add an LED glow to the front and rear footwells and front cupholders.

## Heated sideview mirrors

Outside mirrors iced over? No problem. Standard heated sideview mirrors quickly melt away ice for better visibility. An available Canadian Winter Package also includes heated leather-trimmed front seats and a leather-wrapped steering wheel.

## For your viewing pleasure

A power moonroof with a sunshade and mini-overhead console, that includes a storage bin and map lights, is standard on Limited and available on XLT and Hybrid.

# Room for Every Body

Comfort makes travelling in Escape even more enjoyable.

The interior isn't only comfortable, it's also roomy enough for all your friends. Driver and front passenger can enjoy 1026 mm (40.4 in.) of head room and 1438 mm (56.6 in.) of shoulder room. A quiet ride is a Ford trademark, and Escape features an acoustic-laminate windshield to help reduce noise at highway speeds.

## Centre of attention

The convenient floor console has 2 cupholders in front and back, as well as a storage bin with a removable tray.

## Carrying the load

Escape has the capacity to carry up to 827 litres (29.2 cu. ft.)<sup>1</sup> of cargo behind its 60/40 split-folding rear seats. If more space is needed for those bigger loads, both rear seats fold flat, increasing cargo space to 1877 litres (66.3 cu. ft.)<sup>1</sup>

<sup>1</sup>Escape XLT capacities listed. Actual capacities vary by model. Passenger and cargo capacity limited by weight and weight distribution.

Escape Hybrid with Stone interior, available equipment and Ford Licensed Accessories.

# All Lights Are Green

Escape Hybrid has the right of way to a bold eco-future.

Green technology is here to stay, and Escape Hybrid is helping lead the way. When operating in electric mode on its 330-volt sealed nickel-metal-hydride (NiMH) battery, Hybrid conserves gasoline and produces near-zero tailpipe emissions! But even with all this technology, Hybrid is still comfortable and fun to drive. A standard 2.5L I-4 Atkinson-cycle gasoline engine is new for 2009 and makes the most of each drop of gas, as well as giving it all the power you need. The engine works with the electric traction motor to create 177 net hp — 14% more than the previous powertrain. A smooth ride is made even smoother by an efficient, electronically controlled Continuously Variable Transmission (eCVT).

**THE**  
**5.8L/100 km<sup>2</sup>**  
(49 mpg)  
**HYBRID SUV**

<sup>1</sup>When operating in Electric Drive mode.

<sup>2</sup>2009 Escape Hybrid FWD estimated city fuel economy. Estimate based on Transport Canada approved test methods. Actual consumption may vary. See specifications for details.

330-volt Hybrid battery pack (cover not shown).

## Giving the engine a boost

The Regenerative Braking System captures energy that would be lost as heat during vehicle braking and uses it to generate electricity and recharge Hybrid's battery pack.

# Sensible Choice

Hybrid fuel technology helps you tame city driving.

Escape Hybrid gives you the best of both worlds with outstanding fuel efficiency and SUV capability. The vehicle system controller continuously monitors and controls powertrain components, automatically switching between gas or electric operating modes to boost performance and fuel economy.

Available Intelligent 4WD and up to 1869 litres (66.0 cu. ft.) of cargo space make it the perfect SUV for all kinds of weekend — or even weekday — outings. Outfit your Hybrid with options like a power moonroof that includes a sunshade and a mini-overhead console with a storage bin and map lights, and leather-trimmed seats with a 6-way power driver seat, and you're ready for the ride, regardless of your intended destination.

## Eco-friendly seats

Earth-friendly, premium cloth-trimmed seats, which include fabric made from 100% post-industrial materials that would've otherwise ended up in landfills, are standard on Escape XLT and Hybrid. Cushions made with environmentally friendly soy-based foam help conserve limited resources. Leather-trimmed seating is also available on Hybrid.

# Solid Protection

Multiple airbags & AdvanceTrac® make safety no accident.

Escape XLT in Brilliant Silver Metallic with available equipment.

## Personal protection

A Personal Safety System\* adjusts deployment of the front airbags to help protect the driver and front passenger. The Safety Canopy\* System utilizes side-impact and rollover sensors to direct deployment of the side-curtain airbags in certain types of side-impact collisions or rollover events.

## AdvanceTrac gives you a break

Class-exclusive<sup>1</sup> AdvanceTrac with RSC\* (Roll Stability Control™) features a unique vehicle-roll motion sensor that monitors the vehicle's roll rate. This system works in conjunction with the Anti-lock Brake System (ABS) and determines when to apply individual brakes and modify engine power to keep all 4 wheels firmly planted.

<sup>1</sup>Small SUV class.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

# Specifications

## Model-Specific Features

### XLT

#### Select standard content:

AdvanceTrac® with RSC® (Roll Stability Control™) • Safety Canopy® System • Front-seat side airbags • SOS Post-Crash Alert System • Automatic headlamps • Front fog lamps • Black roof-rack side rails with crossbars • Privacy glass • Easy Fuel™ capless fuel-filler system • 16-in. cast-aluminum wheels • Chrome upper grille, body-colour lower • Black exterior door handles and sideview mirrors • Power windows, door locks and heated sideview mirrors • SecuriCode™ keyless-entry keypad • SecuriLock® passive anti-theft engine immobilizer system • AM/FM stereo/single-CD player with MP3 capability • SIRIUS Satellite Radio • Steering wheel-mounted cruise control • Ghin Rime-trimmed centre stack • Front and rear floor mats • Sustainable cloth seats with 6-way power driver seat

### LIMITED

#### Includes XLT content, plus:

Intelligent 4WD System • 16-in. bright machined-aluminum wheels • Chrome upper and lower grilles, liftgate garnish and roof-rail inserts • Body-colour door handles and sideview mirrors • Power moonroof • Reverse Sensing System • AM/FM Premium Sound System/6-disc in-dash CD changer with MP3 capability and 7 speakers • Ford SYNC® • Premium leather-trimmed seats with heated front seats • Leather-wrapped steering wheel with cruise and secondary audio controls • Dual-zone Electronic Automatic Temperature Control • Ebony Black-trimmed centre stack • Chrome interior door handles and register and shifter bezels • Auto-dimming rearview mirror • Illuminated visor vanity mirrors • Ambient Lighting

### HYBRID

#### Includes XLT content, plus some equipment exclusive to Hybrid:

2.5L I-4 Atkinson-cycle engine • 330-volt sealed nickel-metal-hydride (NiMH) battery • Regenerative Braking System • 16-in. unique cast-aluminum wheels • Body-colour upper and lower grilles • Black exterior door handles and sideview mirrors • Black roof-rack side rails • Sustainable cloth seats with 6-way power driver seat • AM/FM stereo/6-disc in-dash CD changer with MP3 capability • SIRIUS Satellite Radio • Dual-zone Electronic Automatic Temperature Control • 110-volt AC power outlet • Leather-wrapped steering wheel with cruise and secondary audio controls

## Standard Equipment

### Mechanical

4-wheel independent suspension  
Electric Power Steering (EPS)  
Fuel tank — 62.4-litre capacity; 56.8-litre capacity (Hybrid)  
Power front disc/rear drum brakes with Anti-lock Brake System (ABS)  
Stabilizer bar — Front  
Unibody construction

### Safety/Security

3-point safety belt restraint system for all seating positions  
Adjustable head restraints at all seating positions  
AdvanceTrac with RSC (Roll Stability Control)  
Battery saver with headlamps-off delay  
Belt-Minder® front safety belt reminder  
Brake/shift interlock with automatic transmission  
Front-seat side airbags<sup>1</sup>  
Fuel pump inertia shutoff switch  
Headlamps-on alert chime  
Height-adjustable shoulder safety belts — Front  
Key-in-ignition alert chime  
LATCH — Lower anchors and tether anchors for child-safety seats (rear-outboard positions)  
Personal Safety System® with dual-stage front airbags<sup>1</sup>  
Remote keyless-entry system with integrated key fobs  
Safety Canopy System with side-curtain airbags<sup>1</sup> and rollover sensor  
SecuriLock passive anti-theft engine immobilizer system  
Side-intrusion door beams  
Tire Pressure Monitoring System (excludes spare)

### Interior

60/40 split-folding rear seat with tip-fold-flat latches  
Accessory delay  
Air conditioning  
Auxiliary audio input jack  
Cruise control  
Floor console — Storage bin with removable interior bin and 4 cupholders  
Floor mats — Front and rear colour-keyed carpeted  
Glove compartment  
Illuminated-entry system  
Power door locks with child-safety rear door locks  
Power points (2) — 1 in each row  
Power windows — With one-touch-down driver-window feature  
Rear floor heat ducts  
SIRIUS Satellite Radio with 6-month prepaid subscription  
Tachometer  
Tilt steering wheel  
Visor vanity mirrors

### Exterior

Automatic headlamps  
Easy Fuel capless fuel-filler system  
Fog lamps  
Liftgate with flip-up glass  
Privacy glass (rear doors, quarter windows and rear window)  
Rear-window defroster  
Roof-rack side rails — Black (with chrome inserts on Limited)  
Sideview mirrors — Power, heated with manual-fold feature  
Solar-tinted glass (door, quarter windows and rear window)  
Windshield wipers — Front: variable-intermittent with washer; rear: 2-speed with washer

### Exclusive to Hybrid Models

2.5L I-4 Atkinson-cycle engine with Permanent-Magnet AC-synchronous electric motor  
Electronically controlled Continuously Variable Transmission (eCVT)  
330-volt sealed nickel-metal-hydride (NiMH) battery  
Regenerative Braking System  
110-volt AC power outlet  
Air conditioning — Dual-zone Electronic Automatic Temperature Control  
AM/FM stereo/6-disc in-dash CD changer with MP3 capability

<sup>1</sup>Always wear your safety belt and secure children in the rear seat.

#### FORD EXTENDED SERVICE PLAN

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and help protect you from the cost of unexpected repairs. To add to your peace of mind and help protect your investment beyond your New Vehicle Basic Warranty, complement your ESP with a prepaid maintenance plan that covers all required scheduled maintenance items for your vehicle and 8 wear items. Ask your Dealer for a Ford ESP, the only service contract backed exclusively by Ford Motor Company of Canada, Limited, and honoured at all Ford and Ford Lincoln Dealerships across North America. Certain limitations and exclusions apply; see your Dealer for details.

#### FORD CREDIT

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at [fordcredit.ca](http://fordcredit.ca).
